

## Eternal A Love Story

The #1 New York Times bestselling follow-up to Eat, Pray, Love--an intimate and erudite celebration of love—from the author of Big Magic: Creative Living Beyond Fear. At the end of her memoir Eat, Pray, Love, Elizabeth Gilbert fell in love with Felipe, a Brazilian living in Indonesia. The couple swore eternal love,

but also swore (as skittish divorce survivors) never to marry. However, providence intervened in the form of a U.S. government ultimatum: get married, or Felipe could never enter America again. Told with Gilbert’s trademark humor and intelligence, this fascinating meditation on compatibility and fidelity chronicles Gilbert’s complex and sometimes frightening journey into second marriage, and will enthrall the millions of readers who made Eat, Pray, Love a number one bestseller.

Eternal Love is the memoir of Nellie and Lou Moore - a uniquely American love story that stood the test of time in a racially torn world. In 1946, Lou was a third-generation Chinese-American soldier just out the US Army after World War II. An honorably discharged staff sergeant, Lou learned to fight racial prejudices while bravely serving the United States in the European Theater of Operations. When the young veteran returned home to America, he met the love of his life. Nellie was a Japanese-American dancer, the third one from the right in the chorus line at the famed China Doll Night Club in Manhattan. Like other United States citizens with Japanese heritage, Nellie endured tremendous losses when she and her family were unjustly locked away in a harsh American internment camp until history’s biggest war ended. Destiny brought these two individuals together so that an unforgettable love story could begin. It was a completely chance encounter, one returning G.I., one beautiful, young woman rebuilding her life far from her California home. For Lou, it truly was love at first sight, and Nellie joined in that nearly immediately, returning that love in kind. Once they met to talk, they never stopped talking and spent every day together until their wedding day, a little over a week after they met in 1946. It is a love story and life together that went on for 74 year. Their whirlwind 10-day romance turned into a marriage of devotion, faithfulness, thoughtfulness, tenderness, tolerance, understanding, caring, compassion, mindfulness, patience, and togetherness.

To refuse two hundred marriage proposals of a 'ugly' CEO she doesn't love, Nina says she would rather marry a beggar than be his wife. When threatened to lose her family business, she has no choice but to marry a beggar. It turns out, the beggar is handsome and considerate to her. He always shows and protects her when she is bullied. He safeguards her home when she is drunk... Finally, she falls in love with this beggar husband. However, when the 'ugly' CEO reveals his mask, she sees the same face as her husband's. The truth is he is her husband. She is angry at being cheated, and wants to have a divorce with him. Panchali was deeply in love with her writer husband Parimal Ghosh. It was a love marriage with a life full of love and happiness ahead of them. For Panchali, who lovingly calls Parimal as 'Prem', life begins and ends with Prem. Then an unbelievable tragic incident happens and Panchali dies. The story doesn't end there. The most astonishing twist happens in Parimal’s broken-hearted life when Panchali returns to this world from the back door, defying death, and their love story promises to be eternal. How did Panchali return? A mind-boggling supernatural love story with surprises and shocks at every page. A romantic saga that you will want to read through eternity.

***Eternal Love***

Few stories in the annals of American counterculture are as intriguing or dramatic as that of the Brotherhood of Eternal Love. Dubbed the "Hippie Mafia," the Brotherhood began in the mid-1960s as a small band of peace-loving, adventure-seeking surfers in Southern California. After discovering LSD, they took to Timothy Leary's mantra of "Turn on, tune in, and drop out" and resolved to make that vision a reality by becoming the biggest group of acid dealers and hashish smugglers in the nation, and literally providing the fuel for the psychedelic revolution in the process. Just days after California became the first state in the union to ban LSD, the Brotherhood formed a legally registered church in its headquarters at Mystic Arts World on Pacific Coast Highway in Laguna Beach, where they sold blankets and other countercultural paraphernalia retrieved through surfing safaris and road trips to exotic locales in Asia and South America. Before long, they also began to sell Afghan hashish, Hawaiian pot (the storied "Maui Wowie"), and eventually Colombian cocaine, much of which the Brotherhood smuggled to California in secret compartments inside surfboards and Volkswagen minibuses driven across the border. They also befriended Leary himself, enlisting him in the goal of buying a tropical island where they could install the former Harvard philosophy professor and acid prophet as the high priest of an experimental utopia. The Brotherhood's most legendary contribution to the drug scene was homemade: Orange Sunshine, the group's nickname for their trademark orange-colored acid tablet that happened to produce an especially powerful trip. Brotherhood foot soldiers passed out handfuls of the tablets to communes, at Grateful Dead concerts, and at love-ins up and down the coast of California and beyond. The Hell's Angels, Charles Mason and his followers, and the unruly crowd at the infamous Altamont music festival all tripped out on this acid. Jimi Hendrix even appeared in a film starring Brotherhood members and performed a private show for the fugitive band of outlaws on the slope of a Hawaiian volcano. Journalist Nicholas Schou takes us deep inside the Brotherhood, combining exclusive interviews with both the group's surviving members as well as the cops who chased them. A wide-sweeping narrative of sex, drugs, and rock 'n' roll (and more drugs) that runs from Laguna Beach to Maui to Afghanistan, Orange Sunshine explores how America moved from the era of peace and free love into a darker time of hard drugs and paranoia. There are times when you feel like you don't exist, and then there are times when you wish you never existed. When you're down and out, you just wish if the story could end right away. Bad thoughts are just like cancer, they just grow on and on... In the middle of all this chaos and stagnant life, love can fill colours. But do we always give it a chance? Very often we make love stories which ends even before it could ever start. That's because we are just blank, any line in our book is a chapter. In the expectation less life, every acceptance is prayer which was never officially offered. Does it really matter? ...started together but not ended together? Is the end always meant to be content? Why do people still remember Heer and Ranjha, Laila and Majnu, Romeo and Juliet? Considering the fact that they have gone long back? What is it that still keeps them spry? Why do people still put a name to them?

“This eloquent, elegant book thoughtfully plumbs the . . . consequences of our dependence on plastics” (The Boston Globe, A Best Nonfiction Book of 2011). From pacemakers to disposable bags, plastic built the modern world. But a century into our love affair, we’re starting to realize it’s not such a healthy relationship. As journalist Susan Freinkel points out in this eye-opening book, we’re at a crisis point. Plastics draw on dwindling fossil fuels, leach harmful chemicals, litter landscapes, and destroy marine life. We’re drowning in the stuff, and we need to start making some hard choices. Freinkel tells her story through eight familiar plastic objects: a comb, a chair, a Frisbee, an IV bag, a disposable lighter, a grocery bag, a soda bottle, and a credit card. With a blend of lively anecdotes and analysis, she sifts through scientific studies and economic data, reporting from China and across the United States to assess the real impact of plastic on our lives. Her conclusion is severe, but not without hope. Plastic points the way toward a new creative partnership with the material we love, hate, can’t seem to live without. “When you write about something so ubiquitous as plastic, you must be prepared to write in several modes, and Freinkel rises to this task. . . . She manages to render the most dull chemical reaction into vigorous, breathless sentences.” —SF Gate “Freinkel’s smart, well-written analysis of this love-hate relationship is likely to make plastic lovers take pause, plastic haters reluctantly realize its value, and all of us understand the importance of individual action, political will, and technological innovation in weaning us off our addiction to synthetics.” —Publishers Weekly “A compulsively interesting story. Buy it (with cash).” —Bill McKibben, author of The End of Nature “What a great read—rigorous, smart, inspiring, and as seductive as plastic itself.” —Karim Rashid, designer

Love—only a four letter word, yet it’s so powerful that it can conquer anything in this world! We’ve all experienced the first flush of love and remember the lingering fragrance of it. For ages Love has remained one of the most cherished experiences that everyone wishes to live through at least once. Humanity, time and again, has coined many definitions to describe beautiful emotion, but this small word is a feeling that can’t simply be defined. It has to be narrated . . . in the form of stories—love stories. Love Stories That Touched My Heart is a collection of such stories from readers who have a tale to tell, shortlisted from over 2000 entries that were submitted in a competition conducted by Penguin India. Selected and edited by Ravinder Singh, this anthology—made up of the stories that touched Ravin’s heart the most—will make you believe that someone, somewhere, is made for you.

This book was written for all of us. This is about who and what we all are. Where did we come from? Why are we here? What is the purpose of our life here? Where do we return to? When we depart here, we return HOME to the same place we came from. It is about THE SOUL our true essence, our true self.This is an extraordinary true love story down to every v A GHOST STORY! This is for all of us who believe in the wonderment of the power of love.The first author of this book is my wife, Felecia, my heart, who "so called" died in November 2018 from cancer. Felecia crossed over to THE OTHER SIDE or the spirit world; the next dimension of life.The second author is me, Len, her husband, who is here in this basic physical realm we call Earth or THIS SIDE.Across a span of 19 months Felecia from our daily communications taught me so much about THE OTHER SIDE and how it relates to THIS SIDE. I was the ultimate skeptic based on my background. I am all about GREAT EVIDENCE not belief or faith.It is hoped this spiritual journey of eternal love brings you comfort in the fact that THERE IS LIFE BEFORE AND AFTER YOUR PRESENT LIFE !

Their love was a silent and selfless commitment, more of a spiritual connection. Lakshmila provides a detailed insight into the ‘what, how, when and why’ of every incident that took place during the Treta Yug in the Suryavanshi family, based on detailed research from the Valmiki Ramayana, Kamban Ramayana, Puranas and the different versions of the Ramayana.The fictional narrative is set in the context of a retelling of the epic from Lakshman and Urmila’s perspective of the events that went on to build the timeless tale.*

Hearing the life story of a mysterious old woman in a Little Havana bar, Cuban-American Cecilia learns about three generations of a family of diverse origins that includes such members as a reverent Chinese widow, an African slave, and a Spanish matriarch

#1 bestselling author Lisa Scottoline offers a sweeping and shattering epic of historical fiction fueled by shocking true events, the tale of a love triangle that unfolds in the heart of Rome...in the creeping shadow of fascism. What war destroys, only love can heal. Elisabetta, Marco, and Sandro grow up as the best of friends despite their differences.

Elisabetta is a feisty beauty who dreams of becoming a novelist; Marco the brash and athletic son in a family of professional cyclists; and Sandro a Jewish mathematics prodigy, kind-hearted and thoughtful, the son of a lawyer and a doctor. Their friendship blossoms to love, with both Sandro and Marco hoping to win Elisabetta's heart. But in the autumn of 1937, all of that begins to change as Mussolini asserts his power, aligning Italy's Fascists with Hitler's Nazis and altering the very laws that govern Rome. In time, everything that the three hold dear--their families, their homes, and their connection to one another--is tested in ways they never could have imagined. As anti-Semitism takes legal root and World War II erupts, the threesome realizes that Mussolini was only the beginning. The Nazis invade Rome, and with their occupation come new atrocities against the city's Jews, culminating in a final, horrific betrayal. Against this backdrop, the intertwined fates of Elisabetta, Marco, Sandro, and their families will be decided, in a heartbreaking story of both the best and the worst that the world has to offer. Unfolding over decades, Eternal is a tale of loyalty and loss, family and food, love and war--all set in one of the world's most beautiful cities at its darkest moment. This moving novel will be forever etched in the hearts and minds of readers.

Romance is undeniably otherworldly. Heart racing, breath quickening, senses ablaze—it's all part of what makes love so frighteningly grand. As Francois de La Rouchefoucauld said four centuries ago, “It is with true love as it is with ghosts; everyone talks about it, but few have seen it.” And yet, there are those who have seen both. Welcome to Haunted Love. With settings ranging from southern Florida to South Korea, Haunted Love delivers a rich and varied collection of tales that touch the heart and tingle the spine. The book features lush historical narratives that capture all of the tenderness, heartbreak, and raw emotion of the love affairs along with the chillingly detailed encounters with the ghosts these ill-fated romances left behind.

There's fire in what slips from her lips, this woman that might not even exist. So much passion and way too much aggression, trying to teach me a lesson. What if your dreams were really a reality, an old life, or an alternate path based on a technicality? Her eyes, the eyes of a tiger, burned into the back of Devin's mind after waking from that same nightmare, but the question upon waking is who is she and why is this happening? Who is this mystery woman? Devin is your average college student, with dreams of seeing the world with her camera and her two best friends. Her past isn't the most pleasant, but she grew up surrounded by love and compassion and won't let anything stand in the way of her goals, and that includes dating. Women are a distraction, and honestly, Devin didn't know she needed one until she "bumped" into Amirah. Confusion sets in when friendship turns to feelings and Amirah being in a long-term relationship, but the confusion was overshadowed by anger and frustration as it turns out Devin and Amirah have a complicated history. As the truth slowly comes out, Devin learns she's not who, or even what, she thinks she is and there's more to her story. She must embark on a journey of love, betrayal, and discovery in order to understand that she is the key to changing everything around her. Primal instincts set in when she discovers whom those eyes belong to and wrongs must be righted, but what would you expect if you found the woman of your dreams?
