Ethics Management
in the Public Service
offers a new
perspective for
ethics management
in the Public
Administration. The
traditional
approaches, relying
on codified rules,
regulations, and
guidelines, have not

Read Online Ethics

Governance A
Perspective

yielded the results expected of them and have not managed to serve as an effective tool in the hands of public administrators struggling with ethical and moral questions. Unlike Code-based training strategies, focusing

Read Online Ethics

Governance A
Perspective

on the written word
and its application in
real-life situations,
the authors
introduce a sensory-
based strategy to
sharpen public
administrators'
senses. This type of
training would first
aim to help the
public
administrators

Read Online Ethics

Governance A
Perspective

become conscious of the use of their senses in a routine manner, not necessarily limited to ethical issues. Once an individual becomes more conscious of his or her acts and thinking process, they can better understand their

Read Online Ethics

Governance A
Perspective

motives, and again attempt to modify their conduct if and when necessary.

This book holds that sensory-based metaphors are an important device in applying the hermeneutic approach to ethics management in the public service, as

Read Online Ethics

Governance A
Perspective

they can enhance new understandings about the extent to which particular ethical principles might be disabling. Using metaphors as a management tool of public service ethics helps to communicate public values and ethical guidelines to public

multiple angles.

This volume explores corporate governance from three perspectives: a traditional economic, a philosophical, and an integrated business ethics perspective.

Corporate governance has enjoyed a long

Read Online

Ethics

Governance A

Perspective

tradition in the English-speaking world of management sciences. Following its traditional understanding it is defined as leadership and control of a firm with the aim of securing the long-term survival and viability of that firm.

But recent business scandals and financial crises continue to provide ample cause for concern and have all fuelled interest in the ethical aspects. As a result, corporate governance has been criticized by many social groups.

Economic sciences
