A Very Large Expanse of Sea

Happily Ever Afters

From #1 New York Times bestselling author Lev Grossman comes a magical-realist romance that turns the Groundhog Day premise inside-out and upside-down--coming soon to Amazon as a major motion picture. Mark is 17-years-old and trapped in a time loop, and that's just fine with him. It's summertime and he's spending this one infinitely repeating day reading his way through the town library. Then he discovers someone else in the loop with him: the brilliant, haunted Margaret. Together Mark and Margaret set out to find every wonderful, amazing, perfect thing that happens in that one day--a journey that will take them to the dark secret that waits at the very heart of their endless day. Thrilling, funny, and deeply romantic, this novella is perfect for fans of John Green, Nicola Yoon, and Jandy Nelson.

A book to fall in love with, even for those who no longer believe in love. Evie Thomas no longer believes in love. When her parents split up, all her ideals about love vanished. However, the coincidences of her life lead her to learn to dance at the La Brea Dance School, where she meets an enigmatic boy. X is the complete opposite of Evie: bold, passionate, fearless. The type of person that he says yes to everything, even entering a ballroom dancing competition with a girl he just met. Falling in love with X is not what Evie had in mind. If her experience has taught him anything, it's that no one escapes love without being hurt. But while Evie and X dance and get to know each other better, the magic of love sweeps everything away. Instructions for Falling in Love is the new novel by Nicola Yoon, the bestselling author of the novels Everything Everything and The Sun Is Also a Star. A perfect book for lovers of romance, and for fans of All This Time or Under the Same Star.

Sasha's dad was once married to Ray's mom, and together they had three daughters: Emma, the perfectionist; Mattie, the beauty; and Quinn, the favorite. But the marriage crumbled and the bitterness lingered. Now there are two new families--and neither one will give up the beach house that holds the memories, happy and sad, of summers past. The choices we make come back to haunt us; the effect on our destinies ripples out of our control . . . or does it? This summer, the lives of Sasha, Ray, and their siblings intersect in ways none of them ever dreamed, in a novel about family relationships, keeping secrets, and most of all, love.
