

## Exacto A Practical To Spanish Grammar

"Festschrift für Prof. W. Havers": v. 1.

The Grammar Made Easy series is ideal for complete beginners as well as for those non-linguists who have some knowledge of the language but need to know the basics of grammar to progress beyond phrasebook level. The books consist of seven units that present basic grammar topics in an accessible and non-patronising manner. The interactive CD-ROM provides extensive interactive grammar practice, it contains around 220 activities (those included in the book plus extra ones) covering all the language in Italian Grammar Made Easy. Learners work at their own pace and move through the different sections with ease. Numerous grammar tips are at hand if needed. All the correct answers will be recorded so that learners can practise their listening and pronunciation skills. The CD-ROM can be used with the book or on its own as a revision tool.

Civilian Poetry, 1936-1945

¡Exacto!

A First Book in Spanish; Or, A Practical Introduction to the Study of the Spanish Language, Containing Full Instructions in Pronunciation ...

Exacto!

Practical Handbook of Pronunciation

With an Appendix, Containing a Brief But Comprehensive Recapitulation of the Rules ...

Together with Practical Rules for the Spanish Pronunciation, and Models of Social and Commercial Correspondence ...

¡Exacto! is a student-friendly Spanish grammar aimed at intermediate-level learners and idea both for use in the classroom and as an invaluable reference for self-study. Tables and charts allow the learner to navigate easily and to view explanations, examples of usage any exceptions to the rule at one glance. Authentic quotations from Spanish and Latin American media and literature illustrate grammar in context while varied, graded practice exercises with answer keys enable learners to review their progress. The authors, all experienced teachers from the Open University, are adept at conveying complex ideas through clear explanations and examples, and at writing exercises that truly promote and consolidate learning. This makes ¡Exacto! ideal for learners with little knowledge through to advanced level.

This fully revised second edition of Da! A Practical Guide to Russian Grammar is a concise and contemporary reference grammar

and workbook for intermediate-level students. The book contains clear explanations of the core areas of Russian grammar. Each point is illustrated with examples of contemporary language usage showing you how grammar works in practice while at the same time enhancing your vocabulary and cultural knowledge. Every chapter ends with a variety of exercises to test your progress and consolidate your understanding. Now revised with more exercises and enhanced e-resources. Suitable for intermediate-level students, Da! A Practical Guide to Russian Grammar is an invaluable resource for both classroom and self-study.

"Gabriel Zaid's defense of books is genuinely exhilarating. It is not pious, it is wise; and its wisdom is delivered with extraordinary lucidity and charm. This is how Montaigne would have written about the dizzy and increasingly dolorous age of the Internet. May So Many Books fall into so many hands."—Leon Wieseltier "Reading liberates the reader and transports him from his book to a reading of himself and all of life. It leads him to participate in conversations, and in some cases to arrange them...It could even be said that to publish a book is to insert it into the middle of a conversation."—from So Many Books Join the conversation! In So Many Books, Gabriel Zaid offers his observations on the literary condition: a highly original analysis of the predicament that readers, authors, publishers, booksellers, librarians, and teachers find themselves in today—when there are simply more books than any of us can contemplate. "With cascades of books pouring down on him from every direction, how can the twenty-first-century reader keep his head above water? Gabriel Zaid answers that question in a variety of surprising ways, many of them witty, all of them provocative."—Anne Fadiman, Author of Ex-Libris "A truly original book about books. Destined to be a classic!"—Enrique Krauze, Author of Mexico: Biography of Power, Editor of Letras Libres "Gabriel Zaid's small gem of a

book manages to be both delectable and useful, like chocolate fortified with vitamins. His rare blend of wisdom and savvy practical sense should make essential and heartening reading for anyone who cares about the future of books and the life of the mind."—Lynne Sharon Schwartz, Author of Ruined by Reading: A Life in Books "Gabriel Zaid is a marvelously elegant and playful writer—a cosmopolitan critic with sound judgment and a light touch. He is a jewel of Latin American letters, which is no small thing to be. Read him—you'll see."—Paul Berman "'So many books,' a phrase usually muttered with despair, is transformed into an expression of awe and joy by Gabriel Zaid. Arguing that books are the essential part of the great conversation we call culture and civilization, So Many Books reminds us that reading (and, by extension, writing and publishing) is a business, a vanity, a vocation, an avocation, a moral and political act, a hedonistic pursuit, all of the aforementioned, none of the aforementioned, and is often a miracle."—Doug Dutton "Zaid traces the preoccupation with reading back through Dr. Johnson, Seneca, and even the Bible ('Of making many books there is no end'). He emerges as a playful celebrant of literary proliferation, noting that there is a new book published every thirty seconds, and optimistically points out that publishers who moan about low sales 'see as a failure what is actually a blessing: The book business, unlike newspapers, films, or television, is viable on a small scale.' Zaid, who claims to own more than ten thousand books, says he has sometimes thought that 'a chastity glove for authors who can't contain themselves' would be a good idea. Nonetheless, he cheerfully opines that 'the truly cultured are capable of owning thousands of unread books without losing their composure or their desire for more.'"—New Yorker

A collection of the invited and contributed papers for the ACRL 13th National Conference in Baltimore, MD, March 29 - April 1, 2007.

*While many professional translators believe the ability to translate is a gift that one either has or does not have, Allison Beeby Lonsdale questions this view. In her innovative book, she demonstrates how teachers can guide their students by showing them how insights from communication theory, discourse analysis, pragmatics, and semiotics illuminate the translation process. Challenging long-held assumptions, she establishes a fascinating framework on which to base the structure of a professional prose-translation class. Her original contributions to the question of directionality and to the specific strategies of translating are applicable to not only the teaching of translation from Spanish to English, but to other teaching situations and to other pairs of languages as well. She also reviews the latest attempts in translation theory to define and contextualize ideal translator competence, student translator competence, and general translation strategies. Beeby Lonsdale completes her book by applying her conclusions to selecting and organizing the content of teaching translation from Spanish to English. She illustrates one or more of the basic translation principles through 29 teaching units, which are prefaced by objectives, tasks, and commentaries for the teacher, and through 48 task sheets, which show how to present the material to students.*

**Don't you believe you can learn a foreign language without classes? Well, maybe not 20 years ago. It's now rather easy to find affordable or even free materials for studying a foreign language independently. Finding someone to practice with has**

also become much easier than it used to be. This book will enable you to: - teach yourself a language from scratch to a functional level anywhere and anytime you want;- choose the best learning materials for yourself; - enhance your language skills once you have a solid foundation; - stay motivated and persistent; - revive your confidence in your language and learning abilities; - make vocabulary stick, and turn the infamous enemy called grammar into an ally; - get the most out of a leisure trip abroad. The above are discussed with an emphasis on learning the Spanish language. However, the majority of the recommendations should apply to self-learners of other languages as well.

Soluzioni: A Practical Grammar of Contemporary Italian combines an engaging reference and practice grammar explained in clear and concise language with numerous supporting exercises. Aimed at keen students of all levels, Soluzioni offers: a complete grammar review in tabular form for easy navigation and at-a-glance comprehension; 650 graded practice exercises with an answer key for self-assessment; extensive examples, using a wide range of useful up-to-date vocabulary; authentic material from Italian media and literature, with vocabulary notes and linked exercises to show how grammar works in practice; special help sections throughout, dedicated to clarifying tricky points or avoiding

common pitfalls; a comprehensive user-friendly index for ease of access in both Italian and English; a glossary of grammatical terms; a companion website at [www.routledge.com/cw/derome](http://www.routledge.com/cw/derome) with over 240 free interactive language quizzes for on-the-spot testing, plus supplementary downloadable material such as a comprehensive verb section and full answer key to the book exercises. This fourth edition continues the accessible methodology and focus on contemporary usage that has made Soluzioni the clearest and most comprehensive pedagogic grammar on the market today. Fully updated, it covers key areas of difficulty such as tense usage, the subjunctive, causative verbs, combined pronouns and word order. It also pays attention to the links between grammar and communicative functions as well as those between grammar, context and register. Suitable for class use and independent study, Soluzioni is the ideal reference and practice resource for learners of Italian. It is particularly suitable for fast-track use in ab initio courses at university and college.
