• Avoid the 9 deadly sins that destroy startups' chances for success
• Use the Customer Development method to bring your business idea to life
• Incorporate the Business Model Canvas as the organizing principle for startup hypotheses

**France's economic growth has slowed down after a gradual recovery. Limited productivity and employment gains have reduced the growth of GDP per inhabitant; public spending remains very high. Reducing public expenditures is needed to put debt on a firmly declining path. This and streamlining the tax system would also help reducing taxes, which would boost economic activity eventually.**

**Rabbi Moses Hagiz, one of the most prominent and influential Jewish leaders of seventeenth-century Amsterdam, devoted his career to restoring rabbinic authority. His most prominent talent was as a polemicist, and he campaigned ceaselessly against Jewish heresy in an attempt to unify the rabbinate. During Hagiz's lifetime there was an overall decline in rabbinic authority, which the author argues was the result of migration and assimilation.**
