

F My Life

The beloved author of *Bridge to Terabithia* and other classics of children's literature reveals the fascinating personal stories that have shaped her creative life. For nearly fifty years, Katherine Paterson's stories have captured readers young and old. From *Bridge to Terabithia's* Leslie Burke to the unforgettable Gilly Hopkins to countless others, her characters are woven into the memories of several generations. Paterson's writing has always explored the rich emotional landscape of childhood, for she has never forgotten how she felt as a child herself. The writer she became grew from her own fascinating life, told here in a collection of stories that reach from earlier generations of her family to the present day. Born in China to Presbyterian missionary parents from the American South, her young adulthood led her to Japan and then back to the East Coast, where she began to raise her family and put stories on paper. Each of these experiences influenced the books that were to come. Through Paterson's memories, we learn the origins of her characters and storylines and share in her unexpected literary acclaim. We see the intimate moments of family, creativity, and faith that come together for a life well lived. With snapshots from her family albums and introductory remarks from fellow writers Kate DiCamillo and Nancy Price Graff, this is more than a behind-the-scenes look at favorite children's books. It's the story of a life infused with humor, joy, and gratitude; inspiring new stories embraced by readers everywhere.

A poignant, funny, and timely memoir that marries the intimacy and the sexual identity themes of *Boy Erased* with *My Life in Middlemarch's* interest in the way literature shapes and influences our lives, written in the authentic Southern voice, deeply incisive wit, and with quirky but erudite observations evocative of John Jeremiah Sullivan's *Pulphhead*. Mark Scarbrough has been searching for something his entire life. Whether it's his birth mother, true love, his purpose, or his sexual identity, Mark has been on a constant quest to find out who he really is, with the great Western texts as his steadfast companions. As a boy with his head constantly in a book, desperate to discover new worlds, he can hardly distinguish between their plots and his own reality. The child of strict Texan Evangelicals, Mark is taught by the Bible to fervently believe in the rapture and second coming and is thus moved to spend his teen years as a youth preacher in cowboy boots. At college, he discovers William Blake, who teaches him to fall in love with poems, lyrics... and his roommate Alex. Raised to believe that to be gay was to be a sinner, Mark is driven to the brink of madness and attempts suicide. Hoping to avoid books once and for all, Mark joins the seminary, where he meets his wife, Miranda. Neither the seminary nor the marriage stick, and Mark once again finds himself turning to his books for the sense of belonging he continues to seek... In the tradition of beloved titles like *The End of Your Life Book Club*, *Reading Lolita in Tehran*, and *The Year of Reading Dangerously*, *Bookmarked* tells a deeply personal story through the lens of literature. An examination of one man's complicated, near-obsessive relationship with books, and how they shaped, molded, ruined and saved him, *Bookmarked* is about how we readers stash our secrets between jacket covers and how those secrets ultimately get told in the ways that the books themselves demand.

So today, take solace in knowing that at least you're not that guy. There now, don't you feel better? Today, my boyfriend broke up with me. I cried and told him that I loved him. He gave me a quarter and told me to call someone who cared. I threw the quarter in his face and ran. I waited for the bus, but when I got on, I realized I was 25 cents short of the fare. I walked home in the rain. Today, my mom walked in on me looking at a 1978 Playboy. She asked if I found it in the basement. I said yes. Then I realized she was the centerfold. Today, I got in line at the grocery store. The woman in front of me looked right at me, turned to her friend, and said "That reminds me, I forgot to get acne cream."

Humour.

#1 New York Times Bestseller Over 10 million copies sold In this generation-defining self-help guide, a superstar blogger cuts through the crap to show us how to stop trying to be "positive" all the time so that we can truly become better, happier people. For decades, we've been told that positive thinking is the key to a happy, rich life. "Fk positivity," Mark Manson says. "Let's be honest, shit is f**ked and we have to live with it." In his wildly popular Internet blog, Manson doesn't sugarcoat or equivocate. He tells it like it is—a dose of raw, refreshing, honest truth that is sorely lacking today. The Subtle Art of Not Giving a F**k is his antidote to the coddling, let's-all-feel-good mindset that has infected American society and spoiled a generation, rewarding them with gold medals just for showing up. Manson makes the argument, backed both by academic research and well-timed poop jokes, that improving our lives hinges not on our ability to turn lemons into lemonade, but on learning to stomach lemons better. Human beings are flawed and limited—"not everybody can be extraordinary, there are winners and losers in society, and some of it is not fair or your fault." Manson advises us to get to know our limitations and accept them. Once we embrace our fears, faults, and uncertainties, once we stop running and avoiding and start confronting painful truths, we can begin to find the courage, perseverance, honesty, responsibility, curiosity, and forgiveness we seek. There are only so many things we can give a f**k about so we need to figure out which ones really matter, Manson makes clear. While money is nice, caring about what you do with your life is better, because true wealth is about experience. A much-needed grab-you-by-the-shoulders-and-look-you-in-the-eye moment of real-talk, filled with entertaining stories and profane, ruthless humor, The Subtle Art of Not Giving a F**k is a refreshing slap for a generation to help them lead contented, grounded lives.**

A decorated fighter pilot and PGA professional tells the story of his life and service—to both his nation and others—in this remarkable memoir that is a stirring record of faith, patriotism, family, philanthropy, and golf. What does it mean to be a patriot? For Oklahoma native Dan Rooney, it is someone who not only puts his life on the line for country, but who opens his heart and mind and seeks to build a life that embodies the purest and most concentrated essence of himself. For many, Rooney is the model of a patriot: as an Air Force pilot who deployed to Iraq, serving three tours of duty; as a professional golfer who established a nonprofit foundation awarding thousands of scholarships to the children of fallen and disabled veterans; as the father of five daughters; as a man of faith, whose copilot, both in the skies and on the ground, has always been God. A Patriot's Calling is his autobiographical journey through some of the most character-defining moments of his awe-inducing life and career. "On my third tour of duty in Iraq as F-16 fighter pilot, I felt a powerful calling from God to share the miraculous fusion of people and experiences uniquely placed along my journey. During my reflection, I began to understand how the forces of synchronicity had shaped my life. Synchronicity, or, as I like to call it, 'chance with a purpose,' is all around us. These encounters with God's messengers are the sign-posts along the road of life guiding us toward our essence." A Patriot's Calling illuminates Rooney's true essence—and offers guidance and inspiration for us all. A Patriot's Calling includes 40 photos and 3 maps.

MY STORY FROM M TO S

Life's Crappiest Moments from Around the Globe

And Other Rituals to Fix Your Life, from Someone Who's Been There

She was the girl who seemed to have it all, and then she lost it all. Raised by wealthy French parents, she married her

first love, fresh out of college in Miami Beach. She followed her handsome Jewish husband back to his native New York, where she thrived in the fashion industry, and quickly became the "it girl" of Mercedes-Benz Fashion Week. She faced her share of challenges: the tragic death of her doting father, an oppressive marriage with a husband increasingly obsessed with orthodox Judaism, and her first born diagnosed on the spectrum of autism. And then her world turned upside down. When federal agents knocked on her door one tragic day, her life changed forever. Accused of internet fraud for selling jeans online, De La Mare-Kenny found herself serving a lengthy sentence in a medium - high security federal prison. She ended up doing time that didn't seemingly fit the crime. With no way out, she faced the heart wrenching separation from her three small children, the youngest, then just a baby and her oldest facing the debilitating regression of his mental disability. She tells the story of a mother's life-long fight and sacrifice for her children. The agony and the guilt of being ripped away from them, when they needed her the most. Her personal triumph both over the unjust system that imprisoned her and the many tragedies that marred her life. This is a must-read, riveting tale of the harsh life behind bars, where one woman who was unlikely to survive had to dig deep within herself, to find the strength to make her way back to her children. And, against all odds, used her adversities to succeed and propel herself from shackles, to living a charmed life in dreamy Monte-Carlo. -Rev. Tracy L. Clark, Motivational Speaker and Author of GOD WHERE ARE YOU? IT'S ME. "I call Ingrid my rags to riches story and I am not just talking wealth. When I met Ingrid, she was on the verge of losing everything. From her home, to her work to her toxic relationship. Ingrid's gift has always been her children. She will protect them at all costs. She truly loves and honors them like no other. In my humble opinion, she knows very well they saved her life on many levels! What makes a soul successful in life is realizing they need to let go of the past emotionally and, embrace the lessons. INGRID DID THIS! A hard day turned into a new beginning. A struggle turned into a gift. A spark of inspiration and creation turned into a passion. She never took no for an answer. -Dara Kaplan, Partner and Co-Founder of the Manhattan and Miami based, Wunderlich Kaplan Communications. Dara has been featured on Forbes, CNN, Fox News, NYPost, Huffington Post, Daily Mail, Inc.com, Elite Daily and more. "It has been truly an honor to watch Ingrid own her truth, rise from ashes, write her destiny, create a brand from the ground up and come to dominate the wellness space. As a branding expert, watching Ingrid so expertly build a tribe of women that have coalesced around and have continuously championed has been nothing short of brilliant and beautiful. She is a true trailblazer and cunning marketer in the digital brand building space. To know Ingrid is to know the personification of perseverance and walking in one's truth." "Ingrid De La Mare-Kenny truly changed my life for the better. I was immediately intrigued by her charisma, warmth, unapologetic attitude. She has helped me and continues to be such a mentor to me. Not only is she one of my best friends, she also has a huge community full of women who TRUST her. This industry needs her- her book is an absolute gem. Ingrid's adversity has given her depth & relatability which the reader will feel throughout the book. Anyone who reads it will be immediately inspired while feeling her warmth. - Lauryn Evarts Bosstick, Author of The Skinny Confidential: A Babe's Sexy Sexy, Sassy Fitness and Lifestyle Guide and Co-Host of entrepreneurial podcast, The Skinny Confidential HIM & HER featured in SHAPE, Women's Health

But beneath that veneer of success, she was a chronically anxious, self-medicating mess. While the Mediterranean is often considered a distinct, unified space, recent scholarship on the early modern history of the sea has suggested that this perspective is essentially a Western one, devised from the vantage point of imperial power that historically patrolled the region's seas and controlled its ports. By contrast, for the peoples of its southern shores, the Mediterranean was polymorphous, shifting with the economic and seafaring exigencies of the moment. Nonetheless, by the nineteenth century the idea of a monolithic Mediterranean had either been absorbed by or imposed on the populations of the region. In French Mediterraneans editors Patricia M. E. Lorcin and Todd Shepard offer a collection of scholarship that reveals the important French element in the nineteenth- and twentieth-century creation of the singular Mediterranean. These essays provide a critical study of space and movement through new approaches to think about the maps, migrations, and margins of the sea in the French imperial and transnational context. By reconceptualizing the Mediterranean, this volume illuminates the diversity of connections between places and polities that rarely fit models of nation-state allegiances or preordained geographies.
