The landmark bestseller that changed the way we think about love: "Every line is packed with common sense, compassion, and realism" (Fortune). The Art of Loving is a rich and detailed guide to love—an achievement reached through maturity, practice, concentration, and courage. In the decades since the book's release, its words and lessons continue to resonate. Erich Fromm, a celebrated psychoanalyst and social psychologist, clearly and sincerely encourages the development of our capacity for and understanding of love in all of its facets. He discusses the familiar yet misunderstood romantic love, the all-encompassing brotherly love, spiritual love, and many more. A challenge to traditional Western notions of love, The Art of Loving is a modern classic about taking care of ourselves through relationships with others by the New York Times–bestselling author of To Have or To Be? and Escape from Freedom. This ebook features an illustrated biography of Erich Fromm including rare images and never-before-seen documents from the author's estate.

From the disability rights advocate and creator of the #DisabledAndCute viral campaign, a thoughtful, inspiring, and charming collection of essays exploring what it means to be black and disabled in a mostly able-bodied white America. Keah Brown loves herself, but that hadn't always been the case. Born with cerebral palsy, her greatest desire used to be normalcy and refuge from the steady stream of self-hate society strengthened inside her. But after years of introspection and reaching out to others in her community, she has reclaimed herself and changed her perspective. In The Pretty One, Brown gives a contemporary and relatable voice to the disabled—so often portrayed as mute, weak, or isolated. With clear, fresh, and light-hearted prose, these essays explore everything from her relationship with her able-bodied identical twin (called "the pretty one" by friends) to navigating romance; her deep affinity for all things pop culture—and her disappointment with the media's distorted view of disability; and her declaration of self-love with the viral hashtag #DisabledAndCute. By "smashing stigmas, empowering her community, and celebrating herself" (Teen Vogue), Brown and The Pretty One aims to expand the conversation about disability and inspire self-love for people of all backgrounds.

**Discover the three types of love--and the key to finding the one you're truly meant to be with. We love and we love again -- sometimes our hearts get broken but, somehow, we find the courage to dive back in. In this soul-searching book, relationship expert Kate Rose guides readers down the path to a deeper understanding of who they are, what they want, and finally, to the discovery of their Twin Flame. According to Rose, love is a journey of self-discovery and every relationship we have in our lives teaches us something that we need to learn about ourselves and what will make us truly happy. She introduces readers to the three types of love we will all experience: • The Soulmate introduces us to the dream of love, but somehow what seemed like it would be "happily ever after" wasn't meant to last forever. • We are so consumed with making The Karmic Love work that we often fail to question whether it should work. As painful as it is to accept, this love that felt so right in the beginning is actually all wrong. • The Twin Flame comes into our lives and often we don't even know it's love because . . . it's too easy. This is the love who helps us to accept ourselves just as we are because this is precisely what they do. In You Only Fall in Love Three Times, Kate Rose shows us that happy endings may not happen quite the way they do in fairytales-- but they happen nonetheless.**

A "must-read" (The Washington Post) funny and practical guide to help you find, build, and keep the relationship of your dreams. Have you ever looked around and wondered, "Why has everyone found love? You're not the only one. Great relationships don't just appear in our lives—they're the culmination of a series of decisions, including whom to date, how to end it with the wrong person, and when to start over. But our brains often get in the way. We make poor decisions, which thwart us on our quest to find lasting love. Drawing from years of research, behavioral scientist turned dating coach Logan Ury shows you how. This "simple-to-use guide" (Lori Gottlieb, New York Times) focuses on a different decision in each chapter, incorporating insights from behavioral science, original research, and real-life stories. You'll learn: -What's holding you back from dating (and how to break the pattern) -What really matters in a long-term partner (and what really doesn't) -How to overcome the perils of online dating (and make the apps work for you) -How to make dates fun again (so they stop feeling like job interviews) -Why "the spark" is a myth (but you'll find love anyway) This "data-driven" (Time), step-by-step guide to relationships, complete with hands-on exercises, is designed to transform your life. How to Not Die Alone will help you find, build, and keep the relationship of your dreams.

"Every time I can't sleep I lay in bed tossing and turning. I think of what you said to me: Sometimes the world won't stop turning, even if you ask it to. Sometimes you have to love it, even when it hurts. These I think of you and your easy smile. The world is cold and hard, and that smile is my hearth." This collection of poetry and prose has movement of its own. There is honesty and fluidity in its lines. A series of journal entries adds to the conversation of and with poetry. In all it is a story - a poetic journey about finding love within one's self and the people who inspire. RYS Perez is an indie poet local to Los Angeles where she is attending college and working as a writing tutor. Her aim is to teach English at underprivileged high schools in the inner city. This is her first publication as a poet and writer.

From Jill Robinson, the author of Past Forgetting, comes a true story, coauthored with her husband, the English writer Stuart Shaw, about finding love when they both thought they were through. Stuart and Jill first met, neither felt like a poster child for serious love. Stuart was recovering from the alcoholism that had wrecked his marriage and ravaged his career. Jill was recovering from a divorce and believed she was done with love forever. But then, in a crowded Connecticut diner, at about midnight, Jill caught Stuart's eye and shot him a look that said, I'm designed for you. Immediately Stuart said, Would you like to come to my place for a cup of tea sometime? What follows is a journey toward commitment. You hear it from both points of view: his and hers. If you've ever felt that your opportunity is slipping away, here's the lively story of the creation of a passionate marriage that will fill your heart with joy and hope.

In this "brave and heartbreaking novel that digs its claws into you and doesn't let go, long after you've finished it" (Anna Todd, New York Times bestselling author) from the #1 New York Times bestselling author of All Your Perfects, a workaholic with a too-good-to-be-true romance can't stop thinking about her first love. Lily hasn't always had it easy, but that's never stopped her from working hard for the life she wants. She's come a long way from the small town where she grew up—she graduated from college, moved to Boston, and started her own business. And when she feels a spark with a gorgeous neurosurgeon named Ryle Kincaid, everything in Lily's life seems too good to be true. Ryle is assertive, stubborn, maybe even a little arrogant. He's also sensitive, brilliant, and has a total soft spot for Lily. And the way he looks in scrubs certainly doesn't hurt. Lily can't get him out of her head. But Ryle's complete aversion to relationships is disturbing. Even as Lily finds herself becoming the exception to his "no dating" rule, she can't help but wonder what made him that way in the first place. As questions about her new relationship overwhelm her, so do thoughts of Atlas Corrigan—her first love and a link to the past she left behind. He was her kindred spirit, her protector. When Atlas suddenly reappears, everything Lily has built with Ryle is threatened. An honest, evocative, and tender novel, *It Ends with Us* is "a glorious and touching read, a forever keeper. The kind of book that gets handed down" (USA TODAY).

many words will it take for them to figure out where it all went wrong? The story of the heart can never be unwritten. Macy Sorensen is settling into an ambitious if emotionally tepid routine: work hard as a new pediatrics resident, plan her wedding to an older, financially secure man, keep her head down and heart tucked away. But when she runs into Elliot Petropoulos—the first and only love of her life—the careful bubble she’s constructed begins to dissolve. Once upon a time, Elliot was Macy’s entire world—growing from her gangly bookish friend into the man who coaxed her heart open again after the loss of her mother...only to break it on the very night he declared his love for her. Told in alternating timelines between Then and Now, teenage Elliot and Macy grow from friends to much more—spending weekends and lazy summers together in a house outside of San Francisco devouring books, sharing favorite words, and talking through their growing pains and triumphs. As adults, they have become strangers to one another until their chance reunion. Although their memories are obscured by the agony of what happened that night so many years ago, Elliot will come to understand the truth behind Macy’s decade-long silence, and will have to overcome the past and himself to revive her faith in the possibility of an all-consuming love.

“A beautifully written and well-researched cultural criticism as well as an honest memoir” (Los Angeles Review of Books) from the author of the popular New York Times essay, “To Fall in Love with Anyone, Do This,” explores the romantic myths we create and explains how they limit our ability to achieve and sustain intimacy. What really makes love last? Does love ever work the way we

say it does in movies and books and Facebook posts? Or does obsessing over those love stories hurt our real-life relationships? When her parents divorced after a twenty-eight year marriage and her own ten-year relationship ended, those were the questions that Mandy Len Catron wanted to answer. In a series of candid, vulnerable, and wise essays that takes a closer look at what it means to love someone, be loved, and how we present our love to the world, "Catron melds science and emotion beautifully into a thoughtful and thought-provoking meditation" (Bookpage). She delves back to 1944, when her grandparents met in a coal mining town in Appalachia, to her own dating life as a professor in Vancouver. She uses biologists' research into dopamine triggers to ask whether the need to love is an innate human drive. She uses literary theory to show why we prefer certain kinds of love stories. She urges us to question the unwritten scripts we follow in relationships and looks into where those scripts come from. And she tells the story of how she decided to test an experiment that she'd read about—where the goal was to create intimacy between strangers using a list of thirty-six questions—and ended up in the surreal situation of having millions of people following her brand-new relationship. "Perfect fodder for the romantic and the cynic in all of us" (Booklist), *How to Fall in Love with Anyone* flips the script on love. "Clear-eyed and full of heart, it is mandatory reading for anyone coping with—or curious about—the challenges of contemporary courtship" (The Toronto Star).
