Fallen Star

The Fallen StarJessica Sorensen

Biography of 1940's Hollywood starlet Gail Russett.

This book "FALLEN STARS" is that piece you can't forget in a hurry after reading. In actuality, to so many the title of this book sounds enigmatic, a sort of mystery as no mortal has ever seen stars fell visibly. Yet, in our world great stars are falling visibly by the day. What the fallen stars represents and the forces that mastermind their fall and vital issues touching our lives and destinies are what this book is meant to relate to us. Are you a star in your world? Then refuse to fall despite the odds.

In the spring of 2002, motivated by the September 11, 2001, terrorist attacks, National Football League stalwart Patrick Daniel Tillman turned down a multimillion-dollar contract to join the US Army. Two years later, he died while serving his country in the mountains of Afghanistan. In the process, he became an American icon. Inspired by Pat Tillman's story, Fallen Stars captures the lives and times of Tillman (1976–2004) and four other war-hero American athletes: Hamilton "Ham" Fish (1873–98), Hobart "Hobey" Baker (1892–1918), Nile Kinnick (1918–43), and James Robert "Bob" Kalsu (1945–70), all of whom died while serving in the US military. Why a focus on fallen war-hero athletes, and why these five? Because here we have over a century's worth of men who faced the fears and uncertainties that come with life and made the ultimate sacrifice. Their stories give us a kaleidoscopic picture of America over the course of more than one hundred years, and through them we can explore the wars America has participated in, the values that Americans have celebrated, and what it has meant, over time, to be an American hero.

Written for a young audience, this intense memoir explores the harsh realities of life on the streets in contemporary North Korea. Every Falling Star is the memoir of Sungju Lee, who at the age of twelve was forced to live on the streets of North Korea and fend for himself. To survive, Sungju creates a gang and lives by thieving, fighting, begging, and stealing rides on cargo trains. Sungju richly recreates his scabrous story, depicting what it was like for a boy alone to create a new family with his gang, "his brothers," to daily be hungry and to fear arrest, imprisonment, and even execution. Yet we rarely heard from the stars themselves when they lived and sometimes have wondered what happened when they died. Are all the stories that have been reported on the news true? Could they have ALL died of an overdose? Our stories, they say, are written in our hearts. We take them with us when we pass. From one heart to another, the stories of the stars who have fallen are now able to be heard. This book is divided into twelve parts each dealing with a specific topic. Each topic is just a presentation of how the world is seen by the poet, each poem deals with how to eradicate such errors or embrace them wholly. From the difficulties faced by people due to criticism, the struggles of a dreamer and topics such as self-love, the book deals with topics of stereotypes of the East yet how the Sun always shines the first on East, poetry against animal abuse, the feelings of a writer and the magic of a reader, the beauty of nature and emotions such as pain and fear. The twelve parts of the book are an attempt to turn the sights and sounds of the world, both inside and outside, into tales and poetries. The words were created and compiled into 'The Falling Stars' with a hope to change the world, both inside and outside.
