

Fatal Voyage Temperance Brennan 4

Jack Reacher walked out of the Baltimore bust depot into a world of frozen streets and dirty snow... In this short story from the thrilling anthology MatchUp, bestselling authors Kathy Reichs and Lee Child—along with their popular series characters Temperance Brennan and Jack Reacher—team up for the first time ever.

Forensic anthropologist Temperance Brennan returns in a chilling eBook original novella from #1 New York Times bestselling author Kathy Reichs. In the prequel to Reichs's upcoming thriller *Bones Never Lie*, Tempe takes a much-needed vacation—but murder follows wherever she goes. Although a trip to Florida is supposed to be about rest and relaxation, there's no such thing as a day off for Dr. Temperance Brennan. She has come to visit her friend, a dedicated ornithologist who's researching the threat that intrusive Burmese pythons pose to indigenous bird species in the Everglades. While sorting through the stomach of an eighteen-foot specimen, they make a disturbing discovery: bones that are unmistakably human. And when Tempe spots the telltale signs of murder by a very different kind of predator, she's drawn into a case with its roots in the darkest depths of the swamp. Features a preview of the highly anticipated new Temperance Brennan novel, *Bones Never Lie*! Praise for the novels of Kathy Reichs "[Reichs is] a genius at building suspense."—New York Daily News "Reichs, a forensic anthropologist, makes her crime novels intriguingly realistic."—Entertainment Weekly "Tempe Brennan is the lab lady most likely to dethrone Patricia Cornwell's Kay Scarpetta."—USA Today "Every minute in the morgue with Tempe is golden."—The New York Times Book Review "Reichs always delivers a pulse-pounding story."—Publishers Weekly

Featuring a preview of the highly anticipated new thriller *Speaking in Bones*, this eBook original novella showcases #1 New York Times bestselling author Kathy Reichs at the peak of her powers. In *Bones on Ice*, forensic anthropologist Temperance Brennan gets wrapped up in the ultimate cold case: a death on Mount Everest. It is called the "death zone": the point on Everest, nearly five miles high, above which a climber cannot be rescued. More than 250 souls have lost their lives there. Most of the bodies remain, abandoned, frozen in place. When an earthquake leads to a miraculous recovery, Dr. Temperance Brennan is hired to identify the frozen mummified human corpse. The victim is the daughter of a wealthy Charlotte couple who never got the chance to say goodbye. But far from offering solace and closure, Tempe's findings only provoke more questions. What happened on Mount Everest? Was the young woman's death an accident? Why aren't the other climbers talking? And how far will those hiding the truth go to make sure the past stays buried? Praise for Kathy Reichs and the Temperance Brennan series "A genius at building suspense."—New York Daily News "Kathy Reichs writes smart—no, make that brilliant—mysteries that are as realistic as nonfiction and as fast-paced as the best thrillers about Jack Reacher, or Alex Cross."—James Patterson "Reichs, a forensic anthropologist, makes her crime novels intriguingly realistic."—Entertainment Weekly "One of the most distinctive and talented writers in the genre."—Sandra Brown "Every minute in the morgue with Tempe is golden."—The New York Times Book Review "Each book in Kathy Reichs's fantastic Temperance Brennan series is better than the last."—Lisa Scottoline "Reichs always delivers a pulse-pounding

story.”—Publishers Weekly “I love Kathy Reichs—always scary, always suspenseful, and I always learn something.”—Lee Child

In the twelfth novel from #1 New York Times bestselling author Kathy Reichs, forensic anthropologist Temperance Brennan finds herself buried alive after being accused of mishandling the autopsy of a Canadian heiress. There are 206 bones in the human body. Forensic anthropologists know them intimately, and can use them to recreate every kind of violent end. Tempe wakes up to discover that she is enclosed in a kind of very small, very dark, very cold space. She is bound, hands to feet, and there’s something wrong with her ankle. Unsure of where she is, Tempe slowly begins to work out what has happened... When the body of a missing heiress was discovered, Temperance Brennan and Lieutenant Ryan accompanied the remains from Montreal to the Chicago morgue. Their trip was soon interrupted when an incriminating phone call accused Tempe of mishandling the autopsy—and the case. But before Tempe could face her accuser, the one man with information about the call died, and Tempe was left in the dark. As the facts slowly slot into place, Tempe wonders who wants her dead, or at least out of the way, and why? Pulse-pounding, electrifying, and seamlessly weaving between past and present, 206 Bones describes the incredible devastation that occurs when forensic evidence is sabotaged in the lab.

#1 New York Times bestselling author Kathy Reichs’s twentieth “brilliant” (Louise Penny) thriller featuring forensic anthropologist Temperance Brennan, whose examinations of unidentified bodies ignite a terrifying series of events. “This is A-game Reichs, with crisp prose, sharp dialogue, and plenty of suspense” (Booklist). On the way to hurricane-ravaged Isle of Palms, a barrier island off the South Carolina coast, Tempe receives a call from the Charleston coroner. The storm has tossed ashore a medical waste container. Inside are two decomposed bodies wrapped in plastic and bound with electrical wire. Tempe recognizes many of the details as identical to those of an unsolved case she handled in Quebec fifteen years earlier. With a growing sense of foreboding, she travels to Montreal to gather evidence. Meanwhile, health authorities in South Carolina become increasingly alarmed as a human flesh-eating contagion spreads. So focused is Tempe on identifying the container victims that, initially, she doesn’t register how their murders and the

pestilence may be related. But she does recognize one unsettling fact. Someone is protecting a dark secret—and willing to do anything to keep it hidden. An absorbing look at the sinister uses to which genetics can be put and featuring a cascade of ever-more-shocking revelations, *The Bone Code* is “a murder mystery story that races across America at the speed of fright” (James Patterson).

Temperance “Tempe” Brennan faces down the demons of her past in the seventeenth thriller in Kathy Reichs’s phenomenally successful *Bones* series. Unexpectedly called in to the Charlotte PD’s Cold Case Unit, Dr. Temperance Brennan wonders why she’s been asked to meet with a homicide cop who’s a long way from his own jurisdiction. The shocking answer: Two child murders, separated by thousands of miles, have one thing in common—the killer. Years ago, Anique Pomerleau kidnapped and murdered a string of girls in Canada, then narrowly eluded capture. It was a devastating defeat for her pursuers, Brennan and police detective Andrew Ryan. Now, as if summoned from their nightmares, Pomerleau has resurfaced in the United States, linked to victims in Vermont and North Carolina. When another child is snatched, the reign of terror promises to continue—unless Brennan can rise to the challenge and make good on her second chance to stop a psychopath. But Brennan will have to draw her bitter ex-partner out of exile, keep the local police and feds from one another’s throats, and face more than just her own demons as she stalks the deadliest of predators into the darkest depths of madness. In *Bones Never Lie*, Kathy Reichs never fails to satisfy readers looking for psychological suspense that’s more than skin-deep.

A Publishers Weekly Best Mystery/Thriller of 2021 Audie Award finalist for Multi-Voice Performance For fans of riveting true crime docuseries a la *Serial* and *Making a Murderer*, *The Anatomy of Desire* is a modern tale of crime and punishment exploring unbridled ambition, blinding passion, and the dark side of desire Ambition. Passion. Betrayal. Murder? Claire Griffith has it all, a thriving career, a gorgeous boyfriend, glamorous friends. She always knew she was destined for more than the life her conservative parents preached to her. Arriving in Los Angeles flat broke, she has risen to become a popular fitness coach and social media influencer. Having rebranded herself as Cleo Ray, she

stands at the threshold of realizing her biggest dreams. One summer day, Cleo and a woman named Beck Alden set off in a canoe on a serene mountain lake. An hour later, Beck is found dead in the water and Cleo is missing. Authorities suspect foul play, and news of Cleo's involvement goes viral. Who was Beck? An infatuated follower? Were she and Cleo friends or lovers? Was Beck's death an accident . . . or murder? Told in the form of an immersive investigative docuseries, L. R. Dorn's brilliant reimagining of Theodore Dreiser's classic crime drama, An American Tragedy, captures the urgency and poignance of the original and rekindles it as a very contemporary and utterly mesmerizing page-turner that will keep you guessing... Did she or didn't she?

"The latest from Kathy Reichs finds Tempe Brennan investigating the connections between a long-dead business man, the smuggling of mummified dogs from Peru, and the death of a teenage girl killed in a hit and run. When she discovers a human trafficking enterprise at the center of it all, the scope of the case extends from South America to Afghanistan. And Tempe's soon-to-be ex might have connections that run to the very heart of the trafficking ring"--

A new story featuring forensic anthropologist Temperance Brennan—available only in ebook—from #1 New York Times bestselling author and FOX TV 's Bones producer, Kathy Reichs. When a fly-covered canvas bag floats to the surface of North Carolina 's Mountain Island Lake, forensic anthropologist Tempe Brennan is called to the scene. Animal remains? Or could this be related to bone fragments from a human male found nearby? To Tempe 's surprise, the decomposed body indicates the person was a female young adult. The profile fits the description of a missing graduate student named Edith Blankenship. Was Blankenship murdered? If so, why? Blankenship 's body turned up on an artist colony where an eco-radical named Herman Blount has been squatting. Blount has posted online rants threatening to blow up a power station he says is polluting the area. Is Blount capable of violence? Blankenship was a loner, but she proved a dedicated advocate for birds at UNC – Charlotte and the Carolina Raptor Center. Did Blankenship 's passion lead her into danger? Alongside Detective "Skinny" Slidell, Tempe puts life on hold until she discovers the truth behind Blankenship 's death. But Tempe 's own passion for crime solving will lead her into danger of her own. This ebook exclusive

In Kathy Reichs's tenth bestselling novel featuring forensic anthropologist Temperance Brennan, the discovery of a young girl's skeleton in Acadia, Canada might be connected to the disappearance of Tempe's childhood friend. For Tempe Brennan, the discovery of a young girl's skeleton in Acadia, Canada, is more than just another case. Evangeline, Tempe's childhood best friend, was also from Acadia. Named for the character in the Longfellow poem, Evangeline was the most exotic person in Tempe's eight-year-old world. When Evangeline disappeared, Tempe was warned not to search for her, that the girl was "dangerous." Thirty years later, flooded with memories, Tempe cannot help wondering if this skeleton could be the friend she had lost so many years ago. And what is the meaning of the strange skeletal lesions found on the bones of the young girl? Meanwhile, Tempe's beau, Ryan, investigates a series of cold cases. Two girls dead. Three missing. Could the New Brunswick skeleton be part of the pattern? As Tempe draws on the latest advances in forensic anthropology to penetrate the past, Ryan hunts down a serial predator.

From the late fifteenth to the nineteenth centuries, the Hispanic Monarchy was one of the largest and most diverse political communities known in history. At its apogee, it stretched from the Castilian plateau to the high peaks of the Andes; from the cosmopolitan cities of Seville, Naples, or Mexico City to Santa Fe and San Francisco; from Brussels to Buenos Aires and from

Milan to Manila. During those centuries, Spain left its imprint across vast continents and distant oceans contributing in no minor way to the emergence of our globalised era. This was true not only in an economic sense-the Hispano-American silver peso transported across the Atlantic and the Pacific by the Spanish fleets was arguably the first global currency, thus facilitating the creation of a world economic system-but intellectually and artistically as well. The most extraordinary cultural exchanges took place in practically every corner of the Hispanic world, no matter how distant from the metropolis. At various times a descendant of the Aztec nobility was translating a Baroque play into Nahuatl to the delight of an Amerindian and mixed audience in the market of Tlatelolco; an Andalusian Dominican priest was writing the first Western grammar of the Chinese language in Fuzhou, a Chinese city that enjoyed a trade monopoly with the Spanish Philippines; a Franciscan friar was composing a piece of polyphonic music with lyrics in Quechua to be played in a church decorated with Moorish-style ceilings in a Peruvian valley; or a multi-ethnic team of Amerindian and Spanish naturalists was describing in Latin, Spanish and local vernacular languages thousands of medicinal plants, animals and minerals previously unknown to the West. And, most probably, at the same time that one of those exchanges were happening, the members of the School of Salamanca were laying the foundations of modern international law or formulating some of the first modern theories of price, value and money, Cervantes was writing *Don Quixote*, Velázquez was painting *Las Meninas*, or Goya was exposing both the dark and bright sides of the European Enlightenment. Actually, whenever we contemplate the galleries devoted to Velázquez, El Greco, Zurbarán, Murillo or Goya in the Prado Museum in Madrid; when we visit the National Palace in Mexico City, a mission in California, a Jesuit church in Rome or the Intramuros quarter in Manila; or when we hear Spanish being spoken in a myriad of accents in the streets of San Francisco, New Orleans or Manhattan we are experiencing some of the past and present fruits of an always vibrant and still expanding cultural community. As the reader can infer by now, this book is about how Spain and the larger Hispanic world have contributed to world history and in particular to the history of civilisation, not only at the zenith of the Hispanic Monarchy but throughout a much longer span of time.

In the night-still canyons of the Arizona desert, a girl is on the run. Alone but for her beloved red-tailed hawk, she flees from the dark shadows of her young life, the horror she has witnessed...and the terror that now stalks her. New York Times bestselling author J.A. Jance returns with her eighth novel in the highly acclaimed Joanna Brady mystery series. Set against the backdrop of the modern west, this gripping tale finds Sheriff Brady juggling a precarious overload in both her personal and professional lives. About to be married, Joanna's facing a daughter turning twelve and going on twenty, a meddlesome mother micro-managing her wedding, and new in-laws arriving any day. The sudden death of her much-loved neighbor and handyman, Clayton Rhodes, creates further turmoil, leaving Joanna shocked, saddened, and the target of Clayton's irate and irrational daughter, who accuses the Sheriff's Department of covering up a possible murder. But amidst the uproar, the report of a homicide at Cochise Stronghold in the Dragoon Mountains quickly captures Joanna's full attention. An Indian woman has been found shot to death--a woman recently released from prison after serving time for the manslaughter killing of her husband.

She is the mother of a missing fifteen-year-old, Lucy Ridder. The death at first appears to be a case of domestic rage finally exploding and a troubled teen runaway may be a victim, or a cold-blooded killer. Yet as Joanna deals with the long-standing troubles of Clayton Rhodes' family and digs deeper into the mysterious life of Lucy and her family, she discovers that investigating family hostilities is leading her down a twisted trail of hatred, greed, and far-reaching consequences--and into a dangerous world where violence is the first response and long buried secrets are a reason to kill...or die. Once again, J.A. Jance delivers a gritty, deftly written thriller that unfolds on a vivid landscape of raw beauty and unrelenting danger. And, as always, Sheriff Joanna Brady brings the setting to life with the sensitivity, spirit, and intense passion for justice that makes Jance novels ring with authenticity.

Bones on Ice: A Novella

A call to examine a skull found in a hidden floor space plunges forensic anthropologist Dr. Temperance Brennan into a case that may involve ritual murder.

Now in a new paperback repackage, Bare Bones sees Temperance Brennan back in her home base of North Carolina, where several sets of bones, both human and animal, lead her on a terrifying hunt for a killer. It's a summer of sizzling heat in Charlotte where Dr. Temperance Brennan, forensic anthropologist for the North Carolina medical examiner, looks forward to her first vacation in years. A romantic vacation. She's almost out the door when the bones start appearing. A newborn's charred remains turn up in a woodstove. The mother, Tamela Banks, hardly more than a child herself, has disappeared. Did she kill her infant, or is an innocent teenager also about to become a victim? A small plane crashes in a North Carolina cornfield on a sunny afternoon. Both pilot and passenger are burned beyond recognition. Was it pilot error? Something more sinister? And what is the mysterious black substance covering the bodies? Most puzzling of all are the bones discovered at a remote farm outside Charlotte. What has Tempe's dog, Boyd, unearthed? The remains seem to be of animal origin, but Tempe is shocked when she gets them to her lab. With help from a special detective friend, Tempe must investigate a poignant and terrifying case that comes at the worst possible moment: Tempe's daughter Katy has a new boyfriend who Tempe fears may have something to hide. And Tempe herself faces important personal decisions. Is it time for emotional commitment? Will she even have the chance to find out? Everything must wait on the bones. What story do they tell? Why are the X rays and DNA so perplexing? Who is trying to keep Tempe from the

answers? Someone is following her. Someone is following Katy. That someone must be stopped before it's too late. After a fatal airline crash in the mountains of North Carolina, Dr. Temperance Brennan heads to the site to help identify the victims, but the discovery of body parts that do not belong to any registered passenger leads the investigation into a dangerous

One recent skeleton among ancient bones raises questions—and danger—for forensic anthropologist Temperance Brennan in this newly repackaged thriller from New York Times bestselling author Kathy Reichs. Tempe Brennan is stuck teaching an archaeology field school for students at UNCC in Charleston, South Carolina. When she stumbles upon a recent skeleton among the ancient bones, she starts asking questions. She's the expert they might have called in, but lucky for the local police she's already there. The skeleton leads her to a free street clinic where patients have begun to go missing, and some have wound up dead. What is going on and who is to blame? The charismatic televangelist who oversees the clinic? The shady doctor who practices there? Or is it the clinic staff? Ryan is in Montreal, though he may come down for a visit. If he does, Tempe will have to juggle him and Detective Galiano, an old flame, who is in town investigating the disappearance of wealthy young woman. This is a phenomenally high stakes business where one dead body can save a couple of lives, maybe more. Along with the corpses, Tempe investigates the sick moral logic of the mastermind behind the operation. Kathy Reichs has returned Tempe to America and put her in the middle of a sinister trafficking ring that's local and global. The suspense is intense, and the world is riveting. Kathy Reichs's books are expert, smart, with a taut energy, and this is her best plot and best writing ever.

#1 New York Times bestselling author Kathy Reichs returns with an “edgy, eerie, irresistible” (Sandra Brown) novel with “plenty of twists” (The New York Times Book Review) featuring forensic anthropologist Temperance Brennan, who must use her skills to discover the identity of a faceless corpse, its connection to a decade-old missing child case, and why the dead man had her cell phone number. It’s sweltering in Charlotte, North Carolina, and Temperance Brennan, still recovering from neurosurgery following an aneurysm, is battling nightmares, migraines, and what she thinks might be hallucinations when she receives a series of mysterious text messages, each containing a new picture of a corpse that is missing its face and hands. Immediately, she’s anxious to know who the dead man is, and why the images were sent to her. An identified corpse soon turns up, only partly

answering her questions. To win answers to the others, including the man's identity, she must go rogue, working mostly outside the system. That's because Tempe's new boss holds a fierce grudge against her and is determined to keep her out of the case. Tempe bulls forward anyway, even as she begins questioning her instincts. But the clues she discovers are disturbing and confusing. Was the faceless man a spy? A trafficker? A target for assassination by the government? And why was he carrying the name of a child missing for almost a decade? With help from law enforcement associates including her Montreal beau Andrew Ryan and the quick-witted, ex-homicide investigator Skinny Slidell, and utilizing new cutting-edge forensic methods, Tempe draws closer to the astonishing truth. "A complete success" (Booklist, starred review), "this is Kathy Reichs as you've never read her before" (David Baldacci).

In this updated and repackaged eighth book in Kathy Reichs's internationally bestselling Bones series, Temperance Brennan's investigation of a Native American burial ground on an island near Charleston leads to a fresh trail of bodies. Among the ancient remains in a Native American burial ground, Tempe discovers a fresh skeleton—and what began as an ordinary teaching stint at an archeology field school in Charleston, South Carolina, fast becomes a heated investigation into an alarming pattern of homicides. The clues hidden in the bones lead to a street clinic where a monstrous discovery awaits, and Tempe—whose personal life is in upheaval, with two men competing for her—can't afford any distractions as she pieces together a shattering and terrifying puzzle.

Tory and the rest of the Virals are put to the ultimate test when they find a geocache containing an ornate puzzle box. Shelton decodes the cipher inside, only to find more tantalizing clues left by "The Gamemaster." A second, greater geocache is within reach—if the Virals are up to the challenge. But the hunt takes a dark turn when Tory locates the other box—it contains a fake bomb, along with a sinister proposal from The Gamemaster. Now, the real game has begun: another bomb is out there—a real one—and the clock is ticking.

The first Temperance Brennan novel in the "cleverly plotted and expertly maintained series" (The New York Times Book Review) from the #1 internationally bestselling thriller writer Kathy Reichs. Her life is devoted to justice—even for those she never knew. In the year since Temperance Brennan left behind a shaky marriage in North Carolina, work has often preempted her weekend plans to explore Québec. When a female corpse is discovered meticulously dismembered and stashed in trash bags, Temperance detects an alarming pattern—and she plunges into a harrowing search for a killer. But her investigation is about to place those closest to her—her best friend and her own daughter—in mortal danger... "A genius at building suspense" (Daily News, New York), Kathy Reichs's Temperance Brennan books are both "accomplished and chilling" (People) and "ripe with intricate settings and memorable characters" (Milwaukee Journal Sentinel).

#1 New York Times bestseller! From extremist groups to NASCAR to forensic twists, Temperance Brennan is back in a turbo-charged story of secrets and murder. A body is found in a barrel of asphalt in a landfill just before Raceweek when 200,000 fans are pouring into town. The next day a NASCAR crewmember visits Temperance Brennan at the MCME and tells his story. His sister, Cyndi Gamble, then a high school senior who wanted to be a NASCAR driver, disappeared twelve years before along with her boyfriend, Cale Lovette. Lovette used to hang out with a group of right-wing extremists known as the Patriot Posse. Is the body Cyndi ' s? Or Cale ' s? At the time of their disappearance, the FBI joined the investigation because of Cale ' s association with extremists. But the search was quickly terminated. Was there a cover-up? Tempe considers the multiple theories: did the pair take off together to join the underground militia and then get killed by militia types? Did Cale kill Cyndi and disappear into the militia underground? The case gets more complex when another man, Ted Raines, is identified as missing in Charlotte, where he had gone for the big race. Ted was an employee of the CDC in Atlantic. Could the body be his? What could Raines—if it is Raines—have been up to?

In this blockbuster novel from bestselling author Kathy Reichs, forensic anthropologist Temperance Brennan investigates what looks to be a typical missing person case, only to find herself digging up bones possibly left by a serial killer, a cult, or perhaps something not entirely of this world. For every case that Temperance Brennan has solved, there remain numerous bodies that remain unidentified in her lab. Information on some of these cold cases is available online, where amateur detectives sometimes take a stab at solving cases. When Tempe gets a call from Hazel "Lucky" Strike, a web sleuth who believes she's successfully connected a body in Tempe's lab to a missing eighteen-year-old girl, Tempe writes it off as another false alarm. Still reeling from her mother's diagnosis and the shock of Andrew Ryan's potentially life-change proposal, Tempe has little patience for chasing false leads. But when the bones in the lab match the missing girl's medical records, Tempe re-opens the case, returning to the spot where her remains were originally found. What seems at first to be an isolated tragedy takes on a more sinister cast as Tempe uncovers two more sets of bones nearby. Even more troubling is that the area is known as a viewing point for a famous unexplained light phenomenon, and that a local cult nearby has significant interest in the site. Tempe's suspicions turn to murder by ritual sacrifice—a theory that gains even more urgency when Hazel herself turns up dead. Struggling to follow the tracks of a killer who will do anything not to be discovered, Tempe races to solve the murders and unravel the mysteries surrounding the site before the body count climbs higher. A suspenseful addition to Temperance Brennan's story, Speaking in Bones proves that Kathy's pulse-pounding Bones series never slows down.

The first gripping Temperance Brennan novel from world-class forensic anthropologist Kathy Reichs, the international no. 1 bestselling crime thriller writer and the inspiration behind the hit TV series Bones. Bagged and discarded, the dismembered body of a woman is discovered in the grounds of an abandoned monastery. Dr Temperance Brennan, Director of Forensic Anthropology for the province of Quebec, has been researching recent disappearances in the city. Soon she is convinced that a serial killer is at work. But when no one else seems to care, her anger forces her to take matters into her own hands. Her determined probing has placed those closest to her in mortal danger, however. Can Tempe make her crucial breakthrough before the killer strikes again?

Dr Kathy Reichs is a professional forensic anthropologist. She has worked for decades with chief medical examiners, the FBI, and even a United Nations Tribunal on Genocide. However, she is best known for her internationally bestselling Temperance Brennan novels, which draw on her remarkable experience to create the most vividly authentic, true-to-life crime thrillers on the market and which are the inspiration for the hit TV series Bones.

Many of the world's greatest thriller writers are huge fans of her work: 'Kathy Reichs writes smart - no, make that brilliant - mysteries that are as realistic as nonfiction and as fast-paced as the best thrillers about Jack Reacher, or Alex Cross.' JAMES PATTERSON 'One of my favourite writers.' KARIN SLAUGHTER 'I love Kathy Reichs? - always scary, always suspenseful, and I always learn something.' LEE CHILD 'Nobody does forensics thrillers like Kathy Reichs. She's the real deal.' DAVID BALDACCI 'Each book in Kathy Reichs's fantastic Temperance Brennan series is better than the last. They're filled with riveting twists and turns - and no matter how many books she writes, I just can't get enough!' LISA SCOTTOLINE 'Nobody writes a more imaginative thriller than Kathy Reichs.' Deadly Decisions

Seizure

'Death by self-inflicted gunshot wound to the head' is the on-scene assessment, but the victim's relatives are adamant in their rejection of suicide as an explanation. Discovered in a closet, a week after death, the body is barely recognisable.

Extreme heat has accelerated decomposition, and Dr Temperance Brennan's forensic expertise is required. |PB

******* SOME CRIMES CAN TAKE A LIFETIME TO AVENGE...**

1990 A young woman goes missing while backpacking in Thailand. She is never seen again. 2016 Her bones are discovered 6000 miles away in an English field and, within hours, the boyfriend who reported her disappearance all those years ago is dead. So begins a hunt to solve her murder that will take DI Ray Mason and PI Tina Boyd into a dark and terrifying world of corruption and deadly secrets, where murder is commonplace, and nothing and nobody is safe...

#1 New York Times bestselling thriller writer Kathy Reichs returns with her twenty-first novel of suspense featuring forensic anthropologist Temperance Brennan who, after receiving a box containing a human eyeball, uncovers a series of gruesome killings eerily reenacting the most shocking of her prior cases. Winter has come to North Carolina and, with it, a drop in crime. Freed from a heavy work schedule, Tempe Brennan is content to dote on her daughter Katy, finally returned to civilian life from the army. But when mother and daughter meet at Tempe's place one night, they find a box

on the back porch. Inside: a very fresh human eyeball. GPS coordinates etched into the eyeball lead to a Benedictine monastery where an equally macabre discovery awaits. Soon after, Tempe examines a mummified corpse in a state park, and her anxiety deepens. There seems to be no pattern to the subsequent killings uncovered, except that each mimics in some way a homicide that a younger Tempe had been called in to analyze. Who or what is targeting her, and why? Helping Tempe search for answers is detective Erskine "Skinny" Slidell, retired but still volunteering with the CMPD cold case unit—and still displaying his gallows humor. Also pulled into the mystery: Andrew Ryan, Tempe's Montreal-based beau, now working as a private detective. Could this elaborately staged skein of mayhem be the prelude to a twist that is even more shocking? Tempe is at a loss to establish the motive for what is going on...and then her daughter disappears. At its core, Cold, Cold Bones is a novel of revenge—one in which revisiting the past may prove the only way to unravel the present.

Forensic anthropologist Tempe Brennan investigates the death of a man who appears to have died while engaged in a bizarre sexual act and who was originally declared dead four decades earlier.
