

Fault In Our Stars Study Guide

ⓘ[A] winningly obsessive history of our relationship with underground placesⓘ (The Guardian), from sacred caves and derelict subway stations to nuclear bunkers and ancient underground citiesⓘan exploration of the history, science, architecture, and mythology of the worlds beneath our feet NAMED ONE OF THE BEST BOOKS OF THE YEAR BY NPR When Will Hunt was sixteen years old, he discovered an abandoned tunnel that ran beneath his house in Providence, Rhode Island. His first tunnel trips inspired a lifelong fascination with exploring underground worlds, from the derelict subway stations and sewers of New York City to sacred caves, catacombs, tombs, bunkers, and ancient underground cities in more than twenty countries around the world. Underground is both a personal exploration of Hunt’s obsession and a panoramic study of how we are all connected to the underground, how caves and other dark hollows have frightened and enchanted us through the ages. In a narrative spanning continents and epochs, Hunt follows a cast of subterraneaphiles who have dedicated themselves to investigating underground worlds. He tracks the origins of life with a team of NASA microbiologists a mile beneath the Black Hills, camps out for three days with urban explorers in the catacombs and sewers of Paris, descends with an Aboriginal family into a 35,000-year-old mine in the Australian outback, and glimpses a sacred sculpture molded by Paleolithic artists in the depths of a cave in the Pyrenees. Each adventure is woven with findings in mythology and anthropology, natural history and neuroscience, literature and philosophy. In elegant and graceful prose, Hunt cures us of our ⓘsurface chauvinism,ⓘ opening our eyes to the planet’s hidden dimension. He reveals how the subterranean landscape gave shape to our most basic beliefs and guided how we think about ourselves as humans. At bottom, Underground is a meditation on the allure of darkness, the power of mystery, and our eternal desire to connect with what we cannot see. Praise for Underground ⓘA mesmerizingly fascinating tale . . . I could not stop reading this beautifully written book.ⓘⓘMichael Finkel, author of The Stranger in the Woods ⓘFew books have blown my mind so totally, and so often. In Will Hunt’s nimble hands, excursion becomes inversion, and the darkness turns luminous. There are echoes of Sebald, Calvino, and Herzog in his elegant and enigmatic voice, but also real warmth and humor. . . . An intrepid ⓘbut far from fearless ⓘjourney, both theoretically and terrestrially.ⓘⓘRobert Moor, New York Times bestselling author of On Trails

"We cannot change the cards we are dealt, just how we play the hand."---Randy Pausch A lot of professors give talks titled "The Last Lecture." Professors are asked to consider their demise and to ruminate on what matters most to them. And while they speak, audiences can't help but mull the same question: What wisdom would we impart to the world if we knew it was our last chance? If we had to vanish tomorrow, what would we want as our legacy? When Randy Pausch, a computer science professor at Carnegie Mellon, was asked to give such a lecture, he didn't have to imagine it as his last, since he had recently been diagnosed with terminal cancer. But the lecture he gave--"Really Achieving Your Childhood Dreams"--wasn't about dying. It was about the importance of overcoming obstacles, of enabling the dreams of others, of seizing every moment (because "time is all you have...and you may find one day that you have less than you think"). It was a summation of everything Randy had come to believe. It was about living. In this book, Randy Pausch has combined the humor, inspiration and intelligence that made his lecture such a phenomenon and given it an indelible form. It is a book that will be shared for generations to come.

The Book of Revelation contains passages of great beauty and comfort, as well as passages that strike the casual reader as bizarre, bewildering, and sometimes frightening. How are readers today to discern God’s message in this peculiar part of the Bible? Breaking the Code provides a trustworthy guide to the rich symbolism of this important biblical book. Noted biblical scholar Bruce M. Metzger presents the fruits of solid scholarship in a non-academic style. Breaking the Code serves as a key for understanding this powerful and puzzling book from the first century of the Christian Era. Topics include: Introducing the Book of Revelation/John’s Vision of the Heavenly Christ (Revelation 1:1-20) Letters to Churches/More Letters to Churches (Revelation 2:1- 3:22) John’s Vision of God and the Lamb (Revelation 4:1-5:14) Opening the Seven Seals of God’s Scroll (Revelation 6:1-8:2) Sounding the Seven Trumpets (Revelation 8:3-11:19) The Satanic Trinity: The Dragon and the Two Beasts (Revelation 12:1-14:20) The Seven Bowls of God’s Wrath (Revelation 15:1-18:24) The Final Victory and the Last Judgment/John’s Vision of the Heavenly Jerusalem (Revelation 19:1-22:21)

For many, Proust is the supreme European writer of the twentieth century. This book tackles his achievement head-on. Art, death, sex, politics, loss, guilt, morality -- Proust's major themes are revealed and explained here. Proust Among the Stars is a matchless close reading of Remembrance of Things Past and a lesson in how to read the great books profitably and pleasurably. Malcolm Bowie asserts that Proust's novel is one of the great exercises in speculative imagining in the world's literature; and that its originality lies first in the quality of Proust's textual invention, page after page, line after line. Proust's world constantly shimmers with a sense of multiple possibilities and is at the same time infused with the urge to order, obsessively to organize. Bowie examines how Proust achieves this in his writing, as opposed to his themes, plots, or theories. An original, beautiful, and deeply moving book, Proust Among the Stars shows how Proust's work deepens our understanding of our lives and ourselves.

#1 NATIONAL BESTSELLER • Two starcrossed magicians engage in a deadly game of cunning in the spellbinding novel that captured the world’s imagination. • “Part love story, part fable ... defies both genres and expectations.” —The Boston Globe The circus arrives without warning. No announcements precede it. It is simply there, when yesterday it was not. Within the black-and-white striped canvas tents is an utterly unique experience full of breathtaking amazements. It is called Le Cirque des Rêves, and it is only open at night. But behind the scenes, a fierce competition is underway: a duel between two young magicians, Celia and Marco, who have been trained since childhood expressly for this purpose by their mercurial instructors. Unbeknownst to them both, this is a game in which only one can be left standing. Despite the high stakes, Celia and Marco soon tumble headfirst into love, setting off a domino effect of dangerous consequences, and leaving the lives of everyone, from the performers to the patrons, hanging in the balance.

The Fault in Our Stars: by John Green Conversation StartersLimited Time Offer: \$3.99 (\$4.99) The Fault in Our Stars, written by John Green, is the story of love, heartbreak, illness, loss, and death. It tells the tale of two teenagers, Hazel Grace Lancaster and Augustus Waters, who have both been diagnosed with cancer. The two bond over a book called An Imperial Affliction and its open ending. Shortly thereafter, Hazel and Augustus are boarding a plane to visit the book’s author in hopes to get an answer to the question, "What happens after the story ends?" - a question that shows up often throughout the plot in their personal lives as well. The Fault in Our Stars was listed as Amazon.com's Best Books of the Month in January 2012. It was also a bestseller for The New York Times, Wall Street Journal, USA Today, and TIME Magazine. The novel was adapted to film, which premiered in the United States on June 6, 2014. A Brief Look Inside:EVERY GOOD BOOK CONTAINS A WORLD FAR DEEPER than the surface of its pages. Set long ago in the heart of the African savanna, Dream Big—a mythological fable—follows moody Baboon as he discovers a powerful secret. One by one, Caterpillar, Tadpole, and Flamingo gaze up at the night sky and wish upon a star for their wildest dreams. Baboon insists these dreams could never come true. But when he sees Caterpillar turn into a winged butterfly, Tadpole into a dancing frog, and Flamingo into a beautiful pink bird, Baboon realizes that a transformative power exists between the stars and the animals once they truly believe in themselves and their dreams. When Baboon tries out this secret, CATCH-M, his marvelous, miraculous, wished-upon Star, whooshes down from the heavens to wham! ignite the courage in his chest. Read on to see if his dream comes true too . . . Dream Big's inspirational message makes it a perfect gift for dreamers of all ages, from children to young adults about to enter a new chapter in their lives. Together we can all be inspired to identify and pursue our dreams, no matter how big or impossible they may seem.

Thoroughly updated to include the latest research available, THEORIES OF PERSONALITY, 10E takes a unique theory by theory approach that carefully guides students through major theories on their way to a comprehensive understanding of personality. Richard Ryckman's student-friendly writing style offers a straightforward presentation of major theories, helping readers more easily distinguish between them. The text begins by providing a framework that defines personality and emphasizes the science of personality--including the interrelation between research and theory. Next it introduces each major theoretical position with an objective overview of the theorist's basic concepts and principles. It concludes by noting the ways in which the different theories stimulate additional research efforts and by presenting five current research trends resulting from the work of these earlier theorists. The result is a text that merges the best of classic and contemporary research to equip students with a solid working knowledge of personality. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

The beloved, #1 global bestseller by John Green, author of The Anthropocene Reviewed and Turtles All the Way Down “ John Green is one of the best writers alive. ” –E. Lockhart, #1 bestselling author of We Were Liars “ The greatest romance story of this decade. –Entertainment Weekly #1 New York Times Bestseller • #1 Wall Street Journal Bestseller • #1 USA Today Bestseller • #1 International Bestseller Despite the tumor-shrinking medical miracle that has bought her a few years, Hazel has never been anything but terminal, her final chapter inscribed upon diagnosis. But when a gorgeous plot twist named Augustus Waters suddenly appears at Cancer Kid Support Group, Hazel ’ s story is about to be completely rewritten. From John Green, #1 bestselling author of The Anthropocene Reviewed and Turtles All the Way Down, The Fault in Our Stars is insightful, bold, irreverent, and raw. It brilliantly explores the funny, thrilling, and tragic business of being alive and in love.

Do you ever feel like you don ’ t have what it takes? Like you can ’ t be as good as those around you? Well, after waiting decades for his time to lead, Joshua had some big shoes to fill. He may have felt slightly intimidated by the task at hand. Joshua ’ s predecessor, Moses, had a near spotless résumé: he led the Jews out of Egypt, parted the Red Sea, and even conversed directly with God. Not exactly an easy act to follow. Yet Joshua ’ s fearless confidence in God proved to be more than enough. God used Joshua in miraculous ways. All his life, the people of Israel followed and trusted Joshua ’ s lead. The Fresh Life series was created by women for women, who crave a profound experience of God ’ s Word without an overwhelming time commitment. In just 20 minutes a day, you will come to a deeper understanding of the truths of the Bible. With a group or by yourself, use this easy-to-use study to develop a fearless, Joshua-like confidence in God so you can accomplish everything He asks you to do.

Now a major motion picture starring Cole Sprouse and Haley Lu Richardson! Goodreads Choice Winner, Best Young Adult Fiction of 2019 In this #1 New York Times bestselling novel that ’ s perfect for fans of John Green ’ s The Fault in Our Stars, two teens fall in love with just one minor complication—they can ’ t get within a few feet of each other without risking their lives. Can you love someone you can never touch? Stella Grant likes to be in control—even though her totally out of control lungs have sent her in and out of the hospital most of her life. At this point, what Stella needs to control most is keeping herself away from anyone or anything that might pass along an infection and jeopardize the possibility of a lung transplant. Six feet apart. No exceptions. The only thing Will Newman wants to be in control of is getting out of this hospital. He couldn ’ t care less about his treatments, or a fancy new clinical drug trial. Soon, he ’ ll turn eighteen and then he ’ ll be able to unplug all these machines and actually go see the world, not just its hospitals. Will ’ s exactly what Stella needs to stay away from. If he so much as breathes on Stella she could lose her spot on the transplant list. Either one of them could die. The only way to stay alive is to stay apart. But suddenly six feet doesn ’ t feel like safety. It feels like punishment. What if they could steal back just a little bit of the space their broken lungs have stolen from them? Would five feet apart really be so dangerous if it stops their hearts from breaking too?

"Studies in Words" by C. S. Lewis. Published by Good Press. Good Press publishes a wide range of titles that encompasses every genre. From well-known classics & literary fiction and non-fiction to forgotten - or yet undiscovered gems - of world literature, we issue the books that need to be read. Our goal is to produce eBooks that are user-friendly and accessible to everyone in a high-quality digital format.

Special edition slipcase edition of John Green's Paper Towns, with pop-up paper town. From the bestselling author of The Fault in our Stars. Quentin Jacobsen has always loved Margo Roth Spiegelman, for Margo (and her adventures) are the stuff of legend at their high school. So when she one day climbs through his window and summons him on an all-night road trip of revenge he cannot help but follow. But the next day Margo doesn't come to school and a week later she is still missing. Q soon learns that there are clues in her disappearance . . . and they are for him. But as he gets deeper into the mystery - culminating in another awesome road trip across America - he becomes less sure of who and what he is looking for. Masterfully written by John Green, this is a thoughtful, insightful and hilarious coming-of-age story.

A Wrinkle in Time is the winner of the 1963 Newbery Medal. It was a dark and stormy night—Meg Murry, her small brother Charles Wallace, and her mother had come down to the kitchen for a midnight snack when they were upset by the arrival of a most disturbing stranger. "Wild nights are my glory," the unearthly stranger told them. "I just got caught in a downdraft and blown off course. Let me sit down for a moment, and then I'll be on my way. Speaking of ways, by the way, there is such a thing as a tesseract." A tesseract (in case the reader doesn't know) is a wrinkle in time. To tell more would rob the reader of the enjoyment of Miss L'Engle's unusual book. A Wrinkle in Time, winner of the Newbery Medal in 1963, is the story of the adventures in space and time of Meg, Charles Wallace, and Calvin O'Keefe (athlete, student, and one of the most popular boys in high school). They are in search of Meg's father, a scientist who disappeared while engaged in secret work for the government on the tesseract problem.

Goodreads Choice winner for Nonfiction 2021 and instant #1 bestseller! A deeply moving collection of personal essays from John Green, the author of The Fault in Our Stars and Turtles All the Way Down. “The perfect book for right now.” –People “The Anthropocene Reviewed is essential to the human conversation.” –Library Journal, starred review The Anthropocene is the current geologic age, in which humans have profoundly reshaped the planet and its biodiversity. In this remarkable symphony of essays adapted and expanded from his groundbreaking podcast, bestselling author John Green reviews different facets of the human-centered planet on a five-star scale—from the QWERTY keyboard and sunsets to Canada geese and Penguins of Madagascar. Funny, complex, and rich with detail, the reviews chart the contradictions of contemporary humanity. As a species, we are both far too powerful and not nearly powerful enough, a paradox that came into sharp focus as we faced a global pandemic that both separated us and bound us together. John Green’s gift for storytelling shines throughout this masterful collection. The Anthropocene Reviewed is a open-hearted exploration of the paths we forge and an unironic celebration of falling in love with the world.

#1 NEW YORK TIMES BESTSELLER | A REESE WITHERSPOON X HELLO SUNSHINE BOOK CLUB PICK "A great narrative about personal strength and really captures how books bring communities together." —Reese Witherspoon From the author of The Last Letter from Your Lover, now a major motion picture on Netflix, a breathtaking story of five extraordinary women and their remarkable journey through the mountains of Kentucky and beyond in Depression-era America Alice Wright marries handsome American Bennett Van Cleve, hoping to escape her stifling life in England. But small-town Kentucky quickly proves equally claustrophobic, especially living alongside her overbearing father-in-law. So when a call goes out for a team of women to deliver books as part of Eleanor Roosevelt's new traveling library, Alice signs on enthusiastically. The leader, and soon Alice's greatest ally, is Margery, a smart-talking, self-sufficient woman who's never asked a man's permission for anything. They will be joined by three other singular women who become known as the Packhorse Librarians of Kentucky. What happens to them—and to the men they love—becomes an unforgettable drama of loyalty, justice, humanity, and passion. These heroic women refuse to be cowed by men or by convention. And though they face all kinds of dangers in a landscape that is at times breathtakingly beautiful, at others brutal, they're committed to their job: bringing books to people who have never had any, arming them with facts that will change their lives. Based on a true story rooted in America's past, The Giver of Stars is unparalleled in its scope and epic in its storytelling. Funny, heartbreaking, enthralling, it is destined to become a modern classic--a richly rewarding novel of women's friendship, of true love, and of what happens when we reach beyond our grasp for the great beyond.

When death is that close, will your heart skip a beat? Two patients are admitted to room no. 509. One is a brilliant nineteen-year-old medical student, suffering from an incurable, fatal disease. She counts every extra breath as a blessing. The other is a twenty-five-year-old drug addict whose organs are slowly giving up. He can't wait to get rid of his body. To him, the sooner the better. Two reputed doctors, fighting their own demons from the past, are trying everything to keep these two patients alive, even putting their medical licences at risk. These last days in the hospital change the two patients, their doctors and all the other people around them in ways they had never imagined. Till the Last Breath is a deeply sensitive story that reminds us what it means to be alive.

In this groundbreaking work, Robert Sternberg opens the book of love and shows you how to discover your own story--and how to read your relationships in a whole new light. What draws us so strongly to some people and repels us from others? What makes some relationships work so smoothly and others burst into flames? Sternberg gives us new answers to these questions by showing that the kind of relationship we create depends on the kind of love stories we carry inside us. Drawing on extensive research and fascinating examples of real couples, Sternberg identifies 26 types of love story--including the fantasy story, the business story, the collector story, the horror story, and many others--each with its distinctive advantages and pitfalls, and many of which are clashingly incompatible. These are the largely unconscious preconceptions that guide our romantic choices, and it is only by becoming aware of the kind of story we have about love that we gain the freedom to create more fulfilling and lasting relationships. As long as we remain oblivious to the role our stories play, we are likely to repeat the same mistakes again and again. But the enlivening good news this book brings us is that though our stories drive us, we can revise them and learn to choose partners whose stories are more compatible with our own. Quizzes in each chapter help you to see which stories you identify with most strongly and which apply to your partner. Are you a traveler, a gardener, a teacher, or something else entirely? Love is a Story shows you how to find out.

Underground

A Guide to Studying the Psalter

The Cambridge Companion to Science Fiction

Till the Last Breath . . .

A Wrinkle in Time

The Strange Case of Dr. Jekyll and Mr. Hyde is about a London lawyer named Gabriel John Utterson who investigates strange occurrences between his old friend, Dr. Henry Jekyll, and the evil Edward Hyde. There are two personalities within Dr. Jekyll, one apparently good and the other evil; completely opposite levels of morality. The novel's impact is such that it has become a part of the language, with the very phrase "Jekyll and Hyde" coming to mean a person who is vastly different in moral character from one situation to the next. 'The Strange Case of Dr. Jekyll and Mr. Hyde' is a thrilling Gothic horror novel. John Utterson, a prosecutor, is on his weekly walk with his relative, who proceeds to tell him of an encounter with a man he had seen some months ago while coming home late at night from Cavendish Place. The tale describes a sinister figure named Edward Hyde who tramples a young girl, disappears into a door on the street, and re-emerges to pay off her relatives with 10 pounds in gold and a cheque signed by respectable gentleman Dr. Henry Jekyll (a client and friend of Utterson's) for 90 pounds. Jekyll had recently and suddenly changed his will to make Hyde the sole beneficiary. This development concerns and disturbs Utterson, who makes an effort to seek out Hyde. Utterson fears that Hyde is blackmailing Jekyll for his money. Upon finally managing to encounter Hyde, Hyde's ugliness, as if deformed, amazes Utterson. Although Utterson cannot say exactly how or why, Hyde provokes an instinctive feeling of revulsion in him. Much to Utterson's surprise, Hyde willingly offers Utterson his address. After one of Jekyll's dinner parties, Utterson stays behind to discuss the matter of Hyde with Jekyll. Utterson notices Jekyll turning pale, yet he assures Utterson that everything involving Hyde is in order and that he is to be left alone.

From E. Lockhart, author of the highly acclaimed, New York Times bestseller We Were Liars, which John Green called "utterly unforgettable," comes The Boy Book, the second book in the uproarious and heartwarming Ruby Oliver novels. Here is how things stand at the beginning of newly-licensed driver Ruby Oliver's junior year at Tate Prep: • Kim: Not speaking. But far away in Tokyo. • Cricket: Not speaking. • Nora: Speaking--sort of. Chatted a couple times this summer when they bumped into each other outside of school--once shopping in the U District, and once in the Elliot Bay Bookstore. But she hadn't called Ruby, or anything. • Noel: Didn't care what anyone thinks. • Meghan: Didn't have any other friends. • Dr. Z: Speaking. • And Jackson. The big one. Not speaking. But, by Winter Break, a new job, an unlikely but satisfying friend combo, additional entries to The Boy Book and many difficult decisions help Ruby to see that there is, indeed, life outside the Tate Universe.

Risk everything . . . for love with this #1 New York Times bestseller. What if you couldn't touch anything in the outside world? Never breathe in the fresh air, feel the sun warm your face . . . or kiss the boy next door? In Everything, Everything, Maddy is a girl who's literally allergic to the outside world, and Olly is the boy who moves in next door . . . and becomes the greatest risk she's ever taken. My disease is as rare as it is famous.

Basically, I'm allergic to the world. I don't leave my house, have not left my house in seventeen years. The only people I ever see are my mom and my nurse, Carla. But then one day, a moving truck arrives next door. I look out my window, and I see him. He's tall, lean and wearing all black—black T-shirt, black jeans, black sneakers, and a black knit cap that covers his hair completely. He catches me looking and stares at me. I stare right back. His name is Olly. Maybe we can't predict the future, but we can predict some things. For example, I am certainly going to fall in love with Olly. It's almost certainly going to be a disaster. Everything, Everything will make you laugh, cry, and feel everything in between. It's an innovative, inspiring, and heartbreakingly romantic debut novel that unfolds via vignettes, diary entries, illustrations, and more. And don't miss Nicola Yoon's The Sun Is Also A Star, the #1 New York Times bestseller in which two teens are brought together just when it seems like the universe is sending them in opposite directions.

This is how a family keeps a secret...and how that secret ends up keeping them. This is how a family lives happily ever after...until happily ever after becomes complicated. This is how children change...and then change the world. When Rosie and Penn and their four boys welcome the newest member of their family, no one is surprised it's another baby boy. At least their large, loving, chaotic family knows what to expect. But Claude is not like his brothers. One day he puts on a dress and refuses to take it off. He wants to bring a purse to kindergarten. He wants hair long enough to sit on. When he grows up, Claude says, he wants to be a girl. Rosie and Penn aren't panicked at first. Kids go through phases, after all, and make-believe is fun. But soon the entire family is keeping Claude's secret. Until one day it explodes. Laurie Frankel's This Is How It Always Is is a novel about revelations, transformations, fairy tales, and family. And it's about the ways this is how it always is: Change is always hard and miraculous and hard again; parenting is always a leap into the unknown with crossed fingers and full hearts; children grow but not always according to plan. And families with secrets don't get to keep them forever.

Essay from the year 2015 in the subject English Language and Literature Studies - Literature, course: IB English, language: English, abstract: "The Fault In Our Stars" is a tragic love story that deals with the sufferings and deaths of cancer patients. John Green borrows the title of the story from Shakespeare's "Julius Caesar," wherein Cassius says, "The fault dear Brutus is not in our stars but in ourselves that we are underlings." But contrary to what Cassius says, this story establishes the conundrum that we are helpless before our destiny. In Green's novel, Hazel and Augustus are lovers, not unlike "Antony and Cleopatra," and "Romeo and Juliet." But what separates them from the legendary lovers is the fact that they are born with cancer in their cells. Their story, although of great love and compassion, will not be written in the pages of history.

Ideology has become increasingly central to work in translation studies. To date, however, most studies have focused on literary and religious texts, thus limiting wider understanding of how ideological clashes and encounters pervade any context where power inequalities are present. This special edition of The Translator deliberately focuses on ideology in the translation of a rich variety of lesser-studied genres, namely academic writing, cultural journals, legal and scientific texts, political interviews, advertisements, language policy and European Parliament discourse, in all of which translation as a social practice can be seen to shape, maintain and at times also resist and challenge the asymmetrical nature of exchanges between parties engaged in or subjected to hegemonic practices. The volume opens with two ground-breaking papers that investigate the nature and representation of truth and knowledge in the translation of the sciences, followed by two contributions which approach the issue of shifts in the translation of ideology from the standpoint of critical linguistics and critical discourse analysis, using data from political speeches and interviews and from English and Korean versions of Newsweek. Other contributions discuss the role that translation scholars can play in raising public awareness of the manipulative devices used in advertising; the way in which potentially competing institutional and individual ideologies are negotiated in the context of interpreting in the European Union; the role translation plays in shaping the politics of a multilingual nation state, with reference to Belgium; and the extent to which the concepts of norms and polysystems may be productive in investigating the link between translation and ideology, with reference to Chinese data.

Told in two voices, sixteen-year-old Audre and Mabel, both young women of color from different backgrounds, fall in love and figure out how to care for each other as one of them faces a fatal illness.

We tend to look to the New Testament to tell us about Jesus, yet it was the Old Testament about which Jesus said, "the Scriptures point to me!" In The One Year Book of Discovering Jesus in the Old Testament, Bible teacher Nancy Guthrie takes readers from Genesis through Malachi, shining the light of Christ on the promise of a descendant who will put an end to the curse of sin; the story of a father who offers up his son as a sacrifice; the symbol of a temple where people can meet with God; the prophecy of a servant who will suffer; the person of a king who will rule with righteousness—and so much more. Day by day throughout the year, readers will see the beauty of Christ in fresh new ways, creating a deeper understanding and appreciation for who Jesus is and what he accomplished through his Cross and Resurrection.

For the many readers who love The Fault in Our Stars, this is the story of a girl who is determined to live, love, and to write her own ending before her time is finally up. Tessa has just months to live. Fighting back against hospital visits, endless tests, and drugs with excruciating side effects, Tessa compiles a list. It's her To Do Before I Die list. And number one is Sex. Released from the constraints of "normal" life, Tessa tastes new experiences to make her feel alive while her failing body struggles to keep up. Tessa's feelings, her relationships with her father and brother, her estranged mother, her best friend, and her new boyfriend, are all painfully crystallized in the precious weeks before Tessa's time runs out. Translation and Ideology

From New York Times Bestselling Author Maria V. Snyder Choose: a quick death... or slow poison... Locked deep in the palace dungeon for killing her abuser, Yelena knows she'll never be free again. The laws in Ixia are strict, and murderers must be executed, no matter the reason. But just as she's resigned herself to her fate, she's offered an extraordinary reprieve. As the food taster, Yelena will eat the best meals, have rooms in the palace—and risk assassination by anyone trying to kill the Commander of Ixia. To make matters worse, the chief of security deliberately feeds her Butterfly's Dust, and only by appearing for her daily antidote will she delay an agonizing death from the poison. As Yelena tries to escape her new dilemma, disasters keep mounting. Rebels plot to seize Ixia and Yelena develops magical powers she can't control. Her life is threatened again, and in order to survive, she must unravel the secrets behind the past she's been running from.
