The alluring female psychiatrist listens with interest as Douglas Harper describes his harrowing treatment by highly skilled professionals working for an unknown government. Suspected of being a terrorist sympathizer, Douglas was drugged and taken from his home in the middle of the night, then forced to endure brutal interrogations. His teeth were filed, his hair removed and he was left psychologically vulnerable when he was finally let go. Charged with the task of rehabilitating this unfortunate young man, the psychiatrist finds her 'non vanilla side' is not only intrigued but primed as she listens to Douglas's halting "toothless" account. Rather

Douglas performs his domestic chores on her command, and while she's at work, he lies in her spare room, blindfolded, diapered and bound inside the nylon straps of the elaborate Segufix restraint system. Among the many disgusting things he'll be forced to suffer, he'll be fed a foul concoction of food deliberately made to resemble excrement. rescue Amy and Michael from Sophie's clutches, setting the stage for an epic battle of wits and strategy between the two ultra-powerful women and their sexy allies. Strap in and get ready for an unpredictable and incredibly erotic Femdom journey all across Europe, in which old friends and new join together to advance their cause in the secret, kinky world of Female Domination and male submission. This 86,000 word erotic novel contains explicit adult content including; femdom, forced chastity, crossdressing, coerced feminisation, masturbation, oral sex, anal play, male slave training etc. and is strictly suitable for adults only.

Here are thirty-five brief, short-story fantasies that treat femdom castration as a highly-erotic, seductive and

fetishistic activity. Emphasis is on the female-dominant/male-submissive relationship and not on the gory details of the climactic act itself. The mode of the domination is purely assertive, as if it were a woman's simple, basic prerogative. No violence, gore or harsh verbal abuse is used. These little vignettes take place in a contemporary world where this kind of radical emasculation is deliciously rare and exotic but at the same time perfectly acceptable. The general settings are: suburbia, a clinic or a farm. I know how disappointing it is when you get false hopes up that a work of erotic fiction will be featuring one's favorite fetishistic details. So, in particular, the reader should be warned that no penectomy or full-blown feminization takes place. The
