

## Feminist Theory From Margin To Center By Hooks 2nd Edition

What does it mean to call a place home? Who is allowed to become a member of a community? When can we say that we truly belong? These are some of the questions of place and belonging that renowned cultural critic bell hooks examines in her new book, Belonging: A Culture of Place. Traversing past and present, Belonging charts a cyclical journey in which hooks moves from place to place, from country to city and back again, only to end where she began--her old Kentucky home. hooks has written provocatively about race, gender, and class; and in this book she turns her attention to focus on issues of land and land ownership. Reflecting on the fact that 90% of all black people lived in the agrarian South before mass migration to northern cities in the early 1900s, she writes about black farmers, about black folks who have been committed both in the past and in the present to local food production, to being organic, and to finding solace in nature. Naturally, it would be impossible to contemplate these issues without thinking about the politics of race and class. Reflecting on the racism that continues to find expression in the world of real estate, she writes about segregation in housing and economic racialized zoning. In these critical essays, hooks finds surprising connections that link of the environment and sustainability to the politics of race and class that reach far beyond Kentucky. With characteristic insight and honesty, Belonging offers a remarkable vision of a world where all people--wherever they may call home--can live fully and well, where everyone can belong.

Feminist Theory and Pop Culture synthesizes feminist theory with modern portrayals of gender in media culture. This comprehensive and interdisciplinary text includes an introductory chapter written by the editor as well as nine contributor chapters of original content. Included in the text:
• Historical illustration of feminist theory
• Application of feminist research methods for the study of gender
• Feminist theoretical perspectives such as the male gaze, feminist standpoint theory, Black feminist thought, queer theory, masculinity theory, theories of feminist activism and postfeminism
• Contributor chapters cover a range of topics from Western perspectives on Belly Dance classes to television shows such as GIRLS, Scandal and Orange Is the New Black, as well as chapters which discuss gendered media forms like “chick lit”, comic books and Western perspectives of non-Western culture in film
• Feminist theory as represented in the different waves of feminism, including a discussion of a fourth wave
• Pedagogical features
• Suggestions for further reading on topics covered
• Discussion questions for classroom use
Feminist Theory and Pop Culture was designed for classroom use and has been written with an eye toward engaging students in discussion. The book’s polished perspective on feminist theory juxtaposes popular culture with theoretical perspectives which have served as a foundation for the study of gender. This interdisciplinary text can serve as a primary or supplemental reading in undergraduate or graduate courses which focus on gender, pop culture, feminist theory or media studies. “This excellent anthology discusses feminism as articulated through four waves and features feminists responding to pop culture, while recognizing that popular culture has responded in complicated ways to feminisms. Contributors proffer lucid and engaging critiques of topics ranging from belly dancing through Fifty Shades of Grey, Scandal and Orange is the New Black. This book is a good read as well as an excellent text to enliven and inform in the classroom.” Dr. Jane Caputi Professor of Women, Gender and Sexuality Studies and Communication & Multimedia at Florida Atlantic University
“Feminist Theory and Pop Culture is destined to be as popular as the culture it critiques. The text plays up the paradoxes of contemporary feminism and requires its readers to ask difficult questions about how and why the popular bring us pleasure. It is a contemporary collection that captures this moment in feminist time with diverse analyses of women’s representations across an impressive swath of popular culture. Feminist Theory and Pop Culture is the kind of text that makes me want to redesign my pop culture course. Again.” Dr. Ebony A. Utley, Assistant Professor of Communication at California State University-Long Beach, author of Rap and Religion
Adrienne Trier-Bieniek, Ph.D. is a professor of sociology at Valencia College in Orlando, Florida. She is the author of Sing Us a Song, Piano Woman: Female Fans and the Music of Tori Amos (Scarecrow 2013) and the co-editor of Gender & Pop Culture: A Text-Reader (Sense 2014). www.adriennetrier-bieniek.com

Wide-ranging and challenging, this book offers a host of new insights into how leisure theory has handled the question of gender difference and inequality. Providing a critical introduction to the leading positions in leisure theory, Betsy Wearing guides the reader through their strengths and weaknesses from a feminist perspective. This book draws attention to the various leisure experiences that women encounter and construct in their everyday lives and the meanings that these experiences have for them. Her perspective takes into account such poststructuralist ideas as multiple subjectivities of women and multiple femininities; the possibilities of resistance to male dominance in leisure; the potential through leisure of rewriting masculine and feminine scripts; and leisure as a site of struggle to challenge hegemonic masculinity.

Feminist therapy is more than a prescription of technique; it is a unique philosophy of psychotherapy. While much has been written on feminism and therapy, this bold book breaks new ground by making explicit and coherent the theoretical underpinnings of feminist therapy.Building on the revolutionary work of feminist scholars who have described how women employ strategies of knowing the world in a manner distinct from men, Laura S. Brown, noted for her pioneering work in the field of ethics and boundaries, shows how these insights should reshape the very nature of the therapeutic encounter. With meticulous care, the author examines key features of the therapeutic encounter with a feminist lens: the power of the therapist; assessment and diagnosis; the nature of change; the ethics of practice; and differences in race, class, and sexual identity. She constructs a vision of therapy that helps the client develop a sense of entitlement to satisfying and equal relationships outside the therapist’s office. This powerful vision of feminist therapy is grounded throughout with case examples that illustrate how a dialogue between therapist and client can be healing, subversive, and transformative all at once.

An Historical and Contemporary Anthology

Out of the Margin is the first volume to consider feminist concerns across the entire domain of economics. The book addresses the philosophical roots of 'rational economic man', power relations and conflicts of interest within the family, the limitations of relying on secondary data and the policy implications of neo-classical models. With its range and depth of coverage this is not only an excellent introduction to the field but also indispensible for those seeking more in depth knowledge of issues of gender and economics. In Remembered Rapture: The Writer at Work, award-winning author and renowned academic bell hooks reveals the heart of her writing life and the process through which she has come to be known as a 'visionary feminist' (Essence). Born and raised in the rural South, bell hooks learned early the power of the written word and the importance of speaking her mind. Her passion for words is the heartbeat of this collection of essays. Remembered Rapture celebrates literacy, the joys of reading and writing, and the lasting power of the book. With grace and insight, these essays reveal bell hooks's wide-ranging intellectual scope, untangling the complex personae of women writers, especially those whose work goes against the grain. "For anyone who writes, or seeks to understand the writing process, or wants to know more about the erudite and passionate mind of bell hooks, this is the book to read."—The Philadelphia Inquirer

Doing Feminist Theory critically examines feminist thought from the late 18th century to the present. Organized historically and by theoretical perspectives, it highlights the relationship between feminist theory and practice, as well as the diversity of feminist visions and voices by race, class, gender, sexual orientation, and global location. The history of feminist thought is interwoven with the history of the U.S. women's movement to ground theory in its socio-historical context and illuminate paradigm shifts toward an increasing focus on difference, deconstruction and decentring in postmodernity. Links between the local and global are emphasized in theory application sections devoted to global and environmental issues. Oriented toward upper-level undergraduate students and master's-level graduate students, the distinguishing features of this text include:
• a critical approach that highlights how theories can empower or silence
• a diversity approach that focuses on the multiplicity of feminist voices by race, class
• an historical approach that grounds feminist theories in the social, economic
• a dynamic approach that highlights paradigm shifts in feminist thought from "
an interdisciplinary approach that interweaves the social sciences
• a praxis-oriented approach with theory applications devoted to global

Aiming to demonstrate that feminist ethics is a rich and complex subject, rather than just a series of dogmatic positions on "women's" issues such as abortion rights and pornography, this anthology starts with the assumption that feminism demands an examination of moral issues with a commitment to ending women's subordination. It sets out to show that is is no longer sensible or viable to divide social issues into those that are feminist and those that are not. The wide-ranging contributions, by writers such as Carole Pateman, Andrea Dworkin, Janet Radcliffe Richards, Alice Walker, John Berger, Cynthia Enloe and Thomas W. Laquer, address moral issues which include militarism, environmentalism and the treatment of animals.

Ain't I a Woman
" Ain't I a Woman : Black Women and Feminism is among America's most influential works. Prolific, outspoken, and fearless."– The Village Voice
À "This book is a classic. It . . . should be read by anyone who takes feminism seriously."– Sojourner
À " [ Ain't I a Woman ] should be widely read, thoughtfully considered, discussed, and finally acclaimed for the real enlightenment it offers for social change."– Library Journal
À "One of the twenty most influential women's books of the last twenty years."– Publishers Weekly
À "I met a young sister who was a feminist, and she gave me a book called Ain't I a Woman by a talented, beautiful sister named bell hooks—and it changed my life. It changed my whole perspective of myself as a woman."–Jada Pinkett-Smith
À At nineteen, bell hooks began writing the book that forever changed the course of feminist thought. Ain't I a Woman remains a classic analysis of the impact of sexism on black women during slavery, the historic devaluation of black womanhood, black male sexism, racism within the women's movement, and black women's involvement with feminism.
À bell hooks is the author of numerous critically acclaimed and influential books on the politics of race, gender, class, and culture. The Atlantic Monthly celebrates her as one of our nation's leading public intellectuals
• First published in 1994, Routledge is an imprint of Taylor & Francis, an informa company.
• A classic work of feminist scholarship, Ain't I a Woman has become a must-read for all those interested in the nature of black womanhood. Examining the impact of sexism on black women during slavery, the devaluation of black womanhood, black male sexism, racism among feminists, and the black woman's involvement with feminism, hooks attempts to move us beyond racist and sexist assumptions. The result is nothing short of groundbreaking, giving this book a critical place on every feminist scholar's bookshelf.

**Feminist Theory Reader is an anthology of classic and contemporary works of feminist theory, organized around the goal of providing both local and global perspectives.**
**Black Feminist Thought**
**Black Women in Politics**
**Subversive Dialogues**
**Resisting Representations**
**The Black Female Body and the Body Politic**
**Breaking Bread**
**Living Theory and Practice**
What is feminism? In this short, accessible primer, bell hooks explores the nature of feminism and its positive promise to eliminate sexism, sexist exploitation, and oppression. With her characteristic clarity and directness, hooks encourages readers to see how feminism can touch and change their lives—to see that feminism is for everybody. This book helps you provide a well-rounded doctoral curriculum. The philosophy of science is essential to the core of doctoral study in nursing. This text presents historical and contemporary thinking on this significant subject. Readers will find a wealth of information from a variety of philosophers and conceptualizers of Western science. The text's approach stimulates analysis and reflection for enhanced learning. Coverage straddles the balance between nurse and non-nurse philosophers with discussion and reflective questions, and includes thoughts about nursing as a science and an art. Students will learn to recognize the connection between an understanding of philosophic inquiry and scientific investigation -- or research -- in nursing.

Released for the first time in paperback, this landmark social and political volume on feminism is credited with being responsible for raising awareness, liberating both sexes, and triggering major advances in the feminist movement. Reprint. When Feminist Theory: From Margin to Center was first published in 1984, it was welcomed and praised by feminist thinkers who wanted a new vision. Even so, individual readers frequently found the theory "unsettling" or "provocative." Today, the blueprint for feminist movement presented in the book remains as provocative and relevant as ever. Written in hooks's characteristic direct style, Feminist Theory embodies the hope that feminists can find a common language to spread the word and create a mass, global feminist movement. Teaching To Transgress
Black Feminist Cultural Criticism is the first comprehensive analysis of the full range of Black women's creative achievements. In this outstanding collection, writers and scholars in literature, film, television, theatre, music, art, material culture, and other cultural forms explicate Black women's artistry within the context of an activist framework. The contributors are concerned with the politics of cultural production and the ways in which Black women have confronted institutional and social barriers.
The essays are provocative and enhance knowledge of Third World women's issues. Highly recommended.
À —Choice "… the book challenges assumptions and pushes historic and geographical boundaries that must be altered if women of all colors are to win the struggles thrust upon us by the 'new world order' of the 1990s." —New Directions for Women
This surely is a book for anyone trying to comprehend the ways sexism fuels racism in a post-colonial, post-Cold War world that remains dangerous for most women. —Cynthia H. Enloe "… provocative analyses of the simultaneous oppressions of race, class, gender and sexuality… a powerful collection." —Gloria Anzaldúa "… propels third world feminist perspectives from the periphery to the cutting edge of feminist theory in the 1990s." —Alhwa Ong "… a carefully presented wealth of much-needed information." —Audre Lorde "… it is a significant book." —The Bloomsbury Review "… excellent… The nondocrtinaire approach to the Third World and to feminism in general is refreshing and compelling." —World Literature Today "… an excellent collection of essays examining 'Third World' feminism." —The Year's Work in Critical and Cultural Theory
These essays document the debates, conflicts, and contradictions among those engaged in developing third world feminist theory and politics. Contributors: Evelyne Accad, M. Jacqui Alexander, Carmen Barroso, Cristina Bruschini, Rey Chow, Juana Diaz-Cotto, Angela Gilliam, Faye V. Harrison, Cheryl Johnson-Odim, Chandra Talpade Mohanty, Ann Russo, Barbara Smith, Nayereh Tohidi, Lourdes Torres, Cheryl L. West, & Nellie Wong.
The author discusses methods for mediating the tensions among apparently irreconcilable feminist perspectives on women's sexuality and ethics can advance the dialogue in women's sexuality across a broad political spectrum.
This original and engaging text explores the core concepts in feminist theory. This up-to-date text addresses the implications of postmodernism and post-structuralism for feminist theorizing. It identifies the challenges of this through the development of 'conceptual literacy'. Introducing conceptual literacy as a pedagogic task, this text facilitates students' understanding of, for example:
- The range and lack of fixity of conceptualizations and meanings of language
- The significance of theoretical framework for conceptualization of key terms.
- The changing nature of language and the reframing of key terms in research (eg the recent shift from equality to social justice).
The text explores these issues through six key concepts in feminist theorizing: equality; difference; choice; care; time; and experience. Each chapter considers the varied ways in which these terms have been conceptualised and the feminist debates about these concepts. Each chapter includes case studies to illustrate the application of these concepts in feminist empirical research, and provides a guide to further reading. This text will be an invaluable tool for students taking courses in feminist theory and research methods, and students across the social sciences who are taking courses concerned with issues of gender.

FEMINIST THEORY - NEW EDITION
Black Women and Self-Recovery
Powers of the Weak
Examines how Diasporic Black women engage in politics. This book explores how Diasporic Black women engage in politics, highlighting three dimensions—citizenship, power, and justice—that are foundational to intersectionality theory and politics as developed by Black women and other women of color. By extending beyond particular time periods, locations, and singular definitions of politics, Black Women in Politics sets itself apart in the field of women's and gender studies in three ways: by focusing on contemporary Black politics not only in the United States, but also the African Diaspora; by showcasing politics along a broad trajectory, including social movements, formal politics, public policy, media studies, and epistemology; and by including a multidisciplinary range of scholars, with a strong concentration of work by political scientists, a group whose work is often excluded or limited in edited collections. The final result expands our repertoire of methodological tools and concepts for discussing and assessing Black women's lives, the conditions under which they live, their labor, and the politics they enact to improve their circumstances. "Black Women in Politics offers a new perspective on Black women as political actors. Jordan-Zachery and Alexander-Floyd have assembled a stellar group of essays that speak to the broad experiences and concerns of Black women as political actors. Together, the essays present a compelling story of what we learn when we center Black women's voices in policy debates, democratic theory, and notions of political leadership." – Wendy Smooth, The Ohio State University

This collection adds to our understanding and critical engagement of how gendered and racially minoritized bodies can and do negotiate their identities and politics across several historical domains and contemporary spheres.
A powerful text that tells how one woman writer found her own voice while creating a personal love relationship based on feminist thinking and reflects on the impact of birth control and the women's movement on society. Reprint. 17,500 first printing.
In 1973, the year the women's movement won an important symbolic victory with Roe v. Wade, reports surfaced that twelve-year-old Minnie Lee Relf and her fourteen-year-old sister Mary Alice, the daughters of black Alabama farm hands, had been sterilized without their or their parents' knowledge or consent. Just as women's ability to control reproduction moved to the forefront of the feminist movement, the Relf sisters' plight stood as a reminder of the ways in which the movement's accomplishments had diverged sharply along racial lines. Thousands of forced sterilizations were performed on black women during this period, convincing activists in the Black Power, civil rights and women's movements that they needed to address, pointedly, the racial injustices surrounding equal access to reproductive labor and intimate life in America. As horrific as the Relf tragedy was, it fit easily within a set of critical events within black women's sexual and reproductive history in America, which black feminists argue began with coerced reproduction and enforced child neglect in the period of enslavement. While reproductive rights activists and organizations, historians and legal scholars have all begun to grapple with this history and its meaning, political theorists have yet to do so. Intimate Justice charts the long and still incomplete path to black female intimate freedom and equality—a path marked by infanticides, sexual terrorism, race riots, coerced sterilizations and racially biased child removal policies. In order to challenge prevailing understandings of freedom and equality, Shatema Threadcraft considers the troubled status of black female intimate life during four moments: antebellum slavery, Reconstruction, the nadir, and the civil rights and women's movement eras. Taking up important and often overlooked aspects of the necessary conditions for justice, Threadcraft's book is a compelling challenge to the meaning of equality in American race and gender relations.

**The Will to Change**
**Black Feminist Cultural Criticism**
**Feminist Theory**
**Feminist Philosophy of Sex**
**Black Women As Cultural Readers**
**Loose Women, Lecherous Men**
**The Womanist Reader**
Everyone needs to love and be loved—even men. But to know love, men must be able to look at the ways that patriarchal culture keeps them from knowing themselves, from being in touch with their feelings, from loving. In *The Will to Change*, bell hooks gets to the heart of the matter and shows men how to express the emotions that are a fundamental part of who they are—whatever their age, marital status, ethnicity, or sexual orientation. But toxic masculinity punishes those fundamental emotions, and it's so deeply ingrained in our society that it's hard for men to not comply—but hooks wants to help change that. With trademark candor and fierce intelligence, hooks addresses the most common concerns of men, such as fear of intimacy and loss of their patriarchal place in society, in new and challenging ways. She believes men can find the way to spiritual unity by getting back in touch with the emotionally open part of themselves—and lay claim to the rich and rewarding inner lives that have historically been the exclusive province of women. A brave and astonishing work, *The Will to Change* is designed to help men reclaim the best part of themselves.
In spite of the double burden of racial and gender discrimination, African-American women have developed a rich intellectual tradition that is not widely known. In *Black Feminist Thought*, Patricia Hill Collins explores the words and ideas of Black feminist intellectuals as well as those African-American women outside academe. She provides an interpretive framework for the work of such prominent Black feminist thinkers as Angela Davis, bell hooks, Alice Walker, and Audre Lorde. The result is a superbly crafted book that provides the first synthetic overview of Black feminist thought.
A new edition of a classic work – a sweeping examination of the core issues of sexual politics by one of feminism's most important and critical voices.
World-renowned scholar and visionary bell hooks takes an in-depth look at one of the most critical issues facing African Americans: a collective wounded self-esteem that has prevailed from slavery to the present day. Why do so many African-Americans—whether privileged or poor, urban or suburban, young or old—live in a state of chronic anxiety, fear, and shame? *Rock My Soul: Black People and Self-Esteem* breaks through collective denial and dares to tell this truth—that crippling low self-esteem has reached epidemic proportions in our lives and in our diverse communities. With visionary insight, hooks exposes the underlying reality that it has been difficult—if not impossible—for our nation to create a culture that promotes and sustains healthy self-esteem. Without self-esteem people begin to lose their sense of agency. They feel powerless. They feel they can only be victims. The need for self-esteem never goes away. But it is never too late for any of us to acquire the healthy self-esteem that is needed for a fulfilling life. hooks gets to the heart and soul of the African-American identity crisis, offering critical insight and hard-won wisdom about what it takes to heal the scars of the past, promote and maintain self-esteem, and lay down the roots for a grounded community with a prosperous future. She examines the way historical movements for racial uplift fail to sustain our quest for self-esteem. Moving beyond a discussion of race, she identifies diverse barriers keeping us from well-being: the trauma of abandonment, constant shaming, and the loss of personal integrity. In highlighting the role of desegregation, education, the absence of progressive parenting, spiritual crisis, or fundamental breakdowns in communication between black women and men, bell hooks identifies mental health as the new revolutionary frontier—and provides guidance for healing within the black community.

"When truth teller and careful writer bell hooks offers a book, I like to be standing at the bookshop when it opens." –Maya Angelou
Renowned visionary bell hooks explored the meaning of love in American culture with the critically acclaimed bestseller All About Love: New Visions. She continued her national dialogue with the bestselling Salvation: Black People and Love. Now hooks culminates her triumphant trilogy of love with Communion: The Female Search for Love. Intimate, revealing, provocative, Communion challenges every woman to courageously claim the search for love as the heroic journey we must all choose to be truly free. In her trademark commanding and lucid language, hooks explores the ways ideas about women and love were changed by the feminist movement, by women's full participation in the workforce, and by the culture of self-help, and reveals how women of all ages can bring love into every aspect of their lives, for all the years of their lives. Communion is the heart-to-heart talk every woman -- mother, daughter, friend, and lover -- needs to have.
In childhood, bell hooks was taught that "talking back" meant speaking as an equal to an authority figure and daring to disagree and/or have an opinion. In this collection of personal and theoretical essays, hooks reflects on her signature issues of racism and feminism, politics and pedagogy. Among her discoveries is that moving from silence into speech is for the oppressed, the colonized, the exploited, and those who stand and struggle side by side, a gesture of defiance that heals, making new life and new growth possible. A pathbreaking study of African-American women's responses to literature and film. . . . Bobo focuses on a small group of middle-class African-American women as they process literature (by Terry McMillan, Alice Walker) that addresses their own experiences. . . . This work should command the attention of all scholars of American popular culture. -- Choice
How do black women react as an audience to representations of themselves, and how do their patterns of consumption differ from other groups? Interviews with ordinary black women from many backgrounds uses novels and films to reveal how black female audiences absorb works. -- Midwest Book Review

Comprehensive in its coverage, The Womanist Reader is the first volume to anthropize the major works of womanist scholarship. Charting the course of womanist theory from its genesis as Alice Walker’s African-American feminism, through Chikwenye Okonjo Ogunyemi’s African womanism and Cleonora Hudson-Weems’ Africanan womanism, to its present-day expression as a global, anti-oppressionist perspective rooted in the praxis of everyday women of color, this interdisciplinary reader traces the rich and diverse history of a quarter century of womanist thought. Featuring selections from over a dozen disciplines by top womanist scholars from around the world, plus several critiques of womanism, an extensive bibliography of womanist sources, and the first ever systematic treatment of womanist thought on its own terms, Layli Phillips has assembled a unique and groundbreaking compilation.

In this provocative and captivating dialogue, bell hooks and Cornel West come together to discuss the dilemmas, contradictions, and joys of Black intellectual life. The two friends and comrades in struggle talk, argue, and disagree about everything from community to capitalism in a series of intimate conversations that range from playful to probing to revelatory. In evoking the act of breaking bread, the book calls upon the various traditions of sharing that take place in domestic, secular, and sacred life where people come together to give themselves, to nurture life, to renew their spirits, sustain their hopes, and to make a lived politics of revolutionary struggle an ongoing practice. This 25th anniversary edition continues the dialogue with "In Solidarity," their 2016 conversation at the bell hooks Institute on racism, politics, popular culture and the contemporary Black experience.

An acclaimed political theorist offers a fresh, interdisciplinary analysis of the politics of refusal, highlighting the promise of a feminist politics that does not simply withdraw from the status quo but also transforms it. The Bacchae, Euripides' s fifth-century tragedy, famously depicts the wine god Dionysus and the women who follow him as indolent, drunken, mad. But Bonnie Honig sees the women differently. They reject work, not out of laziness, but because they have had enough of women' s routine obedience. Later they escape prison, leave the city of Thebes, explore alternative lifestyles, kill the king, and then return to claim the city. Their " arc of refusal." Honig argues, can inspire a new feminist politics of refusal. Refusal, the withdrawal from unjust political and economic systems, is a key theme in political philosophy. Its best-known literary avatar is Herman Melville' s Bartleby, whose response to every request is, " I prefer not to. " A feminist politics of refusal, by contrast, cannot simply decline to participate in the machinations of power. Honig argues that a feminist refusal aims at transformation and, ultimately, self-governance.

Withdrawal is a first step, not the end game. Rethinking the concepts of refusal in the work of Giorgio Agamben, Adriana Cavarero, and Saidiya Hartman, Honig places collective efforts toward self-governance at refusal' s core and, in doing so, invigorates discourse on civil and uncivil disobedience. She seeks new protagonists in film, art, and in historical and fictional figures including Sophocles' s Antigone, Ovid' s Procne, Charlie Chaplin' s Tramp, Leonardo da Vinci' s Madonna, and Muhammad Ali. Rather than decline the corruptions of politics, these agents of refusal join the women of Thebes first in saying no and then in risking to undertake transformative action.

What are the conditions needed for our nation to bridge cultural and racial divides? By "writing beyond race," noted cultural critic bell hooks models the constructive ways scholars, activists, and readers can challenge and change systems of domination. In the spirit of previous classics like Outlaw Culture and Reel to Real, this new collection of compelling essays interrogates contemporary cultural notions of race, gender, and class. From the films Precious and Crash to recent biographies of Malcolm X and Henrietta Lacks, hooks offers provocative insights into the way race is being talked about in this "post-racial" era.

Feminist Perspectives on Economics

**A respected feminist writer focuses on women as an example of a powerless class in an investigation of the workings of power that examines regions of human experience ranging from infancy to concentration-camp horrors**

**In Sisters of the Yam, bell hooks reflects on the ways in which the emotional health of black women has been and continues to be impacted by sexism and racism. Desiring to create a context where black females could both work on their individual efforts for self-actualization while remaining connected to a larger world of collective struggle, hooks articulates the link between self-recovery and political resistance. Both an expression of the joy of self-healing and the need to be ever vigilant in the struggle for equality, Sisters of the Yam continues to speak to the experience of black womanhood.**

**According to the Washington Post, no one who cares about contemporary African-American cultures can ignore bell hooks' electrifying feminist explorations. Targeting cultural icons as diverse as Madonna and Spike Lee, Outlaw Culture presents a collection of essays that pulls no punches. As hooks herself notes, interrogations of popular culture can be a 'powerful site for intervention, challenge and change'. And intervene, challenge and change is what hooks does best.**

**"A theory in the flesh means one where the physical realities of our lives all fuse to create a politic born of necessity," writes activist Cherrie L. Moraga. This volume of new essays stages an intergenerational dialogue among philosophers to introduce and deepen engagement with U.S Latinx and Latin American feminist philosophy, and to explore their "theories in the flesh." It explores specific intellectual contributions in various topics in U.S. Latinx and Latin American feminisms that stand alone and are unique and valuable; analyzes critical contributions that U.S. Latinx and Latin American interventions have made in feminist thought more generally over the last several decades; and shows the intellectual and transformative value of reading U.S Latinx and Latin American feminist theorizing. The collection features a series of essays analyzing decolonial approaches within U. S. Latinx and Latin American feminist philosophy, including studies of the functions of gender within feminist theory, everyday modes of resistance, and methodological questions regarding the scope and breadth of decolonization as a critical praxis. Additionally, essays examine theoretical contributions to feminist discussions of selfhood, narrativity, and genealogy, as well as novel epistemic and hermeneutical approaches within the field. A number of contributors in the book address themes of aesthetics and embodiment, including issues of visual representation, queer desire, and disability within U. S. Latinx and Latin American feminisms. Together, the essays in this volume are groundbreaking and powerful contributions in the fields of U.S Latinx and Latin American feminist philosophy.**
