

## Feminist Thought A Comprehensive Introduction

Tong, a well-known biomedical ethicist, combines medical ethics, bioethics, and her own unique insights to provide a comprehensive survey of contemporary health care ethics issues.

**KEY TOPICS:** Among the topics discussed in this book are complementary and alternative medicine; contraception and sterilization; infertility and assisted reproduction; and surrogate motherhood; genetic testing (screening and counseling); genetic therapy; biomedical and behavioral research; and euthanasia and assisted suicide. **MARKET:** A useful reference work for those in the health care industry.

With an emphasis on violence against women and on women's responses to it - such as depression, splitting and eating disturbances - this volume furthers the radicalization of feminist therapy. It serves as a comprehensive introduction for trainees and as an ongoing resource for social service workers and therapists. Providing detailed and grounded guidance, the author examines feminist approaches to working with women and discusses issues often omitted or pathologized in general

feminist counselling texts, including prostitutes battered by pimps and self-mutilation. She explores such central questions as how women can empower themselves in a sexist society; what forms internalized oppression takes and how clients can be hel

**A NEW YORK TIMES BESTSELLER** “The fights against hunger, homelessness, poverty, health disparities, poor schools, homophobia, transphobia, and domestic violence are feminist fights. Kendall offers a feminism rooted in the livelihood of everyday women.” –Ibram X. Kendi, #1 New York Times–bestselling author of *How to Be an Antiracist*, in *The Atlantic* “One of the most important books of the current moment.”–*Time* “A rousing call to action... It should be required reading for everyone.”–Gabrielle Union, author of *We’re Going to Need More Wine* A potent and electrifying critique of today’s feminist movement announcing a fresh new voice in black feminism Today's feminist movement has a glaring blind spot, and paradoxically, it is women. Mainstream feminists rarely talk about meeting basic needs as a feminist issue, argues Mikki Kendall, but food insecurity, access to quality education, safe neighborhoods, a living wage, and medical care are all feminist issues. All too

## Where To Download Feminist Thought A Comprehensive Introduction

often, however, the focus is not on basic survival for the many, but on increasing privilege for the few. That feminists refuse to prioritize these issues has only exacerbated the age-old problem of both internecine discord and women who rebuff at carrying the title. Moreover, prominent white feminists broadly suffer from their own myopia with regard to how things like race, class, sexual orientation, and ability intersect with gender. How can we stand in solidarity as a movement, Kendall asks, when there is the distinct likelihood that some women are oppressing others? In her searing collection of essays, Mikki Kendall takes aim at the legitimacy of the modern feminist movement, arguing that it has chronically failed to address the needs of all but a few women. Drawing on her own experiences with hunger, violence, and hypersexualization, along with incisive commentary on reproductive rights, politics, pop culture, the stigma of mental health, and more, *Hood Feminism* delivers an irrefutable indictment of a movement in flux. An unforgettable debut, Kendall has written a ferocious clarion call to all would-be feminists to live out the true mandate of the movement in thought and in deed.

Including: Susan B. Anthony Simone de Beauvoir W.E.B. Du Bois Hélène Cixous Betty Friedan Charlotte Perkins Gilman Emma Goldman Guerrilla Girls Ding Ling • Audre Lorde John Stuart Mill Christine de Pizan Adrienne Rich Margaret Sanger Huda Shaarawi • Sojourner Truth Mary Wollstonecraft Virginia Woolf The Essential Feminist Reader is the first anthology to present the full scope of feminist history. Prizewinning historian Estelle B. Freedman brings decades of teaching experience and scholarship to her selections, which span more than five centuries. Moving beyond standard texts by English and American thinkers, this collection features primary source material from around the globe, including short works of fiction and drama, political manifestos, and the work of less well-known writers. Freedman's cogent Introduction assesses challenges facing feminism, while her accessible, lively commentary contextualizes each piece. Essential Feminist Reader is a vital addition to feminist scholarship, and an invaluable resource for anyone interested in the history of women.

A critical introduction to the major traditions of feminist theory, now with new consideration of existential feminism and a conclusion reflecting on the future of feminist theory.

Feminist Thought A More Comprehensive Introduction Routledge

Feminist Theory and Pop Culture synthesizes feminist theory with modern portrayals of gender in media culture. This comprehensive and interdisciplinary text includes an introductory chapter written by the editor as well as nine contributor chapters of original content. Included in the text are:

- Historical illustration of feminist theory
- Application of feminist research methods for the study of gender
- Feminist theoretical perspectives such as the male gaze, feminist standpoint theory, Black feminist thought, queer theory, masculinity theory, theories of feminist activism and postfeminism
- Contributor chapters cover a range of topics from Western perspectives on Black

The Political Grammar of Feminist Theory

Black Feminist Thought

An Interdisciplinary and Crosscultural Approach

The changing face of feminist discourse as reflected by the career of one of its preeminent scholars *Figures of Resistance* brings together the unpublished lectures and little-seen essays of internationally renowned theorist Teresa de Lauretis, spanning over twenty years of her finest work. Thirty years after the height of feminist theory, this collection invites us to reflect on the history of feminism and take a hard look at where it stands today. Selected essays include "Sexual Indifference and Lesbian Representation," "The Lure of the Mannish Lesbian," "Eccentric Subjects," "Habit Changes," "The Intractability of Desire," and the unpublished article "Figures of Resistance." An introduction from feminist film scholar Patricia White provides an overview of the development of de Lauretis's thought and of feminist theory over past

## Where To Download Feminist Thought A Comprehensive Introduction

decades.

In this guide to western feminist theory, Christine Beasley provides clear explanations of the many types of feminism, ranging from liberal feminism to queer theory.

*Feminist Philosophy: An Introduction* provides a comprehensive coverage of the core elements of feminist philosophy in the analytical tradition. Part 1 examines the feminist issues and practical problems that confront us as ordinary people. Part 2 examines the recent and historical arguments surrounding the subject area, looking into the theoretical frameworks we use to discuss these issues and applying them to everyday life. With contemporary and lively debates throughout, Elinor Mason provides a rigorous and yet accessible overview of a rich array of topics including: feminism in a global context work and care reproductive rights sex work sexual violence and harassment sexism, oppression, and misogyny intersectionality objectification consent ideology, false consciousness, and adaptive preferences. An outstanding introduction which will equip the reader with a thorough knowledge of the fundamentals of feminism, *Feminist Philosophy* is essential reading for those approaching the subject for the first time. Beneath the nonstop cacophony of voices across social media, online forums, and news outlets lie the stubborn facts at the heart of the everyday struggles of women today: more than a third of single moms live in poverty; the United States sees more maternal deaths than anywhere else in the developed world; one in five women will be raped in her lifetime; and women still make eighty cents for every dollar earned by a

## Where To Download Feminist Thought A Comprehensive Introduction

man. Between these brutal statistics and the ill-informed, often contentious public debate stand millions of women who feel alienated, disaffected, or just plain worn out. In the era of #MeToo, Trump, and online harassment, innovative progressive feminist voices are more essential than ever. With her latest book, Deborah Cameron considers feminism from all sides--as an idea, as a theoretical approach, and as a political movement. Written in the succinct, sharp style that has made Cameron's feminist linguistics blog so popular, this short book lays out past and present debates on seven key topics: domination, rights, work, femininity, sex, culture, and the future. Feminism emphasizes the diversity of feminist thought, including queer, women-of-color, and trans perspectives. Cameron's clear and incisive account untangles the often confusing strands of one of history's most important intellectual and political movements. Broad in scope but refreshingly concise, this book is perfect for anyone who needs a straightforward primer on the complex history of feminism, a nuanced explanation of key issues and debates, or strategic thinking about the questions facing activists today.

## Where To Download Feminist Thought A Comprehensive Introduction

Scholars and activists often narrate the history of gender and feminism as a progression of "waves," said to mark high points of innovation in theory and moments of political breakthrough. Arguing for the notion of multiple futurities over that of progressive waves, *Beyond Gender* combines theoretical work with practical applications to provide an advanced introduction to contemporary feminist and sexuality research and advocacy. This comprehensive monograph documents the diversification of gender-related disciplines and struggles, arguing for a multidisciplinary approach to issues formerly subsumed under the unified field of gender studies. Split into two parts, the volume demonstrates how the notion of gender has been criticized by various theories pertaining to masculinity, feminism, and sexuality, and also illustrates how the binary and hierarchical ordering system of gender has been troubled or overcome in practice: in queer performance, legal critique, the classroom, and textual analysis. Taking a fresh approach to contemporary debates in feminist and sexuality studies, *Beyond Gender* will appeal to undergraduate students interested in fields such as Feminism and Sexuality Studies, Gender Studies, Feminist Theory,

## Where To Download Feminist Thought A Comprehensive Introduction

and Masculinity Studies.

Feminist scholars have long been concerned with how women and sexuality are perceived and treated by the American legal system. Feminists have put forth a variety of arguments seeking the causes and solutions to the class-based and sex-biased characteristics of the legal system that contribute to the victimization of women in contemporary society. No consensus within the women's movement has been achieved on a number of legal issues, such as pornography or prostitution, since approaches are often divided by political, economic, moral, or sexual ideology. *Women, Sex, and the Law* is a comprehensive survey and analysis of the legal and sexual issues important to women. Rosemarie Tong introduces the reader to the different feminist and legal perspectives on the causes and solutions for the problems of pornography, sexual harassment, prostitution, rape, and woman-battering. Tong clearly and concisely details and assesses the legal theory and practice for each issue, describes and critiques the various feminist debates surrounding these concerns, and offers her own thoughtful proposals for ameliorating the discriminatory tendencies and improving the

## Where To Download Feminist Thought A Comprehensive Introduction

effectiveness of our present legal system.

"In this pathbreaking collection of articles, Dr. Beverly Guy-Sheftall has taken us from the early 1830s to contemporary times. Only since the seventies have black women used the term "feminism." And yet, it is that concept that she uses to bring into the same frame the ideas and analyses of Maria Stewart, Sojourner Truth, and Frances W.E. Harper of the early nineteenth century, and the work of women such as the late Audre Lorde, Barbara Smith, and bell hooks who stand on the threshold of the twenty-first century... She has refused to cut off contemporary African American women from the long line of sisters who have righteously struggled for the liberation of African American women from the dual oppressions of racism and sexism." —From the epilogue by Johnnetta B. Cole, President, Spelman College "The indefatigable Beverly Guy-Sheftall has put together a breathtaking sweep of African American feminist thought in one indispensable volume." —Elizabeth Spelman, Professor of Philosophy, Smith College

Misogyny is a hot topic, yet it's often misunderstood. What is misogyny, exactly? Who deserves to be called a misogynist? How

## Where To Download Feminist Thought A Comprehensive Introduction

does misogyny contrast with sexism, and why is it prone to persist - or increase - even when sexist gender roles are waning? This book is an exploration of misogyny in public life and politics by the moral philosopher and writer Kate Manne. It argues that misogyny should not be understood primarily in terms of the hatred or hostility some men feel toward all or most women. Rather, it's primarily about controlling, policing, punishing, and exiling the "bad" women who challenge male dominance. And it's compatible with rewarding "the good ones," and singling out other women to serve as warnings to those who are out of order. It's also common for women to serve as scapegoats, be burned as witches, and treated as pariahs. Manne examines recent and current events such as the Isla Vista killings by Elliot Rodger, the case of the convicted serial rapist Daniel Holtzclaw, who preyed on African-American women as a police officer in Oklahoma City, Rush Limbaugh's diatribe against Sandra Fluke, and the "misogyny speech" of Julia Gillard, then Prime Minister of Australia, which went viral on YouTube. The book shows how these events, among others, set the stage for the 2016 US presidential election. Not only was the

## Where To Download Feminist Thought A Comprehensive Introduction

misogyny leveled against Hillary Clinton predictable in both quantity and quality, Manne argues it was predictable that many people would be prepared to forgive and forget regarding Donald Trump's history of sexual assault and harassment. For this, Manne argues, is misogyny's oft-overlooked and equally pernicious underbelly: exonerating or showing "himpathy" for the comparatively privileged men who dominate, threaten, and silence women. 1

An Introduction to Feminist Theory

Applications of Feminist Legal Theory to Women's Lives

In this second edition of her 1989 survey on feminist theory, Rosemarie Tong provides a more comprehensive and substantially redrawn map of twentieth-century feminist thinking. Besides providing up-to-date coverage of liberal, radical (libertarian and cultural), and Marxist-socialist schools of feminism, she covers psychoanalytic, existentialist, and postmodern feminism. All the chapters have been rethought and new

## Where To Download Feminist Thought A Comprehensive Introduction

chapters on ecofeminism and multicultural and global feminism have been added. In the clear-sighted and accessible style for which has become known, Tong guides the reader through the complexities of even the most notoriously difficult thinkers. Students will become familiar with many of the essential figures in the feminist tradition as well as some of the issues that have been of special concern to women (e.g., pornography, reproductive technology, housework, the environment, and militarism). Moreover, students are repeatedly urged to consider the many differences that separate women (class, race, ethnicity, age, nationality, religion) as well as the sameness that continue to unite women. Tong treats all views with respect and encourages the reader to think both sympathetically and critically about what feminism is and what relevance it has to their own lives. As valuable as the first edition of *Feminist Thought*, this second edition surpasses its predecessor in depth and breadth. Clearly, Tong believes that feminist thought is still developing even as it approaches the millennium.

The third edition of the *Feminist Theory Reader* anthologizes the important classical and contemporary works of feminist theory within a multiracial transnational framework. This edition includes 16 new essays; the editors have organized the readings into four sections, which challenge the prevailing representation of feminist movements as waves. Introductory essays at the beginning of each section lay out the framework that brings the readings together and provide historical and intellectual context. Instructors who have

## Where To Download Feminist Thought A Comprehensive Introduction

Feminism is Queer

*Feminism is Queer is an introduction to the intimately related disciplines of gender and queer theory. Whilst guiding the reader through complex theory, the author develops the original position of queer feminism, which presents queer theory as continuous with feminist theory. Whilst there have been significant conceptual tensions between second wave feminism and traditional lesbian and gay studies, queer theory offers a paradigm for understanding gender, sex and sexuality that avoids the conflict in order to develop solidarity among those interested in feminist theory and those interested in lesbian and gay rights. An essential guide to anyone with an interest in gender or sexuality, this accessible and comprehensive textbook carefully explains nuanced theoretical terminology and provides extensive suggested further reading to provide the reader with full and thorough understanding of both disciplines.*

*A powerful critique of the stories that feminists tell*

## Where To Download Feminist Thought A Comprehensive Introduction

*about the past four decades of Western feminist theory. Nancy Fraser's major new book traces the feminist movement's evolution since the 1970s and anticipates a new—radical and egalitarian—phase of feminist thought and action. During the ferment of the New Left, “Second Wave” feminism emerged as a struggle for women's liberation and took its place alongside other radical movements that were questioning core features of capitalist society. But feminism's subsequent immersion in identity politics coincided with a decline in its utopian energies and the rise of neoliberalism. Now, foreseeing a revival in the movement, Fraser argues for a reinvigorated feminist radicalism able to address the global economic crisis. Feminism can be a force working in concert with other egalitarian movements in the struggle to bring the economy under democratic control, while building on the visionary potential of the earlier waves of women's liberation. This powerful new account is set to become a landmark of feminist thought.*

## Where To Download Feminist Thought A Comprehensive Introduction

*The author questions commonly understood binaries in understanding gender, identity, sexuality, and education in order to forge new areas of theorizing the politics of self and other while destabilizing established power hierarchies. The book concludes with a discussion of feminist pedagogy and activism, stressing the significance of analyzing pedagogy and working to create more open feminist and democratic spaces for learning."--Jacket.*

## Where To Download Feminist Thought A Comprehensive Introduction

**them. Yet in the following decades these rights have been gutted by restrictive state legislation, the appointment of hundreds of anti-abortion judges, and violence against abortion providers. Today, the ultra-conservative majority at the Supreme Court has activists, medical providers, and everyday Americans worry that we are about to lose our most fundamental reproductive protections. When Roe is toppled, abortion may quickly become a criminal offense in nearly one-third of the United States. At least six states have enacted bans on abortion as early as six weeks of pregnancy—before many women are even aware they are pregnant. Today, 89% of U.S. counties do not have a single abortion provider, in part due to escalating violence and intimidation aimed at disrupting services. We should all be free to make these personal and private decisions that affect our lives and wellbeing without government interference or bias, but we can no longer depend on Roe v. Wade and the federal courts to preserve our liberties. Legal titans Kathryn Kolbert and Julie F. Kay share the story of one of the most divisive issues in American politics through behind-the-scenes personal narratives of stunning losses, hard-earned victories, and moving accounts of women and health care providers at the heart of nearly five decades of legal battles. At this make-or-break moment for legal abortion in the United States, Kolbert and Kay propose audacious new strategies inspired by medical advances, state-level protections, human rights models, and activists across the globe whose courage and determination are making a difference. No more banging our heads against the Court's marble walls. It is time for a new direction.**

**A classic resource on feminist theory, *Feminist Thought* offers a clear, comprehensive,**

## Where To Download Feminist Thought A Comprehensive Introduction

**and incisive introduction to the major traditions of feminist theory, from liberal feminism, radical feminism, and Marxist and socialist feminism to care-focused feminism, psychoanalytic feminism, and ecofeminism. The fifth edition has been thoroughly revised, and now includes a new chapter on Third Wave and Third Space Feminism. Also added to this edition are significantly expanded discussions on women of color feminisms, psychoanalytic and care feminisms, as well as new examinations of queer theory, LGBTQ and trans feminism. Learning tools like end-of-chapter discussion questions and the bibliography make Feminist Thought an essential resource for students and thinkers who want to understand the theoretical origins and complexities of contemporary feminist debates.**

**No other cluster of medical issues affects the genders as differently as those related to procreationcontraception, sterilization, abortion, artificial insemination, in-vitro fertilization, surrogate motherhood, and genetic screening. Rosemarie Tongs approach to feminist bioethics serves as a catalyst to bring together different feminist voices in hope of actually doing something to make gender equity a present reality rather than a mere future possibility. No other cluster of medical issues affects the genders as differently as those related to procreationcontraception, sterilization, abortion, artificial insemination, in vitro fertilization, surrogate motherhood, and genetic screening. Yet, the moral diversity among feminists has led to political fragmentation, foiling efforts to create policies that are likely to serve the interests of the largest possible number of women. In this remarkable book, Rosemarie Tong offers an approach to feminist bioethics that serves as a catalyst, bringing together the varied perspectives on choice,**

## Where To Download Feminist Thought A Comprehensive Introduction

control, and connection. Emphasizing the complexity of feminist debates, she guides feminists toward consensus in thought, cooperation in action, and a world that would have no room for domination and subordination. Tong fairly and comprehensively presents the traditions of both feminist and non-feminist ethics. Although feminist approaches to bioethics derive many insights from nonfeminist ethics and bioethics, Tong shows that their primary source of inspiration is feminist ethics, leading them to ask the so-called woman question in order to raise women's consciousness about the systems, structures, and relationships that oppress them. Feminist bioethicists are, naturally, focused on acting locally in the worlds of medicine and science. Their different feminist voices must be raised at the policy table with one message in order to actually do something to make gender equity a present reality rather than a mere future possibility. Inability to define a plan that guarantees liberation for all women must not prevent feminists from offering a plan that promises to improve the estates of many women. Otherwise, a perspective less appealing to women may fill the gap. The relationship between feminism and ecology has grown in importance in recent years. This book provides a comprehensive introduction to the ecofeminist movement and its history, as well as an extended analysis of the main perspectives within it. Mellor examines the connections between feminism and the green movement, and outlines the contributions of the major participants, while contextualizing them within a wider range of debates. She re-examines classic feminist texts from an ecofeminist perspective, and explores the relationship between ecofeminism and other ecological movements, such as 'deep' ecology, social ecology and ecosocialism. Mellor discusses

## Where To Download Feminist Thought A Comprehensive Introduction

**the association of women with biology and 'nature', and argues that the relationship between women and the environment can help us to understand the relationship between humanity and the natural world. Against the trends towards radical economic liberalism, global capitalism and postmodernist pluralism, she argues that there is within the feminist and green movements the basis of a new radical movement which draws on the principles of both. A useful and engaging account of feminist perspectives on ecology, the book will be welcomed by students and researchers in feminism and gender studies, sociology and political theory.**

A Comprehensive Introduction to Political Thought: Western and Non-Western Traditions familiarizes students with global political theories and perspectives. The book

## Where To Download Feminist Thought A Comprehensive Introduction

addresses Western and non-Western traditions of political thought, including a traditional emphasis on modern ideology such as liberal democracy. It also includes diverse traditions such as Confucianism in modern China, feminist political thought, and pan-African political thought. This book demonstrates how political theories have emerged from evolving conditions and historical circumstances that continue to influence modern politics. Dedicated chapters explore the ideological principles of conservatism, liberalism, liberal democracy, Marxism, and social democracy. Additional chapters examine the political thought of Buddhism, Hinduism, Taoism, ancient Roman republicanism, feudalism, Indigenous political thought, Machiavelli, modern republicanism, and the range of ideas that have defined the general science of politics. Students read about the origins of ideology, the political ideals of the Enlightenment, the emergence of democratic norms, and utilitarian methods, plus principles that have contributed to the introduction of socialism, populism, modernism, progressivism, postmodernism, and other critical ideas that influence politics today. Developed to provide students with a diverse, expansive overview, *A Comprehensive Introduction to Political Thought* is an exemplary resource for courses and programs in political science and the overall study of politics, public policy, and government.
