

Fender Guitar Buying Guide

Fender's guitars have long been the instruments of choice for artists such as Jeff Beck, Eric Clapton, Jimi Hendrix, and Stevie Ray Vaughan. This book tells the complete story of Fender guitars, detailing classics such as the Telecaster, Stratocaster, and Jazzmaster as well as lesser-known (and less successful) models. Dozens of photos reveal Fender's storied craftsmanship, while the text includes collector details for all models. The reference section lists all models and their statistics.

(Book) The world's most famous guitar had a golden anniversary in 2004, and this official, authorized book/CD package offers the best photos, quotes, facts and sounds to properly celebrate this achievement. From Buddy Holly to Jimi Hendrix to today's hottest players, the Fender Stratocaster defines rock'n'roll for generations of fans and players. Special features include exclusive photos from the world's greatest guitar collection, as well as a CD with musical examples of famous Strat sounds and styles hilariously performed by Greg Koch even spoken excerpts from the author's interviews with the Strat's beloved inventor, Leo Fender. This book also recognizes that the Stratocaster's deeper significance lies in the music that guitarists have created with it. You'll hear what Strat players have to say about their instrument, their music and each other. The Fender Stratocaster both reflects and influences popular culture worldwide. The Stratocaster Chronicles focuses on the people who brought it into the world, the designers and builders who refined it, and the players who have taken it from there. Leo Fender launched the Stratocaster electric guitar in 1954, as an upgrade to his revolutionary Telecaster. The 'Strat - streamlined, chrome-plated, efficient, fast and sexy - soon gained icon status. This practical 'how to' manual focuses on the 'Strat'.

What drives you to get your first electric guitar? Who inspires you to start playing? For me, it was Metallica's lead guitarist Kirk Hammett. I couldn't imagine that it's possible to play his solo, but... let's go to your motivation! According to Fender's research, about 90% of beginner guitarists leaving their instruments on the shelves after the first year of playing. Well, but this year can bring something incredible in our lives. And these first steps must be cool. It's so necessary to have fun and feel positive feedback from practicing at the beginning. You must love your first electric guitar to feel good. Your musical preferences might change during your initial education, most likely your musical vocabulary will grow faster than you can afford a new instrument. So, the first baby is something you have to fall in love with. The world of electric guitars is for the geeks now-days. Search a little bit about this industry, you'll be surprised that industry is struggling sometimes. Yes, electric guitar - is the live, natural instrument. You have to play it. It doesn't play itself. If you want to buy an electric guitar, not a synth or software - you want to join the great world of the real culture. What is the future of electric guitars - I don't know. But I strongly believe and know that learning to play electric guitar makes our life better and richer. I wish all folks reading this book to be able to buy as many electric guitars as needed, but let's focus on the one. Your first electric guitar. Well, the universe of electric guitars is mature, a variety of instruments on the market is huge. However, the structure of this universe is pretty elegant and simple. We'll be clear on that and why to buy at the beginning. I've started as a student in classical guitar, music school graduated. Well, something deep inside always told me what I wanted more and different. I was too young when the first time I've discovered Metallica on my friend's older brother's cassette recorder! I can't express how I was amazed! No surprise that later Kirk Hammett became my guitar hero. And still remains the one of the greatest on my own guitar Heroes Olympus (yes, not only Kirk!) Well, I guess that there are multiple factors can influence you and inspire the start playing. Dive deep into your feelings, what's where? My most powerful motivator - my Heroes. Who's yours? I recommend to read and watch as many materials about your guitar hero as possible before you get your guitar. Why? Because you'll wish your Heroes electric guitar! It's so powerful, feel this? Learn more and more about Hero and you'll understand why Hero plays this instrument. What's interesting - at first glance, all electric guitars are the same instruments. Body, neck, can plugin into an amp and play with the effects - what else? The physics is the same - convert sound waves into electric. Where is the difference? I'd prefer to compare this case with cars. Let's go and explore the difference!

(Book) . The Fender Bass, created 40 years ago by the inventive genius of Leo Fender, still remains today as the definitive electric bass. Before Fender, there was simply no electric bass at all! Leo's design was so revolutionary that it rapidly became a 'classic, ' an essential element which was responsible for defining the image of modern music. Every new bass is inspired (more or less) from his basic design. The Fender Bass tells the detailed story of the electric bass through the different models and their improvements, from their origins to the present form. Includes hundreds of black & white and color photos of the basses and their most famous players.
