Financial Accounting: Group statements is a financial accounting textbook covering the topic area 'Group statements' which is an integral part of the syllabus at second and third year. 'Group statements' refers to the consolidated financial statements of a holding or parent company as well as its subsidiaries and provides information on the overall financial standing of the group of companies.

For colleges and universities around the world, John Wiley & Sons is proud to announce Financial Accounting: IFRS Edition, by Jerry J. Weygandt, Paul D. Kimmel, and Donald E. Kieso, which incorporates International Financial Reporting Standards (IFRS) into the existing textbook framework. On almost every page, the book addresses every accounting topic from the perspective of IFRS while still highlighting key differences between IFRS and US GAAP. Following the reputation for accuracy, comprehensiveness, and currency, the authors have painstakingly created a book dedicated to assisting students learning accounting topics under the rules of IFRS.

Beginning January 1, 2011, International Financial Reporting Standards will be covered on the CPA examination. There will not be separate sections on IFRS, but the subject will be integrated in three of the four sections on the exam, including the Financial Reporting section, the Auditing section, and the Business Environment section. CPAs will need to have a broad understanding of the background and nature of IFRS and how IFRS differs from U.S. GAAP. International Financial Reporting Standards: An Introduction, 2nd Edition is effective in helping students to become CPA Ready. INTERNATIONAL FINANCIAL REPORTING STANDARDS introduces accounting students to the status of IFRS and the impact on the financial reporting environment. This booklet delivers the relevant content, trusted authorship, and appropriate scope for learners new to the subject. INTERNATIONAL FINANCIAL REPORTING STANDARDS delivers content relevant to students, including the history, structure, and status of IFRS, as well as its relationship to US GAAP. Bel Needles and Marian Powers provide their expertise on the subject of IFRS as well as their understanding of the needs of the beginning accounting student. This booklet delivers the basics of IFRS coverage in a few hours of study and includes review questions. Global Financial Accounting and Reporting

2nd Edition

Intermediate Accounting

With the introduction of the Companies Act 2013, financial accounting and reporting has undergone a major shift in India.. For instance, The Ministry of Corporate Affairs has announced the revision of the schedule for the convergence of Indian accounting standards with the IFRS and has also made Cash Flow Statements and Consolidated Financial Statements mandatory . Hence, this edition of "Financial Accounting for Managers" has been suitably revised and adapted to incorporate these changes.

Intermediate Accounting, 12th Edition, Volume 1, continues to be the number one intermediate accounting resource in the Canadian market. Viewed as the most reliable resource by accounting students, faculty, and professionals, this course helps students understand, prepare, and use financial information by linking education with the real-world accounting environment. This new edition now incorporates new data analytics content and up-to-date coverage of leases and revenue recognition.

Global Financial Accounting and Reporting is a European-focused introductory financial accounting textbook for students encountering the subject for the first time at MBA and Masters level. Structured around European IFRS, the second edition of this text has been fully updated to cover recent changes to reporting standards and provides a concise and accessible guide to international financial reporting, heavily-supported by real-world examples from multinational company accounts.

This book contains the solutions to the exercises in the Intermediate Financial Accounting Volume 2 textbook.

International Financial Reporting Standards: An Introduction

International Financial Reporting & Analysis

*Are you looking for an engaging, decision-focussed approach to financial reporting that encourages students to develop their interpretative skills? Building on the success of the first edition, this textbook takes a 'how, why, what' approach to financial accounting, interwoven in each chapter. From chapter one, students understand how financial information is prepared and presented, why it is prepared and presented in this way, and what the resulting financial information means for users. Designed for students taking a step beyond their introductory financial accounting training, the textbook equips them with all the key tools they will require when they enter professional practice. Reflective of the latest International Financial Reporting Standards (IFRS) and International Accounting Standards (IAS), this textbook delivers concise, clear explanations of all the key issues in accounting standards that students need to know. Content maps to professional accounting body syllabi, making this the perfect choice for accounting courses which offer exemptions. Chapters are rich with 3 types of examples to enhance understanding: - Illustrative examples of real-world situations; - Worked examples demonstrating the calculation of figures required for financial statements; - Extracts from company annual reports demonstrate how the theory relates to financial reporting in practice. More engaging, more balanced, and more applied than other offerings, this is exactly the textbook your financial reporting students need! An extensive Online Resource Centre accompanies the textbook and includes: For students: DT Solutions to all the end-of-chapter questions in the book including walkthroughs of solutions to key questions; DT Additional graded questions including professional body questions; DT Additional interpretative case studies based on real-life companies; DT A guided tour through a company report DT Specific study skills tips for accounting students For lecturers: DT Customisable PowerPoint slides DT Solutions to all the additional online questions DT Outline solutions to the interpretative case studies DT Group discussion questions*
