A strategy for changing attitudes about personal finances covers such topics as getting out of debt, the dangers of cash advances and keeping spending within income limits. **NEW YORK TIMES, WALL STREET JOURNAL, AND USA TODAY BESTSELLER** - A ten-step plan for finding peace, safety, and harmony with your money—no matter how big or small your goals and no matter how rocky the market might be—by the inspiring and savvy “Budgetnista.” “No matter where you stand in your money journey, Get Good With Money is for you!”—Erin Lowry, bestselling author of the Broke Millennial series **Tiffany Aliche** was a successful pre-school teacher with a healthy nest egg when a recession and advice from a shady advisor put her out of a job and into a huge financial hole. As she began to chart the path to her own financial rescue, the outline of her ten-step formula for attaining both financial security and peace of mind began to take shape. These principles have now helped more than one million women worldwide save and pay off millions in debt, and begin planning for a richer life. With helpful checklists, worksheets, a tool kit of resources, and advanced advice from experts who **Tiffany herself relies on** (her “Budgetnista Boosters”), **Get Good With Money** gets crystal clear on the short-term actions that lead to long-term goals, including: • A simple technique to determine your baseline or “noodle budget,” examine and systemize your expenses, and lay out a plan that allows you to say yes to your dreams. • An assessment tool that helps you understand whether you have a “don’t make enough” problem or a “spend too much” issue—as well as ways to fix both. • Best practices for saving for a rainy day (aka job loss), a big-ticket item (a house, a trip, a car), and money that can be invested for your future. • Detailed advice and action steps for taking charge of your credit score, maximizing bill-paying automation, savings and investing, and calculating your life, disability, and property insurance needs. • Ways to protect your beneficiaries’ future, and ensure that your financial wishes will stand the test of time. An invaluable guide to cultivating good financial habits and making your money work for you. **Get Good With Money** will help you build a solid foundation for your life (and legacy) that’s rich in every way.

**Money Mammoth** **The Unlikely Achiever®: 11 Steps to a Happy and Prosperous Life (workbook)** An illustrated, practical guide to navigating your financial life, no matter your financial situation "a potent mix of deeply practical and wonderfully empathetic" —Erin Lowry, author of Broke Millennial "one of the most approachable financial books I've ever read." —Refinery 29 We are all weird about money. Whether you have a lot or a little, your feelings and beliefs about money have been shaped by a combination of silence (or even shame) around talking about money, personal experiences, family and societal expectations, and a whole big complex system rigged against many of us from the start. Begin with that baseline premise and it's no surprise so many of us find it so difficult to save enough money (but way too easy to get trapped in ballooning credit card debt), emotionally draining to deal with student loans, and nearly impossible to understand the esoteric world of investing. Unlike most personal finance books that focus on skills and behaviors, FINANCE FOR THE PEOPLE asks you to examine your beliefs and experiences around money—blending extremely practical exercises with mindfulness, and including more than 50 illustrations and diagrams to make the concepts accessible (and even fun). With deep insider expertise from years spent in many different corners of the financial industry, **Paco de Leon** is a friendly, approachable, and wise guide who invites readers to change their relationship with money. With her holistic approach you'll learn how to: • root out your unconscious beliefs about money • untangle the mental and emotional burden of student loans to pay them off • use a gratitude practice to help you think differently about spending • break out of the debt cycle and begin building wealth This book is for anyone who feels unseen, ignored, or bored to death by the way personal finances are approached and taught, and is ready to go on a journey of self-discovery and step into their financial power.

One flicker of hope. That's all it takes to catapult yourself into the life you've always imagined. Success is not born out of skill, school, where we're from, who we know, or what we scored on the SAT. None of us were born ready. None of us started life knowing how to fly a plane or launch a company or knit a sweater for our dog. But we are born with something more important than skills. We're born with optimism—the initial seed for success. Optimism fuels the belief that you can be the one to create the good the world needs. But you've got to hone it. And practice it. And determine to live from it. In Chasing the Bright Side, **Jess Ekstrom** shares her own inspirational story of how optimism helped her overcome multiple challenges, and the dynamic ways her mind-set propelled her as a young entrepreneur, international speaker, and philanthropist. Do you have dreams for yourself and the world that are tucked away in your box of someday's? What would happen if today was the day you opened the box? And what if that box was the key to a better tomorrow? **Jess's** journey will inspire you embrace the power of optimism in your own life, and help you reimagine your purpose so you create good in the world while fulfilling your own dreams—right where you are.

**The way we treat money is a mirror reflection of how we treat ourselves. We give so much of our power away to the feelings inspired by money and our relationship with it. It's time to redirect that power, to move from feeling disempowered to empowered ... from not good enough to more than good enough ... from unworthy to deserving. We need to look at money through a trauma-informed lens. We need to distill the little traumas and the big traumas from our unconscious mind, from our belief systems, in order to change our perception of money as one of empowerment. This book will help you to do that. It's not about the money; 3 Steps to Be a Wealthy Woman guides us through the process of identifying the lens of financial trauma and the emotions of money. Catherine Morgan shares stories, inspiring thoughts, practical steps and powerful exercises, distilled through the lens of financial pain, financial present and financial future. In order to equip you to manage your money, mind and the behaviours that have prevented you from having more money, keeping hold of it and growing it. A look at the psychological barriers to financial success and how to create a better financial future When it comes to our relationship with money, we are in the Stone Age. Despite the relentless barrage of information and warnings from financial experts, the average American is in terrible financial shape. It turns out that human beings are just not wired for money—such as saving and not overspending. That's why financial success is so difficult to attain. When it comes to our financial instincts, we are no more evolved than our ancestors who hunted the Woolly Mammoth 400,000 years ago. Recent findings from the field of financial psychology could help the many Americans who know what to do but don't do it. When it happens, if you fall into this category, consider Money Mammoth: Evolve Your Money Mindset and Avoid Financial Extinction. This book looks at financial well-being from a psychological and evolutionary perspective. It reveals the obstacles that prevent people from taking their first critical steps towards financial wellness. It examines how our environment influences our financial behaviors. It explores money beliefs, how they develop, and how they drive our money behaviors. As the world's leading experts in financial psychology, authors Dr. Brad Klontz, Dr. Ed Horwitz, and Dr. Ted Klontz can help you: Discover how the experience of your ancestors are impacting your finances Understand how your tribe may be holding you back Overcome mental roadblocks to wealth and success Harness the power of your emotional brain to transform your relationship with money Build confidence in your ability to take control of your financial future In Money Mammoth, the authors reveal the secrets to harnessing the power of your psychology to reach your financial goals. As seen on CNBC, "Dr. Phil," "Starting Over," and "Tavis Smiley" Each day, nearly 25,000 people in the U.S. become millionaires.... Why not you? All it takes is smart planning, shrewd investing, and a little personal coaching—from the world-renowned Money Coach, Lynnette Khalifani. You'll avoid the most common financial pitfalls and come out on top every time. In fact, you're just 7 steps away from your first million! The Money Coach's "Millionaire Success Formula" will show you how to: Make a personal prosperity plan Invest first, then borrow Build a reputation Live like a lender, not a borrower Leverage the power of property Increase your fortune with proven methods not shortcuts Overcome setbacks and minimize risks to your financial health Never forget the next generation Have you ever wondered how to become a life coach but found yourself thinking "What if I fail or am not good enough?" "What kind of coaching can I do?" "Where should I even start?" If so, you're in the right place. The authors of Make Money as a Life Coach get it.
