A New York Times Notable Book: Cincinnati homicide detective Sonora Blair hunts a serial killer who’s playing with fire in Shamus Award–winning author Lynn Highower’s chilling thriller A single mother of two children and a police specialist with the Cincinnati Homicide Division, Sonora Blair is still awake in the middle of the night when the call comes in. Mark Daniels has been in Mount Airy Forest handcuffed to the steering wheel of his car, doused with accelerant, and set on fire. As the hideously burned college student lies dying in the ER, he describes his killer: blond, female, and a total stranger. But Mark may not have been the intended victim. Evidence points to a sexual fixation on his older brother, Keaton, a teacher curently separated from his wife. Then the murderer—who has been dubbed “Flash” by the media—calls Sonora one night, taunting and mocking her. As the investigation heats up, the harassment continues. The female psychopath knows intimate details about Sonora’s family and her past. As the criminal’s monstrous plan becomes chillingly apparent, Sonora must risk everything to corner a cunning killer. Flashpoint is the 1st book in the Sonora Blair Mysteries, but you may enjoy reading the series in any order.

This is the inside story of how Trieste found itself poised on a knife edge at the end of World War II. Situated near the boundaries of Italy, Austria, and Yugoslavia, this pivotal port city was caught in May 1945 between advancing Allied, Russian, and Yugoslav armies on the strategically vital front lines of the nascent Cold War. Germany lay defeated, and now there were new enemies - Russia and Communism. Told through the stories of twelve men and women from seven different countries, Flashpoint Trieste chronicles, on a human scale, the beginning of the Cold War. A British colonel from the Special Operations Executive, a Maori officer from a New Zealand infantry battalion and a young Yugoslav partisan captain race for the city on May 1, 1945, with the Allies determined to beat Tito’s forces and the Russians to the vital port. An American infantry general, decorated in combat in Italy, then holds the line as Trieste is divided between the American and British armies, and the Yugoslav Communist partisans of Marshal Josip Broz Tito. An American intelligence officer tracks wanted Nazis. An Italian woman Communist walks back to her native city from Auschwitz. An Austrian SS chief goes on the run to escape justice for the atrocities he committed in the city. Having survived the war, everyone is now desperate to make it through the liberation. American investigators hunt for priceless artifacts looted by the Germans. British intelligence will stop at nothing to hold the line against encroaching Communism, and Italian partisans hunt down fascist collaborators. Life is fast and violent, as former warring parties make common cause against the Russians. As the postwar world order unfolds, the borders of the new Europe are being hammered out.

**From unrelenting action to intense emotion, from high-stakes drama to break-neck pacing, bestselling author Suzanne Brockmann is a novelist who does it all. Now Brockmann delivers an exciting thriller about men and women operating where agents of the U.S. government cannot, where America’s most ruthless enemies thrive—and where every step you take just might be your last. . . . Jimmy Nash has already lived two lives—and he can’t talk about either of them. Formerly an operative of a top secret government agency, he has found a new job with a shadowy company called Troubleshooters Inc. Created by a former Navy SEAL, Troubleshooters Inc. helps anyone in desperate need—which provides a perfect cover for its other, more perilous objective: covert special operations. Now Nash and a quickly assembled team of expert operators have come to the earthquake-ravaged country of Kazakhstan in the guise of relief workers. There, amid the dust and death, in a land of blood red sunsets and ancient blood feuds, they must track down a missing laptop computer that may hold secrets vital to national security. To get it done, Nash does what he does best: break every rule in the book and manipulate those who can help him get what he needs. But this time, Nash may have met his match in Tess Bailey, an Troubleshooters operative with all the right instincts—and zero field experience. The deep attraction between them is immediate. . . . and potentially explosive, with risk at every turn. Now these two professionals must play out their dangerous games in the world’s most dangerous place—cut off from their own government, cutting deals with people they can’t trust, and guarding forbidden passions that threaten to compromise their crucial mission. A full throttle adventure teamed with heated emotion, Flashpoint proves that Suzanne Brockmann can spin suspense unlike any other author working today.**
