acquisition. Listening tasks give students multiple opportunities to focus on spoken English and develop listening skills. Mapped to the Global Scale of English.

Focus on Grammar and Meaning explores how to teach grammar effectively to second or foreign language learners aged 5-18. It provides teachers with research insights that will help them to reflect on their classroom practice and enable them to experiment with different ways of teaching grammar. Taking a 'systemic-functional' approach, the authors emphasize the importance of linking language and meaning in teaching. Key research studies on grammar instruction are featured, examples from real classroom practice are examined, and activities are provided to help

The syllabus combines a solid foundation in essential vocabulary and basic grammar with the life skills students need to function competently outside the classroom. The course progresses more slowly than most beginning series and is accessible to students with limited literacy skills. Each unit of the Student Book includes: Conversations (natural-sounding dialogues which introduce language points); Listening Plus; Paperwork (document literacy); Reading and Writing; Interactions (information gap activities); and Progress Checks. The series is

Through controlled and communicative exercises this text helps students to bridge the gap between identifying grammatical structures and using them. Each unit progresses through four steps: grammar in context, grammar presentation, focused practice and communication practice. Includes circling, matching, filling-in-the-blank, underlining, correcting, completion, short answer and writing exercises.

***From the creator of the
popular website Ask a
Manager and New York's
work-advice columnist
comes a witty, practical
guide to 200 difficult
professional
conversations—featuring
all-new advice! There's a
reason Alison Green has
been called "the Dear
Abby of the work world."***

Ten years as a workplace-advice columnist have taught her that people avoid awkward conversations in the office because they simply don't know what to say. Thankfully, Green does—and in this incredibly helpful book, she tackles the tough discussions you may need to have during your career. You'll learn what to say when • coworkers push their work on you—then take credit for it • you accidentally trash-talk someone in an email

**then hit “reply all” •
you’re being
micromanaged—or not
being managed at all •
you catch a colleague in a
lie • your boss seems
unhappy with your work •
your cubemate’s loud
speakerphone is making
you homicidal • you got
drunk at the holiday
party Praise for Ask a
Manager “A must-read
for anyone who works . . .
[Alison Green’s] advice
boils down to the idea
that you should be
professional (even when
others are not) and that**

communicating in a straightforward manner with candor and kindness will get you far, no matter where you work.”—Booklist (starred review) “The author’s friendly, warm, no-nonsense writing is a pleasure to read, and her advice can be widely applied to relationships in all areas of readers’ lives. Ideal for anyone new to the job market or new to management, or anyone hoping to improve their work experience.”—Library

Journal (starred review)
“I am a huge fan of Alison Green’s Ask a Manager column. This book is even better. It teaches us how to deal with many of the most vexing big and little problems in our workplaces—and to do so with grace, confidence, and a sense of humor.”—Robert Sutton, Stanford professor and author of The No Asshole Rule and The Asshole Survival Guide “Ask a Manager is the ultimate playbook for navigating the traditional workforce

in a diplomatic but firm way.”—Erin Lowry, author of Broke Millennial: Stop Scraping By and Get Your Financial Life Together
Modern America owes the Roman Empire for more than gladiator movies and the architecture of the nation's Capitol. It can also thank the ancient republic for some helpful lessons in globalization. So argues economic historian Harold James in this masterful work of intellectual history. The book addresses what

James terms "the Roman dilemma"--the paradoxical notion that while global society depends on a system of rules for building peace and prosperity, this system inevitably leads to domestic clashes, international rivalry, and even wars. As it did in ancient Rome, James argues, a rule-based world order eventually subverts and destroys itself, creating the need for imperial action. The result is a continuous fluctuation between

pacification and the breakdown of domestic order. James summons this argument, first put forth more than two centuries ago in Adam Smith's Wealth of Nations and Edward Gibbon's Decline and Fall of the Roman Empire, to put current events into perspective. The world now finds itself staggering between a set of internationally negotiated trading rules and exchange--rate regimes, and the enforcement practiced by

a sometimes-imperial America. These two forces--liberal international order and empire--will one day feed on each other to create a shakeup in global relations, James predicts. To reinforce his point, he invokes the familiar bon mot once applied to the British Empire: "When Britain could not rule the waves, it waived the rules." ? Despite the pessimistic prognostications of Smith and Gibbon, who saw no way out of this dilemma,

James ends his book on a less depressing note. He includes a chapter on one possible way in which the world could resolve the Roman Predicament--by opting for a global system based on values as opposed to rules.

Focus on Grammar 2 Workbook

The architecture of the human language faculty has been one of the main foci of the linguistic research of the last half century. This branch of linguistics, broadly known as Generative Grammar, is concerned with the formulation of explanatory formal accounts of linguistic phenomena with the ulterior goal of gaining insight into the properties of the 'language organ'. The series comprises high
