

For The Time Being By Annie Dillard

For the Time Being is a pivotal book in the career of one of the greatest poets of the twentieth century. W. H. Auden had recently moved to America, fallen in love with a young man to whom he considered himself married, rethought his entire poetic and intellectual equipment, and reclaimed the Christian faith of his childhood. Then, in short order, his relationship fell apart and his mother, to whom he was very close, died. In the midst of this period of personal crisis and intellectual remaking, he decided to write a poem about Christmas and to have it set to music by his friend Benjamin Britten. Applying for a Guggenheim grant, Auden explained that he understood the difficulty of writing something vivid and distinctive about that most clichéd of subjects, but welcomed the challenge. In the end, the poem proved too long and complex to be set by Britten, but in it we have a remarkably ambitious and poetically rich attempt to see Christmas in double focus: as a moment in the history of the Roman Empire and of Judaism, and as an ever-new and always contemporary event for the believer. For the Time Being is Auden's only explicitly religious long poem, a technical tour de force, and a revelatory window into the poet's personal and intellectual development. This edition provides the most accurate text of the poem, a detailed introduction by Alan Jacobs that explains its themes and sets the poem in its proper contexts, and thorough annotations of its references and allusions.

A lyrical and deeply affecting novel recounting the seven days a father spends on the road with his daughter after kidnapping her during a parental visit. Attending a New England summer camp, young Eric Schroder—a first-generation East German immigrant—adopts the last name Kennedy to more easily fit in, a fateful white lie that will set him on an improbable and ultimately tragic course. SCHRÖDER relates the story of Eric's urgent escape years later to Lake Champlain, Vermont, with his six-year-old daughter, Meadow, in an attempt to outrun the authorities amid a heated custody battle with his wife, who will soon discover that her husband is not who he says he is. From a correctional facility, Eric surveys the course of his life to understand—and maybe even explain—his behavior: the painful separation from his mother in childhood; a harrowing escape to America with his taciturn father; a romance that withered under a shadow of lies; and his proudest moments and greatest regrets as a flawed but loving father. Alternately lovesick and ecstatic, Amity Gaige's deftly imagined novel offers a profound meditation on history and fatherhood, and the many identities we take on in our lives—those we are born with and those we construct for ourselves.

Explores the rich diversities of our world, ranging from a natural history of sand to the rise of Hasidic thought to the eternal questions of God, evil, individuality, and time What did your face look like before your parents were born? In The Face: A Time Code, bestselling author and Zen Buddhist priest Ruth Ozeki recounts, in moment-to-moment detail, a profound encounter with memory and the mirror. Ozeki challenges herself to spend three hours gazing into her own reflection, recording her thoughts and noticing every possible detail. Those solitary hours open up a lifetime's worth of meditations on race, aging, family, death, the body, self-doubt and, finally, acceptance. Ozeki paints an intimate and rich portrait of life as told through a face.

TAROT of the Time Being

A tour-de-force guide to Zen Master Dogen's most subtle and sophisticated philosophical premises: that being and time are inseparable. "Impermanence is time itself, being itself—yet time and being are not at all as we imagine them to be. To really understand and fully embrace this point is to live in a radically different world—a world of awakening, inclusion, and love. Zen Master Dogen frames the teaching on impermanence explicitly as a teaching about time—and all of Dogen's profoundly poetic teachings flow from his seminal understanding of time, as expressed in Uji (Being-Time), the famous—and famously difficult—essay in his masterwork, Shobogenzo. In Uji, Dogen teaches that time itself, being itself, is luminous awakening. It is all-inclusive, all-elusive, ultimately healing, and eternal. In this book, Shinshu Roberts does full justice, as does no other book I know of, to Dogen's words. She offers interpretation of Uji only after careful consideration and marshaling of many sources—and offers simple everyday examples to illustrate points that seem at first abstruse. If this text causes you to doubt your most cherished concepts about your life, it will have done its work." —from the Foreword by Norman Fischer Being-Time thoroughly explores Dogen's teaching on how we practice as Buddhas by understanding the relationship between being and time as it is—and as we perceive it to be. Using Dogen's Shobogenzo Uji (The True Dharma Eye, Being-Time), Shinshu Roberts offers a twofold analysis of this teaching: the meaning of the text and practice with the text, giving examples how we apply Dogen's complex teaching to our daily lives.

"Anne Tyler is a magical writer." —Los Angeles Times Mrs. Emerson, widowed with seven adult children, lives alone in crumbling Victorian mansion outside Baltimore with only a collection of antique clocks to keep her company. Elizabeth Abbott—twenty-three years old, aimless, bohemian, and beautiful—leads a vagabond lifestyle until she happens upon Mrs. Emerson's home and convinces the older woman to hire her as a handyman. When three of the strange, idiosyncratic Emerson children return to their childhood home for a visit, they are irresistibly drawn to Elizabeth. With wondrous observations and bittersweet humor, Tyler shows how this unsuspecting young woman becomes the North star that helps a stumbling, dysfunctional family find its footing.

Winner of the Pulitzer Prize "The book is a form of meditation, written with headlong urgency, about seeing. . . . There is an ambition about her book that I like. . . . It is the ambition to feel." —

Eudora Welty, New York Times Book Review Pilgrim at Tinker Creek is the story of a dramatic year in Virginia's Roanoke Valley, where Annie Dillard set out to chronicle incidents of "beauty tangled in a rapture with violence." Dillard's personal narrative highlights one year's exploration on foot in the Virginia region through which Tinker Creek runs. In the summer, she stalks muskrats in the creek and contemplates wave mechanics; in the fall, she watches a monarch butterfly migration and dreams of Arctic caribou. She tries to con a coot; she collects pond water and examines it under a microscope. She unties a snake skin, witnesses a flood, and plays King of the Meadow with a field of grasshoppers. The result is an exhilarating tale of nature and its seasons.

In The Last Brother by Nathacha Appanah, 1944 is coming to a close and nine-year-old Raj is unaware of the war devastating the rest of the world. He lives in Mauritius, a remote island in the Indian Ocean, where survival is a daily struggle for his family. When a brutal beating lands Raj in the hospital of the prison camp where his father is a guard, he meets a mysterious boy his own age. David is a refugee, one of a group of Jewish exiles whose harrowing journey took them from Nazi occupied Europe to Palestine, where they were refused entry and sent on to indefinite detainment in Mauritius. A massive storm on the island leads to a breach of security at the camp, and David escapes, with Raj's help. After a few days spent hiding from Raj's cruel father, the two young boys flee into the forest. Danger, hunger, and malaria turn what at first seems like an adventure to Raj into an increasingly desperate mission. This unforgettable and deeply moving novel sheds light on a fascinating and unexplored corner of World War II history, and establishes Nathacha Appanah as a significant international voice.

The Clock Winder

Being-Time

For the Time Being, by Chad W. Lutz, is a modern look at mental illness, specifically the challenges persons with Bi-Polar Disorder face.

First published in 1998, For the Time Being brings together Dirk Bogarde's published work outside of his novels and autobiographies In 1988, Dirk Bogarde returned from two idyllic decades in France to live in England, due to his partner's serious illness. Shortly afterwards, the then literary editor of the Daily Telegraph, admiring the 'lucid frankness' of Bogarde's memoirs, invited him to review some books for the newspaper. This collection includes the famous article 'A Short Walk from Harrods', which Bogarde wrote for the Independent on Sunday soon after returning to London. In it he describes what it feels like to walk among familiar ghosts and to dine with those he considers 'the living dead'. A momentous review of three Holocaust books is accompanied by an article in which he describes the extraordinary postbag he received from its readers. In another piece which had a profound impact, he gives forceful vent to his support for euthanasia. It stands as a testimony to a wonderfully varied life, a wide range of interests and sympathies, and a remarkable gift for writing. A brilliant, unforgettable novel from bestselling author Ruth Ozeki, author of The Book of Form and Emptiness Finalist for the Booker Prize and the National Book Critics Circle Award “A time being is someone who lives in time, and that means you, and me, and every one of us who is, or was, or ever will be.” In Tokyo, sixteen-year-old Nao has decided there’s only one escape from her aching loneliness and her classmates’ bullying. But before she ends it all, Nao first plans to document the life of her great grandmother, a Buddhist nun who’s lived more than a century. A diary is Nao’s only solace—and will touch lives in ways she can scarcely imagine. Across the Pacific, we meet Ruth, a novelist living on a remote island who discovers a collection of artifacts washed ashore in a Hello Kitty lunchbox—possibly debris from the devastating 2011 tsunami. As the mystery of its contents unfolds, Ruth is pulled into the past, into Nao’s drama and her unknown fate, and forward into her own future. Full of Ozeki’s signature humor and deeply engaged with the relationship between writer and reader, past and present, fact and fiction, quantum physics, history, and myth, A Tale for the Time Being is a brilliantly inventive, beguiling story of our shared humanity and the search for home.

"In addition to highlighting the human benefits of built environments which relate to particular place, time and being, many of the Japanese buildings examined illustrate practical strategies for revealing these universal parameters which are equally applicable beyond Japan. It is suggested that wider use of some of these approaches could not only help to sustain both environmental and cultural identities against the homogenising effects of globalisation, but also has the potential to heighten our appreciation of the peculiar condition of being here now."--Jacket.

Special Limited Edition

Being an Account of Calamity Jane and Her Gunslinging Green Man

Pilgrim at Tinker Creek

The far right is back with a vengeance. After several decades at the political margins, far-right politics has again taken center stage. Three of the world's largest democracies — Brazil, India, and the United States — now have a radical right leader, while far-right parties continue to increase their profile and support within Europe. In this timely book, leading global expert on political extremism Cas Mudde provides a concise overview of the fourth wave of postwar far-right politics, exploring its history, ideology, organization, causes, and consequences, as well as the responses available to civil society, party, and state actors to challenge its ideas and influence. What defines this current far-right renaissance, Mudde argues, is its mainstreaming and normalization within the contemporary political landscape. Challenging orthodox thinking on the relationship between conventional and far-right politics, Mudde offers a complex and insightful picture of one of the key political challenges of our time.

Written in the midst of World War II after its author emigrated to America, "The Sea and the Mirror" is not merely a great poem but ranks as one of the most profound interpretations of Shakespeare's final play in the twentieth century. As W. H. Auden told friends, it is "really about the Christian conception of art" and it is "my *Ars Poetica*, in the same way I believe *The Tempest* to be Shakespeare's." This is the first critical edition. Arthur Kirsch's introduction and notes make the poem newly accessible to readers of Auden, readers of Shakespeare, and all those interested in the relation of life and literature—those two classic themes alluded to in its title. The poem begins in a theater after a performance of *The Tempest* has ended. It includes a moving speech in verse by Prospero bidding farewell to Ariel, a section in which the supporting characters speak in a dazzling variety of verse forms about their experiences on the island, and an extravagantly inventive section in prose that sees the uncivilized Caliban address the audience on art—an unalloyed example of what Auden's friend Oliver Sachs has called his "wild, extraordinary and demonic imagination." Besides annotating Auden's allusions and sources (in notes after the text), Kirsch provides extensive quotations from his manuscript drafts, permitting the reader to follow the poem's genesis in Auden's imagination. This book, which incorporates for the first time previously ignored corrections that Auden made on the galleys of the first edition, also provides an unusual opportunity to see the effect of one literary genius upon another.

The #1 New York Times bestseller. Over 4 million copies sold! Tiny Changes, Remarkable Results No matter your goals, Atomic Habits offers a proven framework for improving—every day. James Clear, one of the world's leading experts on habit formation, reveals practical strategies that will teach you exactly how to form good habits, break bad ones, and master the tiny behaviors that lead to remarkable results. If you're having trouble changing your habits, the problem isn't you. The problem is your system. Bad habits repeat themselves again and again not because you don't want to change, but because you have the wrong system for change. You do not rise to the level of your goals. You fall to the level of your systems. Here, you'll get a proven system that can take you to new heights. Clear is known for his ability to distill complex topics into simple behaviors that can be easily applied to daily life and work. Here, he draws on the most proven ideas from biology, psychology, and neuroscience to create an easy-to-understand guide for making good habits inevitable and bad habits impossible. Along the way, readers will be inspired and entertained with true stories from Olympic gold medalists, award-winning artists, business leaders, life-saving physicians, and star comedians who have used the science of small habits to master their craft and vault to the top of their field. Learn how to:
• make time for new habits (even when life gets crazy);
• overcome a lack of motivation and willpower;
• design your environment to make success easier;
• get back on track when you fall off course;
•...and much more. Atomic Habits will reshape the way you think about progress and success, and give you the tools and strategies you need to transform your habits—whether you are a team looking to win a championship, an organization hoping to redefine an industry, or simply an individual who wishes to quit smoking, lose weight, reduce stress, or achieve any other goal.

Returning home to the Idaho potato farm she fled twenty-five years earlier, Yumi struggles with her father's terminal illness, her mother's Alzheimer's, her former best friend, and a former lover who once offended the town.

A Practitioner's Guide to Dogen's Shobogenzo Uji

[[A] landmark book . . . Solnit illustrates how the uprisings that begin on the streets can upend the status quo and topple authoritarian regimes]] (Vice). A book as powerful and influential as Rebecca Solnit’s Men Explain Things to Me, her Hope in the Dark was written to counter the despair of activists at a moment when they were focused on their losses and had turned their back to the victories behind them—and the unimaginable changes soon to come. In it, she makes a radical case for hope as a commitment to act in a world whose future remains uncertain and unknowable. Drawing on her decades of activism and a wide reading of environmental, cultural, and political history, Solnit argues that radicals have a long, neglected history of transformative victories, that the positive consequences of our acts are not always immediately seen, directly knowable, or even measurable, and that pessimism and despair rest on an unwarranted confidence about what is going to happen next. Now, with a moving new introduction explaining how the book came about and a new afterword that helps teach us how to hope and act in our unerving world, she brings a new illumination to the darkness of our times in an unforgettable new edition of this classic book.

[[One of the best books of the 21st century.]]

[[An elegant reminder that activist victories are easily forgotten, and that they often come in extremely unexpected, roundabout ways.]]

[[The New Yorker

National Bestseller "Beautifully written and delightfully strange...as earthy as it is sublime...in the truest sense, an eye-opener." —Daily News From Annie Dillard, the Pulitzer Prize-winning author of Pilgrim at Tinker Creek and one of the most compelling writers of our time, comes For the Time Being, her most profound narrative to date. With her keen eye, penchant for paradox, and yearning for truth, Dillard renews our ability to discover wonder in life's smallest--and often darkest--corners. Why do we exist? Where did we come from? How can one person matter? Dillard searches for answers in a powerful array of images: pictures of bird-headed dwarfs in the standard reference of human birth defects; ten thousand terra-cotta figures fashioned for a Chinese emperor in place of the human court that might have followed him into death; the paleontologist and theologian Teilhard de Chardin crossing the Gobi Desert; the dizzying variety of clouds. Vivid, eloquent, haunting, For the Time Being evokes no less than the terrifying grandeur of all that remains tantalizingly and troublingly beyond our understanding. "Stimulating, humbling, original... [[Dillard]] illuminate[s] the human perspective of the world, past, present and future, and the individual's relatively inconsequential but ever so unique place in it."—Rocky Mountain News

A NEW YORK TIMES NOTABLE BOOK OF THE YEAR
NEW YORK TIMES BEST SELLER
[[From the indie rockstar of Japanese Breakfast fame, one of TIME's Most Influential People of 2022, and author of the viral 2018 New Yorker essay that shares the title of this book, an unflinching, powerful memoir about growing up Korean American, losing her mother, and forging her own identity. In this exquisite story of family, food, grief, and endurance, Michelle Zauner proves herself far more than a dazzling singer, songwriter, and guitarist. With humor and heart, she tells of growing up one of the few Asian American kids at her school in Eugene, Oregon; of struggling with her mother's particular, high expectations of her; of a painful adolescence; of treasured months spent in her grandmother's tiny apartment in Seoul, where she and her mother would bond, late at night, over heaping plates of food. As she grew up, moving to the East Coast for college, finding work in the restaurant industry, and performing gigs with her fledgling band--and meeting the man who would become her husband--her Koreaness began to feel ever more distant, even as she found the life she wanted to live. It was her mother's diagnosis of terminal cancer, when Michelle was twenty-five, that forced a reckoning with her identity and brought her to reclaim the gifts of taste, language, and history her mother had given her. Vivacious and plainspoken, lyrical and honest, Zauner's voice is as radiantly alive on the page as it is onstage. Rich with intimate anecdotes that will resonate widely, and complete with family photos, Crying in H Mart is a book to cherish, share, and reread.

Fiction. Derek White's latest novel is called MARSUPIAL: OUR MOTHER FOR THE TIME BEING. "The meta-novel is more or less told from the perspective of a young Southern boy who shows up in Paris in order to be a stand-in for his brother in a pretentious low-rent scifi B-movie about junkies addicted to 'bug juice.' Slipping in and out of bodies, names, and identities, the narrator is hardly reliable. He may be dreaming; he may be a figment of his brother's imagination. This instability is mirrored in the episodic structure of the book, as we pass, quick-cut style, back and forth through a number of narrative frames-childhood memoir, dream sequences, dictionary definitions, screenplay, film shoot, forensic documents, erotic fantasies. These are presented in different typefaces and genres of documents, and are interspersed with lots of White's gnarly and evocative dada-punk collages" - Erik Davis.

A Tale for the Time Being

For the Time Being

Winner of the Women's Prize for Fiction “No one writes like Ruth Ozeki—a triumph.” —Matt Haig, New York Times bestselling author of The Midnight Library “Inventive, vivid, and propelled by a sense of wonder.” —TIME “If you've lost your way with fiction over the last year or two, let The Book of Form and Emptiness light your way home.” —David Mitchell, Booker Prize-finalist author of Cloud Atlas A boy who hears the voices of objects all around him; a mother drowning in her possessions; and a Book that might hold the secret to saving them both—the brilliantly inventive new novel from the Booker Prize-finalist Ruth Ozeki One year after the death of his beloved musician father, thirteen-year-old Benny Oh begins to hear voices. The voices belong to the things in his house—a sneaker, a broken Christmas ornament, a piece of wilted lettuce. Although Benny doesn’t understand what these things are saying, he can sense their emotional tone; some are pleasant, a gentle hum or coo, but others are snide, angry and full of pain. When his mother, Annabelle, develops a hoarding problem, the voices grow more clamorous. At first, Benny tries to ignore them, but soon the voices follow him outside the house, onto the street and at school, driving him at last to seek refuge in the silence of a large public library, where objects are well-behaved and know to speak in whispers. There, Benny discovers a strange new world. He falls in love with a mesmerizing street artist with a smug pet ferret, who uses the library as her performance space. He meets a homeless philosopher-poet, who encourages him to ask important questions and find his own voice amongst the many. And he meets his very own Book—a talking thing—who narrates Benny’s life and teaches him to listen to the things that truly matter. With its blend of sympathetic characters, riveting plot, and vibrant engagement with everything from jazz, to climate change, to our attachment to material possessions, The Book of Form and Emptiness is classic Ruth Ozeki—bold, wise, poignant, playful, humane and heartbreaking.

In this thought-provoking and lyrical debut novel, a young woman's only hope for survival in the dystopian future is a ship, a Noah's Ark, that can rescue 500 people. London burned for three weeks. And then it got worse. . . Young, naive, and frustratingly sheltered, Lalla has grown up in near-isolation in her parents' apartment, sheltered from the chaos of their collapsed civilization. But things are getting more dangerous outside. People are killing each other for husks of bread, and the police are detaining anyone without an identification card. On her sixteenth birthday, Lalla's father decides it's time to use their escape route -- a ship he's built that is only big enough to save five hundred people. But the utopia her father has created isn't everything it appears. There's more food than anyone can eat, but nothing grows; more clothes than anyone can wear, but no way to mend them; and no-one can tell her where they are going.

The definitive guide to the therapeutic Japanese practice of shinrin-yoku, or the art and science of how trees can promote health and happiness Notice how a tree sways in the wind. Run your hands over its bark. Take in its citrusy scent. As a society we suffer from nature deficit disorder, but studies have shown that spending mindful, intentional time around trees--what the Japanese call shinrin-yoku, or forest bathing--can promote health and happiness. In this beautiful book--featuring more than 100 color photographs from forests around the world, including

the forest therapy trails that criss-cross Japan--Dr. Qing Li, the world's foremost expert in forest medicine, shows how forest bathing can reduce your stress levels and blood pressure, strengthen your immune and cardiovascular systems, boost your energy, mood, creativity, and concentration, and even help you lose weight and live longer. Once you've discovered the healing power of trees, you can lose yourself in the beauty of your surroundings, leave everyday stress behind, and reach a place of greater calm and wellness.

"Jordan's weird western snatches the best adventure and suspense elements from both genres and distills them to their essences, creating a violence-laced but enjoyable romp."--Publishers Weekly "This first novel adds a fresh sf twist to a . . . Wild West legend. This gritty story blends the right amount of hard trials and humor, giving readers a revitalized perspective on a familiar folklore heroine.--Library Journal "Calamity is a lesson on how to do it right. Highly recommended."--Peter David, New York Times Best-selling Author "J. D. Jordan's Calamity is a satisfyingly gritty, intense and entertaining novel that deserves the attention of speculative fiction readers . . . It's something different, because it offers a fascinating glimpse into the early life of Calamity Jane. It's quite an extraordinary sci-fi Western romp."--Risingshadow.netI'm sure you've heard of Calamity Jane, but this is not a novel about Calamity Jane. At least not the Jane you may have read about. Calamity Jane is part of the legends of the Wild West, but long before she scouted with Custer or "Wild Bill" Hickok, she was a fifteen-year-old girl with a fiery temper. Violence and tragedy turn young Jane's world upside down and soon she finds herself riding with an alien gunslinger--the Green Man--through a landscape of revenge and betrayal. Along the way, she learns how to shoot a six-gun and how to stand on her own, even when surrounded by Lakota warriors, and be respected. From space ships to guns that can shoot the wings off a butterfly a mile away, young Jane realizes that the universe is far bigger than the Wild West and that she can trust no one in it to save her but herself. When the villainous Grays meddling in the wars between the Indians and the government stand in the way of the Green Man making his way home, Jane finds her desire for revenge may be less than her loyalty for the longrider. And in that realization, she becomes the hero the Wild West has long remembered. So, forget what you know of how the West was won. Forget the Indian Wars and Custer's Last Stand. Instead, learn the truth of what happened when a young girl met a longrider she called the Green Man . . .

Two Stories

Uno Koji, a literary figure of the first rank in twentieth-century Japan, was a maverick who defied literary conventions by combining the playfulness and stylistic verve of pre-Meiji literature with the often tortured self-reflection of modern fiction. Elaine Gerbert's startlingly evocative and graceful translation is preceded by an interpretive introduction that places *Uno's* writing in critical perspective. Here at last is a translation that makes accessible for the first time in English two of the most representative works of this acute, eccentric, and always entertaining author, whose versatility and deft control of language earned him a reputation as one of the great stylists of modern Japanese literature.

FRIGHTENED MONSTERS. STOLEN TIME. AND ONE SERIOUSLY UNDERESTIMATED DAMSEL. Katie ran from the magical world years ago. She never planned on being dragged back in by a prophesying clamshell. The seers believe she alone can prevent an apocalypse of ruined time and broken worlds. Bran the Crow King believes she can save him from his cannibalistic grandfather. Katie believes they're all nuts. One thing is for certain: she's not waiting around for help. *Operation Katie Saves her Own Damn Self* is officially on.

When The Unbearable Lightness of Being was first published in English, it was hailed as "a work of the boldest mastery, originality, and richness" by critic Elizabeth Hardwick and named one of the best books of 1984 by the *New York Times Book Review*. It went on to win the *Los Angeles Times Book Prize for Fiction* and quickly became an international bestseller. Twenty years later, the novel has established itself as a modern classic. To commemorate the anniversary of its first English-language publication, HarperCollins is proud to offer a special hardcover edition. A young woman in love with a man torn between his love for her and his incorrigible womanizing; one of his mistresses and her humbly faithful lover -- these are the two couples whose story is told in this masterful novel. Controlled by day, Tereza's jealousy awakens by night, transformed into ineffably sad death-dreams, while Tomas, a successful surgeon, alternates loving devotion to the dependent Tereza with the ardent pursuit of other women. Sabina, an independent, free-spirited artist, lives her life as a series of betrayals -- of parents, husband, country, love itself -- whereas her lover, the intellectual Franz, loses all because of his earnest goodness and fidelity. In a world in which lives are shaped by irrevocable choices and by fortuitous events, a world in which everything occurs but once, existence seems to lose its substance, its weight. Hence we feel, says the novelist, "the unbearable lightness of being" -- not only as the consequence of our private acts but also in the public sphere, and the two inevitably intertwine. This magnificent novel encompasses the extremes of comedy and tragedy, and embraces, it seems, all aspects of human existence. It juxtaposes geographically distant places (Prague, Geneva, Paris, Thailand, the United States, a forlorn Bohemian village); brilliant and playful reflections (on "eternal return," on kitsch, on man and animals -- Tomas and Tereza have a beloved doe named Karenin); and a variety of styles (from the farcical to the elegiac) to take its place as perhaps the major achievement of one of the world's truly great writers.

Heidegger is one of the most controversial thinkers of the twentieth century. A difficult and powerful philosopher, his work requires careful reading. *Being and Time* was his first major book and remains his most influential work. Heidegger and *Being and Time* introduces and assesses: Heidegger's life and the background of *Being and Time*; the ideas and text of *Being and Time*; Heidegger's importance to philosophy and to the intellectual life of this century. Ideal for anyone coming to Heidegger for the first time, this guide will be vital for all students of Heidegger in philosophy and cultural theory.

Routledge Philosophy GuideBook to Heidegger and *Being and Time*

The Unbearable Lightness of Being

Collected Journalism

My Year of Meats

Our Mother for the Time Being

How to Turn Being Underestimated Into Your Greatest Advantage

A cross-cultural tale of two women brought together by the intersections of television and industrial agriculture, fertility and motherhood, life and love—the breakout hit by the celebrated author of *A Tale for the Time Being* and *The Book of Form and Emptiness* Ruth Ozeki's mesmerizing debut novel has captivated readers and reviewers worldwide. When documentarian Jane Takagi-Little finally lands a job producing a Japanese television show that just happens to be sponsored by an American meat-exporting business, she uncovers some unsavory truths about love, fertility, and a dangerous hormone called DES. Soon she will also cross paths with Akiko Ueno, a beleaguered Japanese housewife struggling to escape her overbearing husband. Hailed by *USA Today* as “rare and provocative” and awarded the Kirayama Prize for Literature of the Pacific Rim, *My Year of Meats* is a modern-day take on Upton Sinclair’s *The Jungle* for fans of Michael Pollan, Margaret Atwood, and Barbara Kingsolver.

A new, definitive translation of Heidegger's most important work.

As time beings, what we have is the time being, the present moment, however compromised, however shattered. Buchanan’s characteristic combination of wry humor, nerve, empathy, wisdom, and outrage exposes the laughably absurd and the evisceratingly tragic all at once.

A magical novel, based on a Japanese folk tale, that imagines how the life of a broken-hearted man is transformed when he rescues an injured white crane that has landed in his backyard. George Duncan is an American living and working in London. At forty-eight, he owns a small print shop, is divorced, and lonelier than he realizes. All of the women with whom he has relationships eventually leave him for being too nice. But one night he is woken by an astonishing sound—a terrific keening, which is coming from somewhere in his garden. When he investigates he finds a great white crane, a bird taller than even himself. It has been shot through the wing with an arrow. Moved more than he can say, George struggles to take out the arrow from the bird's wing, saving its life before it flies away into the night sky. The next morning, a shaken George tries to go about his daily life, retreating to the back of his store and making cuttings from discarded books—a harmless, personal hobby—when through the front door of the shop a woman walks in. Her name is Kumiko, and she asks George to help her with her own artwork. George is dumbstruck by her beauty and her enigmatic nature, and begins to fall desperately in love with her. She seems to hold the potential to change his entire life, if he could only get her to reveal the secret of who she is and why she has brought her artwork to him. Witty, magical, and romantic, *The Crane Wife* is a story of passion and sacrifice, that resonates on the level of dream and myth. It is a novel that celebrates the creative imagination, and the disruptive power of love.

Place, Time, and Being in Japanese Architecture

"What is the meaning of being?" This is the central question of Martin Heidegger's profoundly important work, in which the great philosopher seeks to explain the basic problems of existence. A central influence on later philosophy, literature, art, and criticism—as well as existentialism and much of postmodern thought—Being and Time forever changed the intellectual map of the modern world. As Richard Rorty wrote in the *New York Times Book Review*, "You cannot read most of the important thinkers of recent times without taking Heidegger's thought into account." This first paperback edition of John Macquarrie and Edward Robinson's definitive translation also features a new foreword by Heidegger scholar Taylor Carman.

"This is a book that springs from richness. . . valuable not only for anthropologists and sociologists. . . the interested but unskilled layman will find a treasure trove as well. One thing seems certain. If this book does not become THE authority for the scholar, it will certainly never be ignored. Ortiz has done himself and his people proud. They are both worthy of the acclamation."—The *New Mexican*

A heartbreaking and hilarious memoir by iCarly and Sam & Cat star Jennette McCurdy about her struggles as a former child actor—including eating disorders, addiction, and a complicated relationship with her overbearing mother—and how she retook control of her life. Jennette McCurdy was six years old when she had her first acting audition. Her mother's dream was for her only daughter to become a star, and Jennette would do anything to make her mother happy. So she went along with what Mom called “calorie restriction,” eating little and weighing herself five times a day. She endured extensive at-home makeovers while Mom chided, “Your eyelashes are invisible, okay? You think Dakota Fanning doesn’t tint hers?” She was even showered by Mom until age sixteen while sharing her diaries, email, and all her income. In I’m Glad My Mom Died, Jennette recounts all this in unflinching detail—just as she chronicles what happens when the dream finally comes true. Cast in a new Nickelodeon series called iCarly, she is thrust into fame. Though Mom is ecstatic, emailing fan club moderators and getting on a first-name basis with the paparazzi (“Hi Gale!”), Jennette is riddled with anxiety, shame, and self-loathing, which manifest into eating disorders, addiction, and a series of unhealthy relationships. These issues only get worse when, soon after taking the lead in the iCarly spinoff Sam & Cat alongside Ariana Grande, her mother dies of cancer. Finally, after discovering therapy and quitting acting, Jennette embarks on recovery and decides for the first time in her life what she really wants. Told with refreshing candor and dark humor, I’m Glad My Mom Died is an inspiring story of resilience, independence, and the joy of shampooing your own hair.

"From a black, gay woman who broke into the boys' club of Silicon Valley comes an empowering guide to finding your voice, working your way into any room you want to be in, and achieving your own dreams. In 2015, Arlan Hamilton was on food stamps and sleeping on the floor of the San Francisco airport, with nothing but an old laptop and a dream of breaking into the venture capital business. She couldn't understand why people starting companies all looked the same (white and male), and she wanted the chance to invest in the ideas and people who didn't conform to this image of how a founder is supposed to look. Hamilton had no contacts or network in Silicon Valley, no background in finance-not even a college degree. What she did have was fierce determination and the will to succeed. As much as we wish it weren't so, we still live in a world where being underrepresented often means being underestimated. But as someone who makes her living investing in high-potential founders who also happen to be female, LGBTQ, or people of color, Hamilton understands that being undervalued simply means that a big upside exists. Because even if you have to work twice as hard to get to the starting line, she says, once you are on a level playing field, you will sprint ahead. Despite what society would have you believe, Hamilton argues, a privileged background, an influential network, and a fancy college degree are not prerequisites for success. Here she shares the hard-won wisdom she's picked up on her remarkable journey from food-stamp recipient to venture capitalist, with lessons like "The Best Music Comes from the Worst Breakups," "Let Someone Shorter Stand in Front of You," "The Dangers of Hustle Porn," and "Don't Let Anyone Drink Your Diet Coke." Along the way, she inspires us all to defy other people's expectations and to become the role models we've been looking for"--

On Time, Being, and Hunger

All Over Creation

Crying in H Mart

The Sea and the Mirror

A Memoir

Pen/Hemingway Award-winning novelist Jane Hamilton follows up her first success, *The Book Of Ruth*, with this spectacularly haunting drama about a rural American family and a disastrous event that forever changes their lives. The Goodwins, Howard, Alice, and their little girls, Emma and Claire, live on a dairy farm in Wisconsin. Although suspiciously regarded by their neighbors as "that hippie couple" because of their well-educated, urban background, Howard and Alice believe they have found a source of emotional strength in the farm, he tending the barn while Alice works as a nurse in the local elementary school. But their peaceful life is shattered one day when a neighbor's two-year-old daughter drowns in the Goodwins' pond while under Alice's care. Tormented by the accident, Alice descends even further into darkness when she is accused of sexually abusing a student at the elementary school. Soon, Alice is arrested, incarcerated, and as good as convicted in the eyes of a suspicious community. As a child, Alice designed her own map of the world to find her bearings. Now, as an adult, she must find her way again, through a maze of lies, doubt and ill will. A vivid human drama of guilt and betrayal, *A Map of the World* chronicles the intricate geographies of the human heart and all its mysterious, uncharted terrain. The result is a piercing drama about family bonds and a disappearing rural American life.

Situating itself within the context of current debates in continental philosophy, and through a series of readings of Aristotle, Nietzsche, Heidegger and Derrida to recent developments in life sciences, this book offers a critical enquiry concerning the traditional way of understanding life in the history of metaphysics.
