From the author of Hidden Gardens of Paris and The Streets of Paris comes a beautifully illustrated guide to the history of Paris through its renowned and beloved places of worship. When visiting the City of Light, the spirit of Paris can be felt everywhere. It holds a sacred history that goes beyond words, beyond religion, and its legendary places of worship are truly its crown jewels. Susan Cahill's Sacred Paris is a guide for seasoned Parisian visitors, novices, and armchair travelers to the historic religious sites of the city, from the well-known landmarks to the sacred spots off the beaten track, from the magnificent towers of Notre-Dame and the sweeping arches of the Grand Mosque to the serenity of Saint-Julien-le-Pauvre. This spiritual tour is interwoven with the artistic and cultural history of Paris, from the medieval Crusades through the Resistance of World War II. Stand in the basilica of Saint-Denis, where Joan of Arc prayed with her soldiers in the Hundred Years' War, and gaze at the murals of Saint-Sulpice painted by Eugene Delacroix, or visit the village of Auvers where Vincent van Gogh painted the lovely Gothic church of Notre Dame d'Auvers-sur-Oise. Organized by the major geographical sections of the city—Île de la Cité; the Latin Quarter on the Left Bank; Montparnasse; Northern Paris on the Right Bank; the Marais—each chapter is accompanied by Marion Ranoux's beautiful four-color photographs. Also included are lists of "Nearby": gardens, bistros, librairies, museums, and other points of interest to round out your visit.

This prompted journal began as Amy Krouse Rosenthal's last creatively undertaking on Instagram, Project 1, 2, 3. For 123 days, Amy planned to come up with something new every day that could be expressed in a list of three. Amy made it to Day 61 before she passed away, and Paris has since picked up where she left off. Not only is this journal a beautiful love letter to Paris's mother, but it's also a powerful tool for framing your life in lists of three—bringing more gratitude, creativity, and focus to your life. Walking tours inspired by famous figures of France, from artists to chefs to historic leaders. Take a stroll through Édith Piaf's Belleville, dine at Napoléon's favorite restaurant, and explore the late-night haunts of Ernest Hemingway, Josephine Baker, and Pablo Picasso. From the author of the best-selling City Walks: Paris, this lively collection of walking adventures follows in the footsteps of more than twenty-five of the city's iconic former residents. Throughout, Paris is seen from the intimate vantage point of those who loved it best, from the bars where authors penned classic works to the markets and patisseries where food lovers indulged. Including photos and full-color maps throughout, each walk in this book guides visitors and locals through the city that inspired some of the world's most famous artists, writers, chefs, musicians, politicians, and more.

Toward the end of the year 1920 the Government of the United States had practically completed the programme, adopted during the last months of President Winthrop's administration. The country was apparently tranquil. Everybody knows how the Tariff and Labour questions were settled. The war with Germany, incident on that country's seizure of the Samoan Islands, had left no visible scars upon the republic, and the temporary occupation of Norfolk by the invading army had been forgotten in the joy over repeated naval victories, and the subsequent ridiculous plight of General Von Gartenlaub's forces in the State of New Jersey. The Cuban and Hawaiian investments had paid one hundred per cent and the territory of Samoa was well worth its cost as a coaling station. The country was in a superb state of defence. Every coast city had been well supplied with land fortifications: the army under the parental eye of the General Staff, organized according to the Prussian system, had been increased to 300,000 men, with a territorial reserve of a million; and six magnificent squadrons of cruisers and battle-ships patrolled the six stations of the navigable seas, leaving a steam reserve amply fitted to control home waters. The gentlemen from the West had at last been constrained to acknowledge that a college for the training of diplomats was as necessary as law schools are for the training of barristers; consequently we were no longer represented abroad by incompetent patriots. The nation was prosperous; Chicago, for a moment paralyzed after a second great fire, had risen from its ruins, white and imperial, and more beautiful than the white city which had been built for its plaything in 1893. Everywhere good architecture was replacing bad, and even in New York, a sudden craving for decency had swept away a great portion of the existing horrors. Streets had been widened, properly paved and lighted, trees had been planted, squares laid out, elevated structures demolished and underground roads built to replace them. The new government buildings and barracks were fine bits of architecture, and the long system of stone quays which completely surrounded the island had been turned into parks which proved a god-send to the population. The subsidizing of the state theatre and state opera brought its own reward. The United States National Academy of Design was much like European institutions of the same kind. Nobly evinced the Secretary of Fine Arts, either his cabinet position or his portfolio. The Secretary of Forestry and Game Preservation had a much easier time, thanks to the new system of National Mounted Police. We had profited well by the latest treaties with France and England; the exclusion of foreign-born Jews as a measure of self-preservation, the settlement of the new independent negro state of Suanee, the checking of immigration, and the gradual centralization of power in the executive all contributed to national calm and prosperity. When the Government solved the Indian problem and squadrons of Indian cavalry scouts in native costume were substituted for the pitiable organizations tacked on to the tail of skeletonized regiments by a former Secretary of War, the nation drew a long sigh of relief. When, after the colossal Congress of Religions, bigotry and intolerance were laid in their graves and kindness and charity began to draw warring sects together, many thought the millennium had arrived, at least in the new world which after all is a world by itself.

NEW YORK TIMES BESTSELLER The complete, uncensored history of the award-winning *The Daily Show* with Jon Stewart, as told by its correspondents, writers, and host. For almost seventeen years, *The Daily Show* with Jon Stewart brilliantly redefined the borders between television comedy, political satire, and opinionated news coverage. It launched the careers of some of today's most significant comedians, highlighted the hypocrisies of the powerful, and garnered 23 Emmys. Now the show's behind-the-scenes gags, controversies, and camaraderie will be chronicled by the players themselves, from legendary host Jon Stewart to the star cast members and writers—including Samantha Bee, Stephen Colbert, John Oliver, and Steve Carell - plus some of *The Daily Show*'s most prominent guests and adversaries: John and Cindy McCain, Glenn Beck, Tucker Carlson, and many more. This oral history takes the reader behind the curtain for all the show's highlights, from its origins as Comedy Central's underdog late-night program to Trevor Noah's succession, rising from a scrappy jester in the 24-hour political news cycle to the beating heart of politics—a trusted source for not only comedy but also commentary, with a reputation for calling bullshit and an ability to effect real change in the world. Through years of incisive election coverage, passionate debates with President Obama and Hillary Clinton, feuds with Bill O'Reilly and Fox, and provocative takes on Wall Street and racism, *The Daily Show* has been a cultural touchstone. Now, for the first time, the people behind the show's seminal moments come together to share their memories of the last-minute rewrites, improvisations, pranks, romances, blow-ups, and moments of Zen both on and off the set of one of America's most groundbreaking shows.

Great Paintings is a sumptuous, visually guided tour of 66 of the world's greatest paintings. Ranging from works by Zhang Zeduan, a 12th-century Chinese master, to modern masterpieces by Rothko and Anselm Kiefer, the paintings are arranged chronologically, providing an excellent visual introduction to the history of art. The book starts with how to "read" a painting. Annotated paintings show how to identify the key elements of a picture. The major part of the book is a magnificent visual gallery of iconic paintings. The story behind each painting is fully explained, unlocking the often hidden meanings of symbols and details. Each painting is then analyzed visually, using pull-out details and overlays, to help the reader understand the key features, composition, and techniques. Artists' biographies and features on historical and social context explore how landmark paintings have been influenced by what has gone before and how they go on to inspire what comes after them. Reading Great Paintings is like being taken around a gallery by a personal guide who helps you to look at paintings—both familiar and new in fresh and fascinating ways.

For any woman who has lost work on her speedometer comes a sparkling new primer for aging—the French way—with grace and style. Frenchwomen of a certain age are captivating and complex. They appear younger than their years and remain stylish throughout their lives. They look at birthdays as a celebration of a life well-lived and perhaps a good reason to go shopping before they dress to perfection for a celebration of another anniversary. American-born fashion designer Tish Jett has studied the lives of Frenchwomen and has distilled their secrets. Exploring how their wardrobe, beauty, diet, and hair rituals evolve with time and how some aspects of their signature styles never change, Jett shows how Frenchwomen know their strengths, hide their weaknesses, and never talk about their fears, failures, or flaws. After all, in France, beauty, style, and charm have no expiration dates.

"Christopher Moore is a very tick man, in the very best sense of that word." —Carl Hussen A magnificent "Comedy of Art" from the author of Lhamo, Fool, and Bie Me. Moore's Sacré Bleu is part mystery, part history (sof), part love story, and wholly hilarious as it follows a young baker-painter as he joins the dapper Henri Toulouse-Lautrec on a quest to unravel the mystery behind the supposed "suicide" of Vincent van Gogh. It is the color of the Virgin Mary's cloak, a dazzling pigment desired by artists, an exquisite hue infused with danger, adventure, and perhaps even the supernatural. It is . . . Sacré Bleu In July 1890, Vincent van Gogh went into a cornfield and shot himself. Or did he? Why would an artist at the height of his creative powers attempt to take his own life . . . and then walk a mile to a doctor's house for help? Who was the crooked little "color man" Vincent had claimed was stalking him across France? And why had the painter recently been deathly afraid of a certain shade of blue? These are just a few of the questions confronting Vincent's friends—baker-turned-painter Lucien Lessard and non vivant Henri Toulouse-Lautrec—who want to discover the truth about van Gogh's untimely death. Their quest will lead them on a surreal odyssey and brother-and-deep into the art world of late nineteenth-century Paris. Oh là là, quelle surprise, and zut alors! A delectable confection of intrigue, passion, and art history—with cancan girls, baguettes, and fine French cognac thrown in for good measure—Sacré Bleu is another masterpiece of wit and wonder from the one, the only, Christopher Moore.

The Invisible Life of Addie LaRue

Paris in Love

Paris in Bloom

A charming and insightful memoir about coming of age as a fashion journalist in 1980s Paris, by former Vogue and Harper's Bazaar editor Kate Betts, the author of Everyday Icon: Michelle Obama and the Power of Style "You can always come back," my mother said. "Just go." As a young woman, Kate Betts nursed a dream of striking out on her own in a faraway place and becoming a glamorous foreign correspondent. After college—and not without trepidation—she took off for Paris, renting a room in the apartment of a young BCBG (bon chic, bon genre) family and throwing herself into the local culture. She was determined to master French slang, style, and savoir faire, and to find a job that would give her a reason to stay. After a series of date-paying jobs that seemed only to reinforce her outsider status, Kate's hard work and willingness to take on any assignment paid off: Her writing and intrepid forays into la France Profonde—true France—caught the eye of John Fairchild, the mercurial fashion arbiter and publisher of Women's Wear Daily, the industry's bible. Kate's earliest assignments—investigating the mineral water preferred by high society, chasing after a costumed band of wild boar hunters through the forests of Brittany—were a rough apprenticeship, but she was rewarded for her efforts and was initiated into the elite ranks of Mr. Fairchild's trusted few who sat beside him in the front row and at private previews in the ateliers of the gods of French fashion. From a wozy yet mesmerizing Yves Saint Laurent and the mischievous and commanding Karl Lagerfeld to the riotous, brilliant young guns who were rewriting all the rules—Martin Margiela, Jean Paul Gaultier, and Helmut Lang—she has had a front-row seat to the most exciting fashion moments of our time. Her writing has been a constant, and her insights have been invaluable. Her memoir brings to life the enchantment of France—from the nightclubs of 1980s Paris where she learned to dance La Rock, to the lavender fields of Provence and the grand spectacle of the Cour Carrée—and magically re-creates that moment in life when a young woman discovers who she's meant to be. Why French women of a certain age are the consummate hostesses, homemakers, and style icons—and how you can be, too. Frenchwomen—particularly those 40 and over—are role models for stylish and gracious living, what the French call l'art de vivre. American-born fashion journalist Tish Jett, who has studied these women for years, shared their beauty secrets in her first book, Forever Chic. Now she explores why Frenchwomen of a certain age are master hostesses and homemakers, expert practitioners of les bonnes manières as well as everyday elegance, savoir-faire, and as a result, la joie de vivre. Jett explains how to entertain like a Frenchwoman, including a glimpse into the typical French larder from which a delicious meal can be thrown together with ease, to detailed instruction on laying a beautiful table and crafting a perfect cheese plate (did you know that when cutting from a wedge of cheese, slice from the back to the point, which is the "heart" of the cheese, and as such considered the best part and not to be lopped off so others cannot enjoy it). She explores everyday style and elegance, disclosing how to create that special bien dans sa peau (to feel good about oneself) sensation so coveted by Frenchwomen. Jett also shares the importance of discipline, which goes hand in hand with beauty—a well-ordered closet, be it for clothes or linens, translates to easy everyday elegance. With tips on adjusting your beauty and style regimes seasonally, charmingly packaged with color illustrations, Living Forever Chic is a delightful gift for the Francophile in your life.

This book, Page of Roses, is the third book in a trilogy. Let Freedom Ring and The Last Grain Through the Hourglass are the first two. These books are a remarkable bit of American literature. The Robert Frost poem, The Road Not Taken, has inspired me to write Hour Glass. Finally, the Statue of Liberty is a symbol of the poem Let Freedom Ring. The last three lines of the Frost poem goes two roads diverged in a wood, and I took the one less traveled by, and that has made all the difference. I got the idea for Page of Roses from Hemingway, that if you are lucky enough to have lived in Paris as a young man, it stays with you for the rest of your life. For Paris is a movable feast.

#1 bestselling author Lisa Scottoline offers a sweeping and shattering epic of historical fiction fueled by shocking true events, the tale of a love triangle that unfolds in the land of Rome—in the creeping shadow of fascism. What we do not destroy, only have to heal. Elisabetta, Marco, and Sandro grow up as the best of friends despite their differences. Elisabetta is a feisty beauty who dreams of becoming a novelist; Marco the brash and athletic son of a family of professional cyclists; and Sandro a Jewish mathematics prodigy, kind-hearted and thoughtful, of the son of a lawyer and a doctor. Their friendship blossoms to love, with both Sandro and Marco hoping to win Elisabetta's heart. But in the autumn of 1937, all of that begins to change as Mussolini asserts his power, aligning Italy's Fascists with Hitler's Nazis and altering the way that government Rome. In time, everything that the three hold dear—their families, their homes, and their connection to one another—is tested in ways they never could have imagined. As anti-Semitism takes legal root and World War II erupts, the threesome realizes that Mussolini is only the beginning. The Nazis invade Rome, and with their occupation come new atrocities against the city's Jews, culminating in a final, horrific betrayal. Against this backdrop, the intertwined fates of Elisabetta, Marco, Sandro, and their families will be decided, in a heartbreaking story of both the best and the worst that the world has to offer. Unfolding over decades, this novel is a tale of loyalty and loss, family and food, love and war—all set in one of the world's most beautiful cities at its darkest moment. NEW YORK TIMES BESTSELLER • *From the author of Wilde in Love, a joyful chronicle of a year in one of the most beautiful cities in the world: Paris. "What a beautiful and delightful tasting menu of a book: the kids, the plump little dog, the Italian husband. Reading this memoir was like wandering through a Parisian pâtisserie in a dream. I absolutely loved it."*—Elizabeth Gilbert, author of Eat, Pray, Love *When bestselling romance author Eloisa James took a sabbatical from her day job as a Shakespeare professor, she also took a leap that many people dream about: She sold her house and moved her family to Paris. With no classes to teach, no committee meetings to attend, no lawn to mow or cars to park, Eloisa revels in the ordinary pleasures of life—discovering corner museums that tourists overlook, chronicling Frenchwomen's sartorial triumphs, walking from one end of Paris to another. She copes with her Italian husband's notions of quality time; her two hilarious children, ages eleven and fifteen, as they navigate schools—not to mention puberty—in a foreign language; and her mother-in-law Marina's raised eyebrow in the kitchen (even as Marina overfeeds Milo, the family dog). Paris in Love invites the reader into the life of a New York Times bestselling author and her spirited, enchanting family, framed by la ville de l'amour. Praise for Paris in Love "Exhilarating and enchanting . . . brims with a casual wisdom about life."—Chicago Tribune "In this delightful charm-bracelet of a memoir, [Eloisa James shares] her adventures as an American suddenly immersed in all things French—food, clothes, joie de vivre."—People "Enchanting . . . gives the reader a sense of being immersed along with James in Paris for a year . . . you see the rain, taste the food, observe the people."—USA Today "This delectable confection, which includes recipes, is more than a visit to a glorious city: it is also a tour of a family, a marriage, and a love that has no borders. Très magnifique!"—Library Journal (starred review) "A charming, funny and poignant memoir . . . steeped in Paris and suffused with love."—Star Tribune "Charming . . . a romance—for a city, a life, a family, and love itself."—The Huffington Post*

"A love letter to bookstores and libraries." —The Boston Globe *The dramatic story of how a humble bookseller fought against incredible odds to bring one of the most important books of the 20th century to the world in this new novel from the author of The Girl in White Gloves. A PopSugar Much-Anticipated 2022 Novel • A BookTrib Top Ten Historical Fiction Book of Spring • A SheReads' Best Literary Historical Fiction Coming in 2022 • A Reader's Digest's Best Books for Women Written by Female Authors • A BookBub Best Historical Fiction Book of 2022* When bookish young American Sylvia Beach opens Shakespeare and Company on a quiet street in Paris in 1919, she has no idea that she and her new bookstore will change the course of literature itself. Shakespeare and Company is more than a bookstore and lending library: Many of the prominent writers of the Lost Generation, like Ernest Hemingway, consider it a second home. It's where some of the most important literary friendships of the twentieth century are forged—none more so than the one between Irish writer James Joyce and Sylvia herself. When Joyce's controversial novel Ulysses is banned, Beach takes a massive risk and publishes it under the auspices of Shakespeare and Company. But the success and notoriety of publishing the most infamous and influential book of the century comes with steep costs. The future of her beloved store itself is threatened when Ulysses' success brings other publishers to woo Joyce away. Her most cherished relationships are put to the test as Paris is plunged deeper into the Depression and many expatriate friends return to America. As she faces painful personal and financial crises, Sylvia—a woman who has made it her mission to honor the life-changing impact of books—must decide what Shakespeare and Company truly means to her.
