

Fortinet 30b User Guide

Brian and his friends are not part of the cool crowd. They're the misfits and the troublemakers—the ones who jump their high school's fence to skip class regularly. So when a deadly virus breaks out, they're the only ones with a chance of surviving. The virus turns Brian's classmates and teachers into bloodthirsty attackers who don't die easily. The whole school goes on lockdown, but Brian and his best friend, Chad, are safe (and stuck) in the theater department—far from Brian's sister, Kenzie, and his ex-girlfriend with a panic attack problem, Laura. Brian and Chad, along with some of the theater kids Brian had never given the time of day before, decide to find the girls and bring them to the safety of the theater. But it won't be easy, and it will test everything they thought they knew about themselves and their classmates. Praise for SICK "The gore and action will leave enthralled readers thrilled and then sated with each kill on either side." —Booklist "Between the pacing and the heroes' salty, blue language (full of lovingly creative, genital-inspired insults), reluctant readers who love zombies will devour it, right up to the abrupt end." —Kirkus Reviews "Sick is well written, with great detail, even if it is a little gory." —VOYA Magazine Awards 2014 Quick Picks for Reluctant Young Readers list from YALSA

This book introduces profound reflections of Xavier Zubiri (1898-1983) on the history of philosophy to English-speaking audiences. The book discusses the transcendental in Western philosophy and how a firm grasp of it reveals underlying unity, but also fundamental problems that Zubiri believed require a complete rethinking of certain theories.

Welcome to Look-Alike Land, where the more you look, the more you see! Like its predecessor, Look-Alikes Jr. features 3-D picture puzzles, but this time invites even the youngest child to join in the fun by featuring simpler, easier-to-find look-alikes in childlike settings. There are 11 scenes - house, parlor, kitchen, bedroom, school bus, classroom, construction site, movie lobby, train, farm, and rocket - each with 50+ objects to identify (700+ in total). Look for a cement mixer made out of a mustard bottle, kitchen cabinets made out of cakes of soap, and a bed built with crayons and pasta! Fun for all ages. This best-selling book is back with a brand new series design and a striking new cover.

In the backwoods of Mississippi, a land of honeysuckle and grapevine, Jewel and her husband, Leston, are truly blessed; they have five fine children. When Brenda Kay is born in 1943, Jewel gives thanks for a healthy baby, last-born and most welcome. Jewel is the story of how quickly a life can change; how, like lightning, an unforeseen event can set us on a course without reason or compass. In this story of a woman's devotion to the child who is both her burden and God's singular way of smiling on her, Bret Lott has created a mother-daughter relationship of matchless intensity and beauty, and one of the finest, most indomitable heroines in contemporary American fiction.

Offers a collection of true facts about such topics as animals, food, science, outer space, geography, and weather. "Many interesting developments have occurred in the world of venture capital since the publication of the first edition of this book in 2006, which prompted us to revise the book for the second edition. While the organization of the book remains unchanged, many of the chapters are substantially rewritten. For example, in Chapter 5, we re-ranked top VC firms, incorporating the latest performance statistics, fundraising and investment activities, notable exits, and (as always) our subjective opinions. In Chapter 6, we examine further evidence of the deepening globalization of the industry. In Chapters 3, 4, and 7, we analyze the impact of the 1999-2000 Internet bubble years on the VC risk and returns, as investments made in those years are finally mature and thus now a part of the performance evaluation analysis. We also incorporated expositional improvements throughout the book based on reader feedback on the first edition. Another feature of the new edition is that the VCV model, used extensively in Part III of the book, is now available as a Web-based application available on <http://VCVtools.com>. Significant collaborative efforts went into developing this tool, which we believe will be of interest to a broad audience, including practitioners interested in valuing VC-backed company stocks and employee stock options"

GROW YOUR SMALL BUSINESS AND TRANSFORM YOUR LIFE! Learn the unusual secrets and follow in the footsteps of the world's most successful entrepreneurs so that you can grow your company and build the business of your dreams. In *The Ultimate Small Business Guidebook*, small business expert, coach and author, Ian Watts explains how to remove the stress of growing your small business with predictable revenue, how to remove the uncertainty of launching new products and services, and how to build simple, yet effective systems so that you can grow your company and experience personal freedom. You will discover: **The 2 Unusual Secrets that will Immediately Transform your Business How to Develop Predictable and Sustainable Revenue How to Develop Business Systems that Allow You to Scale Your Business and Give You Personal Freedom How to Develop a Model to Quickly and Inexpensively Test Any New Business, Product, or Service Idea to Ensure that it is Irresistible to Your Market The 7 Secrets of the World's Most Successful Entrepreneurs So Much More Good Stuff...** "Ian is one of the most brilliant entrepreneurs and small business coaches that I know. He developed an innovative system that allowed me to rapidly grow my company from 6 clinics to 61 clinics nationwide, hiring over 300 people in less than 2 years. This was done with a third of the usual staffing." - Rich Morgan, President, LightRx Face and Body; he built and sold the largest laser aesthetics company in the world, with over 230 clinics and 1800 employees. *The Ultimate Small Business Guidebook* is a must have for any entrepreneur looking to grow a successful business.

India's fault lines run wide and deep. Some of them go back centuries, others are of comparatively recent origin. The myriad villains these fault lines have spawned include rapists, murderers, terrorists, prophets of religious hatred, corrupt politicians, upholders of abhorrent caste traditions, opponents of free speech and dissent, apologists for regressive cultural practices, and external adversaries who try to destabilize our borders. All of them are responsible for impeding the country's progress, destroying the lives of numberless innocents, usually the poorest and most vulnerable of our people, and besmirching the democratic, plural, free and secular nature of our society. Set against these enemies of our nation's promise are the heroic ones-the poor, illiterate woman who was gang-raped but helped change the nation's

attitude towards women through her determined fight for justice; the young soldier whose courage and sacrifice in the high Himalayas was an inspiration to his comrades fighting the Kargil War; the wife whose husband was beheaded by Maoist terrorists, yet sought not revenge but succour for the poor and underprivileged; and the son of the village blacksmith who was lynched by a mob of religious fundamentalists appealing for an end to discord and sectarian violence. These stories, and dozens of others like them, map our country's fault lines. In this book, Barkha Dutt recounts the ones that have left an indelible mark on her. Taken together, they provide a vivid, devastating and unforgettable portrait of our unquiet land.

Is is the 9th Edition of the Substitute Teacher Handbook by STEDI.org

A landmark volume, The Africana Bible gathers multicultural and interdisciplinary perspectives on every book in the Hebrew Bible. It opens a critical window onto the world of interpretation on the African continent and in the multiple diasporas of African peoples, including the African-American experience, with attention to Africana histories, literatures, cultures, and backgrounds for understanding biblical literature. The Africana Bible features a critical commentary on every book of the Hebrew Bible, the Apocrypha, and Pseudepigrapha that are authoritative for many in African and African-diasporan communities worldwide. It highlights issues of concern to the global Black community (such as globalization and the colonial legacy) and the distinctive norms of interpretation in African and African Diasporan settings.

Fortinet's NSE4 actual exam material brought to you by group of certification experts.

To predict our future, we must look to the extremes. So argues the economist Richard Davies, who takes readers to the margins of the modern economy and beyond. These extreme economies illustrate the forces that test human resilience, drive societies to failure, and promise to shape our collective future. Reviving a foundational idea from the medical sciences, Extreme Economies turns the logic of modern economics on its head by arguing that these outlier societies can teach us more about our own than we might imagine. By adapting to circumstances unimaginable to most of us, the people in these societies are pioneering the economic infrastructure of the future.

The Science Focus Second Edition is the complete science package for the teaching of the New South Wales Stage 4 and 5 Science Syllabus. The Science Focus Second Edition package retains the identified strengths of the highly successful First Edition and includes a number of new and exciting features, improvements and components. The innovative Teacher Edition with CD allows a teacher to approach the teaching and learning of Science with confidence as it includes pages from the student book with wrap around teacher notes including answers, hints, strategies and teaching and assessment advice.

The only book you will ever need to ACE the PSAT/NMSQT Math Test! Successfully Used by Thousands of PSAT Test Takers PSAT Math Prep 2020 - 2021, which reflects the 2020 - 2021 test guidelines, is dedicated to preparing test takers to ace the PSAT/NMSQT Math Test. This comprehensive PSAT Math Prep book with hundreds of examples, abundant sample PSAT mathematics questions, and two full-length and

realistic PSAT/NMSQT Math tests is all you will ever need to fully prepare for the PSAT Math. It will help you learn everything you need to ace the math section of the PSAT test. Effortless Math unique study program provides you with an in-depth focus on the math portion of the exam, helping you master the math skills that students find the most troublesome. This PSAT Math preparation book contains most common sample questions that are most likely to appear in the mathematics section of the PSAT. Inside the pages of this comprehensive PSAT Math book, students can learn basic math operations in a structured manner with a complete study program to help them understand essential math skills. It also has many exciting features, including: Content 100% aligned with the 2020 - 2021 PSAT/NMSQT test Written by PSAT Math instructors and test experts Complete coverage of all PSAT Math concepts and topics which you will be tested Numerous PSAT math practice questions in both multiple-choice and grid-in formats with answers grouped by topic, so you can focus on your weak areas Abundant Math skill building exercises to help test-takers approach different question types that might be unfamiliar to them Exercises on different PSAT Math topics such as integers, percent, equations, polynomials, exponents and radicals 2 full-length practice tests (featuring new question types) with detailed answers PSAT Mathematics Prep 2020 - 2021 is an incredibly useful resource for those who want to review all topics being covered on the PSAT test. True Confessions of a Down-to-Earth Diva

A dark and twisted psychological tale, which Kirkus Reviews called "captivating to the very end" in a starred review—perfect for fans of I Hunt Killers and Gone Girl.

Max Cantrell has never been a big fan of the truth, so when the opportunity arises to sell forged permission slips and cover stories to his classmates, it sounds like a good way to make a little money. So with the help of his friend Preston and his girlfriend, Parvati, Max starts Liars, Inc. Suddenly everybody needs something, and the cash starts pouring in. Who knew lying could be so lucrative? When Preston wants his own cover story to go visit a girl he met online, Max doesn't think twice about it. But then Preston never comes home.

And the evidence starts to pile up—terrifying clues that lead to Preston's body. Terrifying clues that point to Max as the killer.

Trees Up Close offers an intimate, revealing look at the beauty of leaves, flowers, cones, fruits, seeds, buds, bark, and twigs of the most common trees. With more than 200 dazzling photos, you will be amazed by the otherworldly beauty of the acorns from a sawtooth oak, enchanted by the immature fruits of a red maple, and dazzled by the delicate emerging flowers of the American elm.

Unwind with 150 relaxed, multicultural dishes from the award-winning celebrity chef and New York Times—bestselling author! Born in Ethiopia, raised in Sweden, and trained in European kitchens, Marcus Samuelsson is a world citizen turned American culinary icon—the youngest chef ever to receive three stars from the New York Times, a five-time James Beard Award recipient, a winner of Top Chef Masters, and a judge on Chopped. He was even chosen to cook President Obama's first state dinner. In Marcus Off-Duty, the chef former president Bill Clinton says “has reinvigorated and reimagined what it means to be American” serves up the dishes he makes at his Harlem home for his wife and friends. The recipes blend a rainbow of the flavors he has experienced in his travels: Ethiopian, Swedish, Mexican, Caribbean, Italian, and Southern soul. With these recipes, you too can enjoy his eclectic, casual food—including Dill-Spiced Salmon; Coconut-Lime Curried Chicken; Mac, Cheese, and Greens; Chocolate Pie Spiced with Indian Garam Masala; and for kids, Peanut Noodles with Slaw . . . and much more. “Highly recommended for adventurous and well-traveled home cooks, as well as fans of Susan Feniger's Street Food.” —Library Journal

What would you do if you discovered your whole life to be a lie? Daniel Henstock thinks he's an ordinary schoolboy but on his sixteenth birthday his world is turned upside down. He is the world's first one-hundred percent genetically-engineered human - assigned the codename Tiberius - and Gregory Dryden, the man responsible, wants him back so that he can continue his deadly experiments. Running for his life, Daniel flees to New York and is forced to go “off-grid”. In this near-future America, where the security-obsessed authorities require citizens to carry DNA cards, Daniel meets the feisty and beautiful Eleanor. But by falling for her, Daniel also puts her in terrible danger. Daniel pursues the facts about his origins but is hunted by an agent sent by Dryden to bring him to heel. Can Daniel find out the truth whilst trying to evade those who think they own him? As his enemies close in Daniel must draw on resources he never knew he had to win his freedom - but in doing so he may be walking into a deadly trap ... TIBERIUS FOUND is the first instalment in a thrilling series - The Emperor Initiative - that introduces an engaging new hero that will appeal to fans of Alex Rider and Jason Bourne.

The More You Look, the More You see!

Looking to step into the Network Security field with the Fortigate firewall? Or are you required to manage a FortiGate NGFW for your organization? Then this is the right book for you! The FortiGate is an amazing device with many cybersecurity features to protect your network. If you are new to FortiGate's then this is the perfect book for you! This book will cover general overview of working with Fortinet. Also, you will gain a solid understanding on day to day administrative tasks. Next, you will learn how FortiGate interacts with various layer-2 protocol. Also you will get a chance how to filter network traffic and apply security policies which is very exciting. Lastly, you will learn about the session table and how Fortigate handles traffic. Below is a full list of what this book covers: Chapter One - Introduction to FortiGate-Identify platform features of FortiGate-Describe Security Processor Unit SPU-Identify factory defaults-Understand the different operational modes-Understand FortiGate and FortiGuard Relationship-Manage administrator profiles-Manage administrative profiles-Manage network interfaces-Manage basic services-backup and restore config file-upgrade and downgrade firmware-Understand CLI structure-Understand GUI navigation-Initial ConfigurationChapter - 2 - Layer two technologies-Configuration of layer-2 VLANs-Describe VLANs and VLAN tagging process-Describe FortiOS Transparent Mode-Configure FortiOS Transparent Mode settings-Describe Transparent Mode Bridge Table-Describe MAC forwarding-Describe how to find MAC address on FortiOS-Describe Forwarding Domains-Describe and configure Virtual Switches-Describe Spanning Tree Protocol-Describe and Configure various NAT Mode layer-2 protocols-Describe and configure Layer-3 VLAN interface-Describe Virtual Wire Pairing-Describe and Configure VXLANChapter-3 Layer Three Technologies: -Configuration of Static Routes-implementation of Policy-Based Routes-Control traffic for well-known Internet Services-Interpret the FortiOS Routing Table-Understand FortiOS anti-spoofing mechanism-Implement route failover and floating route-Understand ECMP-Recognize active route vs standby route vs inactive routes-Use built in sniffer and diagnose flow debug tools, -Understand Session Table Entry.Chapter 4 - Firewall Policy and NAT-Identify components in Firewall Policy-Describe how traffic matches Firewall Policy Entries-Configure Firewall Policy Logging-Describe Policy GUI list views-Describe Policy ID's vs Policy Sequence numbers-Described where objects are referenced-Explain Name restrictions on Firewall Policies-Perform Firewall Policy re-ordering-Describe NAT and PAT-Explain different configuration modes for NAT-Configure and Describe SNAT and DNAT VIPs-Troubleshoot NAT issues

In the future world of Scorch, America is run by a "corporacracy." Three conglomerates have taken control not by force but by manipulating common

beliefs and values through the media, and particularly by playing on Americans' fears of Big Brother. Consumerism and privatization have run amok in this landscape of flashing screens and subtle brainwashing, a world where even city streets and public schools are run by big business. This is a darkly comic first novel of a dystopian future, with echoes of 1984 and Brave New World.

This is the ninth in the 300 series of circuit design books, again contains a wide range of circuits, tips and design ideas. The book has been divided into sections, making it easy to find related subjects in a single category. The book not only details DIY electronic circuits for home construction but also inspiring ideas for projects you may want to design from the ground up. Because software in general and microcontroller programming techniques in particular have become key aspects of modern electronics, a number of items in this book deal with these subjects only. Like its predecessors in the 300 series, "308 Circuits" covers the following disciplines and interest fields of modern electronics: test and measurement, radio and television, power supplies and battery chargers, general interest, computers and microprocessors, circuit ideas and audio and hi-fi.

From the makers of the UK's best football magazine! Year in, year out, MATCH remains the bestselling football annual and is what footy fans everywhere put at the top of their Christmas wishlist! Dead of Eve

"As novelist and poet Andrei Codrescu points out in the essay that accompanies this selection of photographs from the Getty Museum's collection, Evans's photographs are the work of an artist whose temperament was distinctly at odds with Beals's impassioned rhetoric. Evans's photographs of Cuba were made by a young, still maturing artist who - as Codrescu argues - was just beginning to combine his early, formalist aesthetic with the social concerns that would figure prominently in his later work."--Jacket.

Following the Pulitzer prize-winning collection Stag's Leap, Sharon Olds gives us a stunning book of odes. Opening with the powerful and tender "Ode to the Hymen," Olds addresses and embodies, in this age-old poetic form, many aspects of love and gender and sexual politics in a collection that is centered on the body and its structures and pleasures. The poems extend parts of her

narrative as a daughter, mother, wife, lover, friend, and poet of conscience that will be familiar from earlier collections, each episode and memory burnished by the wisdom and grace and humor of looking back. In such poems as "Ode to My Sister," "Ode of Broken Loyalty," "Ode to My Whiteness," "Blow Job Ode," and "Ode to the Last Thirty-Eight Trees in New York City Visible from This Window," Olds treats us to an intimate examination that, like all her work, is universal, by turns searing and charming in its honesty. From the bodily joys and sorrows of childhood to the deaths of those dearest to us, Olds shapes the world in language that is startlingly fresh, profound in its conclusions, and life-giving for the reader.

The Network Security Expert (NSE4 FGT-6.2) designation recognizes your ability to install and manage the day-to-day configuration, monitoring, and operation of a FortiGate device to support specific corporate network security policies. Traveling around the world is one of the most fun and memorable things to do. And one of the best places to include in one's bucket list is Brazil. But here's the thing: Brazil isn't an English-speaking country and if you'd like to be able to really enjoy your trip there, it's crucial that you know important basic phrases so you can get and convey information that will enable you to get to where you want to go and do what you want to do there.

Grab your copy of Brazilian Portuguese Phrase Book and learn the basic phrases you'll need to enjoy your trip to Brazil. And more than just the phrases themselves, you will also get to learn basic principles underlying the Brazilian Portuguese language that will help you learn even more words and phrases later on. The Brazilian Portuguese Phrase Book, you can easily learn to speak basic phrases for tourists so you can make sure that your trip to Brazil will be a most unforgettable one

Internationally beloved opera star Deborah Voigt recounts her harrowing and ultimately successful private battles to overcome the addictions and self-destructive tendencies that nearly destroyed her life. Call Me Debbie is one of the most electrifying performances of

Deborah Voigt's life. The brilliantly gifted opera soprano takes us behind the velvet curtains to tell her compelling story—a tale of success, addiction, music, and faith as dramatic as any role she has performed. For the first time, she talks about the events that led to her dangerous gastric bypass surgery in 2004 and its shocking aftermath: her substantial weight loss coupled with the “cross addiction” that led to severe alcoholism, frightening all-night blackouts, and suicide attempts. Ultimately, Voigt emerged from the darkness to achieve complete sobriety, thanks to a twelve-step program and a recommitment to her Christian faith. Colored by hilarious anecdotes and juicy gossip that illuminate what really goes on backstage, Voigt paints diverting portraits of the artists with whom she's worked, her most memorable moments onstage, and her secrets to great singing. She also offers fascinating insight into the roles she's played and the characters she loves, including Strauss's Ariadne and Salome, Puccini's Minnie, and Wagner's Sieglinde, Isolde, and Brünnhilde, sharing her intense preparation for playing them. Filled with eight pages of color photos, Call Me Debbie is an inspirational story that offers a unique look into the life of a modern artist and a remarkable woman.

Network Security Expert 4 Study Guide \ Part-II Fortinet Network Security Introduction Introduction to FortiGate Part-II Infrastructure picks up where Part-I left off. The book begins by going on FortiOS VDOM technology and Session Helpers. You will gain a solid understanding on how VDOM's work and why they are needed. You will also learn why Session Helpers exist. Also, you will have an opportunity to gain insight into how FortiGate High Availability technology works as well. You will feel confident in your HA deployment after reading this book I promise you! Next, we dig into FortiOS logging technology which is essential for any SOC. Next, we review some popular VPN technologies like IPsec and SSL. This book shows you how to configure and use both technologies on FortiGate. After VPNs, we step into FortiOS SDWAN technology which is hot right now! you will learn what SDWAN is and how to deploy it! lastly we finish up Part-II Infrastructure with a full chapter on troubleshooting all the technology covered in Part-I and Part-II. VDOMs and Session Helpers \ Chapter 5 - Configure, Define and Describe Session Helpers - Understand and Configure ALG - Define and describe VDOMs - Understand Management VDOM - Understand VDOM Administrators - Configure multiple VDOMs - understand and configure Inter-vdom link - limit resource allocated to VDOMs - Inter-VDOM Link Hardware Acceleration - VDOM Diagnostics High Availability \ Chapter 6 - Identify Different Operation HA Modes - Config HA - Understand HA Election Process - Identify primary secondary units - Debug HA sync - Configure Session sync - HA failover types - Identify how HA modes pass traffic - Configure and understand Virtual Clustering - Verify HA operations - Upgrade HA firmware - FortiGate Clustering Protocol - HA Clustering Requirements - HA Diagnostics Logging and Monitoring \ Chapter 7 - Log basics - Describe performance and logging - Identify local log storage - configure logging - Understand disk allocation - Identify External log storage - Configure log backups - configure alert email and threat weight - configure remote logging - understand log transmission - configure reliable logging and OFTPS - understand miglogd - Understand FortiView IPsec VPN \ Chapter 8 - Understand IPsec and IKE fundamentals - Understand VPN topology - Understand

route-based VPN - Configure Site-to-site VPN - Understand ASIC offload with VPN - Configure redundant VPNs - VPN best practices - Verify IPsec VPN - Understand Dial-up VPN SSL VPN \ Chapter 9 - Understand SSL VPN concepts - Describe the differences between SSL an IPsec - Configure SSL VPN Modes - Configure SSL Realms - Configure SSL Authentcation - Monitor SSL VPN users and logs - Troubleshoot SSLVPN SDWAN \ Chapter 10 - Understand SDWAN concepts - Understand SDWAN design - Understand SDWAN requirements - Configure SDWAN virtual link and load balance - Configure SDWAN routing and policies - Configure SDWAN health check - understand SLA link quality measurements - Understand SDWAN rules - configure dynamic link selection - Monitor SDWAN - Verify SDWAN traffic Diagnostics and Troubleshooting \ Chapter 11 - Troubleshoot Layer-2 - Troubleshoot Routing - Troubleshoot Firewall Policy - Troubleshoot High Availability - Troubleshoot Logging - Troubleshoot IPsec - Troubleshoot SSL VPN - Troubleshoot SDWAN

Venture Capital & the Finance of Innovation

Together with John Maynard Keynes and Milton Friedman, Joseph Schumpeter is regarded as one of the three greatest economists of the 20th century. And yet, his actual economic writing has remained something of an enigma. Capitalism, Socialism, and Democracy, his best-known work, was also an unscientific throw-off in his view. His major economic works - The Theory of Economic Development and Business Cycles - have been misunderstood and underappreciated. What has not been realized is that key elements of the Schumpeterian system have hitherto gone missing. Clues to that system were contained in his magisterial History of Economic Analysis, but the full-orbed outworking was contained in his unpublished German manuscript on money and banking. Now published in English translation, the Treatise on Money provides the key to understanding Schumpeter's system. It shows that Schumpeter's famous emphasis on 'creative destruction' is a more complex phenomenon than is popularly understood. In particular, it provides an understanding of the workings of money, banking, and the money and capital markets, that are supremely relevant in the light of current monetary and fiscal policy crises. This present volume is therefore an indispensable contribution to revealing the true Schumpeter to the English-speaking world.

After battling the life threatening disease of Cancer and a traumatic past Leigh Burton decided to enter a journey to self-discovery and healing herself from within. Today Leigh is completely healed and now wants to share her story of healing and hope with the world to let them know that they too can achieve the "What seems impossible." Just by trusting, allowing, and accepting that there is possibility of coming through the other side. Leigh shares this amazing journey in this amazing book which includes the foreword by international bestselling author Don Jose Ruiz.

"The writing, the action, the characters...I can't praise it enough. No one writes Dystopian like Pam Godwin, but this book is so much more than a post apocalyptic tale." ~ Alta Hensley, USA Today Bestselling Author

A virus devastates humanity. Few men survive. The rest are monsters. The women are dead, except Evie. Through a quirk in her genetics, she survives. When her physiology begins to evolve, she must come to terms with what she is and accept her role in finding a cure. The mutated hunt her. The men brutalize her...except three. Cryptic warrior, contrite lover, caring enemy; they are fiercely protective of the last living woman, but divided in their own agendas. Can they come together to protect the only hope for humanity? Evie must survive. Heart of Eve (FREE) can be read in any order between the books. Contains erotica, alpha male, priest, sci-fi, paranormal, horror, dystopian, dark romance, apocalyptic, post-apocalyptic, adventure, action, suspense, thriller
