Access to oral health
care is essential to

promoting and
maintaining overall
health and well-being,
yet only half of the
population visits a
dentist each year. Poor
and minority children

Download Free Fqhc Medicare Wrap Around Payment Process

are less likely to have access to oral health care than are their nonpoor and nonminority peers. Older adults, people who live in rural areas, and disabled

Download Free Fqhc Medicare Wrap Around Payment Process

individuals, uniformly
confront access
barriers, regardless of
their financial
resources. The
consequences of these
disparities in access to

Improving Access to Oral

examines the scope and
consequences of

Download Free Fqhc Medicare Wrap Around Payment Process

inadequate access to oral health services in the United States and recommends ways to combat the economic, structural, geographic, and cultural factors

Download Free Fqhc Medicare Wrap Around Payment Process

that prevent access to regular, quality care. The report suggests changing funding and reimbursement for dental care; expanding the oral health work force by

training doctors,
nurses, and other
nondental professionals
to recognize risk for
oral diseases; and
revamping regulatory,
educational, and

practices. It also
recommends changes to
incorporate oral health

Integrating Social Care into the Delivery of Health Care: Moving Upstream to Improve the Nation's Health was released in September 2019, before the World

declared COVID-19 a
global pandemic in March

conditions remains
critical to improving
health outcomes, and

integrating social care
into health care
delivery is more
relevant than ever in
the context of the
pandemic and increased
strains placed on the

Download Free Fqhc Medicare Wrap Around Payment Process

U.S. health care system. The report and its related products ultimately aim to help improve health and health equity, during COVID-19 and beyond. The

Download Free Fqhc Medicare Wrap Around Payment Process

consistent and
compelling evidence on
how social determinants
shape health has led to
a growing recognition
throughout the health
care sector that

Download Free Fqhc Medicare Wrap Around Payment Process

improving health and health equity is likely to depend " at least in part " on mitigating adverse social determinants. This recognition has

Download Free Fqhc Medicare Wrap Around Payment Process

been bolstered by a shift in the health care sector towards value-based payment, which incentivizes improved health outcomes for persons and populations

Download Free Fqhc Medicare Wrap Around Payment Process

rather than service delivery alone. The combined result of these changes has been a growing emphasis on health care systems addressing patients'

Download Free Fqhc Medicare Wrap Around Payment Process

social risk factors and social needs with the aim of improving health outcomes. This may involve health care systems linking individual patients with

Download Free Fqhc Medicare Wrap Around Payment Process

government and community social services, but important questions need to be answered about when and how health care systems should integrate social care into their

Download Free Fqhc Medicare Wrap Around Payment Process

practices and what kinds of infrastructure are required to facilitate such activities.

to the coronavirus pandemic: 1.
Restore trust with the American

Defense Production Act. 5. Safely
reopen schools, businesses, and

Protect those most at risk and
advance equity, including across

7. Restore U.S. leadership globally and build better preparedness for future threats. Each of these goals are explained and detailed in the book, with evidence about the current circumstances and how we got here, as well as plans and

Delivering high-quality cancer care to all patients presents numerous challenges, including difficulties

Download Free Fqhc Medicare Wrap Around Payment Process

with care coordination and access. Patient navigation is a community-based service delivery intervention designed to promote access to timely diagnosis and treatment of cancer and other chronic diseases by eliminating barriers to care, and has

Download Free Fqhc Medicare Wrap Around Payment Process

often been proposed and implemented to address these challenges. However, unresolved questions include where patient navigation programs should be deployed, and which patients should be prioritized to receive navigation

Download Free Fqhc Medicare Wrap Around Payment Process

services when resources are limited. To address these issues and facilitate discussion on how to improve navigation services for patients with cancer, the National Cancer Policy Forum of the National Academies of Sciences, Engineering, and

Download Free Fqhc Medicare Wrap Around Payment Process

Medicine held a workshop on November 13 and 14, 2017. At this workshop, a broad range of experts and stakeholders, including clinicians, navigators, researchers, and patients, explored which patients need navigation and who

should serve as navigators, and the benefits of navigation and current gaps in the evidence base.

disorders. When a mental or substance use disorder is addressed singularly, the reference will be only to that disorder. Because each state's Medicaid program is different from all others and because

In the United States, some
populations suffer from far
greater disparities in health than
others. Those disparities are
caused not only by fundamental
differences in health status
across segments of the

Download Free Fqhc Medicare Wrap Around Payment Process

population, but also because of inequities in factors that impact health status, so-called determinants of health. Only part of an individual's health status depends on his or her behavior and choice; community-wide problems like poverty,

Download Free Fqhc Medicare Wrap Around Payment Process

unemployment, poor education, inadequate housing, poor public transportation, interpersonal violence, and decaying neighborhoods also contribute to health inequities, as well as the historic and ongoing interplay of structures, policies, and norms

Download Free Fqhc Medicare Wrap Around Payment Process

that shape lives. When these factors are not optimal in a community, it does not mean they are intractable: such inequities can be mitigated by social policies that can shape health in powerful ways. Communities in Action: Pathways to Health Equity

Download Free Fqhc Medicare Wrap Around Payment Process

seeks to delineate the causes of and the solutions to health inequities in the United States. This report focuses on what communities can do to promote health equity, what actions are needed by the many and varied stakeholders that are part of

Download Free Fqhc Medicare Wrap Around Payment Process

communities or support them, as well as the root causes and structural barriers that need to be overcome.
