"The wife of South Carolina secessionist governor Francis W. Pickens and known as the "Queen of the Confederacy," Lucy Holcombe Pickens (1832-1899) was during her lifetime one of the most famous women in the South. Indeed, she was the only woman pictured on Confederate currency. Rumor was that in her youth she published a novel under a pseudonym. Recently discovered as *The Free Flag of Cuba; or, The Martyrdom of Lopez: A Tale of the Liberating Expedition of 1851*, a romanticized account of the 1851 filibustering expedition to Cuba led by Narciso Lopez, it was published under the alias H. M. Hardimann in 1854. With this new edition, Orville Vernon Burton and Georganne B. Burton resurrect Holcombe's lost work and prove it to be a window on many pressing nineteenth-century issues, including patriotism, freedom, independence, imperialism, nationalism, race, the role of southern women, and slavery." "A not-so-subtle plea for U.S. support for Cuban independence from Spain, Holcombe's novel vindicates Lopez and his men, who were officially regarded as mercenaries, some of them captured and executed. The young author was determined to have an influence on the national debates of her time, and her book declared to the world that the Lopez campaign was noble and he and his men were martyred heroes."

"Revealing the link between gender issues and filibustering, Holcombe's tale clearly reflects the values southern aristocratic women expected in men, even if preserving those values meant death and defeat - a harbinger of ardent support for the Confederacy by women like Lucy. Like the South's secession, the Lopez expedition was an abject failure, and the novel eerily presages Lost Cause mythology."--BOOK JACKET.Title Summary field provided by Blackwell North America, Inc. The Glass Castle

A Memoir

Journalist Walls grew up with parents whose ideals and stubborn nonconformity were their curse and their salvation. Rex and Rose Mary and four children lived like nomads, moving among Southwest desert towns, camping in the mountains. Rex was a charismatic, brilliant man who was sober, captured his children's imagination, teaching them how to embrace life fearlessly. Rose Mary painted and wrote and couldn't stand the responsibility of providing for her family. When the money ran out, the Walls retreated to the dismal West Virginia mining town Rex had to escape. As the dysfunction escalated, the children had to fend for themselves, supporting one another as they found the resources and made their way home. Yet Walls describes her parents with deep affection in this tale of unconditional love in a family that, despite its profound flaws, had a fiery determination to carve out a successful life. -- From publisher description.
