Becoming a Master Student

This new college preparatory literary series from B&H Publishers provides parent educators and Christian schools with educationally sound, rigorous literature courses. Students will learn: to think critically about their world and their participation in it; to write their thoughts, primarily through essays; to articulate their thoughts through small group discussions with peers, family, broader communities, and through occasional formal speeches; to enhance vocabulary through reading and studying quality literature; to converse about the major worldviews of our worldviews through participating in biblical application and Christian principles in weekly studies.

The Discovery Wheel has 12 spokes that represent the 12 themes (and chapters) in the book. The self-awareness that students gain through using this interactive tool provides them with a foundation for honestly assessing their experiences for the rest of their lives. Students simply rate their responses to the questions and the wheel does the rest! The online Discovery Wheel is particularly useful in an online class where paper versions can't be turned in or reviewed.
