"Based on his
popular series in the
New York Times
chronicling his cross-
country bicycle trip,
bestselling author
Bruce Weber shares

his adventures from his solo ride across the USA. Riding a bicycle across the US is one of those bucket-list goals that many dream about but few achieve.

Bestselling author and New York Times reporter Bruce Weber made

the trip, solo, over
the summer and fall
of 2011--at the age
of fifty-seven.

Expanding upon his
popular series
published in The
New York Times,
Life Is a Wheel is
the witty and
inspiring account of
his journey, where

Get Free Front Derailleur Shimano

he extols the pleasures of cycling and reflects on what happened on his adventure, in the world, in the country, and in his life. The story begins on the Oregon coast with a middle-aged man wondering what he's gotten himself

into and ends in triumph on the George Washington Bridge, wondering how soon he might try it again. Part travelogue, part memoir, part paean to the bicycle as a simple and elegant mode of both mobility and self-

expression--and part
wry and panicky
account of a fifty-
seven-year-old man's
attempt to stave off
