**nearly 20 years of
teaching Lewis Morris
discovered a startling
fact: Most students
didn't struggle with the
subject, they struggled
with the language. It**

**was never about brains
or ability. His students
simply didn't have the
knowledge of the
specific language needed
to succeed. Through
experimentation and**

research, he discovered that for any subject there was a list of essential words, that, when mastered, unlocked a student's ability to progress in the subject.

Lewis called this set of vocabulary the "Insider's Words". When he applied these "Insider's Words" the results were incredible. His students began to
