This book seeks to recontextualize the quarrel, embedding it in the cultural politics of the 1770s, and thereby to offer a richer account of the disputes which would account for some of the wider issues at stake.

The phenomenal New York Times bestseller that “explores the upstairs-downstairs goings-on of a posh Parisian apartment building” (Publishers Weekly). In an elegant hôtel particulier in Paris, Renée, the concierge, is all but invisible—short, plump, middle-aged, with bunions on her feet and an addiction to television soaps. Her only genuine attachment is to her cat, Leo. In short, she’s everything society expects from a concierge at a bourgeois building in an upscale neighborhood. But Renée has a secret: She furtively, ferociously devours art, philosophy, music, and Japanese culture.

With biting humor, she scrutinizes the lives of the tenants—her inferiors in every way except that of material wealth. Paloma is a twelve-year-old who lives on the fifth floor. Talented and precocious, she’s come to terms with life’s seeming futility and decided to end her own on her thirteenth birthday. Until then, she will continue hiding her extraordinary intelligence behind a mask of mediocrity, acting the part of an average pre-teen high on pop culture, a good but not outstanding student, an obedient if obstinate daughter. Paloma and Renée hide their true talents and finest qualities from a world they believe cannot or will not appreciate them. But after a wealthy Japanese man named Ozu arrives in the building, they will begin to recognize each other as kindred souls, in a novel that exalts the quiet victories of the inconspicuous among us, and “teaches philosophical lessons by shrewdly exposing rich secret lives hidden beneath conventional exteriors” (Kirkus Reviews). “The narrators’ kinetic minds and engaging voices (in Alison Anderson’s fluent translation) propel us ahead.”—The New York Times Book Review “Barbery’s sly wit . . . bestows lightness on the most ponderous cogitations.”—The New Yorker

Dissonance in the Republic of Letters

An Exposition of the Book of Solomon's Song

Magical Practice in the Latin West

Dictionnaire Historique et Critique

An electrifying thriller from #1 New York Times bestselling author and “Queen of Suspense” Mary Higgins Clark! When investigative journalist Gina Kane receives an email from a “CRyan” describing her “terrible experience” while working at REL, a high-profile television news network, Gina knows she has to pursue the story. But when Ryan goes silent, Gina is shocked to discover the young woman has died tragically in a jet ski accident while on holiday. Meanwhile, REL counsel Michael Carter finds himself in a tricky spot as several more female employees have come forward with allegations of sexual misconduct. Carter approaches the CEO, offering to persuade the victims to accept settlements in exchange for their silence. It's a risky endeavor, but it could well make him rich. As more allegations emerge, Carter’s attempts to keep the story from making headlines are matched only by Gina Kane’s determination to uncover the truth. Was Ryan’s death truly an accident? And when another accuser turns up dead, Gina realizes someone—or some people—will go to depraved lengths to keep the story from seeing the light. “Clark’s usual mixture now updated, with surprising and welcome assurance, for a new generation of imperiled women” (Kirkus Reviews)

A practical and accessible guide with everything you need to know to craft and cast spells that really work. A spell, which some refer to as a Witch’s prayer, is something nearly anyone can learn. One does not need to be initiated into any mystery cults, swear an oath of dedication to any god or goddess, denounce or convert to any religion, or even wear the label of a Witch or Wiccan in order to be a spell crafter. But among the things that are required, the most important ones are an open mind, true desire, and the will, patience, self-conviction, and courage to follow what is within one’s heart, and the maturity to take responsibility for one’s own actions. Once you gain an understanding of how magical energy works and learn the secrets to casting spells, you will be able to tap into your inner powers, focus, and direct them utilizing simple items found in the average home or easily purchased at the nearest occult shop. In fact, many of the herbs and other ingredients called for in spells can be found right in your very own kitchen! The casting of spells is an ancient art that has played an important role in many of the cultures and religions throughout the world. This book is designed to be a guide to the history, philosophy, ethics, and practical application of spell crafting. Written with the novice-to-intermediate student in mind, it covers all areas of folk magic in an explorative and unbiased manner.

The Solitude of Prime Numbers

rivista internazionale di liberi studi

An Exposition of the Book of Solomon’s Song ... Wherein the Authority of it is ... Vindicated ... Several Versions Compared with the Original Text ... and the Whole Opened and Explained ... By John Gill ... Third Edition,

with Many Additions. [With a Portrait.]

A Novel

From the author of Heaven and Earth, a sensational novel about whether a "prime number" can ever truly connect with someone else A prime number is inherently a solitary thing: it can only be divided by itself, or by one: it never truly fits with another. Alice and Mattia, too, move on their own axis, alone with their personal tragedies. As a child, Alice’s overbearing father drove her first to a terrible skiing accident, and then to anorexia. When she meets Mattia she recognizes a kindred, tortured spirit, and Mattia reveals to Alice his terrible secret: that as a boy he abandoned his mentally-disabled twin sister in a park to go to a party, and when he returned, she was nowhere to be found. These two irreversible episodes mark Alice and Mattia’s lives for ever, and as they grow into adulthood their destinies seem intertwined: they are divisible only by themselves and each other. But the shadow of the lost twin haunts their relationship, until a chance sighting by Alice of a woman who could be Mattia’s sister forces a lifetime of secret emotion to the surface. A meditation on loneliness and love, The Solitude of Prime Numbers asks, can we ever truly be whole when we’re in love with another? And when Mattia is asked to choose between human love and his professional love – of mathematics – which will make him more complete?

In the tradition of The Nightingale, Sarah’s Key, and Lilac Girls, comes a saga inspired by true events of a Holocaust survivor’s quest to return to Poland and fulfill a promise, from Ronald H. Balson, author of the international bestseller Once We Were Brothers. ~ “Readers who crave more books like Balson’s Once We Were Brothers and Kristin Hannah’s bestselling The Nightingale will be enthralled by Karolina’s Twins.” –Booklist (starred review) "A heart-wrenching but ultimately triumphant story." –Chicago Tribune ~ She made a promise in desperation Now it's time to keep it Lena Woodward, elegant and poised, has lived a comfortable life among Chicago Society since she immigrated to the US and began a new life at the end of World War II. But now something has resurfaced that Lena cannot ignore: an unfulfilled promise she made long ago that can no longer stay buried. Driven to renew the quest that still keeps her awake at night, Lena enlists the help of lawyer Catherine Lockhart and private investigator Liam Taggart. Behind Lena’s stoic facade are memories that will no longer be contained. She begins to recount a tale, harkening back to her harrowing past in Nazi-occupied Poland, of the bond she shared with her childhood friend Karolina. Karolina was vivacious and beautiful, athletic and charismatic, and Lena has cherished the memory of their friendship her whole life. But there is something about the story that is unfinished, questions that must be answered about what is true and what is not, and what Lena is willing to risk to uncover the past. Has the real story been hidden these many years? And if so, why? Two girls, coming of age in a dangerous time, bearers of secrets that only they could share. Just when you think there could not be anything new to ferret out from World War II comes Karolina's Twins, a spellbinding new novel by the bestselling author of Once We Were Brothers and Saving Sophie. In this richly woven tale of love, survival and resilience during some of the darkest hours, the unbreakable bond between girlhood friends will have consequences into the future and beyond.

Patrologiae Cursus Completus: Series Latina

Being a Fourth Edition, Revised and Enlarged

In this blockbuster novel from bestselling author Kathy Reichs, forensic anthropologist Temperance Brennan investigates what looks to be a typical missing person case, only to find herself digging up bones possibly left by a serial killer, a cult, or perhaps something not entirely of this world. For every case that Temperance Brennan has solved, there remain numerous bodies that remain unidentified in her lab. Information on some of these cold cases is available online, where amateur detectives sometimes take a stab at solving cases. When Tempe gets a call from Hazel “Lucky” Strike, a web sleuth who believes she’ s successfully connected a body in Tempe’ s lab to a missing eighteen-year-old girl, Tempe writes it off as another false alarm. Still reeling from her mother’ s diagnosis and the shock of Andrew Ryan ’ s potentially life-change proposal, Tempe has little patience for chasing false leads. But when the bones in the lab match the missing girl ’ s medical records, Tempe re-opens the case, returning to the spot where her remains were originally found. What seems at first to be an isolated tragedy takes on a more sinister cast as Tempe uncovers two more sets of bones nearby. Even more troubling is that the area is known as a viewing point for a famous unexplained light phenomenon, and that a local cult nearby has significant interest in the site. Tempe’ s suspicions turn to murder by ritual sacrifice—a theory that gains even more urgency when Hazel herself turns up dead. Struggling to follow the tracks of a killer who will do anything not to be discovered, Tempe races to solve the murders and unravel the mysteries surrounding the site before the body count climbs higher. A suspenseful addition to Temperance Brennan ’ s story, Speaking in Bones proves that Kathy ’ s pulse-pounding Bones series never slows down.
