When Jesus comes back at the Second Coming, He will provide us with Antigravity vehicles, teleportation, Super intelligent Robots, Memory Absorption machines that will allow us to put memory from computers directly into our brain (no more school), He will provide us with Spaceships, some 7000 miles long or just one mile long. Jesus will provide the medical cure for aging or wrinkles (women take note). Also He will give us Transmutation capability to change dirt or any substance to any other substance. We can take dirt and rearrange it into- food, tomatoes, bananas, meat or a one ton car.- Anything you want- Just ask Him. Jesus will give the nations universes to live in. United African Continent has already petitioned Him for 10 billion galaxies in this universe and a trillion universes in the Mega, Mega, universe. What will China, Russia, Vietnam, Iran, Japan etc petition Jesus when He comes back ? The Parallel futures of the White race , the Black race and the Asian race. They will all be given universes to live in by The God of Israel. Jesus was Melchizedec ( Heb 7). So He must have been King of Salem in Genesis. Jesus was also King over the Canaanites ! Satan has never been to hell and when he does go there at the Second coming it is to be beaten and thrown out of hell by the inhabitants thereof. (Is 14). The Bible says it took God Generations (Gen 2:4)- not just Seven days to create the earth. That means Evolutionists are right about the time span and method. Theologians misunderstood. God designed and guided Evolutionary process is correct. Generations is to be noted. Where is Jesus? Whatever happened to the end time war between Christians and the U.S.S.R.? Did you know during Moses plagues the God of Israel turned Satans nation to look like frogs, bugs and lice etc. What did you think real demons looked like? Read this book for more.

Is it a bunch of pagan symbols "Christianized" for the celebration? Why is our concept of Christmas so important for those who don't believe in Jesus? Most may say Christmas is about the birth of Jesus, but are we truly worshiping Him or just celebrating the earthly gifts we give ourselves? Filled with family get-togethers, office parties, breaks from school, decorating the tree, and more, Christmas is a time of peace and love. So why has so much controversy clouded this sacred holiday? It has become ground zero in an ongoing culture war where Nativity scenes are nixed, Merry Christmas becomes Happy Holidays, and even the word "Christmas" is considered by some as offensive. Find the truth about Christmas and the Christian's response to a culture that seems to be declaring war.

Quintessentially British, Genesis spearheaded progressive rock in the 1970s, evolving into a chart-topping success through the end of the millennium. Influencing rock groups such as Radiohead, Phish, Rush, Marillion and Elbow, the experimental format of Genesis' songs inspired new avenues for music to explore. From the 23-minute masterpiece "Supper's Ready," via the sublime beauty of "Ripples" and the bold experimentation of "Mama", to hits such as "Invisible Touch" and "I Can't Dance," their material was inventive and unique. This book is the chronological history of the band's music, with critical analysis and key details of each of the 204 songs Genesis recorded and released.

This text presents a comprehensive and up-to-date reference work on popular music, from the early 20th century to the present day.

*Back to Methuselah, by Bernard Shaw, is a play where the author expresses his reflections on the topic of religion and atheism, science, politics, and history. The preface of the book deals with popular thoughts, institutions, and most sacred beliefs. Shaw gives a history of the different beliefs towards the nature of a human and the universe. He goes on with his own mental struggles and evolution. Shaw criticizes the church and its followers, whom he calls idolaters. He says that their superstitions and legends actually deter people from the divine. But he criticizes atheism too and reflects on how the atheists manipulate the Darwin teachings of evolution.*

Now, world-class literary writers introduce the book of the King James Bible in a series of beautifully designed, small-format volumes. Genesis: Chapter & Verse is the

ultimate addition to any fan's collection, setting the record straight as the band's members tell their story their way. Remarkably, the band survived the high-profile departure of not one lead vocalist, but two (Peter Gabriel and Phil Collins), two influential guitarists (Anthony Phillips and Steve Hackett), and its best-known drummer (Phil Collins). Genesis simply got stronger and bigger - matching the huge solo success of Gabriel, Collins, and Mike + The Mechanics. A collaboration between all the members of Genesis, past and present, *Genesis: Chapter and Verse* is the band's definitive autobiography: an intimate, no-holds-barred, no-stone-untuned history that allows character and personality to come to the forefront. Covering the band's story as well as the writing and performance of significant songs from each period, this treasure trove of text and photographs provides long-awaited insight into the way this exceptional group of songwriters worked together, allowing the band to dispatch more than a few sacred cows along the way. It is a book like none other, and an exclusive look into the life and times of one of rock's most influential and lasting groups.

*The Book of Jubilees, also known as The Little Genesis and The Apocalypse of Moses, opens with an extraordinary claim of authorship. It is attributed to the very hand of Moses; penned while he was on Mount Sinai, as an angel of God dictated to him regarding those events that transpired from the beginning of the world. The story is written from the viewpoint of the angel. The angelic monolog takes place after the exodus of the children of Israel out of Egypt. The setting is atop Mount Sinai, where Moses was summoned by God. The text then unfolds as the angel reveals heavens viewpoint of history. We are lead through the creation of man, Adams fall from grace, the union of fallen angles and earthly women, the birth of demonic offspring, the cleansing of the earth by flood, and the astonishing claim that mans very nature was somehow changed, bringing about a man with less sinful qualities than his antediluvian counterpart. "In the Beginning when nothing was created yet, God created NUMBER ... " Classical Occultism - i.e. Spiritual Tradition - very often rests on imitation of old usages and forgotten rituals - or on texts and images the inner (i.e. esoteric) content of which is recognized only by Initiates. This most typically applies for old sacred scriptures where cosmic and supracosmic processes are commented on under the veils of ciphers, myths, pseudo-history, and tales about countries or family clans. Creation myths of all cultures throughout space and time most clearly illustrate this fact: They report how a God - or a community of gods - conjure "out of nothing" a Universe along with its physical and spiritual processes that are, usually, consciously perceived again only by Initiates. Modern Science since the century of "Enlightenment" has always tried to supplant such myths by so-called "objective" discoveries and "facts". However, it has become clear, more and more, that those "scientific" views are just another myth - but which remains blind to the essence of things, namely: to what we call Spirit, Light and Life. The popular myth of the "Big Bang" - so typical for noise and aggression in our modern world - is the grossest cankerous outgrowth thereof. The present book brings a Genesis in twelve Theses, in a modern language on the basis of the simplest symbols ever. Its elucidations by P. Martin, occasionally using some neologisms for relations never described before, include the paradigmata of oldest myths, but in the meantime formulate a consequent synthesis of modern Physics and classic spirituality: It also shows where the fundamental

Hermetic laws come from; how divine idea-forms grow into material realities; how the Kingdoms of Nature came forth - and the principles of the spiritual Path of Transfiguration leading to the redemption of Humanity. Besides the Aquarius Genesis this book contains two tales in a typical mythic style, making visible the inner Plan of the Universe, along with a scenic dialogue and a classic philosophical treatise: "About the Essence of Being" is a modern theory of ideas which - authored 60 years ago - already achieves to reduce all processes to vibration cycles, and to Energy. Numerous pictures, some of them full-page, and in-depth Notes explaining further the text and images complete this book. An international review comments:

"Thus it must be: Old Truths of the Past are being confirmed by the new Truths of today !"  
THIS BOOK IS A MUST READ FOR ALL THE SAVED WHO ARE SO WAITING FOR THE RAPTURE. IT WILL GIVE ENCOURAGEMENT TO STAY WITH IT AND BE PREPARED FOR THAT DAY WE ARE WAITING FOR.
