DK's Essential Managers series contains the knowledge you need to be a more effective manager and hone your management style. Whether you're new to project management or simply looking to sharpen your existing skills, this is the e-guide for you.

In the eleventh century Murasaki Shikibu, a lady in the Heian court of Japan, wrote the world's first novel. But *The Tale of Genji* is no mere artifact. It is, rather, a lively and astonishingly nuanced portrait of a refined society where every dalliance is an act of political consequence, a play of characters whose inner lives are as rich and changeable as those imagined by Proust. Chief of these is "the shining Genji," the son of the emperor and a man whose passionate impulses create great turmoil in his world and very nearly destroy him. This edition, recognized as the finest version in English, contains a dozen chapters from early in the book, carefully chosen by the translator, Edward G. Seidensticker, with an introduction explaining the selection. It is illustrated throughout with woodcuts from a seventeenth-century edition.

In its examination of biochemistry, this second edition of the text includes expositions of major research techniques through the Tools of Biochemistry, and a presentation of concepts through description of the experimental bases for those concepts. *My First Japanese Kanji Book* is an inventive and unique introduction to kanji for children. Written by the mother-daughter team of Eriko and Anna Sato, this lovely book introduces 109 kanji characters to children with poems and illustrations. It includes all the Japanese Government-specified first grade level kanji characters and a sprinkling of simple second to sixth grade characters. The kanji are introduced in the context of 36 colorful paintings and poems by 14-year-old Anna Sato, herself a kanji learner. Each of the poems is presented in both Japanese and English, and all kanji are accompanied by furigana (small hiragana letters), stroke-order diagrams, sample vocabulary and boxes for writing practice. A charming and educational volume, *My First Japanese Kanji Book* can be used as a self-study text, a supplementary material in Japanese language schools or a gift book for family or friends. An MP3 audio CD reinforces learning and ensures correct pronunciation.

How to Learn a Foreign Language

My First Japanese Kanji Book

Build your knowledge of Japanese one step at a time! Using a clear, step-by-step approach, Japanese Step by Step teaches how to construct Japanese sentences from the simplest to the most complex. Innovative features make this method the most and most effective way to learn to speak and read formal Japanese--the Japanese spoken by educated adults both personally and professionally. Presents a building-block approach based on five sentence patterns. Flow charts simplify verb conjugation and derivations. Kanji and kana characters vertically aligned with romaji accent symbols. Key points compared with English make understanding concepts easier. Gives you access to free 20-minute download of Chapter 1, Syllables and Accents. "[this book] had been available when I first started to study Japanese over fifty years ago." --Sir Hugh Cortazzi, former British Ambassador to Japan Topics include: Syllables and Accents; Kana and Kanji; "-Desu"; "-Masu"; Postpositions "-Wa" and "-Ga"; The Uses of V3; The Uses of V2; The Uses of "V2'-Te"; The Uses of "V2'-Ta"; The Uses of "V1-Nai"; Derivative Verbs; Compound Sentences; Complex Sentences

Do you know what the hardest thing for a Japanese learner is? Finding PROPER reading material that they can handle...which is precisely the reason we've written this book! You may have found the best teacher in town or the incredible learning app around, but if you don't put all of that knowledge to practice, you'll soon forget everything you've obtained. This is why being engaged with interesting reading material can be so essential for somebody wishing to learn a language. Therefore, in this book we have compiled 20 easy-to-read, compelling and fun stories that will allow you to expand your vocabulary and give you the tools to improve your grasp of the wonderful Japanese language. How Japanese Short Stories for Beginners works: - Each chapter possesses a funny, interesting and/or thought-provoking story based on real-life situations, allowing you to learn a bit more about the Japanese culture. - Having trouble understanding Japanese characters? No problem - we provide you with the English translation below each paragraph, allowing you to fully grasp what you're reading! - The summaries follow a synopsis in Japanese and in English of what you just read, both to review the lesson for you to see if you understood what the tale was about. Use them if you're having trouble. - At the end of those summaries you will be provided with a list of the most relevant vocabulary from that chapter, as well as slang and sayings that you may not have understood at first glance! Do not get lost trying to understand or pronounce it all, either, as all of the vocabulary words are Romanized for your ease of learning! - Finally, you'll be provided with a set of tricky questions in Japanese, allowing you the chance to prove that you learned something in the story. Whether it's true or false, or if you're doing multiple choice or single answer questions, don't worry if you don't know the answer to any - we will provide them immediately after, so no cheating! We want you to feel comfortable while learning Japanese; after all, no language should be a barrier for you if you want to travel around the world and expand your social circles! So look no further! This is an invaluable study guide and practice book for learning basic Japanese kanji. Learning Japanese Kanji Practice Book is intended for beginning students, or experienced speakers who need to practice their written Japanese. Kanji are an essential part of the Japanese language and together with kana (hiragana and katakana) comprise written Japanese. This book presents the kanji characters that are most commonly used. All the kanji and related vocabulary words in this book are those that students are expected to know for Level 5 of the Japanese Language Proficiency Test. (JLPT). Characters that appear in the AP Japanese Language and Culture Exam are flagged. Readings, meanings, and common compounds are presented. The correct method of writing each character is clearly indicated and practice boxes with strokes that can be traced are provided, along with empty boxes for freehand writing practice. Lots of exercises are included to give students the opportunity to practice writing sentences containing the Kanji. Indexes at the back allow you to look up the characters by their readings and English meanings. This kanji book includes: Step-by-step stroke order diagrams for each character. Special boxes with grid lines to practice writing characters. Extra printable practice grids Words and phrases using each kanji. Romanizations (romanji) to help identify and pronounce every word.

Explains how to learn foreign languages, offering practical advice for overcoming the obstacles.

Japanese Busy People #2 Workbook is a Kodansha International publication.

Christians sometimes come across objections about the Bible they don't know how to answer, and they don't know where to look or whom they should ask. Believers can also get confused about doctrine, not having the knowledge or background to recognize unbiblical teaching. Bible scholar Ron Rhodes addresses many questions surrounding Christianity on topics such as... atheistic objections to Christianity evolution vs. creationism alleged contradictions or general accusations concerning the Bible answering the claims of cults about biblical doctrine relativism vs. absolute truth ethical issues such as abortion and divorce This book of short, one-page answers on 365 of the most frequently asked questions can greatly increase readers' level of discernment in critical areas in just minutes a day. Busy people can boost their understanding of the Bible at their own pace by browsing topics of interest or by reading a topic a day.

"The Japanese language uses a set of symbols called 'hiragana' (to spell Japanese words), 'katakana' (to spell foreign words), and 'kanji' (to represent entire words or names). Over the course of BOOK 1, we will teach you groups of hiragana piece-by-piece to gradually build up your understanding and familiarity."--Introduction. For English-speaking students of Japanese, particles are perhaps the most difficult aspect of the language to learn. It would be no exaggeration to say that, for most people, they can never be completely mastered. Thus, the study of particles is a lifetime undertaking, and students need a lifelong companion to help them along the way. That companion is A Dictionary of Japanese Particles. Covering over 100 particles in alphabetical order, the dictionary explains the meanings of each (most have more than one) and gives sample sentences for each meaning. Illustrations are provided where necessary for clarification. There are also exercises at the back of the book for

those who wish to test their knowledge of particle usage. Appendices and end paper charts are provided for easy access. A Dictionary of Japanese Particles is an essential reference work, meant to be used over the years as students continue to confront puzzling particles.

Elementary Japanese Teacher's Guide provides teachers and self-study students with helpful information for using Elementary Japanese Volume One and Volume Two.

This in-depth yet student-friendly introduction to Koine Greek provides a full grounding in Greek grammar, while starting to build skill in the use of exegetical tools. The approach, informed by twenty-five years of classroom teaching, emphasizes reading Greek for comprehension as opposed to merely translating it. The workbook is integrated into the textbook, with exercises appearing within each chapter rather than pushed to the end or located in a separate book. This enables students to practice concepts as they encounter them in the chapter--ideal for distance learning or studying beyond the traditional classroom. The book covers not only New Testament Greek but also the wider range of Bible-related Greek (LXX and other Koine texts). It introduces students to reference tools for biblical Greek, includes tips on learning, and is supplemented by robust web-based resources through Baker Academic's Textbook eSources. Resources for students include flash cards and audio files. Resources for professors include a test bank and an instructor's manual.

One of the hurdles to overcome when learning to speak Japanese is learning to use onomatopoeia in the way that the Japanese do. This text offers an introduction to the subject for beginners. It defines onomatopoeia, explains its role in Japanese language and culture and gives examples of usage. There are many hurdles to overcome in learning to speak Japanese naturally, but the biggest is learning to use onomatopoeia in the way that the Japanese do: to give nuance or shades of meaning. This text is divided

into two parts. The first is an introduction to the subject for

Students of Japanese are familiar with the term "particle," and realize that they, like English prepositions, require a special effort to master. This handbook provides all the information one would need on these tricky units of grammar. All About Particles covers more than 70 particles those that are used regularly as well as those used less frequently in more than 200 uses. The book can be approached as a guiding textbook and studied from beginning to end. It is as a reference book, however, that All About Particles shines. It is light and easy to carry, slim enough to fit into the corner of a shoulder bag, and concise enough to quickly clarify particle-related questions. It is a priceless tool for any serious student of Japanese. In its previous incarnation as a part of the Power Japanese Series, ISBN 978-0-87011-954-5, and sold more than 40,000 copies worldwide.

Volume 2 (4th ed.) updated to include the 196 kanja approved in 2010 for general use.

This intermediate level text has been developed in accordance with performance-based principles, contextualization, use of authentic materials, function/task-orientedness, and balance between skill getting and skill using. Each topic covers punctuation, grammar and new words and expressions.

Third edition of Genki's second volume exercise book . This workbook should be used in conjunction with the second volume of the main textbook. It includes exercises from the 11 lessons that correspond to the grammatical contents of the main book. The audios are available in an application for the mobile phone. Contents Conversation and Grammar (Lessons 13-23) - Exercises for grammar items - Questions - Listening comprehension Reading and Writing (Lessons 13-23) - Exercises for replacing hiragana with kanji

Reading & Writing Japanese: A Workbook for Self-Study

A Dictionary of Japanese Particles

Learning kanji the fun and easy way! [Downloadable MP3 Audio Included]

This is an extensive beginning level Japanese textbook and Japanese language learning package. Elementary Japanese is designed for students who are just beginning their study of Japanese at the first-year college level or on their own. The author and contributors have created a highly structured approach to learning Japanese that is based on learning the fundamental patterns and constructions of the language as well as the writing system including basic kanji.

Systematic grammatical explanations are provided in enough detail for this book to be used as a reference work as well as an introductory textbook. The accompanying MP3 audio CD is a great way to learn Japanese and ensures correct pronunciation and helps to build listening comprehension. After completing this course, you will be able to: Describe yourself, your family and your friends. Talk about daily events using basic vocabulary and grammatical constructions. Understand conversations on these topics as well as classroom activities. Read Japanese articles and write short and simple compositions and letters.

Media Flight Plan was developed in response to the need for affordable media planning simulations in the university classroom. Professional level media planning software ranges in price from hundreds to thousands of dollars. Media Flight Plan, including both the textbook and the online simulation, sells at or below the average price of a used textbook. MFP provides university students' access to not only realistic simulations of planning software, but also includes access to professional syndicated data like MRI, SRDS, Nielsen data, (all by permission) and other syndicated sources that only large corporations and agencies can afford. Besides the online software simulation, the text includes eight chapters that cover basics like basic math models involved in media buying/planning, and exercises that cover calculation of audience ratings, media share, reach and frequency, and gross rating points. Case studies are included for actual Fortune 500 clients. All cases require students to interpret and apply professional syndicated data and employ the basic methods for writing marketing driven media plans. Both authors, Dennis Martin and Dale Coons, have professional ad agency experience. Coons is executive vice president in a major agency where he directs research, media planning and client development. He is among the most sought-after experts in the field of advertising research. Martin worked on national brands as a copywriter and creative director and co-authored Strategic Advertising Campaigns, a national best-seller for Advertising Age's publishing division. Earning his Ph.D. at University of Illinois, he achieved national and international recognition as a professor of marketing communications.

This book focuses on the pronunciation and reading of the Kanji presented in Remembering the Kanji V. 1. The Kanji in this volume are organized into groups based on the building blocks of the characters to facilitate their study.

From the mind of Japanese artist Naoshi comes the sweet and charming world of Ice Cream Work. This utterly delicious book tells the story of a humble ice cream cone man whose search for work takes him many places and puts him in challenging situations as he lives over the course of a week. Ice Cream Work features surreal characters living in real world situations bursting with color. This book reminds us that everyone has unique traits which make them special and emphasizes the importance of creativity and imagination in daily life. Internationally acclaimed artist Naoshi has created a brilliant and fantastical world of her own full of colorful characters and situations that draw the reader into pages bursting with color. Using shiny colorful sand, known as Sunae in Japanese, Naoshi's distinctive style is instantly memorable and utterly original. In this, her first book for American audiences, Naoshi int

Sunae through the story, but also in a crafty "How to Make Sunae" section where she provides a step by step process of making "ice cream paintings" like the ones seen in the book. There is also an interactive "Look and Find" page which challenges readers to spot details they might not have noticed before. Ice Cream Work will delight readers young and old while introducing an exciting new talent to a wide range of audiences.

Language Files: Materials for an Introduction to Language and Linguistics has become one of the most widely adopted, consulted, and authoritative introductory textbooks to linguistics ever written. The scope of the text makes it suitable for use in a wide range of courses, while its unique organization into student-friendly, self-contained sections allows for tremendous flexibility in course design. This new edition has been significantly revised, clarified, and updated throughout--with particular attention to the chapters on phonetics, semantics, pragmatics, and especially psycholinguistics. The restructured chapter on psycholinguistics makes use of recent research on the human brain and includes expanded coverage of language processing disorders, introducing students to current models of speech perception and production and cutting-edge research techniques. In addition, exercises have been updated, and icons have been added to the text throughout the book, pointing instructors and students to useful and engaging audio files, videos, and other online resources available on the accompanying Language Files website, which has also been significantly expanded.

Japanese From Zero! is an innovative and integrated approach to learning Japanese developed by professional Japanese interpreter and author Trombley and co-writer Yukari Takenaka.
