A Cumulative Author List Representing Libraries of Congress Printed Cards and Titles Reported by Other American Libraries

Anyone who listens to or plays classical music often wants to put the pieces they encounter in context - to check information ranging from who wrote the piece, or the date of its first performance, to how it acquired its title, or whether it was commissioned for a specific person or occasion. General dictionaries of music only cover a limited number of musical works, and include very little detail. The new Oxford Dictionary of Musical Works provides short articles on over 1750 musical works from earliest times to the present day, providing a comprehensive but handy reference. Entries encompass a broad spectrum of genres - from opera, ballet, choral and vocal music, orchestral, chamber and instrumental pieces, to nicknamed works, collections, national anthems, hymn tunes, and traditional melodies. Each entry outlines the genre to which the piece belongs; the librettist or author of the text, including any literary source; the number of acts or movements; the scoring - including details of the instrumentalists and vocalists needed to perform the piece; how it came to be commissioned; the place and date of its first performance; any subsequent arrangements or revisions; and any additional important or entertaining information.

Evaluates all recorded versions of one hundred and fifty major operas, and lists casts and availability for each recording

A Guide to Research

Vols. for 1957-61 include an additional (mid-January) no. called Directory issue, 1st-5th ed. The 6th ed. was published as the Dec. 1961 issue.

In Giacomo Puccini: A Discography, librarian and music historian Roger Flury brings together information on nearly 10,000 recordings of Giacomo Puccini's music. Flury looks at each of Puccini's operas chronologically from Le Villi to Turandot, followed by sections on Puccini's instrumental, chamber, orchestral, and solo vocal works. Details of each complete opera are listed by recording date, followed by recording details. Recordings of each aria are listed alphabetically by the name of the artist. For ease of use, Flury establishes as the main criteria for inclusion those recordings assigned a commercial issue number and available for purchase, ensuring that this audio recording history of Puccini is free of gaps.

“Delightful and anti-reverential”—Sunday Times (London) With an encyclopedic knowledge of opera and a delightful dash of irreverence, Sir Denis Forman throws open the world of opera—its structure, composers, conductors, and artists—in this hugely informative guide. A Night at the Opera dissects the eighty-three most popular operas recorded on compact disc, from Cilea's Adriana Lecouvreur to Mozart's Die Zauberflöte. For each opera, Sir Denis details the plot and cast of characters, awarding stars to parts that are “worth looking out for,” “really good,” or, occasionally, “stunning.” He goes on to tell the history of each opera and its early reception. Finally, each work is graded from alpha to gamma (although the Ring cycle gets an “X”), and Sir Denis has no qualms about voicing his opinion: the first act of Fidelio is “a bit of a mess,” while the last scene of Don Giovanni “towers above the comic finales of Figaro and Così and whether or not [it] is Mozart's greatest opera, it is certainly his most powerful finale.” The guide also presents brief biographies of the great composers, conductors, and singers. A glossary of musical terms is included, as well as Operatica, or the essential elements of opera, from the proper place and style of the audience's applause (and boos) to the use of subtitles. A Night at the Opera is for connoisseurs and neophytes alike. It will entertain and inform, delight and (perhaps) infuriate, providing a subject for lively debate and ready reference for years to come.

Giacomo Puccini is one of the most frequently performed and best loved of all operatic composers. In Il Trittico, Turandot, and Puccini's Late Style, Andrew Davis takes on the subject of Puccini's last two works to better understand how the composer creates meaning through the juxtaposition of the conventional and the unfamiliar -- situating Puccini in past operatic traditions and modern European musical theater. Davis asserts that hearing Puccini's late works within the context of la solita forma allows listeners to interpret the composer's expressive strategies. He examines Puccini's compositional language, with insightful analyses of melody, orchestration, harmony, voice-leading, and rhythm and meter.

Opera in One Act

The Björling Sound

Detailed examination of the vocal and interpretive artistry of the great Jussi Björling.

What's it like to grow up on a small farm in Illinois only to find yourself, some 20 years later, performing on the stage of the Metropolitan Opera House? And then to travel the world, singing in historic theaters from La Scala in Milan to Vienna, Paris, London, and beyond? Former Met star Sherrill Milnes tells all in this completely updated, first-time-in-paperback edition of his very successful biography.
