

Gift From The Sea 50th Anniversary Edition

From the author of the beloved New York Times best-selling The End of Your Life Book Club, an inspiring and magical exploration of the power of books to shape our lives in an era of constant connectivity. “[A] gift, and one that keeps giving.” –USA Today For Will Schwalbe, reading is a way to entertain himself but also to make sense of the world, and to find the answers to life’s questions big and small. In each chapter, he discusses a particular book and how it relates to concerns we all share. These books span centuries and genres—from Stuart Little to The Girl on the Train, from David Copperfield to Wonder. From Giovanni’s Room to Rebecca, and from 1984 to Gifts from the Sea. Throughout, Schwalbe tells stories from his life and focuses on the way certain books can help us honor those we’ve loved and lost, and also figure out how to live each day more fully.

From the author of the bestselling Ann Carr comes a beautiful collection of blessings to help readers through both the everyday and the extraordinary events of their lives. John O’Donohue, Irish teacher and poet, has been widely praised for his gift of drawing on Celtic spiritual traditions to create words of inspiration and wisdom for today. In To Bless the Space Between Us, his compelling blend of elegant, poetic language and spiritual insight offers readers comfort and encouragement on their journeys through life. O’Donohue looks at life’s thresholds—getting married, having children, starting a new job—and offers invaluable guidelines for making the transition from a known, familiar world into a new, unmappped territory. Most profoundly, however, O’Donohue explains “blessing” as a way of life, as a lens through which the whole world is transformed. O’Donohue awakens readers to timeless truths and shows the power they have to be answer contemporary dilemmas and ease us through periods of change.

This expansive, must-have coffee table book paints a robust portrait of the Walt Disney World Resort, across half a century, through diverse and vibrant voices and mostly unseen Disney theme park concept art and photographs. Walt Disney’s vision for the Florida Project begins with Disneyland and the 1964-1965 New York World’s Fair. After an imaginative and expansive design, a unique land acquisition process, and an innovative construction period, the Walt Disney World Resort celebrated its Grand Opening in October 1971. It featured a theme park dubbed the Magic Kingdom and three recreational resorts: Disney’s Contemporary Resort, Disney’s Polynesian Village, and Disney’s Fort Wilderness Resort & Campground. As Walt Disney World consistently grew and further evolved through the five decades that followed, certain themes reverberated: an appreciation for nostalgia, a joy for fantasy, a hunger for discovery, and an unending hope for a better tomorrow. Inspirational and memorable theme parks, water parks, sports arenas, recreational water sports, world-class golf courses, vast shopping villages, and a transportation network unlike any other in the world resulted in fun, festive, and familiar characters, traditions, spectacles, merchandise, and so much more. The resort has come to represent the pulse of American leisure and has served as a backdrop for life’s milestones both big and small, public and private. Walt Disney World: A Portrait of the First Half Century serves as a treasure trove for vacationers, students of hospitality, artists, and all Disney collectors. In 1999 Anne Morrow Lindbergh, the famed aviator and author, moved from her home in Connecticut to the farm in Vermont where her daughter, Reeve, and Reeve’s family live. Mrs. Lindbergh was in her nineties and had been rendered nearly speechless years earlier by a series of small strokes that also left her frail and dependent on others for her care. No More Words is a moving and compassionate memoir by Reeve Lindbergh of the final seventeen months of her mother’s life. Reeve Lindbergh is an accomplished author who had learned to write in part by reading her mother’s many books -- among them the international bestseller Gift from the Sea -- and also by absorbing her mother’s careful and intimate way of examining the world around her. So Reeve’s inability to communicate with her mother, a woman long recognized in her family and throughout the world as a gifted communicator, left her daughter deeply saddened and frustrated. Worse, from time to time Mrs. Lindbergh would offer a comment or observation that seemed harsh, shocking, or simply unrelated to the events around her, leaving Reeve anxious and distressed about what her mother might be thinking. Anyone who has had to care for an elderly parent disabled by Alzheimer’s or stroke will understand immediately the heartache and anguish Reeve suffered. Reeve writes with great sensitivity and sympathy for her mother’s plight, while also analyzing her own conflicting feelings. Mrs. Lindbergh was fortunate to have full-time care, but a tremendous emotional burden still fell on Reeve. And even as she worried about her mother’s long silences and enigmatic remarks, and monitored her daily care, Reeve had her husband and son to look after. But mixed with the sadness and responsibility were moments of humor and happiness, and even an eventual understanding, all the more treasured for being so unexpected. No More Words is a tender tribute from daughter to mother, from one writer to another who was her model and mentor. It is a loving and poignant work, rich with insight into life’s final stage.

New York, the city. New York, the magazine. A celebration. The great story of New York City in the past half-century has been its near collapse and miraculous rebirth. A battered town left for dead, one that almost a million people abandoned and where those who remained had to live behind triple deadbolt locks, was reinvigorated by the twinned energies of starving artists and financial white knights. Over the next generation, the city was utterly transformed. It again became the capital of wealth and innovation, an engine of cultural vibrancy, a magnet for immigrants, and a city of endless possibility. It was the place to be—if you could afford it. Since its founding in 1668, New York Magazine has told the story of that city’s constant morphing, week after week.

Covering culture high and low, the drama and scandal of politics and finance, through jubilant moments and immense tragedies, the magazine has hit readers where they live, with a sensibility as fast and funny and urbane as New York itself. From its early days publishing writers like Tom Wolfe, Jimmy Breslin, and Gloria Steinem to its modern incarnation as a laboratory of inventive magazine-making, New York has had an extraordinary knack for catching the Zeitgeist and getting it on the page. It was among the originators of the New Journalism, publishing legendary stories whose authors infiltrated a Black Panther party in Leonard Bernstein’s apartment, introduced us to the mother-daughter hermits living in the dilapidated estate known as Grey Gardens, launched Ms. Magazine, branded a group of up-and-coming teen stars “the Brat Pack,” and effectively ended the career of Roger Ailes. Again and again, it introduced new words into the conversation—from “foodie” to “normcore”—and spotted fresh talent before just about anyone. Along the way, those writers and their colleagues revealed what was most interesting at the forward edge of American culture—from the old Brooklyn of Saturday Night Fever to the new Brooklyn of artisanal food trucks, from the Wall Street crashes to the hedge-fund spoils, from The Godfather to Girls—in ways that were knowing, witty, sometimes weird, occasionally vulgar, and often unforgettable. On “The Approval Matrix,” the magazine’s beloved back-page feature, New York itself would fall at the crossroads of highbrow and lowbrow, and more brilliant than despicable. (Most of the time.) Marking the magazine’s fiftieth birthday, Highbrow, Lowbrow, Brilliant, Despicable: 50 Years of New York draws from all that coverage to present an enormous, sweeping, idiosyncratic picture of a half-century at the center of the world. Through stories and images of power and money, movies and music, and family life, it constitutes an unparalleled history of that city’s transformation, and of a New York City institution as well. It is packed with behind-the-scenes stories from New York’s writers, editors, designers, and journalistic subjects—and frequently overflows its own pages onto spectacular foldouts. It’s a big book for a big town.

In *She Walks in Beauty*, Caroline Kennedy has once again marshaled the gifts of our greatest poets to pay a very personal tribute to the human experience, this time to the complex and fascinating subject of womanhood. Inspired by her own reflections on more than fifty years of life as a young girl, a woman, a wife, and a mother, *She Walks in Beauty* draws on poetry’s eloquent wisdom to ponder the many joys and challenges of being a woman. Kennedy has divided the collection into sections that signify to her the most notable milestones, passages, and universal experiences in a woman’s life, and she begins each of these sections with an introduction in which she explores and celebrates the most important elements of life’s journey. The collection includes works by Elizabeth Bishop, Sharon Olds, Edna St. Vincent Millay, Mary Oliver, Pablo Neruda, W. H. Auden, Adrienne Rich, Sandra Cisneros, Anne Sexton, W. S. Merwin, Dorothy Parker, Queen Elizabeth I, Lucille Clifton, Naomi Shahib Nye, and W. B. Yeats. Whether it’s falling in love, breaking up, friendship, marriage, motherhood, or growing old, *She Walks in Beauty* is a priceless resource for anyone, male or female, who wants a deeper understanding and appreciation of what it means to be a woman.

Based on an Athabaskan Indian legend passed along for many generations from mothers to daughters of the upper Yukon River Valley in Alaska, this is the suspenseful, shocking, ultimately inspirational tale of two old women abandoned by their tribe during a brutal winter famine. Though these women have been known to contribute more than contribute, they now must either survive on their own or die trying. In simple but vivid detail, Velma Wallis depicts a landscape and way of life that are at once merciless and starkly beautiful. In her old women, she has created two heroines of steely determination whose story of betrayal, friendship, community and forgiveness “speaks straight to the heart with clarity, sweetness and wisdom” (Ursula K. Le Guin).

Constant Spanish guerrilla activity so drained the resources and diverted the attention of the French military that Wellington was able to advance against and overcome a numerically superior enemy. So many French soldiers were being used to counter the guerrillas and the threat that they posed that less than a third of the French army could be tasked with confronting Wellington. This book brings to life, for the first time, the formation, tactics and experiences of the Spanish guerrilla forces that fought Napoleon’s army. Using much previously unpublished material, it offers a vivid description of the guerrilla and his lifestyle.

Her Life

Quila MacFarlane is devastated by the death of her mother, especially now that it’s just her and her father on Devils Rock where her father is the lighthouse keeper. They can’t leave and almost no one ever comes to visit them. But the morning after a storm, something floats ashore that changes their lives forever: Two small mattresses strapped together, and inside, a baby! They name her Cecelia, which means “a gift from the sea.” and call her Celia. She makes them a family again-and helps heal the hurt left by Quila’s mother’s passing. Two years later, though, another stranger arrives, one who changes everything all over again: A woman named Margaret, come looking for the final resting place of her sister, whose ship had gone down in a storm two years before. Her sister’s baby had never been found, either, she explains, and now she has family of her own. Could this be Celia’s aunt? Will Quila have to give up Celia so Margaret can have her own family back? This is a gripping tale full of love, loss, and healing.

*Lindbergh casts an unsentimental eye on the trappings of modernity that threaten to overwhelm us: the time-saving gadgets that complicate rather than simplify, the multiple commitments that take us from our families. By recording her thoughts during a brief escape from everyday demands, she helps readers find a space for contemplation and creativity within their own lives. With a new introduction by Lindbergh’s daughter Reeve, this fiftieth-anniversary edition will give those who are revisiting the book and those who are coming upon it for the first time fresh insight into the life of this remarkable woman. In this beloved classic Anne Morrow Lindbergh – mother of five, an acclaimed writer and a pioneering aviator – shares her meditations on youth and age, love and marriage, peace, solitude and contentment as she set them down during a brief vacation by the sea. Drawing inspiration from the shells on the shore, Lindbergh’s musings on the shape of a woman’s life bring new understanding to both men and women at any stage of life. With great wisdom and insight Lindbergh describes the shifting shapes of relationships and marriage, presenting a vision of life as it is lived in an enduring partnership. A groundbreaking, best-selling work when it was originally published in 1955, *Gift from the Sea* continues to be discovered by new generations of readers.*

*In this final collection of Anne Morrow Lindbergh’s letters and journals, we mark Mrs. Lindbergh’s progress as she navigated a remarkable life and a remarkable century with enthusiasm and delight, humor and wit, sorrow and bewilderment, but above all devoted to finding the essential truth in life’s experiences through a hard-won spirituality and a passion for literature. Between the inevitable squalls of life with her beloved but elusive husband, the aviator Charles A. Lindbergh, she shepherded their five children through whooping cough, horned toads, fiancés, the Vietnam War, and their own personal tragedies. She researched and wrote books and articles on issues ranging from the condition of Europe after World War II to the meaning of marriage to the launch of Apollo 8. She published one of the most beloved books of inspiration of all time, *Gift from the Sea*. She left penetrating accounts of meetings with such luminaries as John and Jacqueline Kennedy, Thornton Wilder, Enrico Fermi, Leland and Slim Hayward, and the Frank Lloyd Wrights. And she found time to compose extraordinarily insightful and moving letters to friends and to other women whose losses touched her deeply. *Against Wind and Tide* makes us privy to the demons that plagued this fairy-tale bride, and introduces us to some of the people—men as well as women—who provided solace as she braved the tides of time and aging, war and politics, birth and death. Here is an eloquent and often startling collection of writings from one of the most admired women of our time. (With 8 pages of black-and-white photographs.)*

The histories of Blancpain’s iconic Fifty Fathoms, the world’s first modern diving watch, and diving itself have been intertwined ever since 1953. It is, thus, fitting that Blancpain has brought these two stories together in a richly illustrated collectible volume entitled Fifty Fathoms: The Dive and Watch History 1953-2013. Blancpain’s editors enlisted experts from both fields to chronicle the twin evolutions and milestones of underwater time keeping and exploration. The result is a comprehensive portrait of pioneers and inventors never before assembled in a single album. The book, with its unique compilation of materials, has been conceived to become an authoritative historical resource for both divers and diving watch aficionados. This new volume for the first time comprehensively charts the milestones in the 60 year history of Blancpain’s Fifty Fathoms. From its birth in 1953, the Fifty Fathoms provided a formula so well conceived that it has defined the entire genre ever since. Innovation did not stop with the first watch and Blancpain has honored and enriched the legacy with numerous inventions and improvements that have continued to secure the pre-eminent position of the Fifty Fathoms in the world of diving watches. The book’s chapters recount the stories of 24 of the most important adventurers who pioneered exploration of the world’s oceans such as Hans Haas, Jacques-Yves Cousteau, and Stan Waterman. This never before assembled resource of horology and diving also includes a time line charting these two histories as well as an encyclopedia of terms. Numbered and limited to 2750 copies.

Lindbergh was the first solo pilot to cross the Atlantic non-stop from New York to Paris, in 1927. This awe-inspiring flight made him the most celebrated men of his day—a romantic symbol of the new aviation age. However, tragedy struck in 1932, where his baby was kidnapped and found dead. The unbearable trial forced Lindbergh into exile in England and France. However, his soon fasciation and involvement with the Nazi regime, resulted in public opinion turning against him. His life was at the forefront of pioneering research in aeronautics and rocketry. Also, his wife became one of the century’s leading feminist voices. This biography explores the golden couple who have been considered American royalty.

In 1955, Anne Morrow Lindbergh published her timeless book of reflections, *Gift from the Sea*. This perennial favorite used the metaphor of seashells to explore the inner spiritual path, gently guiding readers to practice simplifying, quieting, shedding, and centering in a too-frantic world. Two generations later, in a far more fast-paced world, Anne M. Johnson asks women to discover the beauty and meaning of Lindbergh’s timeless “shells” all over again. In *Return to the Sea*, she uses her own experiences from her own spiritual journey -- as a busy mother, career woman, and therapist -- to offer a renewed vision of ways to create intentional space in our lives for personal and spiritual growth. Shell illustrations, along with centering exercises, meditations, and journal-writing exercises, enhance each chapter’s reflections on Lindbergh’s original “shell” passages. Readers who loved *Gift from the Sea* the first time -- and women who have yet to be introduced -- welcome these reflections in a beautiful new gift edition.
