Korean: A Comprehensive Grammar is a reference to Korean grammar, and presents a thorough overview of the language, concentrating on the real patterns of use in modern Korean. The book moves from the alphabet and pronunciation through morphology and word classes to a detailed analysis of sentence structures and semantic features such as aspect, tense, speech styles and negation. Updated and revised, this new edition includes lively descriptions of Korean grammar, taking into account the latest research in Korean linguistics. More lower-frequency grammar patterns have been added, and extra examples have been included throughout the text. The unrivalled depth and range of this updated edition of Korean: A Comprehensive Grammar makes it an essential reference source on the Korean language.

Written by a practicing business attorney with startup experience in the environmental and technology sectors, this comprehensive handbook assists entrepreneurs in tackling the wide variety of opportunities to go green. A one-stop resource for entrepreneurs, it helps readers incorporate clean technology, environmental practices, and green business approaches into the work environment. The book discusses how to sell to utilities, explores fundraising outlets for green businesses, covers government incentives, presents key startup tools aimed at green businesses, and addresses challenges of many new businesses, such as raising money and making sales. Additional resources are available on the book's website.

From its origins the Italian battlefields of the Second World War, to movie roles as Audrey Hepburn's transport in Roman Holiday and Sting's stylish companion in Quadrophenia and on through the current vintage revival, the classic Italian motor scooter is an enduring design classic from the 20th century. Scootermania celebrates the superbly simple vehicles that are so symbolic of freedom, style and the modern world. Originating in the 1940s in Milan and Pontedera, Tuscany, the scooter became an enduring transport choice for young people and urban environments. Early chapters look at scooter racing and long-distance attempts, and their role as an anti-tank weapon in the French army. There is engaging coverage of place of scooters in popular culture from films, music and fashion including the way that a host of disparate groups has made the bikes their own - from the British Mods of the 1960s and 1980s to their role in American and Japanese fashion and in their Italian homeland. The evolution and design of classic models as the Vespa 150 GS and the Lambretta Li 150 Series 3 are covered while scooter stars such as Enrico Piaggio and Georges Monneret are celebrated in their own words. The book also includes a number of specially photographed features on modern scooter designers, collectors and artists.

"I've been in Florence for now two days, still brutally jet-lagged. I keep waking up at a 4 or 5 in the morning. These have been slow, long days. Already a pace aggressively different than the last few weeks in LA for me. It feels good though. There's a kind of whiplash, still reeling from the absurd, unnecessary non-stop-ness of my end-of-semester weeks in late April/early May. Many things to learn from, which is why it feels so good to be here. And why I write to you now, not simply because it's been far too long, but also because you are an inspiration! I cannot help but think about your travels and yes, your wisdom, when reeling slowly and pleasurably, freshly here in Tuscany." --Erik Benjamins, Butts of Florencecn 2006, Erik Benjamins, a Los Angeles-based artist, spent six months in Florence, Italy as an American student abroad. Eight years later, in 2014, he returned for six weeks to teach, walk, watch, think, eat, and learn. Butts of Florence, published now for the first time by No Style Press, is a collection of writing and photographs taken during this six-week stay. Formally stunning black and white photographs of the butts of various Florentine sculptures punctuate writing that adopts the forms of diaristic entries, appropriated letter writing, travel guide tips, restaurant reviews, and poetic prose. Together, text and image build the arc of a humorous, hungry, critical, introspective, romantic, and grateful visitor to one of the most storied cities in history."This compact volume packs a punch--the perfect literary companion for a jaunt to Italy. A game changer." --Dr. Anthony Martin, molecular biologist and director of PATAO

Thank you for reading our PRINCE2 Foundation Training Manual. The main objective of this book is to provide an easy-to-read and easy-to-understand PRINCE2(R) Foundation training manual. The official PRINCE2 manual, "Managing Successful Projects with PRINCE2," is an excellent reference manual, but it is not a training manual and should not be used as one, as it is very difficult to

comprehend and understand if you are new to project management. The official PRINCE2 manual also covers the complete Practitioner Syllabus, and it's impossible to know which parts are just focused on the PRINCE2 Foundation syllabus, so you have to read everything, which is not good if you are just studying for the foundation exam. Henceforth, this book is meant to be (and is) an easy introduction to PRINCE2 based on the Foundation syllabus, and it's quickly becoming the most read book for people wishing to learn about PRINCE2 and prepare for the foundation exam.

Three years have passed since erotic, willful Dara Prince disappeared from Winston, West Virginia, leaving a note saying she's run away. Now a body has been found in the creek. A body, Christine Ireland suspects, that could very well belong to her adopted sister Dara. Deputy Sheriff Michael Winter certainly seems to think so. But if Dara's dead, who's been sending Ames prince the letters he cherishes: always with a different postmark and always signed with his missing daughter's initial?

When Dara's diary turns up unexpectedly, Christine is plunged into her lost sister's dark and mysterious world. Clearly, in the days before her disappearance, Dara was certain somebody was stalking her. As past melds hauntingly with present, people who knew Dara are meeting tragic fates. Now, someone is watching Christine's every move--perhaps just the way they once watched Dara, right before she died. If, indeed, she really did die...

While the history of European ompetition motorcycles has been largely dominated by Italian, British, and German marques, other builders around the continent have also played significant roles from the turn of the century to present. Arranged by nation, this book examines more than two dozen important marques, including Bultaco, CZ, Elf, Husqvarna, KTM, Ossa, Peugeot, and many others. A wealth of rare photography, including a special color section, includes candid shots of the top personalities and the bikes both at rest and at speed.

A one-of-a-kind compendium of motorcycles for the veteran, mid-level rider, or rank beginner with major dreams. Over 100 classic, celebrity, and experimental bikes are showcased, from those of Lawrence of Arabia to the world's fastest production bike. Over 850 full-color photos.

The spearhead of a highly successful export drive, a winning production racer and the top 'street fighter' of its day, the Triumph Bonneville retains a special place in the hearts of motorcyclists worldwide. Motorcycle expert Steve Wilson offers personal recollections from those who have tuned, raced and restored Bonnevilles; details of the Bonnie's racing successes; buying and tuning tips; and technical specifications to deliver this detailed study of the machine and the men who helped make it a motorcycle icon.

Victor McFarland challenges the view that the U.S.-Saudi alliance is the inevitable consequence of American energy demand and Saudi Arabia's huge oil reserves. Oil Powers traces the growth of the alliance through a dense web of political, economic, and social connections that bolstered royal and executive power and the national-security state.
