engaging information, this series is the perfect partner for the classroom and for history-loving readers. What if you lived when the English colonists and the Wampanoag people shared a feast at Plimoth? What would you have worn? What would you have eaten? What was the true story of the feast that we now know as the first Thanksgiving and how did it become a national holiday? Chris Newell answers all these questions and more in this comprehensive dive into the feast at Plimoth and the history leading up to it. Carefully crafted to explore both sides of this

heart of the story. In March 1621, when Plymouth's survival was hanging in the balance, the Wampanoag sachem (or chief), Ousamequin (Massasoit), and Plymouth's governor, John Carver, declared their people's friendship for each other and a commitment to mutual defense. Later that autumn, the English gathered their first successful harvest and lifted the specter of starvation. Ousamequin and 90 of his men then

it all on your own, maybe when you least expect it. If you've not yet discovered the secret of saying thanks, it's waiting for you. The secret can be found in the sunrise that offers promises full for the day ahead, or in the gentle shade of a tree sheltering you from the hot rays of the sun, or on the rock that offers rest from a long walk. In the inspirational text that made him a bestselling, internationally acclaimed author, Douglas Wood offers a spiritual homage to nature and the world. Greg Shed's stunning portraits of the natural world tenderly portray all of the many ways in which we

correspondence, historical documents, and cookbooks, Thanksgiving brings to life the full history of the holiday and what it has meant to generations of Americans. Many famous figures walk these pages—Washington, who proclaimed our first Thanksgiving as a nation amid controversy about his Constitutional power to do so; Lincoln, who wanted to heal a divided nation sick of war when he called for all Americans—North and South—to mark a Thanksgiving Day; FDR, who set off a debate on state's rights when he changed the traditional date of Thanksgiving.

Ordinary Americans also play key roles in the Thanksgiving story—the New England Indians who boycott Thanksgiving as a Day of Mourning; Sarah Josepha Hale, the nineteenth-century editor and feminist who successfully campaigned for Thanksgiving to be a national holiday; the 92nd Street Y in New York City, which founded Giving Tuesday, an online charity established in the long tradition of Thanksgiving generosity. Kirkpatrick also examines the history of Thanksgiving football and, of course, Thanksgiving dinner. While the rites and rituals of the

Books

holiday have evolved over the centuries, its essence remains the same: family and friends feasting together in a spirit of gratitude to God, neighborliness, and hospitality. Thanksgiving is Americans' oldest tradition.

Kirkpatrick's enlightening exploration offers a fascinating look at the meaning of the holiday that we gather together to celebrate on the fourth Thursday of November. With Readings for Thanksgiving Day designed to be read aloud around the table.

wild and foraged ingredients, game and fish. Locally sourced, seasonal, “clean” ingredients and nose-to-tail cooking are nothing new to Sean Sherman, the Oglala Lakota chef and founder of *The Sioux Chef*. In his breakout book, *The Sioux Chef’s Indigenous Kitchen*, Sherman shares his approach to creating boldly seasoned foods that are vibrant, healthful, at once elegant and easy. Sherman dispels outdated notions of Native American fare—no fry bread or Indian tacos here—and no European staples such as wheat flour, dairy products, sugar, and domestic pork and beef. *The Sioux Chef’s* healthful plates embrace venison and rabbit, river and lake trout, duck and quail, wild turkey, blueberries, sage, sumac, timsula or wild turnip, plums, purslane, and

In recent years, the news media has directed a significant amount of attention to the effect of globalization on the second most populous nation in the world: India. With the emergence of new economic opportunities and the influx of foreign popular culture and commodities, India has experienced an enormous sea of change in the last few decades. In *Decolonizing Psychology: Globalization, Social Justice, and Indian Youth Identities*, author Sunil Bhatia focuses on the psychological tensions that these changes have brought upon Indian youth today. Drawing on dozens of

Read Book Giving Thanks A Native American Good Morning Message Reading Rainbow Books

interviews, Bhatia offers readers a compelling glimpse and analysis of how these youth populations are engaging with the emerging presence of globalization in their day-to-day lives. As Bhatia explains, young Indians use the term 'world class selves' as a way to identify and describe the ways in which globalization has strengthened their standing in the world. By frequenting urban cafes and bars, watching American television and cinema, traveling abroad, and regularly consuming foreign commodities, Indian youth absorb the westernized culture and view themselves

Read Book Giving Thanks A Native American Good Morning Message Reading Rainbow Books

as peers to their western counterparts. At the same time, however, these young Indians proudly hold onto their homeland's traditions governing family and religious values. With remarkable clarity and nuance, Bhatia sheds an important light on the universalizing power and the colonizing dimensions of Euro-American psychology. By integrating insights from postcolonial, narrative, and cultural psychologies to explore how Euro-American scientific psychology became the standard approach, Bhatia reminds readers of whose stories are not being told, what knowledge is not

Jason Bourne witnesses the death of an art dealer named Tracy Atherton. Her killing dredges up snatches of Bourne's impaired memory, in particular the murder of a young woman on Bali who entrusted him with a strangely engraved ring-an artifact of such powerful significance that people have killed to obtain it. Now he's determined to find the ring's owner and purpose. But Bourne never knows what terrible acts he'll discover he committed when he digs into the past. The trail will lead him through layers of conspiracy to a vicious Russian mercenary, Leonid Arkadin,
