**What if there was a secret road or a less traveled pathway to your dreams? One that was 100 times shorter and one that required little-to-no struggle? What if this path became ridiculously obvious once someone pointed it out? Sometimes by simply shifting your viewpoint, invisible things will become visible and new opportunities to rapidly reach your dreams will appear. Have you ever noticed that breakthroughs in business are occurring at light speed all around us as a result of entrepreneurs that have chosen to see the world through a different set of lenses? In *Better Than Beach Money*, Jordan Adler shares real life stories that will help you to view your life from a different angle. From this new point of view, you will discover roads and pathways, and see opportunities that can cause your dreams to materialize almost instantaneously. You will realize that you don't have to wait. You can begin to stray from that long, tedious path to achieving your goals and embrace a new way that can take you there much quicker. Most personal development trainers and efficiency experts propose writing down your dreams and taking daily action towards them. Sounds logical; this is a linear and very human process. But our brains don't exactly work in this way when it comes to attaining our dreams. Our dreams rarely come to us in a linear fashion. Our dreams happen quickly once we meet the right people, shift our perspective and open our minds to the quantum growth opportunities that are all around us. *Better than Beach Money* can take you there.**

You owe it to yourself to read this inspiring book! "This will be the Bible of Network Marketing." □ Doug Wead, former special assistant to the president, the Bush Administration

Not every prospect joins right away. They have to think it over, review the material, or get another opinion. This is frustrating if we are afraid to follow up with prospects. What can we do to make our follow-up efforts effective and rejection-free? How do we maintain posture with skeptical prospects? What can we say to turn simple objections into easy decisions for our prospects? Procrastination stops and fear evaporates when we have the correct follow-up skills. No more dreading the telephone. Prospects will return our telephone calls. And now, we can look forward to easy, bonded conversations with prospects who love us. Prospects want a better life. They are desperately searching for: 1. Someone to follow. 2. Someone who knows where they are going. 3. Someone who has the skills to get there. We have the opportunity to be that guiding light for our prospects. When we give our prospects instant confidence, contacting our prospects again becomes fun, both for the prospects and for us. Don't we both want a pleasant experience? Don't lose all those prospects that didn't join on your first contact. Help reassure them that you and your opportunity can make a difference in their lives. Use the techniques in this book to

move your prospects forward from "Not Now" to "Right Now!" Scroll up and order your copy now!

The follow-up to his bestseller *The War of Art*, *Turning Pro* navigates the passage from the amateur life to a professional practice. "You don't need to take a course or buy a product. All you have to do is change your mind." --Steven Pressfield

**TURNING PRO IS FREE, BUT IT'S NOT EASY.** When we turn pro, we give up a life that we may have become extremely comfortable with. We give up a self that we have come to identify with and to call our own. **TURNING PRO IS FREE, BUT IT DEMANDS SACRIFICE.** The passage from amateur to professional is often achieved via an interior odyssey whose trials are survived only at great cost, emotionally, psychologically and spiritually. We pass through a membrane when we turn pro. It's messy and it's scary. We tread in blood when we turn pro. **WHAT WE GET WHEN WE TURN PRO.** What we get when we turn pro is we find our power. We find our will and our voice and we find our self-respect. We become who we always were but had, until then, been afraid to embrace and live out.

## Go in Practice

Instant bonding, instant communication, and how to get your network marketing prospects to fully understand and act on your message = fun! This is the most fun of the 25 skills of network marketing. Our prospects have a different point-of-view than we do. So how do we give them our message in a way they "get it" and enjoy it? By quickly identifying their color personality. This isn't a boring research textbook on the four different personalities. This book is a fun, easy way to know how your prospects think, and the precise magic words to say to each of the four personalities. The results are stunning. Shy distributors become confident when they understand how their prospects think. Experienced distributors have short conversations that get prospects to join immediately. Why be frustrated with prospects? Instead, quickly discover the four personalities in a fun way that you will always remember. You will enjoy observing and analyzing your friends, co-workers and relatives, and you'll see the way they see the world. It feels like you have 3-D glasses in your network marketing career. Of the 25 skills, this is the first skill that new distributors should learn. Why? It gives new distributors instant confidence. It eliminates rejection. It helps prospects listen with open minds. It gets instant results. What could be better than that? You won't have to look for great prospects when you know the four color

personalities. You will have the ability to turn ordinary people into hot prospects by knowing their color personality and by saying the right words. By using humorous, slightly exaggerated examples of the four personality traits, you will remember and use this skill immediately. Life is more fun when you are the only one with the 3-D glasses. This is the one skill that you'll use every day for the rest of your life! Get ready to smile and achieve quicker rapport and results.

Do you want to be a leader? Or, do you want more leaders on your network marketing team? The strength of your network marketing business is measured in leaders - not in the number of distributors. Leaders are the long-term foundation of your business. Everyone says they want to have more leaders, but how? How does one find leaders? How does one create leaders? What are the things we need to teach ordinary distributors to do in order to become leaders? Successful leaders have a plan. They want to duplicate themselves as leaders. This plan doesn't happen by accident. Follow this plan. Instead of wishing and hoping for leaders, this book will give you the step-by-step activities to actually create leaders. Yes, there is a plan for building leaders and it is simple to follow. Discover how to give ordinary distributors a leadership test to determine if they are ready to enter the path of leadership. Then, learn how to start their training

process with the biggest leadership lesson of all: problems. When you have an organization of leaders, network marketing gets easier. Instead of spending the day with repetitive activities with distributors, you will enjoy the free time this business offers. Spend the time to build and create leaders, and then you will have the freedom to visit the beaches of the world. This is the perfect book to lend to a new distributor who wants to build a long-term MLM business, and would like to know exactly how to build it. Creating network marketing leaders should be the focus of every business-builder. Order your copy now!

*"The MLM Classic."--Richard Poe, author of Wave 3 Network marketing is a burgeoning field, and it can be a frustrating and difficult experience. There are many who have achieved minimal success, and many more who have made no money at all. With these discouraging figures, how can one become a*

*member of the successful elite? Millions agree that the best way to do this is to spend some time with The Greatest Networker in the World. John Milton Fogg's extended parable is the story of a young man on the verge of quitting the multilevel marketing business. As he prepares to give his final opportunity meeting, he meets the individual everyone refers to as The Greatest Networker in the World. This warm and wise man takes in his young counterpart and shows him the trade secrets so he too can become a successful network marketer. The young man soon learns that the trade secrets have very little to do with conventional marketing techniques. In fact, he has to unlearn everything he thought he knew about business. "The paradigm of network marketing is so fundamentally different and distinct from all other paradigms of business, that it requires a pretty complete shift from the way we normally view business to appreciate and understand it." The new paradigm is built around one's habits of thought and discovering that the secrets to network marketing success are within oneself. The values of responsibility, team building, and caring for one's downline play a much more important role than competitive promotion and advertising. A critical skill for all marketers is the ability to teach people to teach others. Once one has mastered the new paradigm of multilevel marketing, he needs to not only show his downline how to master it,*

*but also how to teach those techniques to others. This leads to greater leadership within the organization, more stability, improved productivity, and as a result, long-lasting success.*

*Discover smart and entertaining strategies for dealing with difficult emotions like anxiety, sadness, anger, and uncertainty. More than just “adulthood”—this book will give you the real emotional skills you need to thrive! Whether you’re graduating from college, starting a career, trying to gain financial independence, or creating meaningful relationships—entering into the world of grownups can be more than a little overwhelming. And while there are plenty of fun books out there for young adults offering advice on how to fix a leaky faucet or find the right apartment, none really delve into the deeply emotional aspects of growing up. In *Mastering Adulthood*, psychologist Lara Fielding offers evidence-based skills to help you cope with the feelings of anxiety, depression, anger, and stress that may be getting in the way of living an independent, fulfilling adult life. Drawing on case examples from young adults she’s worked with in her private practice, Fielding provides empowering strategies and skills for managing difficult emotions using mindfulness, dialectical behavior therapy (DBT), and acceptance and commitment therapy (ACT). When you experience big life changes that cause you stress, you need emotional flexibility to*

*reach your goals and be your best self. Using the skills in this book, you'll learn to take charge of your emotional habits, stop feeling stuck, and discover what really matters to you.*

*Ready to Harness the Remarkable Power of Consistency? Everyone wants to achieve long-term success, yet many people fall short. The question is, why? The answer is simple: it's a lack of performance consistency.*

*Consistency is the baseline skill that unleashes all the others. And until this skill is mastered, true potential is never realized. Yet most people struggle to keep up any kind of consistent effort, especially when it comes to building their network marketing business. If you've had a life-long challenge with consistency, you're finally going to understand why. More importantly, you're going to begin to change. And if you're a leader, you're going to understand how to support that change in others on your team. Author George Campbell readily admits for most of his life he had obvious talent and potential and yet was infuriatingly inconsistent. Co-author Jim Packard on the other hand, is a man with an unbroken string of successes, in his personal life and in business. It is with their two unique perspectives that they share *The Consistency Chain*. The key to harnessing the power of consistency is in your hands.
