York. But that battle, Marston Moor, had also slain his own nephew, the recipient's firstborn. In this vividly narrated history of the deadly conflict that engulfed the nation during the 1640s, Peter Gaunt shows that, with the exception of World War I, the death-rate was higher than any other contest in which Britain has participated. Numerous towns and villages were garrisoned, attacked, damaged or wrecked. The landscape was profoundly altered. Yet amidst all the blood and killing, the fighting was also a catalyst for profound social change

*The tragic and fascinating history of the first epic struggle between white settlers and Native Americans in the early seventeenth century: “a riveting historical validation of emancipatory impulses frustrated in their own time” (Booklist, starred review) as determined Narragansett Indians refused to back down and accept English authority. A devout Puritan minister in seventeenth-century New England, Roger Williams was also a social critic, diplomat, theologian, and politician who fervently believed in tolerance. Yet his orthodox brethren were convinced tolerance fostered anarchy and courted God’s wrath. Banished from Massachusetts Bay Colony in 1635, Williams purchased*

*land from the Narragansett Indians and laid the foundations for the colony of Rhode Island as a place where Indian and English cultures could flourish side by side, in peace. As the seventeenth century wore on, a steadily deepening antagonism developed between an expansionist, aggressive Puritan culture and an increasingly vulnerable, politically divided Indian population. Indian tribes that had been at the center of the New England communities found themselves shunted off to the margins of the region. By the 1660s, all the major Indian peoples in southern New England had come to accept English authority, either tacitly or explicitly. All, except one: the Narragansetts. In*

history of revolution in seventeenth-century Britain and Ireland, from contemporary responses to the outbreak of war to the critique of the post-regicidal regimes; from royalist counsels to Lilburne's politics; and across the three Stuart kingdoms.

However, all the essays engage with a central issue - the ways in which individuals experienced the crises of mid seventeenth-century Britain and Ireland and what that tells us about the nature of the Revolution as a whole. Responding in particular to three influential lines of interpretation - local, religious and British - the contributors, all leading specialists in the field, demonstrate that to comprehend the causes,

trajectory and consequences of the Revolution we must understand it as a human and dynamic experience, as a process. This volume reveals how an understanding of these personal experiences can provide the basis on which to build up larger frameworks of interpretation.

The second son of a modest gentry family, John Lilburne was accused of treason four times, and put on trial for his life under both Charles I and Oliver Cromwell. He fought bravely in the Civil War, seeing action at a number of key battles and rising to the rank of Lieutenant Colonel, was shot through the arm, and nearly lost an eye in a pike accident. In the course of all this, he

fought important legal battles for the rights to remain silent, to open trial, and to trial by his peers. He was twice acquitted by juries in very public trials, but nonetheless spent the bulk of his adult life in prison or exile. He is best known, however, as the most prominent of the Levellers, who campaigned for a government based on popular sovereignty two centuries before the advent of mass representative democracies in Europe. Michael Braddick explores the extraordinary and dramatic life of 'Freeborn John': how his experience of political activism sharpened and clarified his ideas, leading him to articulate bracingly radical views; and the changes in

English society that made such a career possible. Without land, established profession, or public office, successive governments found him sufficiently alarming to be worth imprisoning, sending into exile, and putting on trial for his life. Above all, through his story, we can explore the life not just of John Lilburne, but of revolutionary England itself — and of ideas fundamental to the radical, democratic, libertarian, and constitutional traditions, both in Britain and the USA.

between the medieval Black Death and the two world wars. Indeed, it is likely that a greater percentage of the population were killed in the civil wars than in the First World War. This sense of overwhelming trauma gives this major new history its title: *God's Fury, England's Fire*. The name of a pamphlet written after the king's surrender, it sums up the widespread feeling within England that the seemingly endless nightmare that had destroyed families, towns and livelihoods was ordained by a vengeful God – that the people of England had sinned and were now being punished. As with all civil wars, however, 'God's fury' could

support or destroy either side in the conflict. Was God angry at Charles I for failing to support the true, protestant, religion and refusing to work with Parliament? Or was God angry with those who had dared challenge His anointed Sovereign? Michael Braddick's remarkable book gives the reader a vivid and enduring sense both of what it was like to live through events of uncontrollable violence and what really animated the different sides. The killing of Charles I and the declaration of a republic – events which even now seem in an English context utterly astounding – were by no means the only outcomes, and Braddick brilliantly describes the

and their peoples, gripping the reader with the fast-paced yet always balanced story.

Preached at Enfield, Connecticut on July 8, 1741, this is perhaps the greatest sermon ever preached in America—and is certainly among the most well known. Owing to its forthright dealing with God's wrath and His intense hatred of sin and the sinner, it is also one of the most controversial. Indeed, for more than three-quarters of the sermon Edwards lays down a relentless stream of the most vivid and horrifying descriptions of the danger facing unregenerate men.

## Bookmark File PDF Gods Fury Englands Fire A New History Of The English Civil Wars

While it is difficult to read such graphic language, there is abundant hope in the sermon's conclusion. Edwards puts it this way, "And now you have an extraordinary opportunity, a day wherein Christ has thrown the door of mercy wide open and stands calling and crying with a loud voice to poor sinners." While those who would rather ignore God's justice in favor of His mercy condemn Edwards and his sermon, those who were present and actually heard him preach that day reacted in a decidedly different manner. According to the diary of Reverend Stephen Williams

## Bookmark File PDF Gods Fury Englands Fire A New History Of The English Civil Wars

who attended the sermon, “Before the sermon was done there was a great moaning and crying through the whole House, ‘what shall I do to be saved; oh, I am going to hell, etc.’” The diary goes on to indicate that Edwards had to interrupt his sermon and come down to minister to those who were under such awful conviction. And so, in spite of what the scoffers might think or say, “the amazing and astonishing power of God” was manifested among the people that day—with many falling not into the hands of an angry God, but into the arms of a mighty Savior.
