Otzi's Odyssey - The Troubled Soul of a Neolithic Iceman, opens in the year 1991 with the remarkable sighting of a mummified man, half frozen in glacial ice, whom two hikers stumble upon. Along with this profound archeological discovery, the soul of this five-thousand-year-old iceman is awakened. Otzi the iceman's adventure takes him to the modern era, where his observant soul tries to comprehend why it remains tethered to the frozen mummy, as well as to make sense of a technologically advanced world. The story then returns to 3300 BCE, to the life and times of clan chief Bhark as he lives with his family in a peaceful village upon stilt homes clinging to the shore of the great Lake Neith, located in the shadows of ominous Similaun Mountain. Bhark and his family are ambushed by his rival Shadrach, who insists that he, not Bhark, is the clan's rightful heir. A subsequent encounter with the soul hunter Creyak, who promises to return to Bhark all that was lost, sends our hero on a perilous journey into the four demonic realms of Gehenna. Along the way, he receives wisdom from Miko the Seer and guidance from his clairvoyant daughter, Amica, both of whom have the power to pierce the veil that separates the upper and lower spiritual realms, while Bhark fights for the salvation-and ultimate redemption-of his eternal soul.

No sooner does wealthy heiress Lady Moira MacMurdaugh breathe a sigh of relief for avoiding a disastrous marriage to a gambling womanizer than she is served with a lawsuit! Torn between duty and this impulsive beauty who stirs him to distraction, solicitor Gordon McHeath has no choice but to go up against the woman whose kiss he's never forgotten. Until sinister forces threaten to upend Lady Moira's world and Gordon must cast the law book aside!

From bestselling author Gordon Korman, the thrilling conclusion to the adventure aboard the unluckiest ship of all. The Titanic was supposed to be unsinkable - the largest passenger steamship in the world, one of the biggest and most luxurious ships ever to operate. For Paddy, Sophie, Juliana, and Alfie, the Titanic is full of mysteries - whether they're to be found in the opulent first-class cabins and promenade decks or the shadows in the underbelly of the ship. Secrets and plans are about to be revealed - only now disaster looms, and time is running out. The four of them need to find the truth, unmask the killer...and try not to go down with the ship.

*This book contains Edgar Allen Poe's 1838 novel, "Narrative of A. Gordon Pym". The only novel he wrote, it tells the story of the adventures and vicissitudes of a young stowaway aboard a whaling ship, which include mutiny, shipwreck, and cannibalism. A thrilling page-turner, "Narrative of A. Gordon Pym" is highly recommended for fans of adventure fiction, and is well deserving of a place on any bookshelf. Edgar Allan Poe (1809-1849) was an American author, editor, poet, and critic. Most famous for his stories of mystery and horror, he was one of the first American short story writers, and is widely considered to be the inventor of the detective fiction genre. Many antiquarian books such as this are becoming increasingly rare and expensive.*

*Of One Blood* (1902–1903) is a novel by Pauline E. Hopkins. Recognized as one of the earliest works of science fiction by an African American writer, *Of One Blood* was originally published in *The Colored American Magazine*, America's first monthly periodical covering African American arts and culture. Combining themes of racial identity and passing within a genre-blending narrative of Gothic horror and the occult, Hopkins weaves a masterful tale of conspiracy, a lost African kingdom, and murder. Struggling with the mental and financial pressures of medical school, Reuel Briggs—a Black man who passes as white—decides to take a night off in order to attend a local concert. There, he sees the singer Dianthe Lusk, a beautiful woman who possess a mysterious aura. The next day, Reuel is called to assist at the scene of a train accident. There, he chances upon Dianthe, who has sustained a blow to the head. Using an experimental form of mesmerism, Reuel brings her back to life, but she seems to be suffering from near total amnesia. After nursing her back to health with the help of his best friend Aubrey, Reuel finds her a place to stay in Boston. Hoping to marry her, he offers to embark on an archaeological expedition organized by Aubrey, who claims to have discovered a lost Ethiopian kingdom. As the story unfolds, redemption turns to betrayal, best friends become sworn enemies, and a secret from the distant past threatens to change Reuel's life forever. With this thrilling tale of race, adventure, and mystery, Hopkins proves herself as a true pioneer of American literature, a woman whose talent and principles afforded her the vision necessary for illuminating the injustices of life in a nation founded on slavery and genocide. With a beautifully designed cover and professionally typeset manuscript, this edition of Pauline E. Hopkins' *Of One Blood* is a classic work of African American literature reimaged for modern readers.

*The emotional waters that would fester and erupt on the ensuing journey was often more challenging to navigate than the mighty river itself. With blistering lips and irradiated fingernails, Darcy would tackle raging Class Five whitewater for twenty-five days straight, barely survived a dynamite-filled canyon being prepared for a new hydroelectric plan. She and her two companions would encounter illegal loggers, narco-traffickers, murderous Shining Path rebels, and ruthless poachers in the black market trade in endangered species. In a desperate attempt meant to give her some pretense of control, Darcy even cut off all her hair before entering Peru's notoriously dangerous "Red Zone" in hopes of passing for a boy and being seen as less of a target. At once a heart-pounding adventure and a celebration of pushing personal limits, Amazon Woman speaks to all of us feeling trapped by our desk-bound, online society. This a story of finding the courage and strength to challenge nature, cultures, social norms, and oneself.*

When Jordan participates in a London exchange program, she finds herself at odds with her host sister, Caroline, and their relationship is put to the test when they are locked in the world's largest department store together overnight. Former Prime Minister and the country's longest-serving Chancellor, Gordon Brown has been a guiding force for Britain and the world over three decades. This is his candid, poignant and deeply relevant story. In describing his upbringing in Scotland as the son of a minister, the near loss of his eyesight as a student and the death of his daughter within days of her birth, he shares the passionately-held principles that have shaped and driven him, reminding us that politics can and should be a calling to serve. Reflecting on the personal and ideological tensions within Labour and its successes and failures in power, he describes how to meet the challenge of pursuing a radical agenda within a credible party of government. He explains how as Chancellor he equipped Britain for a globalised economy while swimming against the neoliberal tide and shows what more must be done to halt rising inequality. In his behind-the-scenes account of the financial crisis and his leading role in saving the world economy from collapse, he addresses the question of who was to blame for the crash and why its causes and consequences still beset us. From the invasion of Iraq to the tragedy of Afghanistan, from the coalition negotiations of 2010 to the referendums on Scottish independence and Europe, Gordon

Brown draws on his unique experiences to explain Britain ' s current fractured condition. And by showing us what progressive politics has achieved in recent decades, he inspires us with a vision of what it might yet achieve today. Riveting, expert and highly personal, this historic memoir is an invaluable insight into our times.

*What really happened to Dr. David Livingstone? The New York Times bestselling coauthor of Survivor: The Ultimate Game investigates in this thrilling account. With the utterance of a single line—"Doctor Livingstone, I presume?"—a remote meeting in the heart of Africa was transformed into one of the most famous encounters in exploration history. But the true story behind Dr. David Livingstone and journalist Henry Morton Stanley is one that has escaped telling. Into Africa is an extraordinarily researched account of a thrilling adventure—defined by alarming foolishness, intense courage, and raw human achievement. In the mid-1860s, exploration had reached a plateau. The seas and continents had been mapped, the globe circumnavigated. Yet one vexing puzzle remained unsolved: what was the source of the mighty Nile river? Aiming to settle the mystery once and for all, Great Britain called upon its legendary explorer, Dr. David Livingstone, who had spent years in Africa as a missionary. In March 1866, Livingstone steered a massive expedition into the heart of Africa. In his path lay nearly impenetrable, uncharted terrain, hostile cannibals, and deadly predators. Within weeks, the explorer had vanished without a trace. Years passed with no word. While debate raged in England over whether Livingstone could be found—or rescued—from a place as daunting as Africa, James Gordon Bennett, Jr., the brash American newspaper tycoon, hatched a plan to capitalize on the world's fascination with the missing legend. He would send a young journalist, Henry Morton Stanley, into Africa to search for Livingstone. A drifter with great ambition, but little success to show for it, Stanley undertook his assignment with gusto, filing reports that would one day captivate readers and dominate the front page of the New York Herald.*

*Tracing the amazing journeys of Livingstone and Stanley in alternating chapters, author Martin Dugard captures with breathtaking immediacy the perils and challenges these men faced. Woven into the narrative, Dugard tells an equally compelling story of the remarkable transformation that occurred over the course of nine years, as Stanley rose in power and prominence and Livingstone found himself alone and in mortal danger. The first book to draw on modern research and to explore the combination of adventure, politics, and larger-than-life personalities involved, Into Africa is a riveting read.*

*The bestselling author delivers a Regency tale “that deftly balances fascinating historical detail, adventure, and menace with a passionate romance” (Library Journal). As Washington burns, Callista Brooke is trapped in the battle between her native England and her adopted homeland. She is on the verge of losing everything, including her life, when a handsome Englishman cuts through the violent crowd to claim that she is his. Callie falls into her protector’s arms, recognizing that he is no stranger, but the boy she’d once loved, a lifetime ago. Lord George Gordon Audley had been Callie’s best friend, and it was to Gordon she turned in desperation to avoid a loathsome arranged marriage. But the repercussions of his gallant attempt to rescue her sent Callie packing to Jamaica, and Gordon on a one-way trip to the penal colony of Australia. Against all odds, Gordon survived. Finding Callie is like reclaiming his tarnished soul, and once again he vows to do whatever is necessary to protect her and those she loves. But the innocent friendship they shared as children has become a dangerous passion that may save or destroy them when they challenge the aristocratic society that exiled them both . . . Praise for New York Times bestselling author Mary Jo Putney and the Rogues Redeemed series “Putney’s endearing characters and warm-hearted stories never fail to inspire and delight.”—Sabrina Jeffries “An impeccably written book that realistically integrates the cost of the Napoleonic Wars into a compelling story that neatly balances dangerous adventures and passionate romance.”—Booklist “A thrilling, romantic tale.”—Bookpage, Top Pick of the Month*

*The British campaign in the Sudan in Queen Victoria's reign is an epic tale of adventure more thrilling than any fiction. The story begins with the massacre of the 11,000 strong Hicks Pasha column in 1883. Sent to evacuate the country, British hero General Gordon was surrounded and murdered in Khartoum by an army of dervishes led by the Mahdi. The relief mission arrived 2 days too late. The result was a national scandal that shocked the Queen and led to the fall of the British government. Twelve years later it was the brilliant Herbert Kitchener who struck back. Achieving the impossible he built a railway across the desert to transport his troops to the final devastating confrontation at Omdurman in 1898. Desert explorer and author Michael Asher has reconstructed this classic tale in vivid detail. Having covered every inch of the ground and examined all eyewitness reports, he brings to bear new evidence*

*questioning several accepted aspects of the story. The result is an account that sheds new light on the most riveting tale of honour, courage, revenge and savagery of late Victorian times.*

*The first Graywolf Press African Fiction Prize winner, a story of a girl's fantastical sea voyage to rescue her father The House of Rust is an enchanting novel about a Hadhrami girl in Mombasa. When her fisherman father goes missing, Aisha takes to the sea on a magical boat made of a skeleton to rescue him. She is guided by a talking scholar's cat (and soon crows, goats, and other animals all have their say, too). On this journey Aisha meets three terrifying sea monsters. After she survives a final confrontation with Baba wa Papa, the father of all sharks, she rescues her own father, and hopes that life will return to normal. But at home, things only grow stranger. Khadija Abdalla Bajaber's debut is a magical realist coming-of-age tale told through the lens of the Swahili and diasporic Hadhrami culture in Mombasa, Kenya. Richly descriptive and written with an imaginative hand and sharp eye for unusual detail, The House of Rust is a memorable novel by a thrilling new voice.*

Phoenix Films, the leading prime-time television producer in Russia The Irish Smuggler is an adventure story which pits Padraic Egan and three other IRA volunteers, friends from childhood, against all comers as they smuggle arms into Ireland and global cannabis crops into the United States. Taking on the British Army, Afghan mujahidin, a seafaring hippy commune, Russian and Chechen gangsters, Soviet police and the American DEA, not to mention mother nature, their adventures are twisted and changed as continual opposition and obstruction force them to adapt. The reader will meet Afghan mujahidin as they fight a Soviet Army of monumentally superior force. Spanning a stretch of time from 1975 in Ireland to 1991 in New York, much of the story takes place in the heart of 1990 Afghanistan and across the USSR in its final weeks and days in 1991.

In July 2007, Lewis Gordon Pugh became the first person to swim at the North Pole, in temperatures that would kill a normal person, primarily to raise awareness of climate change. Nicknamed 'the human polar bear' for his ability to raise his body temperature at will, he has pioneered swims in the world's most hostile waters, redefining what it is possible to achieve in terms of endurance. A former member of the SAS, Lewis tells his fantastic story here for the first time. Chapters cover his childhood, growing up with his 'hero' Surgeon Rear Admiral father, his early life in South Africa, his gruelling training in the army's elite regiment, his inspiration and, of course, plenty of action/adventure stories, chronicling his many nail-biting endurance swims. With practical lessons taken from his own life, Lewis explains how recognising one's passions and taking calculated risks is essential for anyone looking to fulfil their goals. The book will also cover his expedition kayaking to the North Pole in summer 2008 and preparing for his most dangerous swim yet - on Everest! - planned for May 2010. His story is inspiring, entertaining and thrilling in equal measure, and its 39-year-old author is a much-needed role model for our times.

In *The Men of the Moss-Hags*, S.R. Crockett takes as his theme the persecution of the Covenanters in seventeenth-century Scotland, a favourite subject of Scottish historical novelists. Steeping himself in the documentary sources and oral traditions of 'The Killing Time', Crockett weaves a thrilling adventure romance, carrying the reader off with him on a perilous journey across the moss-hags - the peaty bogs of the Galloway moorland. With a new introduction by Richard D. Jackson, which outlines Crockett's rivalry over the subject with Robert Louis Stevenson, as well as his treatment of sources and the publishing history of the novel, this edition restores to print a work which, like Scott's *Old Mortality*, Hogg's *The Brownie of Bodsbeck* and Galt's *Ringan Gilhaize*, captures the sufferings and torments of Scotland's blood-swept past. Richard D. Jackson is a graduate of the University of St Andrews. A former schoolteacher, HM Inspector of Schools and retired senior administrative civil servant, he co-edited *The Forest Minstrel* for *The Collected Works of James Hogg*, contributes regularly to *Studies in Hogg and his World* and has published essays in other journals on Walter Scott, John Buchan and Philip Larkin.

The author, flight director in NASA's Mission Control, tells of the challenges in space flight from the very early years to the current time and of "his own bold suggestions about what we ought to be doing in space now."--Jacket.

Shedding profound natural light on the inner lives of migrant workers, Jaime Cortez's debut collection ushers in a new era of American literature that gives voice to a marginalized generation of migrant workers in the West. The first-ever collection of short stories by Jaime Cortez, *Gordo* is set in a migrant workers camp near Watsonville, California in the 1970s. A young, probably gay, boy named Gordo puts on a wrestler's mask and throws fists with a boy in the neighborhood, fighting his own tears as he tries to grow into the idea of manhood so imposed on him by his father. As he comes of age, Gordo learns about sex, watches his father's drunken fights, and discovers even his own documented Mexican-American parents are wary of illegal migrants. Fat Cookie, high schooler and resident artist, uses tiny library pencils to draw huge murals of graffiti flowers along the camp's blank walls, the words "CHICANO POWER" boldly lettered across, until she runs away from home one day with her mother's boyfriend, Manny, and steals her mother's Panasonic radio for a final dance competition among the camp kids before she disappears. And then there are Los Tigres, the perfect pair of twins so dark they look like indios, Pepito and Manuel, who show up at Gyrich Farms every season without fail. Los Tigres, champion drinkers, end up assaulting each other in a drunken brawl, until one of them is rushed to the emergency room still slumped in an upholstered chair tied to the back of a pick-up truck. These scenes from Steinbeck Country seen so intimately from within are full of humor, family drama, and a sweet frankness about serious matters – who belongs to America and how are they treated? How does one learn decency, when laborers, grown adults, must fear for their lives and livelihoods as they try to do everything to bring home a paycheck? Written with balance and poise, Cortez braids together elegant and inviting stories about life on a California camp, in essence redefining what all-American means.

Being a History of Adventure Taken from the Papers of William Gordon of Earlstoun in Galloway

*- A classic of science-fiction is reborn in Flash Gordon: Zeitgeist. Inspired by Alex Raymond's legendary tales of invasion, action, and romance on the distant planet Mongo, and under the artistic supervision of renowned artist Alex Ross, Zeitgeist returns Flash Gordon to his two-fisted, thrill-packed roots. - The year is 1934, and Earth is attacked by a powerful alien invasion force, led by the sinister, all-seeing Ming the Merciless. And this time, he does not fight alone. Allied with the sinister spymaster Klytus, his exotic and treacherous daughter, Princess Aura... and Adolf Hitler! Three valiant humans - iconic hero Flash Gordon, the tough, determined Dale Arden, and the brilliant scientist Hans Zarkov - are plucked from our world and rocketed into another universe of fearsome creatures, noble and savage alien species, ancient science, and titanic threats.*

*True Stories of Outdoor Adventure and Inspiration All fans of whitewater sports have been impacted by the Nantahala Outdoor Center (NOC) in one way or another. In 1972, the NOC was the outgrowth of an idea that friends working together to pursue their outdoor passions could change lives for the better. Today, the center is a seminal Southeastern paddling hub. Compiled by Payson Kennedy and edited by Greg Hlavaty, NOC Stories is a collection of 62 entertaining stories by NOC staff veterans—memories that describe the center's first 25 years. It approaches the story of the NOC's inception, a time of exponential growth in whitewater sports and instruction, a time when the NOC's contribution to paddling technique and instruction reverberated around the world. It is both a history of NOC's leading role in the evolution of commercial river running and an overview of when kayaking, as a sport, exploded in the United States. The remembrances presented here blend history with adventure as they document the NOC's singular vision.*

*A thrilling adventure trilogy from Gordon Korman that follows a group of young climbers to the top of Mt. Everest! The height of danger. Everest. The ultimate climb. The greatest of risks. Four kids are on a quest to reach the top-and none of them are among the four anyone expected to be there when Summit Athletic started the contest to bring the youngest team of climbers to the peak. Their ascent is not easy. The weather is harsh, and the competition is even harsher. Then the unexpected happens, and the climbing contest becomes a life-or-death rescue mission. With thinning air-and on thin ice-no one is guaranteed to survive.*
