

Gpsc Exam Paper Style

This classic textbook sets out clearly and concisely how to evaluate symptoms and elicit relevant physical signs. It describes the practical skills which every clinician must acquire and develop in order to evolve diagnostic procedures and management strategies and plans. ‘Highly Commended’ in the 2006 and 2010 BMA Medical Book Competitions, this Thirteenth Edition contains over 500 clinical photographs and diagrams to illustrate the text, with new topics added to make the book even more comprehensive. This Thirteenth Edition has four sections: History taking and general examination. System examination covering symptoms and signs. Examination in special situations including babies & children and the critically ill. How to pass an OSCE. Included on the Student Consult site are the specially-recorded videos demonstrating many of the clinical examination routines described in the main text. The book starts with a general overview section on history taking and the general examination that provide the framework on which to hang the detail. The systematic examination section documents clearly the relevant history, examination and special investigations as well as giving advice on their significance. The third section covers examination in specific situations and emphasises an integrated and structured approach to these patients. A final section spells out how to demonstrate the techniques learned in the book in an OSCE. Macleod’s is closely linked to its sister publication, Davidson’s Principles & Practice of Medicine, which complements the information in this text. Available with full online access on Student Consult and ancillary videos demonstrating key clinical examination routines following the format laid out in the book. There are two new chapters on examination in specific situations: The frail elderly The adult with fever A new section explicitly spells out how to demonstrate the techniques learned in the book in an OSCE and other formative and summative examinations. Over 50 new text boxes highlight the evidence-base for the examination techniques discussed. An Advisory Board of students, junior doctors, and representatives from the nursing, ambulance, Primary Care and academic communities from six countries has made detailed comments and critically appraised the entire book. The text has been substantially rewritten with more on medically unexplained symptoms in the History Taking chapter and extended coverage of diabetes mellitus in the Endocrine System chapter. Integrated with the online text are clinical examination videos of trained professionals performing many of the examination routines described in the book with an accompanying commentary by the Editor, Professor Colin Robertson Two new videos show how the Glasgow Coma Scale should be performed in clinical situations, demonstrating the correct techniques and also common pitfalls in using the GCS. Bihar is the eastern state of India. It is one of the fastest growing states in India. Bihar is the fourth largest producer of vegetables and the eight largest producers of fruits in India. This state has high agricultural production making it one of the strongest sectors of the state. About 80 per cent of the state’s population is employed in agriculture, which is much higher as compared to India’s average. The state has a large base of cost-effective industrial labour, making it an ideal destination for a wide range of industries. General knowledge of Bihar is essential for various competitive examinations and especially for the students who are appearing for Bihar Public Service commission (BPSC) and other state level examinations. The current edition of ‘Know Your State – Bihar’ gives the detailed study of History, Geography, Economy, Polity, Art & Culture, Center and State government welfare schemes and Current Affairs of Bihar. A systematic Chapter wise study will mark improvement in the performance of the students, moreover Tables, boxes and figures gives better representation for memorizing the main points. More than 1100 MCQs have been provided at the end of each chapter that helps in understanding and preparing the subject at the exam point-of-view level. This book comes a quick, relevant and easy route for achieving in the examination. TABLE OF CONTENT Bihar: Basic Information, Ancient History of Bihar, Medieval History of Bihar, Modern History of Bihar, Tribal Revolts of Bihar, Formation of Bihar, Freedom Movements in Bihar, Formation of Bihar, Geographical Structure of Bihar, Climate and Soil of Bihar, Rivers and Drainage System, Natural Vegetation of Bihar, National Parks and Wildlife Sanctuaries of Bihar, Agriculture and Animal Husbandry in Bihar, Irrigation and Multi-purpose Projects in Bihar, Minerals and Energy Resources, Industries of Bihar, Transport on Bihar, Communication in Bihar, Administrative Set- up of Bihar, Bihar Judiciary, Local Self- government in Bihar, District Profile of Bihar, Tourism in Bihar, Language and Literature in Bihar, Art and Crafts of Bihar, Music and Dance in Bihar, Fairs and Festival of Bihar, Sports and Awards in Bihar, Education and Health in Bihar, Tribes of Bihar, Demographic Profile of Bihar, Social Welfare Scheme of Bihar, Current Affairs. The original edition of this accessible and interdisciplinary textbook was the first to consider the ethical issues of digital media from a global, cross-cultural perspective. This third edition has been thoroughly updated to incorporate the latest research and developments, including the rise of Big Data, AI, and the Internet of Things. The book’s case studies and pedagogical material have also been extensively revised and updated to include such watershed events as the Snowden revelations, #Gamergate, the Cambridge Analytica scandal, privacy policy developments, and the emerging Chinese Social Credit System. New sections include “Death Online,” “Slow/Fair Technology”, and material on sexbots. The “ethical toolkit” that introduces prevailing ethical theories and their applications to the central issues of privacy, copyright, pornography and violence, and the ethics of cross-cultural communication online, has likewise been revised and expanded. Each topic and theory are interwoven throughout the volume with detailed sets of questions, additional resources, and suggestions for further research and writing. Together, these enable readers to foster careful reflection upon, writing about, and discussion of these issues and their possible resolutions. Retaining its student- and classroom-friendly approach, Digital Media Ethics will continue to be the go-to textbook for anyone getting to grips with this important topic.

History of Modern India

Activist Mahatma Gandhi is best remembered as the freedom fighter who brought the concepts of passive resistance and civil disobedience to the world’s attention in his quest for Indian independence from British rule. In the volume Indian Home Rule, Gandhi sets forth a compelling series of arguments against British colonialism in India, giving voice to the viewpoints that fueled his decades-long campaign.

Providing an extensive examination of monetary theory and its implications for public policy, Monetary Theory and Public Policy is as relevant for an understanding of current economic problems as when it was first published. Looking at the concepts of modern economic theory, particularly as these concepts apply to problems of money and banking, both Keynesian and Post-Keynesian developments are discussed.

An editorial team of highly skilled professionals at Arihant, work hand in glove to ensure that the students receive the best and accurate content through our books. From inception till the book comes out from print, the whole team comprising of authors, editors, proofreaders and various other involved in shaping the book put in their best efforts, knowledge and experience to produce the rigorous content the students receive.

From Theory to Implementation

India After Independence

A thorough and incisive introduction to contemporary India The story of the forging of India, the world’s largest democracy, is a rich and inspiring one. This volume, a sequel to the best-selling India’s Struggle for Independence, analyses the challenges India has faced and the successes it has achieved, in the light of its colonial legacy and century-long struggle for freedom. The book describes how the Constitution was framed, as also how the Nehruvian political and economic agenda and basics of foreign policy were evolved and developed. It dwells on the consolidation of the nation, examining contentious issues like party politics in the Centre and the states, the Punjab problem, and anti-caste politics and untouchability. This revised edition offers a scathing analysis of the growth of communalism in India and the use of state power in furthering its cause. It

also documents the fall of the National Democratic Alliance in the 2004 General Elections, the United Progressive Alliance’s subsequent rise to power and the Indo-US Nuclear Deal that served to unravel the political consensus at the centre. Apart from detailed analyses of Indian economic reforms since 1991 and wide-ranging land reforms and the Green Revolution, this new edition includes an overview of the Indian economy in the new millennium. These, along with objective assessments of Jawaharlal Nehru, Indira Gandhi, Jayaprakash Narayan, Lal Bahadur Shastri, Rajiv

Gandhi, Vishwanath Pratap Singh, Atal Bihari Vajpayee and Manmohan Singh, constitute a remarkable overview of a nation on the move.
