Good Night, Mr. Tom

TEACHING ENGLISH, LANGUAGE AND LITERACY

A New Translation From The French By Marion Wiesel Born in Sighet, Transylvania, Elie Wiesel was a teenager when he and his family were taken from their home in 1944 and deported to the Auschwitz concentration camp, and then to Buchenwald. Night is the terrifying record of Elie Wiesel's memories of the death of his family, the death of his own innocence, and his despair as a deeply observant Jew confronting the absolute evil of man. This new translation by his wife and most frequent translator, Marion Wiesel, corrects important details and presents the most accurate rendering in English of Elie Wiesel's seminal work.

The SALRM 2011 provides a rich source of information on a range of language-related subjects. A prominent issue remains the changing of street and place names, including the Pretoria/Tshwane and Louis Trichardt/Makhado sagas. Language in education remains a thorny issue; as medium of instruction at school and tertiary level, and the proposal that passing an African language should be a requirement in order to obtain a tertiary degree in South Africa. In terms of language legislation, the draft version of the National Language Act was proposed. The language of record in courts also received attention in the media.

London is poised on the brink of World War 11. Timid, scrawny Willie Beech -- the abused child of a single mother -- is evacuated to the English countryside. At first, he is terrified of everything, of the country sounds and sights, even of Mr. Tom, the gruff, kindly old man who has taken him in. But gradually Willie forgets the hate and despair of his past. He learns to love a world he never knew existed, a world of friendship and affection in which harsh words and daily beatings have no place. Then a telegram comes. Willie must return to his mother in London. When weeks pass by with no word from Willie, Mr. Tom sets out for London to look for the young boy he has come to love as a son.

Educating dual language learners (DLLs) and English learners (ELs) effectively is a national challenge with consequences both for individuals and for American society. Despite their linguistic, cognitive, and social potential, many ELs "who account for more than 9 percent of enrollment in grades K-12 in U.S. schools" are struggling to meet the requirements for academic success, and their prospects for success in postsecondary education and in the workforce are jeopardized as a result. Promoting

the Educational Success of Children and Youth Learning English: Promising Futures examines how evidence based on research relevant to the development of DLLs/ELs from birth to age 21 can inform education and health policies and related practices that can result in better educational outcomes. This report makes recommendations for policy, practice, and research and data collection focused on addressing the challenges in caring for and educating DLLs/ELs from birth to grade 12.

The Quickening Pulse

This volume offers fresh perspectives on a controversial issue in applied linguistics and language teaching by focusing on the use of the first language in communicative or immersion-type classrooms. It includes new work by both new and established scholars in educational scholarship, second language acquisition, and sociolinguistics, as well as in a variety of languages, countries, and educational contexts. Through its focus at the intersection of theory, practice, curriculum and policy, the book demands a reconceptualization of code-switching as something that both proficient and aspiring bilinguals do naturally, and as a practice that is inherently linked with bilingual code-switching.

This fully updated second edition of Teaching English, Language and Literacy is an essential introduction for anyone learning to teach English at primary school level. Designed for students on initial teacher training courses, but also of great use to those teachers wanting to keep pace with the latest developments in their specialist subject. The book covers the theory and practice of teaching English, language and literacy and includes comprehensive analysis of the Primary National Strategy (PNS) Literacy Framework. Each chapter has a specific glossary to explain terms and gives suggestions for further

reading. This second edition covers key areas that students, teachers and English co-ordinators have to manage, and includes advice on: developing reading, including advice on choosing texts, and the role of phonics improving writing skills, including advice on grammar and punctuation planning and assessing speaking and listening lessons working effectively with pupils who are multilingual understanding historical developments in the subject the latest thinking in educational policy and practice, the use of multimedia maintaining good home-school links. gender and the teaching of English language and literacy All these chapters include clear examples of practice, coverage of key issues, analysis of research, and reflections on national policy to encourage the best possible response to the demands of the National Curriculum.

My Home is Far Away is the most precisely autobiographical of Powell's fifteen novels. In this family chronicle set in early twentieth century Ohio, young Marcia Willard's family struggles to keep up with the rapidly changing times, and Marcia endures disillusionment, cruelty, and betrayal to forge a survivor's sense of independence. John Updike has compared Powell with Theodore Dreiser, Willa Cather, Sherwood Anderson, "and those other Midwestern writers who felt something epic in the national shift from rural to urban, from provincial sequestration to metropolitan liberation." By 1941, when Powell set to work on My Home Is Far Away, she was better known for the smart, boozy, bawdy, hilarious send-ups of Manhattan high and low life. She had begun to attain a reputation for high sophistication and nothing could be less "sophisticated" - in the glittering, all-knowing, furiously present-tense, big-city manner Powell had perfected - than My Home Is Far Away. This was the month of cherries and peaches, of green apples beyond the grape arbor, of little dandelion ghosts in the grass, of sour grass and four-leaf clovers, of still dry heat holding the smell of nasturtiums and dying lilacs. This was the best month of all and the best day. It was not birthday, Easter, Christmas, or picnic, but all these things and something else, something wonderful, something utterly unknown. The two little girls in embroidered white Sunday dresses knew no way to express their secret joy but by whirling each other dizzily over the lawn crying, "We're moving, we're moving! We're moving to London Junction!" My Home Is Far Away is one of the very few examples of a book written for adults, with an adult command of the language, that maintains the vantage point of a hungry, serious child throughout. It might be likened to a memoir that has been penned not with the usual tranquility of distance but rather with the sense that everything happening to the characters is happening right now, without any promise of eventual escape, without any assurance that childhood, too, shall pass away. My Home is Far Away had been out of print for sixty years when Steerforth reissued it in 1995. It received immediate widespread acclaim, and was featured on the cover of the New York Times Book Review, where Terry Teachout called it "one of the permanent masterpieces of childhood, comparable with David Copperfield, What Maisie Knew and the early reminiscences of Colette," and where he proclaimed Powell to be "one of this country's least recognized great novelists."
