In the American Graffiti Coloring Book, more than 45 of America's most prominent graffiti writers have provided the initial outlines - now it is up to you to give them color! With full pages devoted to the artwork, each spread becomes its own unique full color piece of art as you go along filling out the pages, and there is plenty of room for the small details. American Graffiti Coloring Book is printed on marker friendly paper. Use your markers and color-in on both sides of the page with no risk of the ink bleeding through. This coloring book is an excellent way to release your creativity, whether you are new to graffiti or an experienced artist. Explore the medium, be creative, make an impact and immerse yourself in the world of color, style and shapes. The American Graffiti Coloring Book offers a relaxing approach to coloring at the same time as it is an informative art collection. Remember: The American Graffiti Coloring Book is the real thing - it's not copying a graffiti "style", it's real graffiti. All illustrations are original artworks made by experienced American graffiti artists. Young and old all over the world love the coloring books published by Dokument Press. In the American Graffiti Coloring Book, Dokument Press teams up with The Museum of Graffiti in Miami, Florida, to create a stunning coloring book with the best graffiti art that America has to offer. From New York pioneers who helped create the art form in the 70s, to freight train kings in Florida and hall of fame spray can wizards in California- they all come together to let us study their styles and color-in their outlines. The content is carefully curated by the influential artist and Museum of Graffiti co-founder Alan KET, and the striking cover and book design is made by none other than Noah from the legendary AOK and TFP crews.

Learn how to draw graffiti letters! Graffiti for Beginners is an easy-to-follow introduction that presents you with the basics behind graffiti lettering. The two funky yet classic graffiti alphabets created by experienced graffiti artist Mega gives you the opportunity to learn a basic graffiti style, as well as a more advanced wild style. Each of the alphabet's 26 letters has its own spread where the building blocks of the letter are carefully displayed next to the specified space for you to practice, along with illustrations of how the letters can be used in different words and names. In addition to the letters, you will find examples of characteristic elements used in graffiti such as 3D or shades to add depth to the letters, or arrows, stars, bubbles, highlights and shines to make the piece stand out. Graffiti for Beginners is the fundamental guide for you to learn how to master the alphabet with style and finesse, letter by letter, until you are able to put together complicated words and messages, adding the coloring of your own choice. Learning graffiti has never been easier or more fun! Graffiti for Beginners suits all ages and is a great tool for advertisers, home stylers, school teachers, kids and creative adults alike. Your teacher, Mega DNS, has over 35 years experience in writing graffiti. His letter style is best described as legible old New York style mixed with European style and most importantly: the letters must have movement and style.
