Indonesian Grammar in Context (Asyik Berbahasa Indonesia) provides beginning, intermediate, and advanced learners with an introduction to the basic grammatical structures of Indonesian in three richly illustrated volumes. Although numerous varieties of Indonesian exist throughout the archipelago, the authors use a relaxed, conversational style of Indonesian acceptable for interethnic communication among educated native speakers and commonly used in the media. Students engage in task-based activities set in real-life situations as they speak and write in Indonesian, thus acquiring grammatical accuracy while immersing themselves in the cultural context. Each lesson revolves around a grammatical construction presented in a conversation, narrative, or letter. Online recordings are available, allowing students to reinforce the learning of the grammatical forms. Lessons first offer the student the opportunity to see and hear the grammar in use, then to practice the grammatical form, and finally to read an explanation of the grammatical rule in English. Numerous illustrations and photographs aid in learning the language and culture without excessive use of translation. In addition, cultural notes at the end of each lesson allow students to explore the relationship between language use and socio-cultural values and customs.

From the creator of the popular website Ask a Manager and New York's work-advice columnist comes a witty, practical guide to 200 difficult professional conversations—featuring all-new advice! There's a reason Alison Green has been called "the Dear Abby of the work world." Ten years as a workplace-advice columnist have taught her that people avoid awkward conversations in the office because they simply don't know what to say. Thankfully, Green does—and in this incredibly helpful book, she tackles the tough discussions you may need to have during your career. You'll learn what to say when • coworkers push their work on you—then take credit for it • you accidentally trash-talk someone in an email then hit "reply all" • you're being micromanaged—or not being managed at all • you catch a colleague in a lie • your boss seems unhappy with your work • your cubemate's loud speakerphone is making you homicidal • you got drunk at the holiday party Praise for Ask a Manager "A must-read for anyone who works . . . [Alison Green's] advice boils down to the idea that you should be professional (even when others are not) and that

communicating in a straightforward manner with candor and kindness will get you far, no matter where you work."—Booklist (starred review) "The author's friendly, warm, no-nonsense writing is a pleasure to read, and her advice can be widely applied to relationships in all areas of readers' lives. Ideal for anyone new to the job market or new to management, or anyone hoping to improve their work experience."—Library Journal (starred review) "I am a huge fan of Alison Green's Ask a Manager column. This book is even better. It teaches us how to deal with many of the most vexing big and little problems in our workplaces—and to do so with grace, confidence, and a sense of humor."—Robert Sutton, Stanford professor and author of The No Asshole Rule and The Asshole Survival Guide "Ask a Manager is the ultimate playbook for navigating the traditional workforce in a diplomatic but firm way."—Erin Lowry, author of Broke Millennial: Stop Scraping By and Get Your Financial Life Together

Rewriting the "origin stories" of the Anthropocene No geology is neutral,
writes Kathryn Yusoff. Tracing the color line of the Anthropocene, A Billion
Black Anthropocenes or None examines how the grammar of geology is
foundational to establishing the extractive economies of subjective life and
the earth under colonialism and slavery. Yusoff initiates a transdisciplinary
conversation between feminist black theory, geography, and the earth
sciences, addressing the politics of the Anthropocene within the context of
race, materiality, deep time, and the afterlives of geology. Forerunners is a
thought-in-process series of breakthrough digital works. Written between
