

Great Essays 2nd Edition

"Ross Gay's eye lands upon wonder at every turn, bolstering my belief in the countless small miracles that surround us." —Tracy K. Smith, Pulitzer Prize winner and U.S. Poet Laureate The winner of the NBCC Award for Poetry offers up a spirited collection of short lyric essays, written daily over a tumultuous year, reminding us of the purpose and pleasure of praising, extolling, and celebrating ordinary wonders. Ross Gay's *The Book of Delights* is a genre-defying book of essays—some as short as a paragraph; some as long as five pages—that record the small joys that occurred in one year, from birthday to birthday, and that we often overlook in our busy lives. His is a meditation on delight that takes a clear-eyed view of the complexities, even the terrors, in his life, including living in America as a black man; the ecological and psychic violence of our consumer culture; the loss of those he loves. Among Gay's funny, poetic, philosophical delights: the way Botan Rice Candy wrappers melt in your mouth, the volunteer crossing guard with a pronounced tremor whom he imagines as a kind of boat-woman escorting pedestrians across the River Styx, a friend's unabashed use of air quotes, pickup basketball games, the silent nod of acknowledgment between black people. And more than any other subject, Gay celebrates the beauty of the natural world—the garden, the flowers in the sidewalk, the birds, the bees, the mushrooms, the trees. This is not a book of how-to or inspiration, though it could be read that way. Fans of Roxane Gay, Maggie Nelson, and Kiese Laymon will revel in Gay's voice, and his insights. *The Book of Delights* is about our connection to the world, to each other, and the rewards that come from a life closely observed. Gay's pieces serve as a powerful and necessary reminder that we can, and should, stake out a space in our lives for delight.

From Great Paragraphs to Great Essays helps students perfect their paragraph writing skills in the first half of the text, and introduces the essay in the second half. Students will generate essays through a step-by-step process focusing on definition, process, description, and opinion. Every student needs to be able to write essays. How to Write Great Essays stresses the importance of clarity, word choice, and organization in essay writing. This book also helps readers build their knowledge of correct grammar and punctuation and familiarize them with editing, revising, and proofreading essays. Sample writing prompts and essays reinforce what students learn in this book. In this new edition of Best Words, Best Order, Stephen Dobyns further explains the mystery of the poet's work. Through essays on memory and metaphor, pacing, and the intricacies of voice and tone, and thoughtful appreciations of Chekhov, Rilsoe, Mandelstam, and Rilke, Dobyns guides readers and writers through poetry's mysterious twilight communications. For this new second edition, Dobyns has added two new essays, one dealing with the idea of "beauty" in poetry and another dealing with the almost mystical way poets connect seemingly disparate elements in a single work.

Newly collected, revised, and expanded nonfiction from the first two decades of the twenty-first century—including many texts never previously in print—by the Booker Prize-winning, internationally bestselling author Longlisted for the PEN/Diamonstein-Spielvogel Award for the Art of the Essay Salman Rushdie is celebrated as "a master of perpetual storytelling" (*The New Yorker*), illuminating truths about our society and culture through his gorgeous, often searing prose. Now, in his latest collection of nonfiction, he brings together insightful and inspiring essays, criticism, and speeches that focus on his relationship with the written word and solidify his place as one of the most original thinkers of our time. Gathering pieces written between 2003 and 2020, *Languages of Truth* chronicles Rushdie's intellectual engagement with a period of momentous cultural shifts. Immersing the reader in a wide variety of subjects, he delves into the nature of storytelling as a human need, and what emerges is, in myriad ways, a love letter to literature itself. Rushdie explores what the work of authors from Shakespeare and Cervantes to Samuel Beckett, Eudora Welty, and Toni Morrison mean to him, whether on the page or in person. He delves deep into the nature of "truth," revels in the vibrant malleability of language and the creative lines that can join art and life, and looks anew at migration, multiculturalism, and censorship. Enlivened on every page by Rushdie's signature wit and dazzling voice, *Languages of Truth* offers the author's most piercingly analytical views yet on the evolution of literature and culture even as he takes us on an exhilarating tour of his own exuberant and fearless imagination.

Today we are witnessing dramatic changes in the way academic knowledge is created, codified, and communicated. This transformation is connected to the use of digital technologies and the virtualization of knowledge. In this book, scholars from a range of disciplines consider just what, if anything, is new when knowledge is produced in new ways. Does knowledge itself change when the tools of knowledge acquisition, representation, and distribution become digital? Issues of knowledge creation and dissemination go beyond the development and use of new computational tools. The book, which draws on work from the Virtual Knowledge Studio, brings together research on scientific practice, infrastructure, and technology. Focusing on issues of digital scholarship in the humanities and social sciences, the contributors discuss who can be considered legitimate knowledge creators, the value of "invisible" labor, the role of data visualization in policy making, the visualization of uncertainty, the conceptualization of openness in scholarly communication, data floods in the social sciences, and how expectations about future research shape research practices. The contributors combine appreciation of the transformative power of the virtual with a commitment to the empirical study of practice and use. The hardcover edition does not include a dust jacket.

"All first-rate criticism first defines what we are confronting," the late, great jazz critic Whitney Balliett once wrote. By that measure, the essays of Christopher Hitchens are in the first tier. For nearly four decades, Hitchens has been telling us, in pitch-perfect prose, what we confront when we grapple with first principles—the principles of reason and tolerance and skepticism that define and inform the foundations of our civilization—principles that, to endure, must be defended anew by every generation. "A short list of the greatest living conversationalists in English," said *The Economist*, "would probably have to include Christopher Hitchens, Sir Patrick Leigh-Fermor, and Sir Tom Stoppard. Great brilliance, fantastic powers of recall, and quick wit are clearly valuable in sustaining conversation at these cosmic levels. Charm may be helpful, too." Hitchens—who staunchly declines all offers of knighthood—hereby invites you to take a seat at a democratic conversation, to be engaged, and to be reasoned with. His knowledge is formidable, an encyclopedic treasure, and yet one has the feeling, reading him, of hearing a person thinking out loud, following the inexorable logic of his thought, wherever it might lead, unafraid to expose fraudulence, denounce injustice, and exhortate hypocrisy. Legions of readers, admirers and detractors alike, have learned to read Hitchens with something approaching awe at his felicity of language, the oxygen in every sentence, the enviable wit and his readiness, even eagerness, to fight a foe or mount the ramparts. Here, he supplies fresh perceptions of such figures as Charles Dickens, Karl Marx, Rebecca West, George Orwell, J.G. Ballard, and Philip Larkin are matched in brilliance by his pungent discussions and intrepid observations, gathered from a lifetime of traveling and reporting from such destinations as Iran, China, and Pakistan. Hitchens's directness, elegance, lightly carried erudition, critical and psychological insight, humor, and sympathy—applied as they are here to a dazzling variety of subjects—all set a standard for the essayist that has rarely been matched in our time. What emerges from this indispensable volume is an intellectual self-portrait of a writer with an exemplary steadiness of purpose and a love affair with the delights and seductions of the English language, a man anchored in a profound and humane vision of the human longing for reason and justice.

In her second compilation of published writing, Brianna Wiest explores pursuing purpose over passion, embracing negative thinking, seeing the wisdom in daily routine, and becoming aware of the cognitive biases that are creating the way you see your life. This book contains never before seen pieces as well as some of Brianna's most popular essays, all of which just might leave you thinking: this idea changed my life.

In this classic collection of wide-ranging and interdisciplinary essays, Stanley Cavell explores a remarkably broad range of philosophical issues from politics and ethics to the arts and philosophy. The essays explore issues as diverse as the opposing approaches of 'analytic' and 'Continental' philosophy, modernism, Wittgenstein, abstract expressionism and Schoenberg, Shakespeare on human needs, the difficulties of authorship, Kierkegaard and post-Enlightenment religion. Presented in a fresh twenty-first century series layout, and including a specially commissioned preface, written by Stephen Mulhall, illuminating its continuing importance and relevance to philosophical enquiry, this influential work is now available for a new generation of readers.

NEW YORK TIMES BESTSELLER • "A memoir in essays about so many things—growing up in an abusive cult, coming of age as a lesbian in the military, forced out by homophobia, living on the margins as a working class woman and what it's like to grow into the person you are meant to be. Hough's writing will break your heart." —Roxane Gay, author of *Bad Feminist* Searing and extremely personal essays, shot through with the darkest elements America can manifest, while discovering light and humor in unexpected corners. As an adult, Lauren Hough has had many identities: an airman in the U.S. Air Force, a cable guy, a bouncer at a gay club. As a child, however, she had none. Growing up as a member of the infamous cult The Children of God, Hough had her own self robbed from her. The cult took her all over the globe—to Germany, Japan, Texas, Chile—but it wasn't until she finally left for good that Lauren understood she could have a life beyond "The Family." Along the way, she's loaded up her car and started over, trading one life for the next. She's taken pilgrimages to the sights of her youth, been kept in solitary confinement, dated a lot of women, dabbled in drugs, and eventually found herself as what she always wanted to be: a writer. Here, as she sweeps through the underbelly of America—relying on friends, family, and strangers alike—she begins to excavate a new identity even as her past continues to trail her and color her world, relationships, and perceptions of self. At once razor-sharp, profoundly brave, and often very, very funny, the essays in *Leaving Isn't the Hardest Thing* interrogate our notions of ecstasy, queerness, and what it means to live freely. Each piece is a reckoning: of survival, identity, and how to reclaim one's past when carving out a future. **A VINTAGE ORIGINAL.**

Finally, your teens will write without dread! Have they almost given up on writing? Do they reach for the tissue box when you say, "Write an essay"? Do you worry they won't be ready for high school or college writing? Do they say they think of things to write but can't write them down? With **THE POWER IN YOUR HANDS: WRITING NONFICTION IN HIGH SCHOOL, 2ND EDITION**, they'll learn essay writing in a relaxed, nonthreatening atmosphere with a little humor thrown in. This 2ND EDITION includes proofreading marks and exercises, a new chapter on common grammar mistakes, and numbered lessons to easily keep track of daily lessons. This course teaches your teens what they need to know for high school and will prepare them for college writing: persuasion, compare-and-contrast essays, literary analysis, a research paper with MLA documentation, and much more. In addition, students will learn how to write description and narration essays. Beginning writers will feel safe, and advanced writers will enjoy Digging Deeper lessons. Written by the same author who wrote **JUMP IN**, Apologia's popular middle school writing curriculum, this course is the natural next step for those who value college-preparatory material presented in incremental steps with a conversational tone. Sharon Watson has the knack of teaching students with no prior writing experience in the same class with advanced writers. She knows when to introduce new material and how to keep it interesting. Both reluctant and eager writers will benefit from the way she reveals exactly how the "magic trick" of writing is done! With over 100 daily lessons and complete instructions for 22 essays and reports, this is an engaging course students will enjoy—or not dread. And, more good news: the course is written to the student and almost teaches itself. Really. Because writers come in all varieties, this course begins with basic writing skills so that inexperienced writers can catch up quickly on fundamentals, and then it smoothly merges them with their age-mates. More advanced writers will enjoy the Digging Deeper lessons designed specifically for them. New and seasoned writers will gain a confidence that comes from success. Perfect for homeschools, co-ops, and private schools. Contains some Christian-based material. For SAT essay information, visit <http://writingwithsharonwatson.com/sat-essay/>. From writer/director Cazzie David comes a series of comedic essays about anxiety, social media, generational malaise, and growing up in a famous family. The sexual politics of a faculty wives dinner. The psychological gamesmanship of an inappropriate therapist. The emotional minefield of an extended family wedding. . . . Whatever the subject, Emily Fox Gordon's disarmingly personal essays are an art form unto themselves—reflecting and revealing, like mirrors in a maze, the seemingly endless ways a woman can lose herself in the modern world. With piercing humor and merciless precision, Gordon zigzags her way through life unevolved paradises of academia, with its dying breeds of bohemians, adulterers, and flirts, then stumbles through the perils and pleasures of psychotherapy, hoping to find a narrative for her life. Along the way, she encounters textbook feminists, partying philosophers, perfectionist moms, and an unlikely kinship with Kafka—in a brilliant collection of essays that challenge our sacred institutions, defy our expectations, and define our lives.

One of Book Riot's "The Best Books We Read in the Year 2018" "To say this collection is transgressive, provocative, and brilliant is simply to tell you the truth." —Roxane Gay, author of *Hunger* and *Bad Feminist* Smart, humorous, and strikingly original essays by one of "America's most bracing thinkers on race, gender, and capitalism of our time" (Rebecca Traister) In these eight piercing explorations on beauty, media, money, and more, Tressie McMillan Cottom—award-winning professor and acclaimed author of *Lower Ed*—embraces her venerated role as a purveyor of wit, wisdom, and Black feminist fire. In each, she is right and much that is wrong with this thing we call society. Ideas and identity fuse effortlessly in this vibrant collection that on bookshelves is just as at home alongside Rebecca Solnit and bell hooks as it is beside Jeff Chang and Janet Mock. It also fills an important void on those very shelves: a modern black American feminist voice waking poetic on self and society, serving up a healthy portion of clever prose and southern aphorisms as she covers everything from Saturday Night Live, LinkedIn, and BBO Becky to sexual violence, infant mortality, and Trump rallies. Thick speaks fearlessly to a range of topics and is far more genre-bending than a typical compendium of personal essays. An intrepid intellectual force hailed by the likes of Trevor Noah, Chimamanda Ngozi Adichie, and Oprah, Tressie McMillan Cottom is "among America's most bracing thinkers on race, gender, and capitalism of our time" (Rebecca Traister). This stunning debut collection—in all its intersectional glory—mines for meaning in places many of us miss, and reveals precisely how the political, the social, and the personal are almost always one and the same.

"One hundred incisive, idiosyncratic essays on life and theater from a major American playwright "Don't send your characters to reform school!" pleads Sarah Ruhl in one of her essays. With titles as varied as "On Lice" to "On Sleeping in Theaters" and "Motherhood and Stools (The Furniture Kind)," these essays are artful meditations on life in the arts and joyous jumbles of observations on everything in between. The pieces combine admonition, celebration, inquiry, jokes, assignments, entreaties, prayers, and advice: honest reflections distilled from years of working in the theater. They offer candid accounts of what it is like to be a mother and an artist, along with descriptions of how Ruhl's children's dreams, jokes, and songs work themselves into her writing. 100 Essays is not just a book about the theater. It is a map of a very particular artistic sensibility and a guide for anyone who has chosen an artist's life"—

Great Applications for Business School, Second Edition
From Tom Segura, the massively successful stand-up comedian and co-host of chart-topping podcasts "2 Bears 1 Cave" and "Your Mom" 's House," hilarious real-life stories of parenting, celebrity encounters, youthful mistakes, misanthropy, and so much more. Tom Segura is known for his twisted takes and irreverent comedic voice. But after a few years of crazy tours and churning out podcasts weekly, all while parenting two young children, he desperately needs a second to himself. It 's not that he hates his friends and family — he 's not a monster — he 's just beat, which is why his son 's (ruthless) first full sentence, " I 'd like to play alone, please," has since become his mantra. In this collection of stories, Tom combines his signature curmudgeonly humor with a revealing look at some of the ridiculous situations that shaped him and the ludicrous characters who always seem to seek him out. The stories feature hilarious anecdotes about Tom's time on the road, including some surreal encounters with celebrities at airports; his unfiltered South American family; the trials and tribulations of parenting young children with bizarrely morbid interests; and, perhaps most memorably, experiences with his dad who, like any good Baby Boomer father, loves to talk about his bowel movements and share graphic Vietnam stories at inappropriate moments. All of this is enough to make anyone want some peace and quiet. I 'D LIKE TO PLAY ALONE, PLEASE will have readers laughing out loud and nodding in agreement with Segura's message: in a world where everyone is increasingly insane, sometimes you just need to be alone.

The beloved New York Times bestselling author reflects on home, family, friendships and writing in this deeply personal collection of essays. "The elegance of Patchett 's prose is seductive and inviting; with Patchett as a guide, readers will really get to grips with the power of struggles, failures, and triumphs alike." —Publisher's Weekly "Any story that starts with 'I do and ' As a writer, Ann Patchett knows what the outcome of her fiction will be. Life, however, often takes turns we do not see coming. Patchett ponders this truth in these wise essays that afford a fresh and intimate look into her mind and heart. At the center of *These Precious Days* is the title essay, a surprising and moving meditation on an unexpected friendship that explores "what it means to be seen, to find someone with whom you can be your best and most complete self." When Patchett chose an early galley of actor and producer Tom Hanks ' short story collection to read one night before bed, she had no idea that this single choice would be life changing. It would introduce her to a remarkable woman—Tom 's brilliant assistant Sooki—with whom she would form a profound bond that held monumental consequences for them both. A literary alchemist, Patchett plumbs the depths of her experiences to create gold: engaging and moving pieces that are both self-portrait and landscape, each vibrant with emotion and rich in insight. Turning her writer 's eye on her own experiences, she transforms the private into the universal, providing us all a way to look at our own worlds anew, and reminds how fleeting and enigmatic life can be. From the enchantments of Kate DiCamillo 's children 's books (author of *The Beatyze Prophecy*) to youthful memories of Paris; the cherished life gifts given by her three fathers to the unexpected influence of Charles Schultz 's Snoopy; the expansive vision of Eudora Welty to the importance of knitting, Patchett connects life and art as she illuminates what matters most. Infused with the author 's grace, wit, and warmth, the pieces in *These Precious Days* resonate deep in the soul, leaving an indelible mark—and demonstrate why Ann Patchett is one of the most celebrated writers of our time.

"A Vintage Books original."—Copyright page. Tracing the cultural, material, and discursive history of an early manifestation of media culture in the making. Beginning in the late eighteenth century, huge circular panoramas presented their audiences with resplendent representations that ranged from historic battles to exotic locations. Such panoramas were immersive but static. There were other panoramas that moved—hundreds, and probably thousands of them. Their history has been largely forgotten. In *Illusions in Motion*, Erkki Huhtamo excavates this neglected early manifestation of media culture in the making. The moving panorama was a long painting that unrolled behind a "window" by means of a mechanical cranking system, accompanied by a lecture, music, and sometimes sound and light effects. Showmen exhibited such panoramas in venues that ranged from opera houses to church halls, creating a market for mediated realities in both city and country. In the first history of this phenomenon, Huhtamo analyzes the moving panorama in all its complexity, investigating its relationship to other media and its role in the culture of its time. In his telling, the panorama becomes a window for observing media in operation. Huhtamo explores such topics as cultural forms that anticipated the moving panorama: the diorama; the "panoramania" of the 1850s and the career of Albert Smith, the most successful showman of that era; competition with magic lantern shows; the final flowering of the panorama in the late nineteenth century; and the panorama's afterlife as a topos, traced through its evocation in literature, journalism, science, philosophy, and propaganda.
