The full story of the rise and spectacular comeback of the band hailed as the saviors of punk rock and the next U2 It's hard to believe that in early 2004 Green Day was considered over--the band was still together, but they were dismissed as a strictly 90s phenomenon, incapable of re-creating the success of their groundbreaking album Dookie. Then American Idiot debuted at #1 on the Billboard charts, stayed on the charts for nearly 18 months, and went on to sell more than four million records and to win Record of the Year (for "Boulevard of Broken Dreams") at this year's Grammy's. Combining unique access to Green Day with a seasoned journalist's nose for a great story, Marc Spitz gives the complete account of the band, from their earliest days to their most recent explosion of popularity and critical acclaim. Foremost, Nobody Likes You is a story of friendship and the transporting power of playing very loud music. It is the story of how high school dropout Billie Joe Armstrong came to write song lyrics that inflamed the political conscience of fans in a way that two Yale graduates couldn't. Green Day's story--from rise, to fall, to rise again--has never before been fully told.

Forget the 10,000 hour rule—what if it's possible to learn the basics of any new skill in 20 hours or less? Take a moment to consider how many things you want to learn to do. What's on your list? What's holding you back from getting started? Are you worried about the time and effort it takes to acquire new skills—time you don't have and effort you can't spare? Research suggests it takes 10,000 hours to develop a new skill. In this nonstop world when will you ever find that much time and energy? To make matters worse, the early hours of practicing something new are always the most frustrating. That's why it's difficult to

learn how to speak a new language, play an instrument, hit a golf ball, or shoot great photos. It's so much easier to watch TV or surf the web . . . In *The First 20 Hours*, Josh Kaufman offers a systematic approach to rapid skill acquisition—how to learn any new skill as quickly as possible. His method shows you how to deconstruct complex skills, maximize productive practice, and remove common learning barriers. By completing just 20 hours of focused, deliberate practice you'll go from knowing absolutely nothing to performing noticeably well. Kaufman personally field-tested the methods in this book. You'll have a front row seat as he develops a personal yoga practice, writes his own web-based computer programs, teaches himself to touch type on a nonstandard keyboard, explores the oldest and most complex board game in history, picks up the ukulele, and learns how to windsurf. Here are a few of the simple techniques he teaches: Define your target performance level: Figure out what your desired level of skill looks like, what you're trying to achieve, and what you'll be able to do when you're done. The more specific, the better. Deconstruct the skill: Most of the things we think of as skills are actually bundles of smaller subskills. If you break down the subcomponents, it's easier to figure out which ones are most important and practice those first. Eliminate barriers to practice: Removing common distractions and unnecessary effort makes it much easier to sit down and focus on deliberate practice. Create fast feedback loops: Getting accurate, real-time information about how well you're performing during practice makes it much easier to improve. Whether you want to paint a portrait, launch a start-up, fly an airplane, or juggle flaming chainsaws, *The First 20 Hours* will help you pick up the basics of any skill in record time . . . and have more fun along the way.

Modern Worship - Guitar Chord Songbook

Green Day - Uno! (Songbook)

Country Hits - Guitar Chord Songbook

Commonly referred to as the rhythm guitarist's bible, this innovative book is a system of guitar chord formation which maximizes power voicing while minimizing left-hand movement! Originally written by Mel Bay in 1947, this landmark publication was reissued in its original typesetting in 1973 to become the definitive text on jazz chords in private teaching studios and university jazz guitar departments around the globe. Mr. Bay's practical, analytical approach to the fingerboard produced this comprehensive system for learning full-sounding orchestral jazz guitar chords.

(Piano/Vocal/Guitar Artist Songbook). This fantastic collection features over 25 hits from the British rock band in piano/vocal/guitar notation, including: Angie * Beast of Burden * Emotional Rescue * Fool to Cry * Happy * It's Only Rock 'N' Roll (But I like It) * Miss You * Not Fade Away * Rocks Off * Shattered * Start Me Up * Time Is on My Side * Tumbling Dice * Waiting on a Friend * and more.

Learn over 30 pop, rock, traditional, campfire, and holiday classics with only 4 chords. Guitar for the Absolute Beginner: 4-Chord Songbook is perfect for those times you want to relax after work, lead your family in a sing-along, or jam with your friends around the campfire. Along with easy, but authentic-sounding arrangements, you'll learn strumming patterns and some optional more advanced chords for when you are feeling adventurous! Play a wide variety of songs from Green Day and R.E.M. to Van Morrison and Jimmy Buffett, plus your favorite traditional and holiday tunes, including "House of the Rising Sun," "Scarborough Fair," "Amazing Grace," and "Silent Night."

(Guitar Chord Songbook). Singer, songwriter, performer, author, poet, visual artist, and now the first American songwriter to win a Nobel Prize in literature, Bob Dylan is one of the most widely-influential figures in popular culture. In this folio, enjoy every song written and recorded by Bob Dylan in chord songbook format. Includes chord symbols, guitar chord shapes and full lyrics, featuring a specially-written foreword by Jimmy Webb.

A New York Times bestseller! "Lively and absorbing. . ." — The New York Times Book Review "Engrossing." —Wall Street Journal "Entertaining and well-researched . . ." —Houston Chronicle Three noted Texan writers combine forces to tell the real story of the Alamo, dispelling the myths, exploring why they had their day for so long, and explaining why the ugly fight about its meaning is now coming to a head. Every nation needs its creation myth, and since Texas was a nation before it was a state, it's no surprise that its myths bite deep. There's no piece of history more important to Texans than the Battle of the Alamo, when Davy Crockett and a band of rebels went down in a blaze of glory fighting for independence from Mexico, losing the battle but setting Texas up to win the war. However, that version of events, as Forget the Alamo definitively shows, owes more to fantasy than reality. Just as the site of the Alamo was left in ruins for decades, its story was forgotten and twisted over time, with the contributions of Tejanos--Texans of Mexican origin, who fought alongside the Anglo rebels--scrubbed from the record, and the origin of the conflict over Mexico's push to abolish slavery papered over. Forget the Alamo provocatively explains the true story of the battle against the backdrop of Texas's struggle for independence, then shows how the sausage of myth got made in the Jim Crow South of the late nineteenth and early twentieth century. As uncomfortable as it may be to hear for some, celebrating the Alamo has long had an echo of celebrating whiteness. In the past forty-some years, waves of revisionists have come at this topic, and at times have made real progress toward a more nuanced and inclusive story that doesn't alienate anyone. But we are not living in one of those times; the fight over the Alamo's meaning has become more pitched than ever in the past few years, even violent, as Texas's future begins to look more and more different from its past. It's the perfect time for a wise and generous-spirited book that shines the bright light of the truth into a place that's gotten awfully dark.

(Guitar Chord Songbook). The Guitar Chord Songbook series features books with complete lyrics and chord symbols above the lyrics for dozens of great songs. Each song also includes chord grids at the top of every page and the first note of the melody for easy reference. These books are perfect for people who don't read music but want to strum chords and sing, and are equally ideal for more advanced, music-reading electric or acoustic guitarists who don't feel like wading through note-for-note notation. This edition features 80 contemporary worship favorites, including: Amazed * Amazing Grace (My Chains Are Gone) * At the Cross * Beautiful One * Everlasting God * How Can I Keep from Singing * I Am Free * Let God Arise * Let My Words Be Few (I'll Stand in Awe of You) * Made to Worship * Mighty to Save * Nothing but the Blood * Offering * Sing to the King * Today Is the Day * Your Name * and more.
