The critically acclaimed author of *Polaris Rising* takes readers on an exciting journey with the start of her brand-new series about a female bounty hunter and the man who is her sworn enemy. “Jessie Mihalik is an author to watch.” — Ilona Andrews, #1 New York Times bestselling author Octavia Zarola would do anything to keep her tiny, close-knit bounty hunting crew together—even if it means accepting a job from Torran Fletcher, a ruthless former general and her sworn enemy. When Torran offers her enough credits to not only keep her crew afloat but also hire someone to fix her ship, Tavi knows that she can’t refuse—no matter how much she’d like to. With so much money on the line, Torran and his crew insist on joining the hunt. Tavi reluctantly agrees because while the handsome, stoic leader pushes all of her buttons—for both anger and desire—she’s endured worse, and the massive bonus payment he’s promised for a completed job is reason enough to shut up and deal. But when they uncover a deeper plot that threatens the delicate peace between humans and Valoffs, Tavi suspects that Torran has been using her as the impetus for a new war. With the fate of her crew balanced on a knife’s edge, Tavi must decide where her loyalties lie—with the quiet Valoff who’s been lying to her, or with the human leaders who left her squad to die on the battlefield. And this time, she’s put her heart on the line.

A brand new series of novels begins, featuring the legendary heroes of the Space Marines. Ragnar Blackmane is a legend of the Space Wolves, the youngest warrior ever to rise to command a Great Company. As he battles the forces of Abaddon the Despoiler on the war-ravaged world of Cadia, Ragnar remembers the events that brought him to this place and time, and relates two great sagas from his past, each bringing him into conflict with brother Space Marines from other Chapters, the secretive Dark Angels and savage Flesh Tearers. As these tales influence the events of the present, Ragnar comes to realise that his past actions have consequences.

When Great Wolf Logan Grimnar vanishes, the Space Wolves embark on a mission to retrieve him – a mission that might see the end of the Chapter. Hailing from the hostile ice world of Fenris, the Space Wolves are as fierce and proud as their name suggests. Considered by some to be wild and undisciplined, the Sons of Russ are loyal to a fault, and their instincts for war are never in doubt. Woe betide those they mark as their prey, for they too shall feel the fangs of the wolf around their throats... A Great Hunt is over and the Space Wolves gather in the Fang to celebrate their victories and tell tall tales of their exploits. But one company has failed to return: that of the Great Wolf, Logan Grimnar. News of his death sends the Chapter on the hunt for the truth, with Ulrik the

Slayer at their head. As they fight their way across the galaxy in search of their lord, the Space Wolves uncover a threat to the future of the Chapter itself.

Few believe the tribe exists-and even fewer suspect its deity may hold knowledge that can change the course of history. For National Underwater & Marine Agency crew leader Kurt Austin, an investigation into the sudden deaths of rare whales leads him to the Mexican coast, where someone tries to put him and his mini-sub permanently out of commission. Meanwhile, in South America's lush hills, a specially assigned NUMA crew turns up the white-goddess legend-and a murderous cadre of bio-pirates intent on stealing medicinal secrets worth millions. Soon Austin and his crew realize they're working the opposite ends of the same grand scheme. A billionaire California tycoon is poised to rise to power by monopolizing the earth's vastly depleted freshwater reserves and ultimately dominate the world. Austin has a hunch Venezuela's mythical tribal goddess has some real roots in science, and may be the key to locating a secret formula that could turn vast amounts of seawater into fresh. But with each step into the bush, he and his NUMA team feel like fish out of water-and must fight a deadly, twisting trail of enemies through a dense jungle of treachery, blackmail, and murder.

Bumper Omnibus collecting together some of Black Library's most loved Space Wolves stories for the first time. Born on the icy world of Fenris, few amongst the brotherhoods of the Adeptus Astartes are as fierce or as noble as the Space Wolves. Long are their tales, told around mead halls or the flickering glow of a hungry fire. Heed them well, for they speak of legends like the Young King Ragnar Blackmane, whose thirst for battle is only matched by his heroism, or the Wolf Lord Logan Grimnar that most venerable and fearsome of warriors, he who leads the Chapter itself. So listen hard and listen carefully to the skald as he holds forth around the burning fire, because there is darkness in these sagas as well as light. This omnibus edition collects together for the first time the novels Ragnar Blackmane, Curse of the Wulfen, Legacy of Russ and The Hunt for Logan Grimnar as well as the novellas Blood on the Mountain and Arjac Rockfist, and a host of short stories.
