Trusted advice on successful consulting from the authors of the bestselling Guerrilla Marketing series Consulting is entering the era of the guerrilla client-buyers with a glut of information at their fingertips and doubts about the value consultants add. Guerrilla Marketing for Consultants is the first book to reveal how guerrilla marketing can transform today's challenges into golden opportunities for winning profitable work from the new breed of consulting clients. Packed with information, this step-by-step guide details the 12 marketing secrets every consultant should know, the anatomy of a marketing plan, Web sites, sources of free publicity, direct-mail marketing, winning proposals, and more. Jay Conrad Levinson (San Rafael, CA) is the Chairman of the Board of Guerrilla Marketing International and the author or coauthor of more than 30 books, including the bestselling Guerrilla Marketing series. Michael W. McLaughlin (Mill Valley, CA) has been a partner with Deloitte Consulting since 1994.

Levinson and Horowitz show the dramatic potential for profit in not just being a green company, but in addressing the huge social problems that have stumped humankind for millennia. Instead of waiting centuries for government to get it done, business can grab the reins and accomplish more through the profit motive than through any amount of guilt-tripping. Green practices can save and make money, and deep social change can skyrocket those revenues---when marketed correctly.

Equipping you with action plans, implementation steps and more than 100 marketing weapons, Jay Conrad Levinson, The Father of Guerrilla Marketing, and social media expert Shane Gibson teach you how to combine the timeless principles of guerrilla marketing with the latest social media applications and networks. Discarding overwhelming statistics, buzzwords and acronyms, Levinson and Gibson provide a step-by-step social media attack plan. Following their take-no-prisoners guerilla approach, you'll learn how to identify unconventional social media opportunities, engage customers, motivate action, and capture profits away from your competitors. Includes:

- 19 secrets every guerrilla social media marketer needs to know
- The Guerrilla Social Media Toolkit
- The Seven-Sentence Social Media Attack Plan
- 22-point social site and blog checklist
- 20 types of ROI
- Free guerrilla intelligence tools
- Future social media weapons that are worth knowing about
- And more!

This is THE social media guerrilla's go-to guide—learn how to employ a social media plan that earns attention—and profits!

The Father of Guerrilla Marketing, Jay Conrad Levinson delivers the first book to adapt the profit-producing principles of Guerrilla Marketing to the world of nonprofits. The nonprofit sector has increased by 65%--a flood of new organizations are vying for donations, competing for volunteers, and carving out their share of the marketplace. Joined by co-authors Frank Adkins and Chris Forbes, Levinson shows nonprofit marketers how to gain the competitive edge they need by replacing their lack of money with the power of time, energy, imagination, and information—allowing them to maximize their impact and raise more money! Armed with time-tested principles, 200 proven weapons of Guerrilla Marketing, and relevant tactics and tools, nonprofit marketers learn how to boost public awareness, increase effectiveness in recruiting volunteers, mobilize advocates, and raise more money—no matter the state of their finances. • Introduces the “seven golden rules” for fundraising success and recruiting volunteers • 200 proven weapons of Guerrilla Marketing customized for nonprofits • Covers publicity and social media tactics specific to the nonprofit community • Concepts are illustrated through real-world examples and comparison tables

Advertising is changing fast, in order to hold its own in an ever-changing media landscape. The traditional channels of TV, press and poster simply won't reach some target audiences. Instead, clients demand project-specific solutions involving social media networks, stunts in public places, street propaganda and more. This book showcases the varied and inventive tactics that are being used today by big-name brands, non-profit organizations and individuals to promote themselves, their ideas and their products. Projects include: giant afro combs stuck in topiaried shrubs to promote a play set in a barber shop; an inflatable pig wedged between two skinny Manhattan buildings to advertise dental floss; musical grooves in a road, only audible if you drive at the safe limit of 40 mph and street buskers launching a new Oasis album in New York. Over 70 international campaigns are featured, grouped according to their approach: Stunts, Street Propaganda, Sneaky Tactics, Site-specific campaigns and Multi-fronted attacks.

Guerrilla Marketers are unique, and they know it and promote it. Therefore, Jason Myers and Merrilee Kimble had to ask themselves: "How can we make this book unique?" After all, Guerrilla Marketing, since the original Guerrilla Marketing book was introduced by Jay Conrad Levinson in 1984, has supported and empowered entrepreneurs, small and medium sized businesses, solopreneurs, and people with ideas that they think can be a

business. Where does it all begin? That's a simple answer: with a strong foundation of Guerrilla Marketing. Jason and Merrilee spend the first section reviewing the strong foundational elements of Guerrilla Marketing and spend the remaining sections of Guerrilla Marketing sharing today's Guerrilla Marketing tactics, tools, and tips. These are the Guerrilla Marketing resources that every business needs to succeed and generate profits. They also offer a FREE companion course to help entrepreneurs continue to build their rock-solid Guerrilla Marketing foundation. In the companion course, Jason and Merrilee dive deeper with video tutorials, exercises, and the tools entrepreneurs need to build that crucial foundation from which their Guerrilla Marketing success will be born. Guerrilla Marketing also contains 70+ free online tools for small businesses. Jason and Merrilee are continuing Jay Conrad Levison's unconventional system of marketing. By understanding not only what marketing is but why it works, they give small and medium sized businesses (SMBs) the opportunity to think and grow big. When the power of one's SMB is understood and what they can do with Guerrilla Marketing, it not only levels the playing field with competition, but it also tilts the playing field to their advantage.

Amidst the profound upheavals in technology, economics, and culture that mark the contemporary moment, marketing strategies have multiplied, as brand messages creep ever deeper into our private lives. In *Your Ad Here*, an engaging and timely new book, Michael Serazio investigates the rise of "guerrilla marketing" as a way of understanding increasingly covert and interactive flows of commercial persuasion. Digging through a decade of trade press coverage and interviewing dozens of agency CEOs, brand managers, and creative directors, Serazio illuminates a diverse and fascinating set of campaign examples: from the America's Army video game to Pabst Blue Ribbon's "hipster hijack," from buzz agent bloggers and tweeters to The Dark Knight's "Why So Serious?" social labyrinth. Blending rigorous analysis with eye-opening reporting and lively prose, *Your Ad Here* reveals the changing ways that commercial culture is produced today. Serazio goes behind-the-scenes with symbolic creators to appreciate the professional logic informing their work, while giving readers a glimpse into this new breed of "hidden persuaders" optimized for 21st-century media content, social patterns, and digital platforms. Ultimately, this new

form of marketing adds up to a subtle, sophisticated orchestration of consumer conduct and heralds a world of advertising that pretends to have nothing to sell.

Hundreds of millions of Americans are using social media (SM), and already some 70% of businesses have joined them there, using Facebook and other SM platforms to connect with their customers, and attract new ones. So the real question isn't whether to take your business onto social media platforms—but how to do it quickly, effectively, on a budget, with smart goals, and a road map for success. *Advanced Social Media Marketing: How to Lead, Launch, and Manage a Successful Social Media Program* cuts through the hype and fluff about how social media is changing the world, and it gets down to what really matters: How you as a manager can best use SM to benefit your business. Written by a veteran online marketer and ecommerce professional, the book shares practical strategies and tactics to let you launch and scale a successful corporate social media program. *Advanced Social Media Marketing: How to Lead, Launch, and Manage a Successful Social Media Program* is for the manager who already knows something about social media and wants to roll up his or her sleeves and get down to business. In it, we simplify tasks that might otherwise be complicated—like adopting and tracking key performance metrics, developing online ad campaigns, or creating Facebook apps like games, giveaways and sweepstakes with the capacity to go viral. Businesses can harness the unique advantages of this new medium, but they need a practical, no-nonsense guide like this one. Otherwise they risk being ignored, wasting time and money or, even worse, damaging their own brand and seeing a well-intentioned online program blow up. The book is heavy on the how-to, case studies, campaign results and other statistics, and interviews with ecommerce managers at businesses large and small. It also includes the author's own experiences at Green Mountain Coffee Roasters, Wine of the Month Club, and others. While this book will be accessible enough for someone implementing a social media program for the first time, it's ambitious enough to benefit experienced SM hands who are looking for good ideas and techniques to push their online community to the next level of size, interactivity, and buzz.
