Tightly plotted and fast paced, *Girl Crazy* is a cinematic ride through one man's obsession with a younger woman. Justin, a dissatisfied community college teacher, meets Jenna and is attracted at once to her mixture of toughness, vulnerability and ripe sexuality. Jenna is unlike anyone Justin has ever known -- through her he discovers a world of drugs and sex, casual violence and

intimidation that at first frightens and then thrills him. Justin falls deeper into Jenna's thrall, particularly as her erratic behaviour keeps him guessing. When Jenna ends the relationship abruptly, Justin finds he isn't willing to let go of this new life, or of Jenna, without a fight.

What Older Drivers Must Know to Protect Their Driving Privileges In Their Golden Years

The Rough Guide to Provence & Cote d'Azur (Travel Guide eBook)

Safety Driving Book

Senior Drivers! Your future is in jeopardy. A disturbing situation is developing in the United States. Since people are living longer, the number of drivers over 65 is escalating three times as rapidly as the general driving population. Older people have difficulty concentration, shorter attention spans and failing vision among other ailments. Unfortunately this results in frequent driving mishaps, sometimes with catastrophic results. Taking away their driving privileges would deprive them of their self esteem and independence. This could happen if they continued to have accidents caused by their propensity to get distracted easily and lose concentration. Some states have already enacted laws requiring re-exams for seniors. No doubt many more will follow. Driving slower in traffic is not the answer. This could cause accidents. Driving too fast would be worse since a person's attention span and reaction time deteriorate with age. It does not matter how skillful he or she once were, aging diminishes skill in almost all areas including the operation of a motor vehicle. Driving today has become more complex as many more cars are on the road. When seniors started to drive, turnpikes and expressways were non existent. After observing the avoidable accidents seniors were having, and realizing how their ranks were exploding, I decided to write "The Senior Driver's Survival Guide" – subtitled What You Must

Driving With Safety and Proper Ways

Driving Carefully and Safety

This book is a reflection on finding my soul mate at a young age and then losing him to the war in Afghanistan. It

will describe my relationship with Bobby Pagan, our deployment to Afghanistan, being notified that he was killed in action, the healing process, and a snippet of how life has been after his loss. My book will deliver a clear insight on what it is like to lose a loved one to war, the events that took place after the casualty report was received, and the journey through healing as I have lived on without my significant other. This book will depict some very painful memories but will also entail a beautiful love story that unfortunately had a tragic end. When my fiance was killed in action, I went through the motions, but I was numb and in utter shock. When I was finally ready to accept and face my loss, I felt so alone because people felt uncomfortable discussing the topic. I want to take my readers on my journey through my eyes, have them feel the raw emotions that I felt throughout the process, and show them what I went through. I also want to shed light on my experience of grief and mourning. I want people who have lost a loved one to know that they are not alone and that

there is no time limit on grieving. If that concept alone can bring some sort of comfort to someone, then I'd have accomplished my mission in sharing my story. I pray that this book somehow touches the heart of others, especially those who have experienced a loss like I have. There are no words that can ever make it any better, but know that you are not alone.
