The most respected and accomplished authorship team in high school biology, Ken Miller and Joe Levine are real scientists and educators who have dedicated their lives to scientific literacy. Their experience, knowledge, and insight guided them in creating this breakaway biology program -- one that continues to set the standard for clear, accessible writing. Brand-new content includes the latest scholarship on high-interest topics like stem cells,

Prentice Hall Chemistry

This hands-on content-rich program enables you to lead your students through explorations of specific concepts within Life, Earth, and Physical Science. Bring content to life with the interactive whiteboard ready products for Prentice Hall Chemistry. Prentice Hall Chemistry meets the needs of students with a range of abilities, diversities, and learning styles by providing real-world connections to chemical concepts and processes. The first nine chapters introduce
