The National Book Award winning author returns to his original fictional territory--the lives of the dispossessed in San Francisco--with a parable about the limitations of desire and life at the margins of society In such earlier works of fiction as The Rainbow Stories and The Royal Family, William T. Vollmann wrote of pimps, prostitutes, addicts and homeless dreamers in San Francisco's Tenderloin district. In this new novel, Vollmann returns there with a story that centers around a woman with magical powers whom everyone loves, and who has to love them all back. After being initiated into a coven of island witches, Neva begins to fulfill her fate in a Tenderloin dive bar. Her worshippers include Richard, the introverted, alcoholic, occasionally omniscient narrator; a profane, aggressive transgender sex worker named Shantelle; the brisk but motherly barmaid Francine; and the former Frank, who has renamed herself after her idol Judy Garland. When Judy starts to love Neva too much, Judy's retired policeman boyfriend embarks on a mission of exposure and destruction. Crafted out of language by turns spiritual and sexually graphic, The Lucky Star aches with compassion as it explores celebrity culture, gender identity, incest, Christian sacrifice and, most of all, the quotidian and sometimes faltering heroism of marginalized people who in the face of humiliation and outright violence seek to love in their own way, and stand up for who they are.

Gives middle school teachers a range of tools to help monitor literacy behavior continuously as they teach, as well as conduct periodic assessments for accountability. Intended to guide teachers' ongoing observations of student's progress within a literature-based reading program.

The Land of Stories meets Dominican myths and legends come to life in Pilar Ramirez and the Escape from Zafa, a blockbuster contemporary middle-grade fantasy duology starter from Julian Randall. Fans of Tristan Strong and The Storm Runner, here is your next obsession. "A breathtaking journey . . . readers better hold on tight." —Kwame Mbalia, New York Times bestselling author of the Tristan Strong series Twelve-year-old Pilar Violeta "Purp" Ramirez's world is changing, and she doesn't care for it one bit. Her Chicago neighborhood is gentrifying and her chores have doubled since her sister, Lorena, left for college. The only constant is Abuela and Mami's code of silence around her cousin Natasha—who vanished in the Dominican Republic fifty years ago during the Trujillo dictatorship. When Pilar hears that Lorena's professor studies such disappearances, she hops on the next train to dig deeper into her family's mystery. After snooping around the professor's empty office, she discovers a folder with her cousin's name on it . . . and gets sucked into the blank page within. She lands on Zafa, an island swarming with coconut-shaped demons, butterfly shapeshifters, and a sinister magical prison where her cousin is being held captive. Pilar will have to go toe-to-toe with the fearsome Dominican boogeyman, El Cuco, if she has any hope of freeing Natasha and getting back home.

"Magic awaits around every corner in Zafa. Nonstop action and plenty of heart create a story worth escaping into." —Kirkus Reviews, starred review

The Handler

A breakthrough solution from the author of This Naked Mind and the author of Alcohol Explained, to shift your mindset and help you quit smoking and vaping for good. Tobacco is bad for us; that's a given. But even though you may know the negative health effects, nicotine's hold is strong, subconscious, and emotional: It tastes good, it's a companion when you're alone, and it can be a shield against stress. What if none of these things were true, though? What if nicotine actually tasted bad and didn't make you less lonely? What if it didn't relax you? It may seem hard to believe, and it's okay to be skeptical, but coming to a new mindset about smoking and vaping is the key to quitting. In This Naked Mind: Nicotine, Annie Grace and William Porter combine their trusted approaches to overcoming problem drinking—science-backed, habit-breaking systems that have worked for thousands—to vanquish tobacco addiction. Grace and Porter uncover the subconscious beliefs about smoking and vaping that keep us addicted to it despite its well-known costs. With thought-provoking questions and exercises that will spark clarity, this essential book will help you jump-start your no-smoking journey easily and heal your brain and body.

In this follow up to Triple Threat, New York Times bestseller Mike Lupica takes us to the soccer field in another empowering story about dismantling sexism in sports. Fresh off her football victory as QB, Alex Carlisle is on cloud nine. But with football season ending, Alex is ready to get back on the field in the spring. Ideally she'd like to play soccer again, but as she's about to sign up for tryouts, she hears word around the school that they're planning to cut athletic funding. and girls soccer might be first to go. Now, Alex knows playing soccer is about more than just healthy competition. It's about fighting for their right to play. Why should the girls team be first to get cut? It's an injustice that seems to follow Alex through her middle school athletic career, and it needs to stop. The soccer girls get together and hatch a plan. A battle of the sexes. The girls team versus the boys team. Whoever wins gets to play in the spring. But Alex soon realizes that's not the right approach. Everyone deserves to play. So instead, she hatches a new plan--charging tickets to the game to raise money for the school's athletic program so that no one is left on the sidelines.

From the bestselling author of Blink and The Tipping Point, Malcolm Gladwell's Outliers: The Story of Success overturns conventional wisdom about genius to show us what makes an ordinary person an extreme overachiever. Why do some people achieve so much more than others? Can they lie so far out of the ordinary? In this provocative and inspiring book, Malcolm Gladwell looks at everyone from rock stars to professional athletes, software billionaires to scientific geniuses, to show that the story of success is far more surprising, and far more fascinating, than we could ever have imagined. He reveals that it's as much about where we're from and what we do, as who we are - and that no one, not even a genius, ever makes it alone. Outliers will change the way you think about your own life story, and about what makes us all unique. 'Gladwell is not only a brilliant storyteller; he can see what those stories tell us, the lessons they contain' Guardian 'Malcolm Gladwell is a global phenomenon ... he has a genius for making everything he writes seem like an impossible adventure' Observer 'He is the best kind of writer - the kind who makes you feel like you're a genius, rather than he's a genius' The Times

Papa will not allow Clara to learn to read—he says "Farm people like us do not have time to read." But when the traveling bookwagon, with persuasive Miss Mary at the reins, arrives at their farm, Papa realizes he must change his mind. Based on the true story of America's first 'bookmobile.' "The free library in a nearby Maryland village is off-limits to the curious child, but Clara's chance encounter with librarian Mary Titcomb and the first horse-drawn 'moving library' changes her father's response. A glimpse of childhood without schools, libraries, literacy and books is presented in easy-to-read historical fiction." (Cooperative Children's Book Center) Clara and the Bookwagon is a Level Three I Can Read book. Level 3 includes many fun subjects kids love to read about on their own. Themes include friendship, adventure, historical fiction, and science. Level 3 books are written for early independent readers. They include some challenging words and more complex themes and stories.

This book presents an overview of the key debates that took place during the Economic and Social Council meetings at the 2007 High-level Segment, at which ECOSOC organized its first biennial Development Cooperation Forum. The discussions also revolved around the theme of the second Annual Ministerial Review, "Implementing the internationally agreed goals and commitments in regard to sustainable development."--P. 4 of cover.

A seven-day book of magic proves to be fractious for five children, who must learn the book's rules and tame its magic.

The inside story of the four years when Donald Trump went to war with Washington, from the chaotic beginning to the violent finale, told by revered journalists Peter Baker of *The New York Times* and Susan Glasser of *The New Yorker*—an ambitious and lasting history of the full Trump presidency that also contains dozens of exclusive scoops and stories from behind the scenes in the White House, from the absurd to the deadly serious. The bestselling authors of *The Man Who Ran Washington* argue that Trump was not just lurching from one controversy to another; he was learning to be more like the foreign autocrats he admired. *The Divider* brings us into the Oval Office for countless scenes both tense and comical, revealing how close we got to nuclear war with North Korea, which cabinet members had a resignation pact, whether Trump asked Japan's prime minister to nominate him for a Nobel Prize and much more. The book also explores the moral choices confronting those around Trump—how they justified working for a man they considered unfit for office, and where they drew their lines. *The Divider* is based on unprecedented access to key players, from President Trump himself to cabinet officers, military generals, close advisers, Trump family members, congressional leaders, foreign officials and others, some of whom have never told their story until now.

"This stunning tale of betrayal, trickery, and friendship takes the reader on a wild ride." —School Library Journal *Ocean's Eleven* meets *The False Prince* in this thrilling heist story for young readers, in which five kids with unusual talents are brought together to commit an impossible crime. Failure is unacceptable ... but success could be deadly. From the bestselling author of the *Blackthorn Key* series, this magic-infused fantasy brings together a ragtag group of kids to pull off a crime so difficult, countless adults have already tried and failed. Lured by the promise of more money than they've ever dreamed of, five young criminals are hired to steal a heavily guarded treasure from the most powerful sorcerer in the city. There's Callan the con artist, Meriel the expert at acrobatics (and knives!), Gareth the researcher, Lachlan who can obtain anything, and Foxtail, whose mysterious eyeless mask doesn't hinder her ability to climb walls like a spider. Though their shadowy backgrounds mean that they've never trusted anyone but themselves, the five must learn to rely on each other in order to get the job done. But as Callan has been warned most of his life, it's best to stay away from magic. It can turn on you at any moment, and make you think you're the one running the con game, when in reality you're the one being fooled. Faced with these unsurmountable odds, can the friends pull off this legendary heist, or has their luck finally run out?

A lethal new weapon endangers all of Europe—unless Elena Standish can rescue an ingenious scientist from Hitler's clutches—in this action-packed mystery by bestselling author Anne Perry. It is the summer of 1934, and Hitler is nearing the summit of supreme power in Germany, his eyes set on European domination. When Britain's MI6 gets word that a pair of German scientists have made breakthroughs in germ warfare, they send Elena Standish on a dangerous mission to get one of them out of Germany before he's forced to share his knowledge and its devastating power with Hitler's elite. But the British soon learn that it's more than just time that Elena is working against. The new head of Germany's germ warfare division is an old enemy of Elena's grandfather Lucas, the former head of MI6. And he's bent on using any means at his disposal to avenge his defeat at Lucas's hands twenty years before. What starts as an effort to save Europe from the devastation of disease soon becomes an intensely personal fight. As Elena and the scientist make their way across Germany, from Berlin to Bavaria and beyond, they confront not only the Gestapo but also a ragtag group of unpredictable Nazi supporters. Elena finds her every decision challenged in this compelling thriller that takes a searing look at what it means to do what's right in a world rife with so much evil.

A disgraced former CIA operative must go back in the field with only his ex-wife as his handler in this electrifying thriller from a former intelligence officer. Meredith

Morris-Dale is a CIA case officer and a damn good one...even if this last mission did go terribly wrong. Now she has been summoned back to Langley where she expects to be fired. Instead, she is met by the Deputy Director with stunning news. A single well-placed CIA mole in Iran's uranium enrichment program has kept the terrorist nation from building a bomb by sabotaging the performance of their covert centrifuge arrays. But after losing his daughter in an airliner shootdown, the mole wants out—leaving the world on the brink. His one demand: a reunion with the only handler he ever trusted, John Dale—Meredith's disgraced, fired, wayward ex-husband. As Meredith and John struggle through their fraught relationship, a craven CIA political hierarchy, Russian interference, and the rogue spy's manipulation, they must reach deep within their shared connection to maintain, recover, or kill the asset.
