My Guitar Lyrics, Chords & Melody Fake Book There are many types of Fake Books, this one is for musicians that create music using an acoustic or electric guitar. Fake Books for Guitar are sold in most music stores. A fake book is a collection of musical

lead sheets intended to help a performer quickly learn and perform new songs. This one is different from those! This fake book was guided in the creation by a former songwriter and guitarist based on her own songs 'fake book.' When creating a song, most musicians grab their guitar / electric guitar, start to write lyrics and guitar chords about them. That is the premise of this book. To help the aspiring (and inspiring) musician keep all of their songs in one handy notebook instead of an ugly composition or spiral notebook that can get lost or torn. Similar to a traditional fake book, this book contains lines for lyrics, chords, and a melody line (See the inside or the back of the book) - the minimal information needed by a musician to remember and play it by ear arrangement of a song. There is enough room for 29 songs! Three pages at end of book to write in your own guitar chords. This Lyrics & Chords fake book is perfect for: Musicians that create songs (music) by ear. New young guitar player creating their own songs without the knowledge of reading and writing music using a staff. Create guitar songs for beginners and experts with or without using a capo. Guitarists that prefer a different tuning (I put in space for your new tuning). This fake book is easy to take into a recording studio or prop up to record in your home. Six string or Twelve String Guitars Letter size (8.5 x 11 inches) Please note: There are no songs in this book! You create the songs yourself! This is also not a Guitar Tab Book.
