ideologies and approaches to achieving more sustainable cities while retaining their identities, and strategies to help cities advertise themselves on the global market. Every city has its own unique identity, which is revealed through its physical

and visual form. It is seen through the eyes of its inhabitants and visitors, and is where their collective memories are shaped. In turn, these factors affect tourism, education, culture & economic prosperity, in addition to other aspects, making a

city's identity one of its main assets.

Cities' identities are constructed and developed over time and are constantly evolving physically, culturally and sociologically. This book explains how architecture and the arts can embody the historical, cultural and economic

characteristics of the city. It also demonstrates how cities' memories play a vital role in preserving their physical and nonphysical heritage.

Furthermore, it examines the transformation of cities and urban cultures, and

1001 Inventions

This extensive work explores the changing world of religions, faiths and practices. It discusses a broad range of issues and

Download Free Hajj Guide Map

phenomena that are related to religion, including nature, ethics, secularization, gender and identity. Broadening the context, it studies the interrelation between religion and other fields, including education, business, economics and law. The book presents a

Download Free Hajj Guide Map

vast array of examples to illustrate the changes that have taken place and have led to a new world map of religions.

Beginning with an introduction of the concept of the "changing world religion map", the book first focuses on nature, ethics and the

Download Free Hajj Guide Map

environment. It examines humankind's eternal search for the sacred, and discusses the emergence of "green" religion as a theme that cuts across many faiths. Next, the book turns to the theme of the pilgrimage, illustrated by many examples from all

Download Free Hajj Guide Map

parts of the world. In its discussion of the interrelation between religion and education, it looks at the role of missionary movements. It explains the relationship between religion, business, economics and law by means of a discussion of legal and moral

frameworks, and the financial and business issues of religious organizations. The next part of the book explores the many "new faces" that are part of the religious landscape and culture of the Global North (Europe, Russia, Australia and New Zealand, the U.S. and

Download Free Hajj Guide Map

Canada) and the Global South (Latin America, Africa and Asia). It does so by looking at specific population movements, diasporas, and the impact of globalization. The volume next turns to secularization as both a phenomenon occurring in the

Download Free Hajj Guide Map

Global religious North, and as an emerging and distinguishing feature in the metropolitan, cosmopolitan and gateway cities and regions in the Global South. The final part of the book explores the changing world of religion in regards to gender and identity

issues, the political/religious nexus, and the new worlds associated with the virtual technologies and visual media.

In the late nineteenth century, as a consequence of imperial conquest and a mobility revolution, Russia became a crossroads of the hajj, the annual Muslim pilgrimage to Mecca. The first book in any language on the hajj

Download Free Hajj Guide Map

under tsarist and Soviet rule, Russian Hajj tells the story of how tsarist officials struggled to control and co-opt Russia's mass hajj traffic, seeing it not only as a liability, but also an opportunity. To support the hajj as a matter of state surveillance and control was

Download Free Hajj Guide Map

controversial, given the preeminent position of the Orthodox Church. But nor could the hajj be ignored, or banned, due to Russia's policy of toleration of Islam. As a cross-border, migratory phenomenon, the hajj stoked officials' fears of infectious disease, Islamic revolt, and

Download Free Hajj Guide Map

interethnic conflict, but Eileen Kane innovatively argues that it also generated new thinking within the government about the utility of the empire's Muslims and their global networks. Russian Hajj reveals for the first time Russia's sprawling international hajj infrastructure,

Download Free Hajj Guide Map

complete with lodging houses, consulates, "Hejaz steamships," and direct rail service. In a story meticulously reconstructed from scattered fragments, ranging from archival documents and hajj memoirs to Turkic-language newspapers, Kane argues that Russia built its hajj

Download Free Hajj Guide Map

infrastructure not simply to control and limit the pilgrimage, as previous scholars have argued, but to channel it to benefit the state and empire. Russian patronage of the hajj was also about capitalizing on human mobility to capture new revenues for the state and its transport companies

Download Free Hajj Guide Map

and laying claim to Islamic networks to justify Russian expansion.

Hajj is an important cornerstone of Islam. It is a great worship and an important responsibility which must be discharged by those who are able, irrespective of age or gender. If Hajj becomes wajib but is

Download Free Hajj Guide Map

not performed the person dies the death of a Jew or a Christian and will be raised on the day of judgement as a Jew or a Christian. One who performs Hajj is blessed with the forgiveness of all his sins and he becomes as pure as he was when he was born. Thus it is the duty of

Download Free Hajj Guide Map

all to discharge this important responsibility and not to be negligent about it. For the Hajj to be accepted it should be performed as per the rules ordained by the shariat (Islamic law). Hence this booklet has been published according to the edicts of four maraaje who are followed by

Empire and the
Pilgrimage to Mecca

James A. Sauer was for many years the Director of the American Center of Oriental Research in Amman, Jordan. This volume honors him, with more than 50 contributions from colleagues and friends.

As one of the five

Download Free Hajj Guide Map

pillars of Islam the pilgrimage to Mecca (the Hajj) is central to the life of all Muslims. A network of roads radiates from the Hijaz like a giant spider's web, connecting Mecca to all parts of the Muslim world. Historically the most significant of these routes starts at Damascus in Syria, and

Download Free Hajj Guide Map

is a direct continuation of the ancient trade route connecting Arabia to the Levant. The Prophet Muhammad is known to have used this route when he travelled as a merchant from Mecca to Bosra in Syria. In more recent times this was the route chosen for the Hijaz railway which figured prominently in the great

Download Free Hajj Guide Map

Arab Revolt. A significant part of this route runs through Jordan, from the wide grasslands of the north to the sandy desert of the far south. This book documents the archaeological and architectural remains which line this route, paying particular attention to the forts and cisterns built and

Download Free Hajj Guide Map

maintained by the Ottoman rulers from the 16th century onwards. A series of introductory chapters provide the historical context, with an emphasis on the political and military significance of the route from the 16th to the 18th centuries. In addition to the detailed coverage of Jordanian

Download Free Hajj Guide Map

Hajj forts, the book also describes the sites and path of the route through Syria and Saudi Arabia. The final part of the book describes the results of excavations at one of the forts, which gives an insight into the material culture of both the pilgrims and the soldiers who manned the forts.

The pilgrimage to Mecca - the Hajj - is a major aspect of the Islamic religion, yet little has been written about its history or of the conditions under which thousands of pilgrims from far flung regions of the Islamic world were able to travel to the heart of the Arabian peninsula. The book concentrates

Download Free Hajj Guide Map

on the pilgrimage in the 16th and 17th centuries, when Mecca was ruled by the Ottoman sultans. At a time when, for the majority of the faithful, the journey was long, arduous and fraught with danger, the provision of food, water, shelter and protection for pilgrims presented a major challenge to the

Download Free Hajj Guide Map

provincial governors of the vast Ottoman Empire. Drawing on documentation left by Ottoman administrators, and on the accounts of contemporary pilgrims, this book deals with such issues as the financing of the pilgrimage and the political problems it posed.
