(Bass Recorded Versions Mixed). This is not your typical bass tab book. In the Tab+ series from Hal Leonard we provide you guidance on how to capture the bass tones for each song as well as tips and advice on the techniques used to play the songs. Where possible, we've confirmed the gear used on the original recordings via new and previously published interviews with the bassists, producers, and/or engineers. Then we make general recommendations on how to achieve a similar tone, based on that info. Some of the songs will be easy to play even for advanced beginner students, and others might present a much greater challenge. In either case, we've identified key technique that should help you learn the songs with greater ease. This volume will help you master 25 must-know bass classics, including: Another One Bites the Dust \* Around the World \* Blurred Lines \* The Boys Are Back in Town \* Freewill \* Hey Joe \* The Joker \* London Calling \* My Generation \* Sledgehammer \* Strange Brew \* Sweet Emotion \* You Can Call Me Al \* Young Lust \* and more.

Note Reading Studies for Bass

Second Edition

This book was written for bassists who wish to learn to read music as well as for those who wish to sharpen their music reading skills. The studies in the book progress from beginning to professional levels and represent a variety of styles that modern bassists are likely to encounter in real-world musical situations. For those conversant in music's universal language, a whole world of musical styles, ideas, and sounds is always available. This book aims to sharpen the skills of serious student bass players so that they may partake of this endless stream of ideas, information, and inspiration. Standard notation only. None of the exercises in this book contain fingering indications. This omission was made in order to make these exercises useful to players of all types of bass instruments, both electric and acoustic. The author strongly recommends that students work through this book with the supervision of a qualified teacher. If you are a professional musician the author hopes this book will help you stay in top sight-reading form, giving you an edge in a highly competitive market. If you are a novice bassist, this book will help you hone your skills in becoming a skilled professional.
